FORTIS BANK NV/SA
EUR 30,000,000,000
Euro Medium Term Note Programme

Under this Euro Medium Term Note Programme (the “**Programme**”), FORTIS BANK NV/SA (“**Fortis Bank**”) and BNP PARIBAS FORTIS FUNDING (“**BP2F**”) and together with Fortis Bank, the “**Issuers**” and each an “**Issuer**”) may, from time to time, issue Euro Medium Term Notes (the “**Notes**”), subject to compliance with all relevant laws, regulations and directives and subject to obtaining any appropriate approval or other consents. Notes issued by BP2F will be guaranteed on a subordinated or unsubordinated basis by Fortis Bank NV/SA (the “**Guarantor**”).

This base prospectus (the “**Base Prospectus**”) prepared in connection with the Programme constitutes two base prospectuses, the Fortis Bank Base Prospectus and the BP2F Base Prospectus (each as defined below) and each a base prospectus for the purposes of Article 5.4 of the Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading (the “**Prospectus Directive**”), as revised, supplemented or amended from time to time by the Issuers and the Guarantor. As a result, Notes issued under the Programme may be offered to the public or/and admitted to trading on a regulated market as more fully described below and subject to the relevant implementing measures of the Prospectus Directive in the relevant Member State. The term “**regulated market**” as used herein shall mean a regulated market as defined in Directive 2004/39/EC on markets in financial instruments.

The Fortis Bank base prospectus (the “**Fortis Bank Base Prospectus**”) will comprise this Base Prospectus with the exception of (a) the information in the sections entitled “Description of BNP Paribas Fortis Funding,” “Risk Factors – Additional Investment Considerations Relating to the Business of BP2F” and “Description of the Guarantee” and (b) the audited annual financial statements of BP2F for the financial years ended 31 December 2009 and 31 December 2010. The BP2F base prospectus (the “**BP2F Base Prospectus**”) will comprise this Base Prospectus.

Notes issued by BP2F under the Programme may be in the form of the new global note, the format for international debt securities which will ensure compliance of the Notes with European Central Bank (“**ECB**”) Standard 3 eligibility criteria for use as collateral in Eurosystem monetary operations. Notes issued by Fortis Bank will not be issued in the form of a new global note but, being deposited with the National Bank of Belgium, will be eligible for use as collateral in Eurosystem monetary operations.

A general description of the Programme can be found on page 47. The aggregate principal amount of Notes outstanding from time to time will not exceed EUR 30,000,000,000 (or the equivalent in other currencies, as calculated by reference to the aggregate principal amount of the Notes), subject to any duly authorised increase. The Notes will be issued on a continuous basis. The Notes may bear interest at a fixed or floating rate, on a variable coupon amount basis or any combination of those or may be issued on a fully discounted basis and not bear interest, and the amount payable on the redemption of Notes may be fixed or variable. The Notes may also be redeemed by delivery of shares, bonds or loans. Notes will be issued in series (each a “**Series**”) having one or more issue dates and the same maturity date (if any), bearing interest (if any) on the same basis and at the same rate and on terms otherwise identical. The length of interest periods, and the rate of interest in respect thereof, may differ from the length and the rate of interest in respect of subsequent or, as the case may be, preceding interest periods. Each Series may be issued in tranches (each a “**Tranche**”) on different issue dates. The specific terms of each Tranche will be set forth in a set of final terms to this Base Prospectus which is the final terms document substantially in the relevant form set out in the section entitled “*Form of Final Terms*” on page 249 which will be completed at the time of the agreement to issue each Tranche of Notes and which will constitute final terms for the purposes of Article 5.4 of the Prospectus Directive (the “**Final Terms**”).

The Issuers may redeem the Notes if certain changes in Luxembourg or Belgian taxation law occur or, if the Final Terms issued in respect of any Series so provides, in the circumstances set out in it. An Issuer and, if applicable, the Guarantor, may agree with any Dealer (as defined below) that Notes may be issued, offered to the public, and/or admitted to trading on a regulated market in a form not contemplated by the Terms and Conditions of the Notes described in this Base Prospectus, in which event a supplement to the Base Prospectus, or, if appropriate, a Drawdown Prospectus (as defined below), will be submitted for approval to the relevant competent authority and will be made available.

In the case of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

Moreover, an investment in Notes issued under the Programme involves certain risks. **Prospective investors and purchasers should consider the investment considerations set forth in the section entitled “Risk Factors” on page 11 as well as the selling restrictions as set out in the section entitled “Plan of Distribution” on page 239.**

This Programme has been rated by Moody’s Investors Service Limited (“**Moody’s**”), Standard & Poor’s Ratings Services, a Division of the McGraw Hill Companies Inc. (“**S&P**”), and Fitch Ratings Ltd. (“**Fitch**”). **In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Community and registered under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies (the “CRA Regulation”) unless the rating is provided by a credit rating agency operating in the European Community before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused. Each of Moody’s, S&P and Fitch is a credit rating agency established and operating in the European Community prior to 7 June 2010 and has submitted an application for registration in accordance with the CRA Regulation and, as at the date of this Prospectus, such application for registration has not been refused. Nevertheless, some Tranches of Notes issued under the Programme may be assigned a specific rating that will not necessarily be the same as the rating assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the relevant assigning rating agency.**

This Base Prospectus has been approved by the Luxembourg *Commission de Surveillance du Secteur Financier* (the “**CSSF**”), which is the Luxembourg competent authority for the purpose of the Prospectus Directive and relevant implementing measures in Luxembourg, as a base prospectus issued in compliance with the Prospectus Directive, the Luxembourg Law dated 10 July 2005 on prospectuses for securities, and any other relevant implementing legislation in Luxembourg for the purpose of giving information with regard to the issue of Notes under the Programme during the period of twelve months after the date of publication of this Base Prospectus. Consequently Notes issued under the Programme may be offered to the public, in accordance with the requirements of the Prospectus Directive.

Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to listing on the official list and to trading on the regulated market of the Luxembourg Stock Exchange (*Bourse de Luxembourg*) (the “**Luxembourg Regulated Market**”) under the Prospectus Directive during the period of 12 months after the date of publication of this Base Prospectus. The Luxembourg Regulated Market is a regulated market for the purposes of Directive 2004/39/EC. Application may also be made for Notes under the Programme to be admitted to trading on another regulated market or on the Euro MTF, during the period of 12 months after the date of publication of this Base Prospectus. The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further listing authorities, stock exchanges and/or quotation systems as may be agreed with the Issuers.

The CSSF has been requested to provide the Belgian *Financial Services and Markets Authority* (the “**Belgian FSMA**”), the Italian *Commissione Nazionale per le Società e la Borsa* (“**CONSOB**”), the Dutch *Autoriteit Financiële Markten* (“**AFM**”), the French *Autorité des marchés financiers* (“**AMF**”), and the German *Bundesanstalt für Finanzdienstleistungsaufsicht* (“**BaFin**”) (in their respective capacities as the relevant host Member States’ (as defined below) competent authority for the purposes of the Prospectus Directive) with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.

The CSSF may be requested, from time to time, to provide certificates of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive to the competent authorities (for the purposes of the Prospectus Directive) of other European Economic Area Member States.

The Notes will be offered by the Issuers through Fortis Bank NV/SA (the “**Dealer**”, which expression shall include any additional dealers appointed under this Programme from time to time, for a specific Tranche of Notes or on an ongoing basis, and details of which in relation to each Tranche will be set forth in the relevant Final Terms). The Issuers or the Dealers may reject any offer as a whole or, subject to the terms of such offer, in part. Dealers may also purchase Notes on their own behalf. An issue of Notes may also be underwritten by two or more Dealers on a several basis only or on a joint and several basis. For further details, please refer to the section entitled “*Plan of Distribution*” on page 239.

Each Tranche of Notes issued by BP2F in bearer form will, unless otherwise provided on the Final Terms, initially be represented by a temporary global Note which will be deposited on the issue date with (i) a common depository or a common safekeeper (as the case may be) on behalf of Euroclear Bank S.A./N.V., (“**Euroclear**”) and/or Clearstream Banking, société anonyme, Luxembourg (“**Clearstream, Luxembourg**”) and/or any other relevant clearing system. Interests in temporary global Notes will be exchangeable for interests in permanent global Notes (together with any temporary global Note, the “**Global Notes**”) or, if so provided in the relevant temporary Global Note, for definitive Notes in bearer or registered form after the date falling 40 days after the completion of distribution of the relevant Tranche upon certification as to non-U.S. beneficial ownership in the manner and upon compliance with the procedures described under “*Summary of Provisions relating to Global Notes*”. Interests in a permanent Global Note will be exchangeable for definitive Notes in bearer form or registered form, in each case as described in the section entitled “*Summary of Provisions relating to Global Notes*” on page 196.

In the case of Notes issued by Fortis Bank and if so provided in the relevant Final Terms, the Notes will be represented by a permanent Global Note which will be deposited on or about the issue date with the National Bank of Belgium or any successor thereto (the “**NBB**”) as operator of the X/N System or its custodian.

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each a “**Relevant Member State**”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises from the relevant Issuer, the Guarantor or the Dealers to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, **provided that** any such prospectus has subsequently been completed by Final Terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State and such offer is made on or prior to the date specified for such purpose in such prospectus or Final Terms as applicable. Except to the extent sub-paragraph (ii) above may apply, neither the relevant Issuer, the Guarantor nor the Dealers have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or the Dealers to publish or supplement a prospectus for such offer.

In the case of Junior Subordinated Notes issued by BP2F only, payments of principal and interest are conditional upon the Guarantor being solvent at the time of payment and in the event of the winding-up of the BP2F, the Guarantor shall become the principal debtor and the Noteholders shall cease to have any rights or claims against BP2F, as more fully described in the section entitled “*Terms and Conditions of the Notes – Status and Guarantee*” and “*Terms and Conditions of the Notes – Events of Default*”.

3. Risk Factors

An investment in Notes issued under the Programme involves certain risks. **Prospective investors and purchasers should in particular and among other things consider the investment considerations set forth in the sections entitled “Risk Factors” on page 11 of the Base Prospectus.**

3.1 Risk Factors relating to the Issuers and the Guarantor

The following is a summary of some of the investment considerations relating to the business of Fortis Bank:

- (a) As part of the financial services industry, Fortis Bank faces substantial competitive pressures which could adversely affect the results of its operations.
- (b) Difficult market and economic conditions including, without limitation, concerns regarding the ability of certain countries in the eurozone to refinance their debt obligations, could in the future have a material adverse effect on the operating environment for financial institutions and hence on Fortis Bank's financial condition, results of operations and cost of risk.
- (c) The soundness and conduct of other financial institutions and market participants could adversely affect Fortis Bank.
- (d) Fortis Bank may incur significant losses on its trading and investment activities due to market fluctuations and volatility.
- (e) A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect Fortis Bank's results of operations and financial condition.
- (f) Fortis Bank may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.
- (g) Fortis Bank's hedging strategies may not prevent losses.
- (h) Significant interest rate changes could adversely affect Fortis Bank's net banking income or profitability.
- (i) Fortis Bank's business is exposed to liquidity risks.
- (j) Fortis Bank's risk management methods may leave Fortis Bank exposed to unidentified, unanticipated or incorrectly quantified risks, which could lead to material losses or material increases in liabilities.
- (k) While each of Fortis Bank's businesses manages its operational risks, these risks remain an inherent part of all of the Fortis Bank's businesses.
- (l) Fortis Bank has significant counterparty risk exposure and exposure to systemic risks.
- (m) Fortis Bank's competitive position could be harmed if its reputation is damaged.
- (n) Catastrophic events, terrorist attacks and other acts of war could have a negative impact on Fortis Bank's business and results.
- (o) An interruption in or a breach of Fortis Bank's information systems may result in lost business and other losses.
- (p) Fortis Bank's results of operations can be adversely affected by significant adverse regulatory developments.
- (q) There can be no assurance that legislative action and other measures taken by governments and regulators in Belgium and Luxembourg or globally will fully and promptly stabilize the financial system, and Fortis Bank may be adversely affected by measures taken in connection with such legislation.
- (r) Fortis Bank's business is sensitive to changes in governmental policies and international economic conditions that could limit its operating flexibility and reduce its profitability.
- (s) Litigation or other proceedings or actions may adversely affect Fortis Bank's business, financial condition and results of operations.
- (t) Uncertainty linked to fair accounting value and use of estimates by Fortis Bank.

- (u) Fortis Bank faces various risks and uncertainties connected to the integration of the operations of Fortis Bank following its acquisition by BNP Paribas.
- (v) A deterioration of the credit rating of BNP Paribas of its debt quality could adversely affect Fortis Bank.

The following is a summary of some of the additional investment considerations relating to the business of BP2F:

- (a) The primary credit protection for notes issued by BP2F will derive from the guarantees given by Fortis Bank.
- (b) BP2F's ability to make payments under the Notes may depend on the operating performance of those companies to which the proceeds of the Notes are lent.
- (c) The financial condition of the operating companies to which the proceeds of the Notes are lent may deteriorate and this may affect BP2F's ability to make payments under the Notes which it issues.
- (d) During deteriorating or challenging economic conditions BP2F may find it difficult to raise further finance.
- (e) Transfer pricing tax rules in Luxembourg generate additional costs, which may vary from time to time.

3.2 Risk Factors relating to Notes issued under the Programme

The following is a summary of some of the investment considerations relating to Notes issued under the Programme:

- (a) An investment in Notes linked to an index, exchange rate, reference rates, shares, securities, or any other underlying entails significant risks not associated with a similar investment in fixed or floating rate debt securities. Notes may not be a suitable investment for all investors.
- (b) Application has been made for the Notes issued under the Programme to be admitted to listing on the official list and to trading on the Luxembourg Regulated Market. However, Notes may also be issued under the Programme whereby they will be admitted to listing, trading and/or quotation by other stock exchanges, listing authorities and/or quotation systems, or may be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system.
- (c) The Notes shall be accepted for clearing through one or more clearing systems as specified in the relevant Final Terms. Global Notes are to be held by or on behalf of the clearing systems and therefore, potential investors will have to rely on the clearing system procedures for transfer, payment and communications with the Issuer.
- (d) The Notes may be redeemed prior to maturity at par or at such other Redemption Amount as may be specified in the relevant Final Terms.
- (e) There is at the time of issue no active trading market for the Notes unless, in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued and for which there is such a market.
- (f) The market value of the Notes may be volatile and may be adversely affected by a number of factors.
- (g) Fortis Bank Group and its affiliates are subject to various potential conflicts of interest in respect of the Notes, including in relation to its hedging and market-making activities which could have an adverse effect on the Notes.
- (h) The Calculation Agent has substantial discretion to make adjustments to the Notes and may be subject to conflicts of interest in exercising this discretion.
- (i) Purchasing the Notes as a hedge may not be effective and holders do not have any ownership interest in the Underlying;
- (j) The actual yield received by an investor may be reduced from the stated yield by transaction costs and taxes that may be payable by investors.

- (k) The Notes may be terminated prior to their stated maturity date in certain circumstances.
- (l) The Notes may be subject to risks associated with Notes held in global form, settlement risk, risks associated with nominee arrangements and with trading in clearing systems.
- (m) Credit ratings may not reflect all risks.

Risks related to the structure of a particular issue of Notes:

- (n) Structured Notes in general are subject to specific risks more specifically Inversely-Linked Notes, Absolute Performance Notes, Swing Notes, Path Dependent Notes, Range Notes, Trigger Notes, Notes subject to optional redemption by the Issuer and Notes redeemed by physical delivery.
- (o) Specific risks may apply to Reverse Convertible Notes, Partly-Paid Notes, Inverse Floating Rate Notes, Variable Rate Notes, Fixed to Floating Rate Notes, Notes issued at a substantial discount or premium, Floating Rate Notes, Zero coupon Notes and Subordinated Notes.
- (p) There are additional risks relating to Notes with interest and/or principal linked to one or more types of Underlying such as Index-Linked Notes, Dual Currency Notes, Inflation-Linked Notes, Equity-Linked Notes, Fund-Linked Notes and Credit-Linked Notes.

RISK FACTORS

The Issuers believe that the following factors may affect the value of the Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuers are not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuers believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the relevant Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuers do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Notes issued under the Programme, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.

Risk factors relating to the Issuers and the Guarantor

1. Risk factors relating to the business of Fortis Bank NV/SA

(a) As part of the financial services industry, Fortis Bank faces substantial competitive pressure which could adversely affect the results of operations.

There is substantial competition in Belgium, Luxembourg and the other regions in which Fortis Bank carries on business for the types of banking, asset management and insurance, and other products and services Fortis Bank provides.

Such competition is most pronounced in the core Benelux markets of Fortis Bank where Fortis Bank faces competition from companies such as KBC Bank, Dexia and ING Group. As a result, Fortis Bank's strategy is to maintain customer loyalty and retention, which can be influenced by a number of factors, including service levels, the prices and attributes of products and services, financial strength and actions taken by competitors. If Fortis Bank is unable to compete with attractive product and service offerings that are profitable, Fortis Bank may lose market share or incur losses on some or all of Fortis Bank's activities.

Competitive pressures could result in increased pricing pressures on a number of Fortis Bank's products and services, particularly as competitors seek to win market share, and may harm Fortis Bank's ability to maintain or increase profitability.

(b) Difficult market and economic conditions could in the future have a material adverse effect on the operating environment for financial institutions and hence on Fortis Bank's financial condition, results of operations and cost of risk.

As part of a global financial institution, the Fortis Bank's businesses can be highly sensitive to changes in the financial markets and economic conditions generally in Europe (especially in Belgium and Luxembourg). Fortis Bank could be confronted with a significant deterioration of market and economic conditions resulting, among other things, from crises affecting capital, credit or liquidity markets, regional or global recessions, sharp fluctuations in commodity prices (including oil), currency exchange rates or interest rates, inflation or deflation, sovereign debt rating downgrades, restructurings or defaults, or adverse geopolitical events (such as natural disasters, acts of terrorism and military conflicts). Market disruptions and sharp economic downturns, which may develop quickly and hence not be fully hedged, could affect the operating environment for financial institutions for short or extended periods and have a material adverse effect on Fortis Bank's financial condition, results of operations or cost of risk.

European markets have recently experienced significant disruptions as a result of concerns regarding the ability of certain countries in the eurozone to refinance their debt obligations and of the financial assistance provided to certain European Union

member states. These disruptions have contributed to increased volatility in the exchange rate of the euro against other major currencies, affected the levels of stock market indices and created uncertainty regarding the near-term economic prospects of countries in the European Union as well as the quality of bank loans to sovereign debtors in the European Union. There has also been an indirect impact on financial markets worldwide. If economic conditions in the relevant European countries or in Europe more generally were to deteriorate or if further disruptions were to impair the capacity of the European or global markets to recover from the recent worldwide financial crisis, then the impact on the Bank could be significantly adverse.

Moreover, the recent financial crisis has resulted, and is likely to continue to result, in more restrictive regulation of the financial services industry, which could have a material adverse effect on Fortis Bank's business, financial condition and results of operations. Indeed, legislators, governments, regulators, advisory groups, trade and professional associations and various committees at the national, European and international level have adopted or proposed an array of measures in response to the recent financial crisis, including the "Basel III" framework proposed by the Basel Committee in December 2009. The analysis and interpretation of these measures, which are drawn from various and sometimes contradictory sources, may increase compliance risk. Implementation of these new measures and compliance with them will increase the Bank's costs and its regulatory capital and liquidity requirements and could limit its ability to conduct certain types of activities. These measures could also substantially affect the Bank's competitiveness, its ability to attract and retain talent and its profitability. Finally, it is difficult to predict what impact these measures would have on financial market conditions and thus indirectly on Fortis Bank and it is uncertain whether they would prevent or limit possible future financial crises.

(c) The soundness and conduct of other financial institutions and market participants could adversely affect Fortis Bank.

Fortis Bank's ability to engage in funding, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial services institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults, or even rumors or questions about, one or more financial services institutions, or the financial services industry generally, have led to market-wide liquidity problems and could lead to further losses or defaults. Fortis Bank has exposure to many counterparties in the financial industry, directly and indirectly, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients, with which it regularly executes transactions. Many of these transactions expose Fortis Bank to credit risk in the event of default of a group of Fortis Bank's counterparties or clients. In addition, Fortis Bank's credit risk may be exacerbated when the collateral held by it cannot be realized upon or is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to Fortis Bank.

In addition, misconduct by financial market participants can have a material adverse effect on financial institutions due to the interrelated nature of the financial markets. There can be no assurance that any losses resulting from the risks summarized above will not materially and adversely affect Fortis Bank's results of operations.

(d) Fortis Bank may incur significant losses on its trading and investment activities due to market fluctuations and volatility.

Fortis Bank maintains trading and investment positions in the debt, currency, commodity and equity markets, and in private equity, property and other assets. These positions could be adversely affected by volatility in financial and other markets, i.e. the degree to which prices fluctuate over a particular period in a particular market, regardless of market levels. The capital and credit markets have been experiencing unprecedented volatility and disruption since mid-2007 and particularly since the bankruptcy filing of Lehman Brothers in mid-September 2008. As a result Fortis Bank incurred significant losses on its trading and investment activities. There can be no assurance that this extreme volatility and market disruption will not re-occur in the near future but Fortis Bank has taken action, where possible, to decrease the trading exposure and to decrease the size of the potential losses on its trading activities as a result. Volatility trends (or other trends in parameters that are sensitive to market fluctuations such as correlations) that prove substantially different from Fortis Bank's expectations may lead to losses relating to a broad range of other trading and hedging products Fortis Bank uses, including swaps, forwards and futures, options and structured products.

To the extent that Fortis Bank owns assets, or has net long positions, in any of those markets, a market downturn could result in losses from a decline in the value of its positions. Conversely, to the extent that Fortis Bank has sold assets that it does not own, or has net short positions, in any of those markets, a market upturn could expose it to potentially unlimited losses as it attempts to cover its net short positions by acquiring assets in a rising market. Fortis Bank may from time to time have a trading strategy of holding a long position in one asset and a short position in another, from which it expects to earn net revenues based on changes in the relative value of the two assets. If, however, the relative value of the two assets changes in a direction or manner that Fortis Bank did not anticipate or against which it is not hedged, Fortis Bank might realize a loss on those paired positions. Such losses, if significant, could adversely affect Fortis Bank's results of operations and financial condition.

(e) A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect Fortis Bank's results of operations and financial condition.

In connection with its lending activities, Fortis Bank regularly establishes provisions for loan losses. Fortis Bank's overall level of provisions is based on its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans. Although Fortis Bank uses its best efforts to establish an appropriate level of provisions, its lending businesses may have to increase their provisions for loan losses substantially in the future as a result of increases in non-performing assets or for other reasons, as was the case in the second half of 2008 and throughout 2009. Any significant increase in provisions for loan losses or a significant change in Fortis Bank's estimate of the risk of loss inherent in its portfolio of non-impaired loans, as well as the occurrence of loan losses in excess of the related provisions, could have a material adverse effect on Fortis Bank's results of operations and financial condition.

(f) Fortis Bank may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns.

Market downturn can lead to a decline in the volume of transactions that Fortis Bank executes for its clients and, therefore, to a decline in its net banking income from this activity. In addition, because the fees that Fortis Bank charges for managing its clients' portfolios are in many cases based on the value or on the performance of those portfolios, a market downturn that reduces the value of its clients' portfolios or increases the amount of withdrawals would reduce the revenues Fortis Bank receives from its asset management, equity derivatives and private banking businesses. Even in the absence of a market downturn, below-market performance by Fortis Bank's mutual funds may result in increased withdrawals and reduced inflows, which would reduce the revenues Fortis Bank receives from its asset management business.

(g) Fortis Bank's hedging strategies may not prevent losses.

If any of the variety of instruments and strategies that Fortis Bank uses to hedge its exposure to various types of risk in its businesses is not effective, Fortis Bank may incur losses. Many of its strategies are based on historical trading patterns and correlations. However, the hedging strategies may not protect against all future risks or may not be fully effective in mitigating Fortis Bank's risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also reduce the effectiveness of Fortis Bank's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in Fortis Bank's reported earnings.

(h) Significant interest rate changes could adversely affect Fortis Bank's net banking income or profitability.

The amount of net interest income earned by Fortis Bank during any given period significantly affects its overall net banking income and profitability for that period. Interest rates are sensitive to many factors beyond Fortis Bank's control. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in Fortis Bank's net interest income from its lending activities. In addition, maturity mismatches and increases in the interest rates relating to Fortis Bank's short-term financing may adversely affect Fortis Bank's profitability.

(i) Fortis Bank's business is exposed to liquidity risks.

Liquidity risk is inherent in much of Fortis Bank's business. Each asset purchased and liability sold has liquidity characteristics that are unique. Some liabilities are surrenderable while some assets, such as privately placed loans, mortgage loans, real estate and limited partnership interests, have low liquidity. Additionally, protracted market declines can reduce the liquidity of markets that are typically liquid. If, in the course of Fortis Bank's banking, insurance or other activities, Fortis Bank requires significant amounts of cash on short notice in excess of anticipated cash requirements, Fortis Bank may have difficulty selling these investments at attractive prices, in a timely manner, or both.

Any downgrade in Fortis Bank's ratings may increase Fortis Bank's borrowing costs, limit Fortis Bank's access to capital markets and adversely affect Fortis Bank's ability to sell or market Fortis Bank's products, engage in business transactions — particularly longer term and derivatives transactions — and retain Fortis Bank's current customers. This, in turn, could reduce Fortis Bank's liquidity and have an adverse effect on Fortis Bank's operating results and financial condition.

(j) Fortis Bank's risk management methods may leave Fortis Bank exposed to unidentified, unanticipated or incorrectly quantified risks, which could lead to material losses or material increases in liabilities.

Fortis Bank devotes significant resources to developing risk management policies, procedures and assessment methods for Fortis Bank's businesses. Fortis Bank uses a sophisticated value-at-risk (VaR) model, duration analysis and sensitivity analysis as well as other risk assessment methods. Nonetheless, Fortis Bank's risk management techniques and strategies may not be fully effective in mitigating Fortis Bank's risk exposure in all economic market environments or against all types of risk, including risks that Fortis Bank fails to identify or anticipate. Some of Fortis Bank's qualitative tools and metrics for managing risk are based upon use of observed historical market behaviour. Fortis Bank applies statistical and other tools to these observations to arrive at quantifications of risk exposures. These tools and metrics may fail to predict future risk exposures. Fortis Bank losses thus could be significantly greater than Fortis Bank's measures would indicate. In addition, Fortis Bank's quantified modelling does not take all risks into account. Fortis Bank more qualitative approach to managing risks takes into account a broader set of risks, but is less precise than quantified modelling and could prove insufficient. Unanticipated or incorrectly quantified risk exposures could result in material losses in Fortis Bank's banking, asset management and insurance businesses.

(k) While each of Fortis Bank's businesses manages its operational risks, these risks remain an inherent part of all of Fortis Bank's businesses.

Fortis Bank is subject to operational risk because of the uncertainty inherent in all business undertakings and decisions. This risk can be broken down into business risk and event risk.

Business risk is the risk of 'being in business', which affects any enterprise, financial or non-financial. It is the risk of loss due to changes in the competitive environment that damage the business's franchise or operating economics. Typically, the fluctuation originates with variations in volume, pricing or margins against a fixed cost base. Business risk is thus mostly externally driven (by regulatory, fiscal, market and or competition changes, as well as strategic, reputation risks and other related risks).

Event risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. This definition includes legal and compliance risk. Event risk is often internally driven (internal and external fraud involving employees, clients, products and business practices, as well as technological and infrastructure failures and other related malfunctions) and can be limited through management processes and controls.

Fortis Bank attempts to keep these risks at appropriate levels by maintaining a sound and well controlled environment in light of the characteristics its business, the markets and the regulatory environments in which Fortis Bank operates. While these control measures mitigate operational risks they do not eliminate them.

(l) Fortis Bank has significant counterparty risk exposure and exposure to systemic risks.

Fortis Bank's business is subject to general credit risks, including credit risks of borrowers and other counterparties. Third parties that owe Fortis Bank money, securities or other assets may not pay or perform under their obligations. These parties include borrowers under loans made, the issuers whose securities Fortis Bank holds, customers, trading counterparties, counterparties under swaps and credit and other derivative contracts, clearing agents, exchanges, clearing houses and other financial intermediaries. These parties may default on their obligations to Fortis Bank due to bankruptcy, lack of liquidity, downturns in the economy or real estate values, operational failure or other reasons.

In addition, in the past, the general credit environment has been adversely affected by significant instances of fraud. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions because the commercial soundness of many financial institutions may be closely related as a result of their credit, trading, clearing or other relationships. This risk is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom Fortis Bank interacts on a daily basis, and could have an adverse effect on Fortis Bank's business.

(m) Fortis Bank's competitive position could be harmed if its reputation is damaged.

In the highly competitive environment arising from globalization and convergence in the financial services industry, a reputation for financial strength and integrity is critical to Fortis Bank's ability to attract and retain customers. Fortis Bank's

reputation could be harmed if it fails to adequately promote and market its products and services. Fortis Bank's reputation could also be damaged if, as it increases its client base and the scale of its businesses, Fortis Bank's comprehensive procedures and controls dealing with conflicts of interest fail, or appear to fail, to address conflicts of interest properly. At the same time, Fortis Bank's reputation could be damaged also by other compliance risks, including but not limited to, employee misconduct, misconduct by market participants or funds to which Fortis Bank is exposed, a decline in, a restatement of, or corrections to its financial results, as well as any adverse legal or regulatory action. The loss of business that could result from damage to Fortis Bank's reputation could have an adverse effect on its results of operations and financial position.

(n) Catastrophic events, terrorist attacks and other acts of war could have a negative impact on Fortis Bank's business and results.

Catastrophic events, terrorist attacks, other acts of war or hostility, and responses to those acts may create economic and political uncertainties, which could have a negative impact on economic conditions in the regions in which Fortis Bank operates and, more specifically, on Fortis Bank's business and results in ways that cannot be predicted.

(o) An interruption in or a breach of Fortis Bank's information systems may result in lost business and other losses.

As with most other banks, Fortis Bank relies heavily on communications and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in failures or interruptions in Fortis Bank's customer relationship management, general ledger, deposit, servicing and/or loan organization systems. Fortis Bank cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. The occurrence of any failures or interruptions could have an adverse effect on Fortis Bank's financial condition and results of operations.

(p) Fortis Bank results of operations can be adversely affected by significant adverse regulatory developments.

The Issuers conducts its businesses subject to ongoing regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies and interpretations in the European Union and the other regions in which Fortis Bank does business. The timing and form of future changes in regulation are unpredictable and beyond Fortis Bank's control, and changes made could materially adversely affect Fortis Bank's business, the products and services Fortis Bank offers or the value of its assets or extent of its liabilities.

(q) There can be no assurance that legislative action and other measures taken by governments and regulators in Belgium or Luxembourg or globally will fully and promptly stabilize the financial system, and Fortis Bank may be adversely affected by measures taken in connection with such legislation.

In response to the financial crisis, governments and regulators have enacted legislation and taken measures to help stabilize the financial system and increase the flow of credit to the economy. These measures have included the purchase or guarantee of distressed or illiquid assets; recapitalization through the purchase of securities issued by financial institutions (including ordinary shares, preferred shares, or hybrid or quasi-equity instruments); government guarantees of debt issued by financial institutions; and government-sponsored mergers and acquisitions of and divestments by financial institutions. In Belgium, the government has given its guarantee or has granted a liquidity facility to financial institutions. There can be no assurance as to the actual impact that these measures and related actions will have on the financial markets generally and on Fortis Bank specifically.

In addition to the measures described above, which were taken or proposed specifically in response to the financial crisis, Fortis Bank is exposed to the risk of legislative or regulatory changes in all of the countries in which it operates, including, but not limited to, the following:

- monetary, interest rate and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policy that may significantly influence investors' decisions, particularly in the markets in which Fortis Bank operates;
- general changes in regulatory requirements applicable to the financial industry, such as rules relating to applicable capital adequacy and liquidity frameworks;

- changes in tax legislation or the application thereof;
- changes in the competitive environment and prices;
- changes in accounting norms;
- changes in financial reporting requirements; and
- expropriation, nationalization, confiscation of assets and changes in legislation relating to foreign ownership.

These changes, the scope and implications of which are highly unpredictable, could substantially affect Fortis Bank, and have an adverse effect on its business, financial condition and results of operations.

(r) Fortis Bank's business is sensitive to changes in governmental policies and international economic conditions that could limit its operating flexibility and reduce its profitability.

Fortis Bank's business and results of operations may be materially affected by market fluctuations and by economic factors, including governmental, political and economic developments relating to inflation, interest rates, taxation, currency fluctuations, trade regulations, social or political instability, diplomatic relations, international conflicts and other factors that could limit its operating flexibility and reduce Fortis Bank's profitability. In addition, results of operations in the past have been, and in the future may continue to be, materially affected by many factors of a global nature, including: political, economic and market conditions; the availability and cost of capital; the level and volatility of equity prices, commodity prices and interest rates; currency values and other market indices; technological changes and events; the availability and cost of credit; inflation; and investor sentiment and confidence in the financial markets. In addition, there has been a heightened level of legislative, legal and regulatory developments related to the financial services industry in the European Union and elsewhere that potentially could increase costs, thereby affecting Fortis Bank's future results of operations. Such factors may also have an impact on Fortis Bank's ability to achieve its strategic objectives.

In addition, there is continuing political and regulatory scrutiny of the operation of the retail banking and consumer credit industries in Belgium and elsewhere. The nature and impact of future changes in policies and regulatory action are not predictable and are beyond Fortis Bank's control but could have an adverse impact on Fortis Bank's businesses and earnings.

In the European Union, these regulatory actions included an inquiry into retail banking in all of the Member States by the European Commission's Directorate General for Competition. The inquiry examined retail banking in Europe generally. On 31 January 2007, the European Commission announced that barriers to competition in certain areas of retail banking, payment cards and payment systems in the European Union had been identified. The European Commission indicated that it will use its powers to address these barriers and will encourage national competition authorities to enforce European and national competition laws where appropriate. Any action taken by the European Commission and national competition authorities could have an adverse impact on Fortis Bank's payment cards and payment systems businesses and on its retail banking activities in the European Union countries in which it operates.

(s) Litigation or other proceedings or actions may adversely affect Fortis Bank's business, financial condition and results of operations.

The Issuers' business is subject to the risk of litigation by customers, employees, shareholders or others through private actions, class actions, administrative proceedings, regulatory actions or other litigation. The outcome of litigation or similar proceedings or actions is difficult to assess or quantify. Plaintiffs in these types of actions may seek recovery of large or indeterminate amounts or other remedies that may affect Fortis Bank's ability to conduct business, and the magnitude of the potential loss relating to such actions may remain unknown for substantial periods of time. The cost to defend future actions may be significant. There may also be adverse publicity associated with litigation that could decrease customer acceptance of Fortis Bank's services, regardless of whether the allegations are valid or whether Fortis Bank is ultimately found liable. As a result, the possibility can not be ruled out that the outcome of such litigations or investigations may adversely affect Fortis Bank's business, financial condition and results of operations.

In particular, several shareholders and groups representing shareholders of Ageas SA/NV and Ageas N.V. (previously respectively Fortis SA/NV and Fortis N.V.) have initiated proceedings in Belgium and in The Netherlands against, amongst others,

Fortis Bank SA/NV in connection with the restructuring of Fortis Bank at the end of September and beginning of October 2008. Moreover, other litigations or investigations are pending to which Fortis Banks is not a party at this moment.

(t) Fair value accounting and use of estimates

According to Fortis Bank's valuation rules financial assets can be carried at fair value through profit or loss. Concerned assets include financial assets held for trading, including non-cash flow hedging derivatives, and financial assets that Fortis Bank has irrevocably designated to be held at fair value through profit or loss ('fair value option'). The fair value of a financial instrument is determined based on quoted prices in active markets. When quoted prices in active markets are not available, valuation techniques are used. Valuation techniques make maximum use of market inputs but are affected by the assumptions used, including discount rates and estimates of future cash flows, and take into consideration, where applicable, model risks. Such techniques include market prices of comparable investments, discounted cash flows, option pricing models and market multiples valuation methods. In the rare case where it is not possible to determine the fair value of a financial instrument, it is accounted for at cost. The effect of changing the assumptions for those financial instruments for which the fair values are measured using valuation techniques that are determined in full or in part on assumptions that are not supported by observable inputs may have a material adverse effect on Fortis Bank's earnings.

The preparation of financial statements in conformity with IFRS requires the use of certain accounting estimates and assumptions. It also requires management to exercise its judgment in the process of applying these accounting policies. Actual results may differ from those estimates and judgmental decisions.

Financial institutions may use different accounting categorizations for the same or similar financial assets due to their different intentions regarding those assets. In determining fair value of financial instruments, different financial institutions may use different valuation techniques, assumptions, judgments and estimates which may result in lower or higher fair values for such financial instruments.

(u) Risks and uncertainties connected to the integration of the operations of Fortis Bank following its acquisition by BNP Paribas

The integration of the operations of Fortis Bank following its acquisition by BNP Paribas is ongoing. It is a process that is complex, expensive and that presents a number of challenges for the management of Fortis Bank and BNP Paribas, its staff and potentially its customers. Although the integration is currently achieving all the foreseen objectives, the integration may not be able to achieve the anticipated synergies or other expected benefits of the acquisition. The expected business growth opportunities, revenue benefits, cost synergies and other operational efficiencies and other benefits expected from the integration may not develop or may be delayed. To the extent that higher integration costs are incurred or lower revenue benefits or fewer cost savings are achieved than was expected, BNP Paribas' and Fortis Bank's operating results, financial conditions and prospects and share price may suffer.

While the legal acquisition has already occurred, the technical integration of Fortis Bank and BNP Paribas, including the integration of the banks' IT systems and other processes is ongoing and is expected to take some time to be fully completed. The potential for future growth of the integrated entity will depend on a number of factors, including the ability of Fortis Bank and BNP Paribas to integrate the operating systems, achieve synergies in a timely manner and control costs.

Challenges may also be faced with respect to obtaining required approvals of various regulatory agencies, retaining key employees, redeploying resources in different areas of operations to improve efficiency, unifying financial reporting and internal control procedures, minimising diversion of management attention from ongoing business concerns, addressing differences between Fortis Bank's and BNP Paribas' business culture, processes, controls, procedures, systems, accounting practices and implementation of accounting standards.

(v) A deterioration of the credit rating of BNP Paribas of its debt quality could adversely affect Fortis Bank

As part of the BNP Paribas Group, Fortis Bank can be highly sensitive to a downgrade by rating agencies of the rating of the parent company of the BNP Paribas Group or a deterioration of its debt quality. BNP Paribas took control of Fortis Bank on 12 May 2009 and subsequently increased its stake in Fortis Bank to 74.93 per cent. BNP Paribas is now the major shareholder of Fortis Bank.

2. Additional investment considerations relating to the business of BP2F

All of the risks listed and described above under the section "Risk Factors relating to the business of Fortis Bank" above are applicable to BP2F but must be considered in the light of the specific activities, businesses, location, jurisdiction, applicable laws, composition of assets and liabilities, finances, and other relevant features of BP2F.

The risk factors relating specifically to BP2F must then be read and construed accordingly.

The primary credit protection for Notes issued by BP2F will derive from the guarantees given by Fortis Bank. The principal activity of BP2F is to act as a financing vehicle for Fortis Bank and its affiliates by issuing bonds (including Notes under the programme) or similar securities, raising loans with or without a guarantee and in general having recourse to any sources of finance. The Notes issued by BP2F have the benefit of guarantees issued by Fortis Bank so the primary credit protection for investors will derive from these guarantees.

When BP2F issues structured notes, it hedges the structured components with Fortis Bank and BNP Paribas (London or/and Paris). BP2F's ability to make payments of the structured coupon may depend on the ability of these hedging counterparties to meet their obligations under the hedge.

BP2F's ability to make payments under the Notes may depend on the operating performance of those companies to which the proceeds of the Notes are lent BP2F will lend the proceeds from the Notes to certain of Fortis Bank group's operating companies. Investors are, therefore, also exposed to the operating performance of the operating companies to which BP2F may lend proceeds, whose performance could change over time.

The financial condition of the operating companies to which the proceeds of the Notes are lent may deteriorate and this may affect BP2F's ability to make payments under the Notes as BP2F's ability to meet its obligations will be reliant on the financial condition of the operating companies, if such operating companies' financial condition were to deteriorate and to the extent that funds are not available under the guarantees, BP2F and holders of notes could suffer direct and materially adverse consequences, including insufficient coupon payments on the Notes and, if a liquidation or bankruptcy of BP2F were to occur, loss by holders of all or part of their investment.

BP2F is not an operating company so has limited capital resources. Its financial condition therefore depends on its ability to issue securities and otherwise raise finance. A deteriorating or challenging economic situation can make it more difficult for BP2F to raise finance, or may make the terms on which it is able to do so more onerous, which could have a negative effect on BP2F's financial condition.

Transfer pricing tax rules in Luxembourg generate additional costs, which may vary from time to time

On 8 April 2011 the Luxembourg direct tax authorities issued Circular L.I.R. 164/2 bis (Circular Bis), which clarifies the conditions for application of their previous circular dated 28 January 2011 relating to the tax treatment of intra-group financing transactions (Advance Pricing Arrangements (APA)).

According to Luxembourg and OECD principles, any related party transaction should be performed at arm's length. In other words, remuneration should be in line with what independent third parties would have charged in a similar transaction. These transfer pricing principles apply to intra-group financings (being defined as any financing granted between companies that participate directly or indirectly in the management, control or capital of each other or have a common person doing so). Furthermore, it states that from 1 January 2012, the tax authorities will no longer be bound by APAs obtained before 28 January 2011 in relation to intra-group financing transactions which would otherwise fall within the scope of the Initial Circular. In order to file an APA with the Luxembourg tax authorities, any Luxembourg tax resident company should meet the following conditions:

1. Substance requirement

- majority of its directors should be Luxembourg resident or having more than 50% of their professional income taxable in Luxembourg (taxable in Luxembourg according to article 10-1 to 4 of the Luxembourg Income Tax Law);
- local directors should have the appropriate expertise and the capacity to bind the company by their decisions;
- its key management decisions should be taken in Luxembourg;

- appropriate staff should reflect the nature and volume of activity performed in Luxembourg; and
- a bank account should be opened with a Luxembourg resident bank or a Luxembourg branch of a resident bank.

2. *Minimum capital requirement*

The financing activity will have to be adequately equity financed. According to the circular, equity financing is deemed sufficient if it is at least equal to 1% of the financing or EUR 2 million.

3. *Transfer pricing analysis*

Normally a transfer pricing analysis has to cover all the investment and take into account the particular risks linked to each of them.

The filing of the APA will thus generate additional costs, which may vary from time to time.

Investors are cautioned that all such risks should be borne in mind and analysed when investing in the securities of BP2F.

Risk factors that may affect the Notes generally

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained, or incorporated by reference in this Base Prospectus, the Final Terms relating to the Notes or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate, foreign exchange, financial markets and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are sophisticated financial instruments. A potential investor should not invest in Notes which are sophisticated financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

None of the Issuers, the Guarantor, the Dealer or any of their respective affiliates is responsible for the lawfulness or suitability of the acquisition of any Notes by a prospective investor or purchaser of Notes or for compliance by a prospective investor or purchaser of Notes (whether it is acquiring the Notes in a principal or in a fiduciary capacity) with any law, regulation, directive or policy applicable to it or, if it is acquiring the Notes in a fiduciary capacity, any law, regulation, directive or policy applicable to the beneficiary. A prospective investor or purchaser of Notes may not rely on the Issuers, the Guarantor, the Dealer or any of their respective affiliates when making determinations in relation to any of these matters.

Currency Risks

Notes are issued in the currency specified in the Final Terms applicable thereto (the "note currency") and as such income and principal arising from such Notes are subject to exchange rate risk for an investor who has to convert another currency (the "investor currency") into such note currency to purchase the Notes. Investors should be aware that as a result of such risk they may receive at maturity an amount in the note currency that, if converted back into the investor currency by the investor, may be less than the initially converted amount. The same cross-currency exposure risk applies to the interest payments made in the note currency that are intended to be converted at a spot rate into an investor currency by the Noteholder.

The Notes entail particular risks

The Notes to be issued under the Programme will entail particular risks. The Notes are investment instruments which may or may not bear interest and which at maturity or earlier in case of early termination pay the final redemption amount or the early redemption amount (except in the case of physically settled notes) which may or may not be equal to the nominal amount of the relevant Note.

In the case of physically settled Notes, the relevant Issuer or the Noteholder may have the option at maturity or at an earlier date to exchange the Notes for the Share Amount, depending upon the terms of such physically settled Notes.

Notes which are not principal protected may result in the holder thereof losing some or, in certain limited cases, all of such holder's initial investment. In addition, all Notes, including Notes which are expressed to be fully or partially principal protected, will give an investor exposure to the credit and default risk of the Issuer and Guarantor.

Notes issued under the Programme may be structured such that principal, interest and/or premium, if any, payable on such Notes are determined by reference to the value or level of various underlying factors or a combination thereof, including, but not limited to, a single share, a basket of shares, an index, a basket of indices, one or more currencies (including exchange rates or swap indices between currencies or composite currencies), commodities, interest rates, the value of the credit of underlying reference entity, reference entities, reference obligation(s), underlying obligation(s), units, shares or interests in a single fund or basket of funds, formulae or other variables (the "**Underlying**"). Notes where the principal amount, interest amount and/or premium payable (if any) is dependent upon the performance of the Underlying may result in the Holder receiving no, or only a limited return on his investment.

The price at which a holder of Notes will be able to sell Notes prior to their redemption may be at a substantial discount to the market value of the Notes at the issue date depending upon the performance of the Underlying at the time of sale.

The value of the Notes may fluctuate

The value of the Notes may move up and down between their date of purchase and their maturity date. Holders of the Notes may sustain a total loss of their investment depending on the factors stated below (subject to any principal protection provided for under the terms of the relevant Notes, if applicable). Prospective purchasers should therefore ensure that they understand fully the nature of the Notes before they invest in the Notes.

Several factors, many of which are beyond the relevant Issuers' and Guarantors' control, will influence the value of the Notes at any time, including (but not limited to) the following:

- (a) **General economic conditions.** The market for debt securities is influenced by economic and market conditions, interest rates, currency exchange rates and inflation rates in Europe and other countries and areas. There can be no assurance that events occurring elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect. In particular, in 2008 the global economy entered the most severe downturn for 80 years. Economic conditions remain fragile, and there is a risk that major economies may suffer a "double dip" recession where the improvements in a number of markets reverse. Such a deterioration in market conditions could adversely affect the price of the Notes or have another adverse effect.
- (b) **Valuation of the Underlying.** Where the Notes are linked to the performance of an Underlying, the market value of the Notes at any time is expected to be affected primarily by changes in the price, value level or rate (as the case may be) of the Underlying to which such Notes are linked. It is impossible to predict how the price, value, level or rate (as the case may be) of the relevant Underlying will vary over time. Factors that may have an effect on the price, value, level or rate (as the case may be) of the Underlying include, in the case of a share or share index, the rate of return of the Underlying and the financial position and prospects of the relevant issuer of the Underlying or any component thereof. In addition, the

price, value, level or rate (as the case may be) of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and, in the case of a share or share index, their effect on the capital markets generally and on the relevant stock exchanges in particular. Potential investors should also note that whilst the market value of the Notes is linked to the changes in the price, value, level or rate (as the case may be) of the relevant Underlying and will be influenced (positively or negatively) by such changes, any change may not be comparable and may be disproportionate. It is possible that while the price, value, level or rate (as the case may be) of the Underlying is increasing, the value of the Notes may fall.

- (c) **Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their procedures for transfer, payment and communication with the relevant Issuer and/or (in the case of Notes issued by BP2F) the Guarantor.** Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary or a common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg or, the NBB in the case of Notes issued by Fortis Bank where the relevant Global Note is deposited with the NBB as operator of the X/N System. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg, or the NBB, as the case may be, will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg or the NBB, as the case may be.

While the Notes are represented by one or more Global Notes the relevant Issuer and (in the case of Notes issued by BP2F) the Guarantor will discharge their payment obligations under the Notes by making payments to the common depositary for Euroclear and Clearstream, Luxembourg or the NBB, as the case may be for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg, or the X/N System, as the case may be, to receive payments under the relevant Notes. The Issuers and the Guarantor have no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

- (d) **Interest Rates.** Investors in Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of the Notes. Investments in the Notes may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Notes. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Notes at any time prior to valuation of the Underlying relating to the Notes.
- (e) **Volatility of the Underlying.** The term “volatility” of an Underlying refers to the actual and anticipated frequency and magnitude of changes of the price, value, level or rate (as the case may be) of an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of an Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time. Where Notes are linked to an Underlying, the volatility of the Underlying(s) may have an effect on the volatility of the Notes.
- (f) **Exchange Rates.** Even where payments in respect of the Notes are not expressly linked to a rate or rates of exchange between currencies, the value of the Notes could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Notes is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Notes will be representative of the relevant rates of exchange used in computing the value of the relevant Notes at any time thereafter.
- (g) **Disruption.** If so provided in the applicable terms, the Calculation Agent may determine that a Market Disruption Event has occurred or exists at a relevant time. Any such determination may affect the value of the Notes and/or may delay settlement in respect of the Notes. In addition, if so provided in the applicable terms, the relevant Calculation Agent may determine that a Settlement Disruption Event has occurred or exists at any relevant time in relation to a physically settled Note. Any such determination may cause a delay in delivery of the Underlying and, in the event that a Disruption Cash Settlement Price is paid in lieu of delivery of the Underlying, the cash price paid may be adversely affected. Prospective purchasers should review the applicable terms (including the Final Terms) to ascertain whether and how such provisions apply to the Notes.

There may not be a secondary market in the Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may be not very liquid or not liquid at all. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Potential investors should consequently be willing to hold the Notes through their life. The nature and extent of any secondary market in the Notes cannot be predicted. As a consequence any person intending to hold the Notes should consider liquidity in the Notes as a risk. If the Notes are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Notes were not so listed or quoted. However, if Notes are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The relevant Issuer may affect the liquidity of the Notes by purchasing and holding the Notes for its own account during trading in the secondary market. Any such Notes may be resold at any time into the market.

Purchasing the Notes as a hedge may not be effective

Any person intending to use the Notes as a hedge instrument should recognise the correlation risk. The Notes may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Notes at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms a part.

Potential Conflicts of Interest

Potential conflicts of interest may exist between the relevant Issuer, the Guarantor, the Dealer, the Delivery Agent, the Calculation Agent and the Noteholders, including (but not limited to) with respect to certain determinations and judgements that the Calculation Agent may make pursuant to the Conditions that may influence any interest amount due on, and for the amount receivable upon redemption of, the Notes.

The Issuers and their affiliates (including, if applicable, any Dealer) may engage in trading activities (including hedging activities) related to any Notes, any Underlying and any other instruments or derivative products for their proprietary accounts or for other accounts under their management. The Issuers and their affiliates (including, if applicable, any Dealer) may also issue other derivative instruments in respect of or related to any Notes or any Underlying. The Issuers and their affiliates (including, if applicable, any Dealer) may also act as underwriter in connection with future offerings of shares or other securities related to an issue of Notes or may act as financial adviser to certain companies or companies whose shares are included in the Underlying or in a commercial banking capacity for such companies. The Issuers and their affiliates (including, if applicable, any Dealer) may carry out activities that minimise its and/or their risks related to the Notes, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In connection with such hedging or marketmaking activities or with respect to proprietary or other trading activities by the Issuers and their affiliates, the Issuers and their affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Notes and which could be deemed to be adverse to the interests of the holders of the Notes. The Issuers and their affiliates are likely to modify their hedging positions throughout the life of the Notes whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services that the Issuers and their affiliates provide in the ordinary course of their business could have an adverse effect on the value of the Underlying. Such activities could present certain conflicts of interest, could influence the prices of the Underlying or other securities and could adversely affect the value of the Notes.

Actions taken by the Calculation Agent may affect the Notes

The Calculation Agent is the agent of the relevant Issuer and not the agent of the Noteholders. The relevant Issuer may itself act as the Calculation Agent. The Calculation Agent will have discretion to make such adjustments to the Notes as it considers appropriate in certain circumstances (as set out in the Conditions of the Notes or the applicable Final Terms) including, but not limited to, certain corporate actions in respect of Shares where the Underlying comprises Shares. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action or other event or circumstance entitling it to make an adjustment.

Holders have no ownership interest in the Underlying

The Notes convey no interest in the Underlying. The relevant Issuer may choose not to hold the Underlying or any derivatives contracts or other instruments linked to the Underlying. Under the Conditions of the Notes, there is no restriction on the ability of the relevant Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in any Underlying or any derivative contracts or other instruments linked to the Underlying.

The Notes do not represent a claim against any Underlying (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Noteholders will not have any right of recourse under the Notes to any such Underlying (or any issuer, sponsor, manager or other connected person in respect of an Underlying). The Notes are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an Underlying and such entities have no obligation to take into account the consequences of their actions on any Noteholders.

Risk of Leveraged Exposure

Leverage involves the use of a number of financial techniques to increase the exposure to an Underlying, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Underlying moves in the anticipated direction, it will conversely magnify losses when the Underlying moves against expectations. If the relevant Notes include leverage, potential holders of such Notes should note that these Notes will involve a higher level of risk, and that whenever there are losses such losses will be higher (other things being equal) than those of a similar Note which is not leveraged. Investors should therefore only invest in leveraged Notes if they fully understand the effect of leverage.

Taxes may be payable by investors

Potential purchasers and sellers of the Notes should be aware that they may be required to pay stamp duties, taxes or other documentary charges in accordance with the laws and practices of the country where the Notes are transferred. In addition, if so indicated in the relevant Final Terms, payments in respect of the Notes may be made subject to deduction for or on account of withholding taxes imposed within Luxembourg or the jurisdiction in which the Specified Branch (if any) is located, as provided in Condition 8 and without the relevant Issuer being obliged to make additional payments in respect of such deduction or withholding. Consequently, the payment of principal, interest and/or premium, if any, in respect of the Notes may be less than expected. The Final Terms will specify in each case whether the Issuer will pay additional amounts as specified in the Conditions. Potential purchasers should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment that will apply at any given time.

The Notes may be redeemed prior to their stated maturity date

The relevant Issuer may at its discretion and without obligation redeem the Notes early for tax reasons, following an event of default, because the relevant Issuer determines that the performance of its obligations under the Notes has become illegal or impractical in whole or in part for any reason or, in the case of Index-Linked Notes, Equity-Linked Notes or Fund-Linked Notes because the Calculation Agent determines that a Hedging Disruption Event has occurred, which includes where it is no longer legal or practical to maintain any hedging arrangement with respect to the Notes. If the relevant Issuer redeems the Notes early, the relevant Issuer will, if so provided in the applicable terms and if and to the extent permitted by applicable law, pay the holder of each such Note the Redemption Amount as defined in the Conditions. In addition, the applicable terms may provide for redemption at the option of the Issuer on the Optional Redemption Dates at the Optional Redemption Amount(s) (as defined in the applicable terms). In the event of any early redemption, a Noteholder may not be able to reinvest the Redemption Amount in a comparable security. The relevant Issuer is not liable for any disadvantage a holder of Notes incurs in respect of the new investment or non-investment of its capital.

Risks associated with Notes held in global form

Bearer Notes and Registered Notes will initially be held by or on behalf of one or more clearing systems specified in the applicable Final Terms (each a “**Relevant Clearing System**”), either in the form of a Global Note or Global Certificate which will be exchangeable for definitive Notes or Individual Certificates only in limited circumstances described in the Global Notes or Global Certificates. For so long as any Notes are held by or on behalf of a Relevant Clearing System, payments of principal, interest and any other amounts will be made through the Relevant Clearing System, where required, against presentation or surrender (as the case may be) of the relevant Global Note or Global Certificate and, in the case of a temporary Global Note,

certification as to non-U.S. beneficial ownership. The risk is that the bearer of the relevant Global Note or the registered holder of the relevant Global Certificate, typically a depository for the Relevant Clearing System, and not the holders of only a beneficial interest in the Global Note or Global Certificate shall be treated by the relevant Issuer and any Paying Agent as the sole holder of the relevant Notes with respect to the payment of principal, interest (if any) and any other amounts payable in respect of the Notes or any securities deliverable in respect of the Notes. Notes which are held by or on behalf of a Relevant Clearing System will be transferable only in accordance with the rules and procedures for the time being of the Relevant Clearing System.

Holders of beneficial interests in the Global Notes or Global Certificates will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by the Relevant Clearing System to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes or Global Certificates will not have a direct right under the Global Notes or Global Certificates to take enforcement action against the relevant Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Settlement Risk

Settlement of the Notes is subject to all applicable laws, regulations and practices in force at the relevant time and neither the relevant Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices. Neither the relevant Issuer nor any Agent shall under any circumstances be liable for any acts or defaults of any clearing system in relation to the performance of its duties in relation to the Notes.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Notes or such investor holds interests in any Note through accounts with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Notes which are received from the relevant Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the relevant Issuer.

In addition, such a Holder will only be able to sell any Notes held by it prior to their stated maturity date with the assistance of the relevant nominee service provider. None of the Issuers or any Paying Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

Modification, waivers and substitution

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Trading in the clearing systems

In relation to any issue of Notes which have a minimum denomination and are tradeable in the clearing systems in amounts above such minimum denomination which are smaller than it, should definitive Notes be required to be issued, a holder who does not have an integral multiple of the minimum denomination in his account with the relevant clearing system at the relevant time may not receive all of his entitlement in the form of definitive Notes unless and until such time as his holding becomes an integral multiple of the minimum denomination.

The return on an investment in Notes will be affected by charges incurred by investors

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional — domestic or foreign — parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuers or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. A rating agency may fail to withdraw its rating in a timely manner.

A credit rating reduction may result in a reduction in the trading value of the Notes

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the Issuers and, if applicable, the Guarantor. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of the Issuers by standard statistical rating services, such as Moody's Investors Service Limited ("Moody's"), Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. ("Standard & Poor's") and Fitch Ratings Ltd. ("Fitch"). A reduction in the rating, if any, accorded to outstanding debt securities of the Issuers by one of these or other rating agencies could result in a reduction in the trading value of the Notes.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Change of law

The Terms and Conditions of the Notes are predominantly based on English law. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may, in addition to the risks described above, have features which contain particular risks for potential investors.

Prospective investors should consult their own financial, tax and legal advisors as to the risks entailed by an investment in such Notes and the suitability of such Notes in light of their particular circumstances and ensure that its acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of its incorporation and/or in which it operates, and is a suitable investment for it to make. The Issuers believe that such Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Notes.

Set out below is a description of some of the most common of such features.

Structured Notes in general

An investment in Notes, the payment of principal, interest and/or premium of which is determined by reference to one or more Underlyings (either directly or indirectly) and has certain structural features or combination of structural features (“**Structured Notes**”), may entail significant risks not associated with similar investments in a conventional debt security or a direct investment in the Underlying, including the risks that the resulting rate of return will be less than that on a conventional debt security or the Underlying and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant Underlying should be taken as an indication of future performance of (i) such Underlying or (ii) the trading or market value of a Note, during the term of any Note.

An issue of Structured Notes does not give a holder the right to reimbursement of the nominal value of such Note. Accordingly, investment in Structured Notes is reserved for investors who are prepared to accept the risk that all or part of their capital may be lost.

The Underlying(s) and/or the composition thereof, method of calculation (if applicable) or other factors of the Underlying(s) may change in the future. There is no assurance that issuers, sponsors, licensors of the Underlying(s) or any other third party (as the case may be) who have an influence on the Underlying(s) will not change the composition thereof, method of calculation or other factors of the Underlying(s). Any such change to the Underlying(s) may be beyond the control of the relevant Issuer and may adversely affect the value of the Notes.

If the formula used to determine the amount of principal, interest and/or premium, if any, and/or securities deliverable (if applicable) with respect to such Notes contains a multiplier or leverage factor, the effect of any change in the Underlying(s) will be magnified. In recent years, values of certain Underlying(s) have been highly volatile; such volatility in the past is not necessarily indicative, however, of fluctuations that may occur in the future.

An investment in Structured Notes linked to an Underlying therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- the Underlying may be subject to significant changes, whether due to the composition of any such Underlying itself, or because of fluctuations in value of the Underlying;
- the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the relevant Issuer at the same time;
- the holder of an Structured Note linked to an Underlying could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on such Note;
- any Note that is linked to more than one type of Underlying, or on formulae that encompass the risks associated with more than one type of Underlying, may carry levels of risk that are greater than Notes that are indexed to one type of Underlying only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Structured Notes linked to an Underlying;
- a significant market disruption could mean that any Underlying ceases to exist; and
- as a result of one or more of the above factors the trading or market value of the Structured Notes may be volatile or non-correlated with the Underlying.

(i) Inversely Linked Notes

Where the principal, interest and/or premium payable on the Notes is inversely linked to one or more Underlyings (“**Inversely Linked Notes**”), investors should note that any increase in the price, value, level or rate of the Underlying will not lead to a corresponding increase in the principal, interest and/or premium payable on the Notes and consequently the value of the Notes.

Any increase in the price, value, level or rate of the Underlying will result in a decrease in the principal, interest and/or premium payable on the Notes, and therefore the market value of such Inversely-Linked Notes.

(ii) Absolute Performance Notes and Swing Notes

The relevant Issuer may issue Notes where the principal, interest and/or premium payable on the Notes is linked to the absolute performance of one or more Underlyings (“**Absolute Performance Notes**”). The principal, interest and/or premium payable on such Absolute Performance Notes will not reflect the direct performance of the Underlying(s), but will instead reflect the volatility in the performance of the Underlying(s). Investors should note that in the case of Absolute Performance Notes, an increase or decrease in the price, value, level or rate of the Underlying(s) will not necessarily mean a corresponding increase or decrease in the value of the Notes.

The relevant Issuer may issue Notes where the principal, interest and/or premium payable is linked to the absolute performance of components in a basket of Underlyings (“**Swing Notes**”). Swing Notes are a type of Absolute Performance Notes, and the risks relating to Absolute Performance Notes also relate to Swing Notes.

(iii) Path Dependent Notes

The relevant Issuer may issue Notes where interest payments are dependent on the interest calculated to be payable on the immediately preceding interest period (“**Path Dependent Notes**”). Such Path Dependent Notes may be structured such that the interest payable is calculated with reference to the interest calculated to be payable for the preceding interest period by, including but not limited to, the addition, subtraction, multiplication or division of another factor. Path Dependent Notes are subject to the risk that if the interest calculated to be payable in respect of one interest period is low, then the interest calculated to be payable in respect of subsequent periods will also be low. Path Dependent Notes are subject to the risk that the increase in interest payable between interest periods may not be as high as expected, and in some cases, there may be no increase in interest payable or there may be a decrease in the interest payable. The change of the interest between interest periods may also be subject to a multiplier and such Notes are subject to the additional risk that if at any time the interest payable becomes zero, the interest payable on any subsequent interest periods will also be zero and will remain zero for the life of the Notes.

(iv) Range Notes

The relevant Issuer may issue Notes whose principal, interest and/or premium payable is dependent on the performance of one or more Underlyings, as observed at such intervals as specified in the relevant Final Terms and within such period as specified in the relevant Final Terms, and the performance of such Underlying(s) as compared to a reference range (“**Range Notes**”). The principal, interest and/or premium payable on such Notes is calculated on various factors including but not limited to the frequency at which the Underlying is observed to have been at, within or outside the reference range. Such reference range may or may not be fixed. Investors should be aware that the principal, interest and/or premium payable on Range Notes may be specified as only accruing or calculated to be payable with reference to the days on which the price, value, level or rate (as the case may be) of such Underlying(s) (the “**Underlying Rate**”) is at, within or outside of the reference range, as set out in the relevant Final Terms. If the Underlying Rate does not fix at or fall within or outside of such range on one or more days during the term of the Notes, then the return on the Notes may be lower than expected, or may even be zero. Noteholders should note that no principal, interest and/or premium accrues or becomes payable with reference to such days when the Underlying Rate does not fix at or does not fall within or outside of the reference range.

Conversely, it may be the case that the Range Notes are structured such that any principal, interest and/or premium ceases to become payable with reference to the days on which the Underlying Rate is at, within or outside the reference range, as set out in the relevant Final Terms. If the Underlying Rate fixes at or falls within or outside such range on one or more days during the term of the Notes, then the return of the Notes may be lower than expected, or may even be zero.

(v) Trigger Notes

The relevant Issuer may issue Notes where the interest payable is linked to an Underlying and the redemption date of the Notes is dependent on the total aggregate amount payable reaching a predetermined target level (the “**Trigger**”) (“**Trigger Notes**”). Once the aggregate amounts paid out on the Note has reached or exceeded the Trigger, the Note will be automatically

redeemed and no further interest on the Notes will be payable. Investors in such Trigger Notes bear the risk that they have no certainty as to the timing of redemption and when they will receive a return of their capital on the Notes.

(vi) Notes subject to optional redemption by the relevant Issuer

Notes may be subject to optional redemption by the relevant Issuer. An optional redemption feature of Notes is likely to limit their market value. During any period when the relevant Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The relevant Issuer may choose to redeem Notes early for various reasons. For example, the relevant Issuer may choose to redeem Notes early when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time and that it may not be able to find a comparable product to the Note being redeemed at the time of redemption. In addition, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes and part of the Noteholders' investment may be lost.

(vii) Risks related to Notes redeemed by physical delivery

If the Notes are, at the option of the relevant Issuer, either physically settled by delivery of shares or other securities or cash settled, then there will be a time lag, if the relevant Issuer chooses to physically settle the Notes, following exercise by the relevant Issuer of its option until such shares or securities are delivered to the relevant Holder's account. Any such delay between the time of exercise by the relevant Issuer of its option and the delivery of the Share Amount will be specified in the Conditions. However, such delay could be significantly longer if the Calculation Agent determines that a Settlement Disruption Event has occurred at the relevant time. Such additional delay could adversely affect the Share Amount.

If a Noteholder does not provide the relevant Issuer through the Delivery Agent with sufficient instructions in a timely manner to enable the relevant Issuer through the Delivery Agent to effect any required delivery of shares or other securities, the due date for such delivery shall be postponed accordingly, which may result in a delay in delivery of the applicable Share Amount.

In the event of the delivery of shares and/or securities upon redemption of their Notes (as specified in the relevant Final Terms), Noteholders shall be required to make certain notifications and take other actions as set out in the Conditions. The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Notes. Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Notes. Delivery of shares and/or securities is subject to all applicable laws, regulations and practices and the relevant Issuer shall not incur any liability whatsoever if it is unable to deliver or procure the delivery of such shares and/or securities to the relevant Noteholder because of any such laws, regulations or practices.

Each Noteholder should be aware that if their Notes may be redeemed by physical delivery of shares and/or securities and/or other financial instruments (as specified in the relevant Final Terms), it shall be deemed at the time of purchase to acknowledge its understanding and acceptance of this matter and to have made its own examination and assessment of its capacity and power to receive shares and/or securities and/or other financial instruments and not to have relied on any representation of the relevant Issuer, any Agent or the relevant Dealer regarding this matter. In particular, the relevant Issuer and any of its Agents shall not be in any way responsible for checking the capacity and power of any Noteholder to have its Notes redeemed by delivery of shares and/or securities and/or other financial instruments (even if it has notice of any other facts and circumstances), and the relevant Noteholder shall bear full responsibility for any consequences that may arise from the delivery to it of shares and/or securities and/or other financial instruments or, as the case may be, non-delivery as a consequence of the Noteholder not having the required capacity and power to receive delivery of such shares and/or securities.

(viii) Effect of Substantial Redemptions

Substantial redemptions by holders of Fund Interest Units in a fund within a short period of time could require the fund's investment manager(s) and/or adviser(s) to liquidate positions more rapidly than would otherwise be desirable, which could

adversely affect the value of the fund's assets. The resulting reduction in the fund's assets could make it more difficult to generate a positive rate of return or to recoup losses due to a reduced equity base.

(ix) Business Dependent Upon Key Individuals

All investment decisions with respect to a fund's assets are made by its investment manager(s) and/or adviser(s). Holders of Fund Interest Units in a fund may have no right or power to take part in the management of the fund. As a result, the success of the fund for the foreseeable future will depend largely upon the ability of the investment manager(s) and/or adviser(s). There is no assurance that the strategies employed by the fund will achieve attractive returns or will be successful. Additionally, should the principal decision makers of the investment manager(s) and/or adviser(s) no longer be associated with the investment manager(s) and/or adviser(s), die or become otherwise incapacitated for any period of time, the value or profitability of the fund's investments may suffer.

(x) Investments in Affiliated or Related Entities

A fund may invest a portion of its assets in investment funds, structured fund products, collateralized fund obligation transactions and/or with other accounts managed by the fund's investment manager(s) and/or adviser(s), any of their affiliates and/or related parties. As a result, the investment manager(s) and/or adviser(s), any of their affiliates or related parties, may receive fees based on these investments directly from the fund and, directly or indirectly, from such other investment funds, collateralized fund obligation transactions, structured hedge fund products or accounts in which the fund invests.

(xi) Correlation with market performance

Mutual funds typically have a higher correlation with the market performance than hedge funds and are typically structured so that the return on the Fund Interest Units in the mutual fund will reflect the general performance of market conditions. Investors should note that while mutual funds typically aim to achieve a performance which is better than the average market performance through the use of stock-picking skills or market timing or other strategies, there is no guarantee that the performance of a particular mutual fund will necessarily be better than the average market performance. As such, amounts due to investors in Fund-Linked Notes may be the same as (or worse than) general market performance and this amount could have been achieved at a lower cost through investments other than the Fund-Linked Notes.

Reverse Convertible Notes

Reverse Convertible Notes are interest bearing investment instruments which, at maturity, are either, at the option of the relevant Issuer, redeemed by (i) payment of a Cash Amount, or (ii) payment of a cash amount equal to the level of the Underlying or delivery of the Underlying, in each case, subject to the Final Terms of the relevant Reverse Convertible Note. As such, reverse convertible notes entail the same level of risk of decrease in value as a direct investment in the Underlying. Investors should be aware that their entire investment may be lost. Since reverse convertible notes are of limited maturity, unlike direct investments, investors are not able to hold them beyond their stated maturity date in the expectation of a recovery in the price of the Underlying.

The price at which a Holder will be able to sell reverse convertible notes prior to maturity may be at a potentially substantial discount to the market value of the reverse convertible notes at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is below, equal to or not sufficiently above the value of the Underlying at the issue date.

Partly-Paid Notes

The relevant Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Inverse Floating Rate Notes

Investments in Notes which bear interest at an inverse floating rate comprise (i) a fixed base rate minus (ii) a reference rate ("**Inverse Floating Rate Notes**"). Investors should note that any increase in the value or level of the Underlying will not lead to a corresponding increase in the principal, interest and/or premium payable on the Notes and consequently the value of the Notes. Any increase in the value or level of the Underlying will result in a decrease in the principal, interest and/or premium payable on the Notes, and therefore the market value of such Notes. The market value of such Notes is usually more volatile than the market

value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which may further reduce the market value of these Notes.

Variable Rate Notes

The relevant Issuer may issue Notes where the redemption amount, interest and/or premium, if any payable on the Notes is linked to changes in one or more rates and/or Underlyings specified in the Final Terms during the period specified therein. Prospective purchasers of the Notes should make their own independent evaluation of the risks associated with an investment in the Notes. The Underlying Rates to which the Variable Rate Notes are linked to may be volatile and unpredictable. Investors should be aware that it may be possible that there may be significant changes in such Underlying Rates and such changes may lead to a decrease in the value of the value of the Notes and the amount of redemption amount, interest and/or premium, if any, payable on the Notes.

Fixed to Floating Rate Notes

Fixed to floating rate Notes initially bear interest at a fixed rate. Conversion from a fixed rate to a floating rate then takes place either automatically or at the option of the relevant Issuer (if certain predetermined conditions are met or at the sole discretion of the relevant Issuer). The conversion (whether automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a fixed rate is converted to a floating rate, the spread on the fixed to floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

Notes issued at a substantial discount or premium

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

Noteholders will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the relevant Issuer's ability to issue both Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and vice versa).

Zero coupon Notes are subject to higher price fluctuations than non-discounted Notes.

Changes in market interest rates generally have a substantially stronger impact on the prices of zero coupon Notes than on the prices of ordinary notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon Notes can suffer higher price losses than other notes having the same maturity and credit rating.

Subordinated Notes

(i) The relevant Issuer's obligations under Subordinated Notes are subordinated

If the relevant Issuer or the Guarantor is declared insolvent and any applicable winding up, bankruptcy, insolvency or other similar or analogous proceedings are initiated, such Issuer or the Guarantor (as the case may be) will be required to pay the holders of senior debt and meet its obligations to all its other creditors (including unsecured creditors and depositors but excluding any obligations in respect of subordinated debt) in full before it can make any payments on the relevant subordinated

Notes. If this occurs, the relevant Issuer or Guarantor (as the case may be) may not have enough assets remaining after these payments to pay amounts due under the Notes or the Guarantees (as the case may be).

The relevant Issuer's obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to Senior Liabilities. Senior Liabilities means all of the relevant Issuer's liabilities which constitute direct, unconditional, unsubordinated and unsecured obligations of the relevant Issuer. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is a real risk that an investor in Subordinated Notes will lose all or some of his investment should the relevant Issuer become insolvent.

(ii) Non Payment under Subordinated Notes

If the relevant Issuer does not make payment for a period of 7 days or more after the due date for the payment of principal or premium (if any) or for a period of 14 days or more after an Interest Payment Date for the payment of interest due in respect of any of the Subordinated Notes on such date, Noteholder(s) of Subordinated Notes have limited rights against the relevant Issuer in the event of any such failure to pay (see Condition 3(b)).

Any deferral of interest payments will likely have an adverse effect on the market price of the Subordinated Notes. In addition, as a result of the interest deferral provision of the Subordinated Notes, the market price of the Subordinated Notes may be more volatile than the market prices of other debt securities on which original issue discount or interest accrues that are not subject to such deferrals and may be more sensitive generally to adverse changes in the relevant Issuer's financial condition.

Index-Linked Notes, Dual Currency Notes and Inflation-Linked Notes

(i) Index-Linked Notes in general

Index-Linked Notes are debt securities whose redemption amounts, interest payments and/or premium, if any, are linked to the performance of one or more indices, by way of a specified formula or in such other manner as shall be specified in the relevant Final Terms. Such index or indices may contain substantial credit, interest rate or other risks. The amount of principal, interest and/or premium, if any, payable by the relevant Issuer might be substantially less than the issue price or, as the case may be, the purchase price invested by the Noteholder and may even be zero in which case the Noteholder may lose his entire investment or a payment of interest, principal or premium may occur at a different time than expected.

Index-Linked Notes are not in any way sponsored, endorsed, sold or promoted by the index sponsor or the respective licensor of the index and such index sponsor or licensor makes no warranty or representation whatsoever, express or implied, either as to the results to be obtained from the use of the index and/or the figure at which the index stands at any particular time. Each index is determined, composed and calculated by its respective index sponsor or licensor, without regard to the relevant Issuer or the Notes. None of the index sponsors or licensors is responsible for or has participated in the determination of the timing of, prices at, or quantities of the Notes to be issued or in determination or calculation of the equation by which the Notes settle into cash. None of the index sponsors or licensors has any obligation or liability in connection with the administration, marketing or trading of the Notes. The index sponsor or licensor of an index has no responsibility for any calculation agency adjustment made for the index.

The index itself and the way the index is calculated may change, or the index may be terminated, and there can be no assurance that the index sponsors or licensors will not change the methods by which they calculate the index. In certain circumstances, the actions or omissions of the sponsor of an index to which the Index-Linked Notes are linked and others outside the control of the relevant Issuer and may adversely affect the rights of the Noteholders and/or the value of the Index-Linked Notes, including actions that may give rise to an adjustment to, or early redemption of, the Index-Linked Notes.

None of the Issuers, Dealer(s) or any of their affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of Index-Linked Notes. The issue of Index-Linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential). In some cases, Index-Linked Notes may be linked to an index or indices which have been developed internally by an affiliate of the Issuers ("**Fortis Bank Indices**"). In developing and maintaining such Fortis Bank Indices, the affiliates of the Issuers will be involved in determining any changes to be made to the methodology and calculation of the Fortis Bank Indices, the composition of the Fortis Bank Indices and any other activities related to and affecting the level of the Fortis Bank Indices.

Such activities could present certain conflicts of interest and could adversely influence the level of the Fortis Bank Indices, and could consequently adversely affect the value of the Notes.

An investment in Index-Linked Notes is not the same as an investment in the components of the Index and does not confer any legal or beneficial interest in the components of the Index or any voting rights, rights to receive dividends or other rights that a holder of the components of an Index would have.

(ii) Dual Currency Notes

The relevant Issuer may issue Notes with principal, interest and/or premium payable in one or more currencies which may be different from the currency in which the Notes are denominated (“**Dual Currency Notes**”). In addition to the risk factors that may apply to Notes in general, Structured Notes in general and Index-Linked Notes in general, potential investors should be aware that in relation to Dual Currency Notes:

- (a) the market price of such Notes may be volatile;
- (b) they may receive no interest and/or premium;
- (c) payment of principal, interest and/or premium (if applicable) may occur at a different time or in a different currency than expected;
- (d) they may lose all or a substantial portion of their principal; and
- (e) there may be movements in currency exchange rates which may result in significant fluctuations that may not correlate with changes in interest rates, currencies or related factors.

(iii) Inflation-Linked Notes

Inflation-Linked Notes are Notes whose redemption amount, interest amounts and/or premium, if any, may be linked to the performance of one or more inflation or price indices during a specified period (as set out in the relevant Final Terms). Investment in Inflation-Linked Notes involves risks not associated with an investment in conventional debt securities. In addition to the risk factors that may apply to Notes in general, Structured Notes in general and Index-Linked Notes in general, potential investors should be aware that in relation to Inflation-Linked Notes:

- (a) the payment of principal, interest and/or premium is linked to the change in the level of the relevant inflation or price index. If there is little or no change in inflation, the level of the inflation or price index may not change. If there is deflation, the level of the inflation or price index may decrease; consequently, the payment of principal, interest and/or premium, if any, may be less than expected, may be zero or may be the principal protected amount, if any (as specified in the relevant Final Terms);
- (b) the inflation or price index itself and the way such inflation or price index is calculated may change in the future. There can be no assurance that the sponsor of the relevant inflation or price index will not change the method by which it calculates the index. In addition, changes in the way the inflation or price index is calculated could reduce the level of the index, lower the redemption amount, interest amount and/or premium, if any, payable on the Notes and consequently significantly reduce the value of the Notes. If the relevant inflation or price index is substantially altered or has been terminated and/or a substitute index is employed to calculate the redemption amount, interest amounts and/or premium, if any, payable on the Notes, as described in the applicable Final Terms, that substitution may adversely affect the value of the Notes;
- (c) the historical levels of the relevant inflation or price index are not an indication of future levels of such index. Fluctuations and trends in the inflation or price index that may have occurred in the past are not necessarily indicative of fluctuations or trends that may occur in the future. Noteholders will receive the redemption amount, interest amounts and/or premium, if any, which will be affected by changes in the relevant inflation or price index and such changes may be significant. Changes in the inflation or price index may be a result of various factors over which the relevant Issuer has no control; and

- (d) where an “adjusted” inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, there is a risk that the adjustments that have been made by the sponsor of such “adjusted” inflation or price index have not been made accurately in reducing the impact of seasonally and trends which affect inflation. Conversely, where a “non-adjusted” inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, Noteholders should be aware that such “non-adjusted” inflation or price index is subject to the effects of seasonality and trends which affect inflation.

Equity-Linked Notes

The interest amount and/or the redemption amount in relation to Equity-Linked Notes is linked to the performance of a share or of a basket of shares (the “**Underlying Shares**”). An investment in these Notes entails significant risks not associated with a similar investment in fixed or floating rate debt securities. An investment in Equity-Linked Notes may bear similar market risks to a direct equity investment and investors should take advice accordingly. Investors should also note the risk factors relating to Notes in general and the risk factors relating to Structured Notes in general.

Changes in the value of the Underlying Shares cannot be predicted. If so provided in the relevant Final Terms, the Equity-Linked Notes may be subject to early redemption by reference to changes in the value of the Underlying Shares. If Equity-Linked Notes are redeemed prior to maturity, the value may be less than the nominal amount.

No investigation has been made of the financial condition or creditworthiness of any issuer of the Underlying Shares or components thereof in connection with the issue of the Equity-Linked Notes. Prospective investors should obtain and evaluate information concerning the Underlying Shares and each issuer thereof as if they were investing directly in the Underlying Shares. Prospective investors should understand that the historical performance of the Underlying Shares or component thereof should not be viewed as predictive of any future performance.

The value of Equity-Linked Notes prior to maturity is expected to depend on a number of factors including the performance achieved by the Underlying Shares until that time, prevailing market interest rates, macro-economic and micro-economic factors, general market volatility and time to maturity. Such factors interact in complex ways and may result in the price at which a Noteholder will be able to sell its Notes prior to maturity being at a substantial discount from the principal amount outstanding on the Notes.

Investors in the Notes should note that an investment in Equity-Linked Notes is not the same as an investment in the Underlying Shares and does not (prior to settlement of any exchange of Equity-Linked Notes for the Underlying Shares if applicable) confer any legal or beneficial interest in the Underlying Shares, or any voting rights, rights to receive dividends or other rights that a holder of the Underlying Shares would have.

In certain circumstances, the actions or omissions of the issuer or issuers of Underlying Shares to which the Equity-Linked Notes relate or for which the Equity-Linked Notes are exchangeable may adversely affect the rights of the Noteholders and/or the value of the Notes, including actions which may give rise to an adjustment to, or early redemption of the Notes.

Fund-Linked Notes

The redemption amount or, if applicable, the interest amount in relation to Fund-Linked Notes is linked to the performance of a unit, share or other interest in a fund (each a “Fund Interest Unit”) or a basket of Fund Interest Units. Such funds may include mutual funds, hedge funds, funds of hedge funds or any other types of fund in any jurisdiction, or any combination of the foregoing. Investments offering direct or indirect exposure to the performance of funds are generally considered to be particularly risky.

An investment in Fund-Linked Notes entails significant risks not associated with a similar investment in fixed or floating rate debt securities. An investment in Fund-Linked Notes may bear similar market risks to a direct investment in funds and investors should take advice accordingly. Investors should also note the risks relating to the Notes in general and the risks relating to Structured Notes in general.

Prospective investors in any Fund-Linked Notes should be aware that depending on the terms of the relevant Fund-Linked Notes (i) they may receive no or only a limited amount of interest, (ii) payment of principal or interest (if applicable) may occur at a different time than expected, (iii) except to the extent that the relevant Fund-Linked Notes are 100 per cent. principal protected at

scheduled maturity, they may lose all or a substantial portion of their investment and (iv) even if the Fund-Linked Notes are 100 per cent. principal protected at scheduled maturity, they may still lose all or a substantial portion of their investment if they sell their Fund-Linked Notes prior to the Maturity Date or if the relevant Fund-Linked Notes are redeemed prior to the Maturity Date for any reason.

Prospective investors should note that payments on redemption of Fund-Linked Notes at maturity or early redemption may be postponed up to a specified long stop date if the Issuer determines that a hypothetical investor in the relevant fund units or shares would not, having submitted a notice requesting redemption at the relevant time, have received the redemption proceeds on or prior to the date which is four Currency Business Days prior to the scheduled settlement date. In addition, if the specified long stop date is reached, for the purposes of determining the Final Redemption Amount, the Redemption Amount or any other redemption amounts, as applicable, the affected fund interest units or shares will be deemed to have a zero value.

Prospective investors should also be aware that, depending on the terms of the relevant Fund-Linked Notes, if one or more Fund Events occurs then Fund Interest Replacement (which requires the Calculation Agent to substitute the affected Fund Interest Units with other Fund Interest Units with similar characteristics, unless no successor Fund Interest Units have been identified within a specified period) will apply unless the Calculation Agent determines that Fund Interest Replacement is not appropriate or commercially reasonable in which case Calculation Agent Adjustment (which requires the Calculation Agent to make such adjustments to the terms of the relevant Fund-Linked Notes to account for such Fund Event as it considers appropriate (including, without limitation, to the calculation of and payment dates of amounts due under the Notes)) will apply unless the Calculation Agent determines that no adjustment it could make would produce a reasonable result in which case the Issuer shall redeem the Notes early at their Early Redemption Amount. The effect of a substitution of affected Fund Interest Units with other Fund Interest Units with similar characteristics may have an adverse effect on the return and risk profile of the relevant Fund-Linked Notes, and consequently, the value of such Notes.

In addition, investors should note that if Fund-Linked Notes are redeemed following the occurrence of a Fund Event, the Redemption Amount they receive may be considerably less than the principal amount of the Notes and may even be zero. If the Fund-Linked Notes are principal protected (in whole or in part) at scheduled maturity, the Redemption Amount will be floored at the net present value of a payment of the protected amount at maturity. However investors should note that if the Fund-Linked Notes are not principal protected (in whole or in part) at scheduled maturity the Redemption Amount they receive may be considerably less than the amount which they invested and may even be zero.

Consequently potential investors in Fund-Linked Notes should carefully consider the Fund Events in respect of such Fund-Linked Notes.

Changes in the value of the Fund Interest Units referenced by any Fund-Linked Notes cannot be predicted. In addition, the movements in the value of Fund Interest Units may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant value of the Fund Interest Units may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the units, shares or interests in the fund or funds, the greater the effect on yield.

If the amount of principal and/or interest payable is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the value of the relevant Fund Interest Units on principal or (if applicable) interest payable will be magnified.

Prospective investors should obtain and evaluate information concerning the relevant Fund Interest Units and the relevant fund(s) as if they were investing directly in those Fund Interest Units. Prospective investors should understand that the historical performance of any Fund Interest Units should not be viewed as predictive of any future performance. Prospective investors should carefully review the prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund or funds before purchasing any Notes and, in particular, the risk factors or risk warnings set out therein.

Prospective investors should also note that simply observing the performance or any trend in the performance of the underlying Fund Interest Units would not provide an accurate indication of the performance of the Notes. The performance of the Fund-Linked Notes may be less than or more than the performance of the underlying Fund Interest Units.

The value of Fund-Linked Notes prior to maturity is expected to depend on a number of factors including the performance achieved by the relevant Fund Interest Units until that time, prevailing market interest rates, macro-economic and micro-economic

factors, general market volatility, volatility of the price of units or shares in the fund or funds and time to maturity. Such factors interact in complex ways and may result in the price at which a Noteholder will be able to sell its Notes prior to maturity being at a substantial discount from the principal amount outstanding on the Notes. The value of Fund Interest Units may be affected by economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) (if any) on which any Fund Interest Units may be traded. In addition, the value of Fund Interest Units may be affected by the performance of the relevant fund's service providers (each a "Service Provider") including the fund's investment manager(s) and/or adviser(s), administrator and custodian. None of the Issuer, the Dealer or any of their respective affiliates makes any representation as to the creditworthiness of any fund or any of its Service Providers.

Investors in Fund-Linked Notes should note that an investment in Fund-Linked Notes is not the same as an investment in the relevant Fund Interest Units and does not confer any legal or beneficial interest in such Fund Interest Units, or any voting rights, rights to receive dividends or other rights that a holder of such Fund Interest Units would have.

In certain circumstances, the actions or omissions of the fund or funds to which the Fund-Linked Notes relate or any Service Providers may adversely affect the rights of the Noteholders and/or the value of the Notes, including actions which may give rise to an adjustment to, or early redemption of, the Notes.

None of the Issuer, the Dealer or any of their respective affiliates is responsible for the lawfulness or suitability of the acquisition of the Fund-Linked Notes by a prospective investor or purchaser of Notes or for compliance by a prospective investor or purchaser of Notes (whether it is acquiring the Notes in a principal or in a fiduciary capacity) with any law, regulation, directive or policy applicable to it or, if it is acquiring the Notes in a fiduciary capacity, the beneficiary. A prospective investor or purchaser of Notes may not rely on the Issuer, the Dealer or any of their respective affiliates when making determinations in relation to any of these matters.

There are substantial risks in directly or indirectly investing in funds including, without limitation, the risks set out below. Prospective investors should note that references to funds below can refer both to the funds referenced in any Fund-Linked Notes and also to any funds in which any of those funds invests its assets from time to time.

(i) Regulatory supervision: mutual funds subject to high level of regulation; hedge funds are largely unregulated

Mutual funds are generally subject to a high level of regulation and various compliance requirements including, but not limited to, the level of information disclosure, the scope of their investments and the types of assets in which they are allowed to invest. Mutual funds may therefore be subject to the risk that regulation may be amended such that the requirements imposed on the mutual fund may become onerous or impose additional costs which may consequently have an adverse effect on the value of the units of the mutual fund.

Hedge funds are largely unregulated and are not usually subject to the mutual fund requirements to provide certain periodic and standardised pricing and valuation information to their investors. Hedge funds typically have very few restrictions on their investment powers.

(ii) Lack of transparency and publicly available information

Hedge funds, unlike more regulated mutual funds registered for distribution to the public, are subject to limited regulatory, disclosure and reporting requirements. Hedge funds might provide no transparency regarding their underlying investments (including sub-funds in a fund of funds structure) and it may therefore not be possible to monitor the specific investments made by the hedge fund or, in a fund of funds structure, to know whether the sub-fund investments are consistent with the hedge fund's investment strategy or risk levels. No, or only a relatively small amount of, publicly available information about hedge funds, their holdings and performance, may be available.

(iii) Leverage

Mutual funds generally have upper limits on leverage. Hedge funds, however, may be leveraged and may be very highly leveraged. Hedge funds might not be limited in the extent to which they use various lines of credit and other forms of leverage (for example, swaps, futures, options, repurchase agreements and margin transactions). Leverage presents the potential for a higher rate of return but also increases the volatility of the fund and increases the risk of a total loss of the amount invested.

(iv) Illiquid investments; Suspension of Subscriptions and Redemptions

Funds may make investments which have very poor liquidity. For example, a fund may make investments which are difficult or impossible to transfer (as a result of legal restrictions or otherwise) or for which no liquid market exists. Illiquidity of investments could adversely affect a fund's ability to meet redemption requests. Funds generally have a large discretion to suspend subscription for and/or redemption of shares or units therein for many reasons, which may include without limitation a lack of liquidity in its underlying investments. In addition, the more illiquid the investment the more likely a realisation of that investment will be on unfavourable terms, which could in turn have an adverse effect on the value and performance of the fund.

(v) Effect of Substantial Redemptions

Substantial redemptions by holders of Fund Interest Units in a fund within a short period of time could require the fund's investment manager(s) and/or adviser(s) to liquidate positions more rapidly than would otherwise be desirable, which could adversely affect the value of the fund's assets. The resulting reduction in the fund's assets could make it more difficult to generate a positive rate of return or to recoup losses due to a reduced equity base.

(vi) Short sales

Funds might engage in short selling, which involves the sale of a security that it does not own made in the expectation that the price of that security is going to fall and the fund will then be able to cover the sale by buying the security back at a lower price. This may expose the fund to potentially unlimited risk of an increase in the price of such security, which could therefore result in a potentially unlimited loss.

(vii) Derivative financial instruments risk

Due to the potential use of derivative financial instruments and structured products combined with the possibility of borrowing, the assets of a fund might not be enough to cover its commitments.

(viii) Concentration risk

A fund's assets and/or investments may be concentrated in a few markets, countries, industries, commodities, sectors of an economy or issuers. If so, adverse movements in a particular market, country, industry, commodity, economy or industry or in the value of the securities of a particular issuer could have a severely negative effect on the value of such a fund. In addition, a fund may use a single advisor or employ a single strategy, which could mean a lack of diversification and higher risk.

(ix) Investment in securities of issuers in emerging markets

Some funds may invest in securities of issuers in emerging markets. Emerging markets are at an early stage of development. Such investment involves special risks including currency rate fluctuations, political and economic instability, foreign taxes and different regulatory, auditing and reporting standards. The political, regulatory and economic risks inherent in investments in emerging markets' securities are significant and may differ in kind and degree from the risks presented by investments in the world's major securities markets. These may include greater price volatility, substantially less liquidity and controls on foreign investment and limitations on repatriation of invested capital. Costs relating to investment will also tend to be higher. Variations in interest rates will influence the value of funds investing in bonds and other fixed income securities.

(x) Role of investment adviser or manager; investment strategies

Funds will generally have appointed one or more investment manager(s) and/or adviser(s) to pursue its investment strategies and the performance of the hedge fund will depend on the performance of the investments selected by those investment manager(s) and/or adviser(s). Investment manager(s) and/or adviser(s) generally have a large amount of discretion to invest the assets of the fund and there can be no assurance that investment decisions will be successful or profitable.

(xi) Business Dependent Upon Key Individuals

All investment decisions with respect to a fund's assets are made by its investment manager(s) and/or adviser(s). Holders of Fund Interest Units in a fund may have no right or power to take part in the management of the fund. As a result, the success of the fund for the foreseeable future will depend largely upon the ability of the investment manager(s) and/or adviser(s). There is no assurance that the strategies employed by the fund will achieve attractive returns or will be successful. Additionally, should the principal decision makers of the investment manager(s) and/or adviser(s) no longer be associated with the investment manager(s) and/or adviser(s), die or become otherwise incapacitated for any period of time, the value or profitability of the fund's investments may suffer.

(xii) Assets may be held with entities with limited regulatory obligations

Some funds might appoint a bank, broker, prime broker or derivative counterparty to be responsible for clearing, financing and reporting services with respect to the securities transactions entered into by or on behalf of the fund. In certain cases such banks, brokers, prime brokers or derivative counterparties may not have the same capabilities, size and/or credit rating as a large European bank (and may in some cases have no credit rating at all) and may in some cases have no or limited regulatory obligations. If the insolvency of any such entity the fund may lose some or all of the investments held or entered into with such entity.

(xiii) Fee arrangements

Funds typically have extensive and complex fee structures.

A hedge fund would typically agree to pay a performance or incentive fee in addition to an advisory fee to its investment manager(s) and/or adviser(s). Any such performance or incentive fee may be substantial and, as it is usually linked to the performance of the hedge fund over the relevant period of time, may lead an investment manager and/or adviser to take riskier or more speculative approaches than would be the case if such fees were not paid to the investment manager and/or adviser, or were not linked to the performance of the hedge fund.

Although mutual funds do not typically pay a performance or incentive fee in addition to an advisory fee to its investment manager(s) and/or adviser(s), mutual funds will generally pay fees that have been regulated by law. The regulations regarding the fees that may be paid by mutual funds may be subject to change, and if they are amended so as to impose additional fees on investors in mutual funds, this may have an adverse effect of the value of the units or shares in the mutual fund.

In addition, a fund will usually be obliged to pay fees to its directors and to its other Service Providers (for example, its administrator and its custodian or similar entities) and also any legal, accounting, auditing and administrative charges, and any extraordinary expenses, in each case regardless of whether it realises profits.

(xiv) Currency and exchange risks and other risks

Funds might be subject to currency and exchange risks in respect of assets held in other currencies, tax risks in respect of assets invested in other jurisdictions, political risks relating to political, social and economic factors which may affect their assets, which could be held in countries which may be subject to economic difficulties, political or social unrest.

(xv) Foreign exchange/currency risk

Funds may invest their assets in securities denominated in a wide range of currencies and, consequently, the net asset value of the Fund Interest Units of such a Fund will fluctuate in accordance with the changes in the foreign exchange rate between the currency of such Fund Interest Unit and the currencies in which its investments are denominated.

(xvi) Investments in Affiliated or Related Entities

A fund may invest a portion of its assets in investment funds, structured fund products, collateralized fund obligation transactions and/or with other accounts managed by the fund's investment manager(s) and/or adviser(s), any of their affiliates and/or related parties. As a result, the investment manager(s) and/or adviser(s), any of their affiliates or related parties, may receive fees based on these investments directly from the fund and, directly or indirectly, from such other investment funds, collateralized fund obligation transactions, structured hedge fund products or accounts in which the fund invests.

(xvii) Correlation with market performance

Mutual funds typically have a higher correlation with the market performance than hedge funds and are typically structured so that the return on the Fund Interest Units in the mutual fund will reflect the general performance of market conditions. Investors should note that while mutual funds typically aim to achieve a performance which is better than the average market performance through the use of stock-picking skills or market timing or other strategies, there is no guarantee that the performance of a particular mutual fund will necessarily be better than the average market performance. As such, amounts due to investors in Fund-Linked Notes may be the same as (or worse than) general market performance and this amount could have been achieved at a lower cost through investments other than the Fund-Linked Notes.

(xviii) Operating histories

Funds may have short or no operating histories, in which case it would not be possible to evaluate the merits of an investment in the fund based on past performance. In any event, past results are not necessarily indicative of future performance. No assurance can be given that a fund will perform well or that it will achieve its investment objectives. Substantial losses or total losses may be incurred by funds.

Credit-Linked Notes

(i) General

Investment in the Credit-Linked Notes is directed at investors who are conversant with the considerable risks involved in credit derivatives, who are willing to assume such risks, and who can absorb a partial or complete loss of principal and interest. The Credit-Linked Notes carry various risks including, without limitation, the insolvency risk of the relevant Issuer and, where applicable, the Guarantor and the insolvency, payment default and credit risk of the Reference Entities.

The amount of principal and/or interest payable in respect of the Credit-Linked Notes is dependent upon whether certain events ("**Credit Events**") have occurred with respect to one or more entities comprising Reference Entities (each, a "**Reference Entity**" and collectively the "**Reference Entities**" or the "**Reference Portfolio**"). If one or more Credit Events occur in relation to the Reference Entities, the amount of principal to be redeemed under the Notes upon maturity or early redemption and the amounts of interest under the Notes payable until maturity and early redemption is highly likely to be reduced. Accordingly, the amount payable to investors on redemption may be substantially less than the initial principal amount of the Notes and may even be zero.

Consequently, each prospective purchaser of the Notes should understand that the Notes are not principal or coupon guaranteed and it may lose, in part or in whole, amounts invested in the Notes, for instance, but not limited to, as the result of a Credit Event occurring with respect to one or more Reference Entities. An investor should not consider purchasing these Notes without taking detailed advice from a specialised professional adviser.

In the case of Credit-Linked Notes with physical settlement, Noteholders may receive in lieu of any payment of principal, certain securities of the Reference Entities which may have a market value substantially less than that of the initial investment of such Noteholder. Prospective investors should note that they may be required to take delivery of these securities and should ensure that they have the capacity to receive such obligations on purchasing the Notes.

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced principal amount or at zero, and, (if applicable) in a reduction of the amount on which interest is calculated.

Where the Notes provide for physical delivery, the relevant Issuer may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the specified settlement date or (b) assets which the relevant Issuer and/or any affiliate has not received under the terms of any transaction entered into by the relevant Issuer and/or such affiliate to hedge the relevant Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of

the valuation of such Notes and as a result, the amount of principal payable on redemption. Prospective Investors should review the Terms and Conditions of the Notes and the applicable Final Terms to ascertain whether and how such provisions should apply to the Notes.

The terms and conditions of the Credit-Linked Notes provide an option for the Calculation Agent to adjust the applicable credit-linked terms and conditions if the relevant Issuer to adhere to any protocols published by ISDA after the Issue Date of the relevant Credit-Linked Notes. These protocols may set out alternative settlement or valuation methods in relation to a Reference Entity. The Calculation Agent is under no obligation to inform Noteholders of any changes that it may make to the applicable credit-linked terms and condition and is not required to take the interests of Noteholders into account when making such changes. In certain circumstances this may reduce the amount that Noteholders actually receive on redemption of the Credit-linked Note in comparison to what they might have received had the relevant terms and conditions not been altered.

The relevant Issuer's obligations in respect of Credit-Linked Notes are irrespective of the existence or amount of the relevant Issuer's and/or any affiliates' credit exposure to a Reference Entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

Investors in the Notes have to make their own analysis as to the suitability of investment in the Notes, the terms and conditions of which are set out in the relevant Final Terms, and may not rely on any prior representations made which would not be in accordance with the information described in the relevant Final Terms.

(ii) Limited liquidity of Credit-Linked Notes

There can be no assurance that a secondary market for the Notes will develop or, if a secondary market does develop, that it will provide the Noteholders with liquidity or that it will continue for the life of the Notes.

No person has granted any undertaking to provide any secondary market for the Notes.

Consequently, any purchaser of the Notes must be prepared to hold the Notes for an indefinite period of time or until final redemption or maturity of the Notes. The purchase of the Notes is only suitable for investors who can bear the risks associated with a lack of liquidity in the Notes.

(iii) Credit observation period

Holders of the Notes may suffer a loss of some or all of the principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent or the Issuer nor any of their respective affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

(iv) Actions of Reference Entities

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of the Notes. Holders of the Notes should be aware that the Reference Entities to which the value of the Notes is exposed, and the terms of such exposure, may change over the terms of the Notes.

(v) Limited provision of information about the Reference Entities

This Prospectus does not provide any information with respect to the Reference Entities. Investors should conduct their own investigation and analysis with respect to the creditworthiness of Reference Entities and the likelihood of the occurrence of a Succession Event or Credit Event.

Reference Entities may not be subject to regular reporting requirements under United Kingdom securities laws. The Reference Entities may report information in accordance with different disclosure and accounting standards. Consequently, the information available for such Reference Entities may be different from, and in some cases less than, the information available for entities that are subject to the reporting requirements under the United Kingdom securities laws. None of the Issuer or the Calculation Agent or any of their respective affiliates make any representation as to the accuracy or completeness of any information available with respect to the Reference Entities.

None of the relevant Issuers or the Calculation Agent or any of their respective affiliates will have any obligation to keep investors informed as to any matters with respect to the Reference Entities or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event or a Succession Event with respect to the Reference Entities.

(vi) *Credit Derivatives Determinations Committee and Market Auctions*

The institutions of the Credit Derivatives Determinations Committee have the ability to make determinations that may materially affect the Noteholders, such as the occurrence of a Credit Event or a Succession Event. The Credit Derivatives Determinations Committee may be able to make determinations without action or knowledge of the Noteholders.

Noteholders may have no role in the composition of the Credit Derivatives Determinations Committee or the process for selecting institutions to participate on the Credit Derivatives Determinations Committee from time to time.

Noteholders may have no recourse against either the institutions serving on the Credit Derivatives Determinations Committee or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committee and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules (as defined below), except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committee do not owe any duty to the Noteholders and the Noteholders will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Noteholders should also be aware that institutions serving on the Credit Derivatives Determinations Committee have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committee is not obligated to follow previous determinations and, therefore, could reach a conflicting determination on a similar set of facts. If any of the Issuers or, if applicable, the Guarantor or any of their respective affiliates serve as a member of the Credit Derivatives Determinations Committee at any time, then they will act without regard to the interests of the Noteholders.

Noteholders are responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committee. Neither of the Issuers or, if applicable, the Guarantor nor any of their respective affiliates shall be obliged to inform the Noteholders of such information (other than as expressly provided in respect of the Notes, if applicable).

Investors should read the Credit Derivatives Determinations Committees Rules (the "**Rules**") set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on July 14, 2009), as amended from time to time, and reach their own views prior to making any investment decisions. Investors should however note that the Rules may be amended from time to time without the consent or input of the Noteholders and the powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result.

If a Credit Derivatives Determinations Committee publishes auction settlement terms in respect of a Reference Entity (and the relevant seniority of the Reference Obligation), then, if auction settlement applies to the Notes, the Calculation Agent will determine the Final Price of the Reference Obligation in accordance with such auction settlement terms and may amend any other terms to be consistent with the provisions of such auction settlement terms. The losses determined pursuant to a market auction process may be greater than the losses which would have been determined in the absence of the auction. In particular, the auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Auctions may be conducted by ISDA or by a relevant third party. Neither the Calculation Agent, the Issuer nor any of their respective affiliates has any responsibility for verifying that any auction price is reflective of current market values, for establishing any auction methodology or for verifying that any auction has been conducted in accordance with its rules. If the Calculation Agent or the Issuer or any of their respective affiliate thereof participates in any auction, then it will do so without regard to the interests of the holders of the Notes. Such participation may have a material effect on the outcome of the relevant auction.

(vii) *Conflicts of interest, Fortis Bank*

Potential investors should pay attention to the fact that Fortis Bank is arranger, Issuer or Guarantor, and may be Calculation Agent, protection buyer under a credit default swap in relation to an identical Reference Portfolio (in such capacity, the “**Credit Default Swap Counterparty**”), and is underwriting the issue of the Notes, so that various potential and actual conflicts of interest may arise. In order to mitigate the occurrence of such conflicts of interest, Fortis Bank, when acting in its various capacities in connection with the issue of the Notes, shall comply with the standards of conduct applicable generally to banks in Belgium, as applied by Fortis Bank’s internal compliance procedure. Fortis Bank acting in such capacities shall have only the duties and responsibilities expressly agreed to by it in its relevant capacity and shall not, by virtue of its acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as expressly provided with respect to each such capacity.

In case of the occurrence of a conflict of interest as described above, the Credit Default Swap Counterparty shall not be obliged to give priority to the interests of the Issuer. For the avoidance of doubt, the Credit Default Swap Counterparty shall be under no obligation to prioritise the Issuer over any other issuer involved in its commercial arrangements outside the arrangements relating to the Notes.

As Calculation Agent, Fortis Bank acts solely as agent of the Issuer and as Guarantor (in case of Notes issued by BP2F) and it does not assume any obligation, relationship of agency, trust or other responsibility toward the Noteholders. Therefore, potential conflicts of interest may exist between the Calculation Agent and the Noteholders, including with respect to certain determinations and judgments that the Calculation Agent may make under the Conditions, which may influence the amount receivable upon redemption of the Notes and the amount of interest receivable.

As Calculation Agent, Fortis Bank will make certain determinations and judgments in good faith and in a commercially reasonable manner. Such determinations and judgments including the valuation of a Credit Event on a Reference Entity, which will impact the calculation of the coupon and the redemption amount. The interests of Fortis Bank as Credit Swap Counterparty do not correspond with and can be opposite to the interests of the Noteholders.

(viii) Conflicts of Interest, BP2F

BP2F, as Issuer, may from time to time enter into credit default swap agreements with Fortis Bank or other counterparties in respect of Notes which it issues. Fortis Bank, as guarantor of notes issued by BP2F, may enter into credit default swap agreements with other counterparties. BP2F, as Issuer, may issue further credit-linked notes, involving the same, similar or other Reference Entities.

(ix) Independent review and advice

Each prospective purchaser of Notes must determine, based on its own independent review (including as to the financial condition and affairs and its own appraisal of the creditworthiness of the relevant Issuer and, where applicable the Guarantor, any Reference Entity and the terms of the Notes) and such professional advice (including, without limitation, tax, accounting, credit, legal and regulatory advice) as it deems appropriate under the circumstances, whether an investment in the Notes is appropriate in its particular circumstances.

In so doing, and without restricting the generality of the preceding paragraph, such prospective purchaser must determine that its acquisition and holding of the Notes (i) is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary’s) financial needs, objectives and condition, (ii) complies and is fully consistent with its articles of association and with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

Neither the relevant Final Terms, any other parts of the Base Prospectus nor any other information supplied in connection with any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or constituting an invitation by the relevant Issuer, or any other person that any recipient of the Final Terms, any other part of the Base Prospectus or any other information supplied in connection with any of them should purchase any Notes.

In case of any doubt about the content or the meaning of the Final Terms, the functioning of the Notes or about the risk involved in purchasing the Notes, investors should consult a specialised financial adviser or abstain from investing.

Neither the Issuers, the Guarantor, the Arranger, the Calculation Agent, the Delivery Agent, the Credit Swap Counterparty, the Paying Agents, Fiscal Agent or any other party makes any representation as to the credit quality of any Reference Entity. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to such Reference Entity. None of such persons is under any obligation to make available any information relating to, or keep under review on the Noteholders' behalf, the business, financial conditions, prospects, creditworthiness or status of affairs of any Reference Entity or conduct any investigation or due diligence into any Reference Entity.

(x) Increased credit risk in "Nth-to-default" Credit-Linked Notes

Where the Notes are Nth-to-Default CLNs, the Notes will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the nth Reference Entity.

(xi) Concentration of credit risk

Where the Notes are Nth-to-Default CLNs or Linear Basket CLNs, the credit risk to investors in the Notes may be increased, amongst other things, as a result of the concentration of Reference Entities in a particular industry sector or geographic area, or the exposure of the Reference Entities to similar financial or other risks as other Reference Entities.

(xii) Issuer and Calculation Agent rights

Each Issuer will exercise its rights under the terms of the Notes, including in particular any right to designate a Credit Event and any right to select obligations of the affected Reference Entity for valuation or delivery, in its own interests and those of its affiliates, and not in the interests of investors in the Notes. The exercise of such rights in such manner, for example by the selection of the eligible obligations of the Reference Entity having the lowest possible market value for valuation or delivery, as applicable, may result in an increased credit loss for holders of the Notes.

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on the Noteholders. In performing its duties pursuant to the Notes and making any determinations expressed to be made by it, for example, as to substitute Reference Obligations or Successors, the Calculation Agent shall act in its sole and absolute discretion and is under no obligation to act in the interests of the Noteholders, nor will it be liable to account for any profit or other benefit which may accrue to it as a result of such determinations. The Calculation Agent is not bound to follow, or act in accordance with, any determination of the relevant Credit Derivatives Determinations Committee.

(xiii) Deferral of payments

In certain circumstances, for example where (i) a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, (ii) where a potential Credit Event exists as at the scheduled maturity of the Notes, or (iii) pending a resolution of a Credit Derivatives Determinations Committee, payment of the redemption amount of the Notes and/or interest on the Notes may be deferred for a material period in whole or part without compensation to the holders of the Notes.

(xiv) Valuation

If the Notes are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent may be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained may be "bid-side" - that is, they may be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cash flows. Quotations may be deemed to be zero in the event that no such quotations are available.

Where credit losses are determined on the basis of a market protocol, such losses may be greater than the losses which would have been determined in the absence of such protocol. If the Calculation Agent or any affiliate thereof participates in any auction for the purposes of such a protocol, then it will do so without regard to the interests of the holders of the Notes. Such participation may have a material effect on the outcome of the relevant auction.

(xv) "Cheapest-to-Deliver" risk

Since the Issuer, as buyer of protection, has discretion to choose the portfolio of obligations to be valued or delivered following a Credit Event in respect of a Reference Entity where Cash or Physical Settlement apply, it is likely that the portfolio of obligations selected will be obligations of the Reference Entity with the lowest market value that are permitted to be selected pursuant to the Notes. This could result in a lower recovery value and hence greater losses for investors in the Notes.

(xvi) No information

None of the Issuer, the Guarantor (if applicable), the Calculation Agent or any other party is obliged to disclose to holders of the Notes any information which they may have at the Issue Date or receive thereafter in relation to any Reference Entity.

(xvii) No interest in obligations of Reference Entities

The Notes do not constitute an acquisition by the holders of the Notes of any interest in any obligation of a Reference Entity. The relevant Issuer does not grant any security interest over any such obligation.

In this section the expression “**necessary information**” means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuers and the Guarantor and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme, the Issuers and the Guarantor have endeavoured to include in this Base Prospectus all of the necessary information except for information relating to the Notes which is not known at the date of this Base Prospectus and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Prospectus and which is required in order to complete the necessary information in relation to a Tranche of Notes will therefore be contained either in the relevant Final Terms or in a Drawdown Prospectus. Such information will be contained in the relevant Final Terms unless any of such information constitutes a significant new factor relating to the information contained in this Base Prospectus in which case such information, together with all of the other necessary information in relation to the relevant series of Notes, will be contained in a Drawdown Prospectus.

For a Tranche of Notes which is the subject of Final Terms, those Final Terms will, for the purposes of that Tranche only, supplement the Terms and Conditions of the Notes and this Base Prospectus and must be read in conjunction with this Base Prospectus. In the case of a Tranche of Notes which is the subject of a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms shall be read and construed as a reference to such information being specified or identified in the relevant Drawdown Prospectus unless the context requires otherwise.

An Issuer and, if applicable, the Guarantor, may agree with any Dealer that Notes may be issued, offered to the public, and/or admitted to trading on a regulated market in a form not contemplated by the Terms and Conditions of the Notes described in this Base Prospectus, in which event a supplement to the Base Prospectus or a Drawdown Prospectus, will be submitted for approval to the relevant competent authority and will be made available. In accordance with Article 5.3 of the Prospectus Directive, the Drawdown Prospectus will be drawn up as a single document, incorporating by reference, if applicable, the relevant part of the Base Prospectus.

In the case of a transfer of part only of a Registered Note a new Registered Note in respect of the balance not transferred will be issued to the transferor.

(c) Delivery of new Registered Notes

Each new Registered Note to be issued upon exchange of Exchangeable Bearer Notes or transfer of Registered Notes will, within three business days (being a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the Transfer Agent or the Registrar to whom such request for exchange or transfer shall have been delivered) of receipt of such request for exchange or form of transfer, be available for delivery at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom such delivery shall have been made or, at the option of the holder making such delivery as aforesaid and as specified in the relevant request for exchange or form of transfer, be mailed at the risk of the holder entitled to the new Registered Note to such address as may be specified in such request for exchange or form of transfer.

(d) *Exchange free of charge*

Exchange of Notes on registration or transfer will be effected without charge by or on behalf of the relevant Issuer, the Registrar or the Transfer Agents, but upon payment (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require) in respect of any tax or other governmental charges which may be imposed in relation to it.

(e) *Closed periods*

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for a Registered Note (i) during the period of 15 days ending on the due date for any payment of principal on that Note, (ii) during the period of 15 days prior to any date on which Notes may be redeemed by the relevant Issuer at its option pursuant to Condition 5(e) or (iii) after any such Note has been drawn for redemption in whole or in part. An Exchangeable Bearer Note called for redemption may, however, be exchanged for a Registered Note which is simultaneously surrendered not later than the relevant Record Date.

3. Status and Guarantee

(a) *Senior Notes*

This Condition 3(a) is applicable in relation to Notes issued by the relevant Issuer on an unsubordinated basis (the “*Senior Notes*”).

The Senior Notes constitute direct, unconditional, unsubordinated and unsecured and general obligations of the relevant Issuer and rank *pari passu* (subject to mandatorily preferred debts under applicable laws) without any preference among themselves and at least equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations, including guarantees and other obligations of a similar nature of such Issuer.

(b) *Senior Subordinated Notes*

This Condition 3(b) is applicable in relation to Notes issued by the relevant Issuer to which both the following conditions apply, namely (i) the Notes have a Maturity Date and (ii) the Notes are being issued on a subordinated basis (“*Senior Subordinated Notes*”).

The obligations of the relevant Issuer in respect of the Senior Subordinated Notes constitute senior subordinated obligations of such Issuer and rank *pari passu* (subject to mandatorily preferred debts under applicable laws) without any preference among themselves and at least equally and rateably with all other present and future outstanding senior subordinated obligations, including guarantees and other obligations of a similar nature of such Issuer. Accordingly, the liabilities of the relevant Issuer under or pursuant to the Senior Subordinated Notes shall not be required to be satisfied until satisfaction of all indebtedness of such Issuer to the depositors (in the case of Fortis Bank) and Senior Creditors or the amount necessary for that purpose shall have been deposited in consignment. For the purposes of this Condition 3(b), “*Senior Creditors*” means all present and future unsubordinated creditors of the relevant Issuer.

(c) *Junior Subordinated Notes*

This Condition 3(c) is applicable in relation to Notes issued by the relevant Issuer to which both the following conditions apply, namely (i) the Notes do not have a Maturity Date and (ii) the Notes are issued on a subordinated basis (“*Junior Subordinated Notes*”).

The obligations of the relevant Issuer in respect of Junior Subordinated Notes constitute direct, unsecured and junior subordinated obligations of such Issuer, conditional as described below, and rank (i) *pari passu* without any preference among themselves and with any other Junior Subordinated Notes and, in the case of Fortis Bank, the Junior Subordinated Guarantees granted by the Guarantor under Condition 3(f), (ii) junior to all present and future unsecured obligations of such Issuer which are or are expressed to be subordinated to the unsecured, unsubordinated obligations of such Issuer but not further or otherwise (“*Senior Subordinated Obligations*”), (iii) at least equally and rateably with all other present and future obligations of such Issuer which rank or are expressed to rank junior to the Senior Subordinated Obligations and (iv) in priority to the rights and claims of holders of all classes of equity (including holders of preference shares (if any)) issued by such Issuer, subject to mandatory

provisions of Belgian law (in the case of Junior Subordinated Notes issued by Fortis Bank) or the laws of Luxembourg (in the case of Junior Subordinated Notes issued by BP2F).

Claims in respect of the Junior Subordinated Notes are subordinated to the claims of Senior and Subordinated Creditors (as defined below), including holders of Senior Subordinated Notes and, in the case of Fortis Bank, holders of Senior Subordinated Notes issued by BP2F, in respect of a Senior Subordinated Guarantee granted by the Guarantor, and payments of principal and interest by the relevant Issuer in respect of Junior Subordinated Notes will be conditional upon such Issuer being solvent at the time of payment by that Issuer and no principal or interest shall be due and payable in respect of Junior Subordinated Notes except to the extent that (assuming a payment was then due by the relevant Issuer) such Issuer could make such payment in whole or in part, rateably with payments in respect of Other *Pari Passu* Claims (as defined below), and still be solvent immediately thereafter. For the purposes of these Conditions the relevant Issuer shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (in each case as defined below) (other than its Liabilities to persons who are not Senior and Subordinated Creditors). A report as to the solvency of the relevant Issuer by two directors of such Issuer or (if such Issuer is in winding-up, liquidation or bankruptcy) the liquidator of such Issuer, shall in the absence of proven error be treated and accepted by such Issuer, the Noteholders, and the Couponholders and the Receiptholders (if any) as correct and sufficient evidence thereof.

For the purposes of this Condition 3(c), “*Senior and Subordinated Creditors*” means, all creditors of the relevant Issuer (including any holders of Senior Subordinated Notes, in the case of Fortis Bank, holders of Notes issued by BP2F, in respect of a Senior Subordinated Guarantee granted by the Guarantor, other than creditors whose claims are in respect of: (i) any class of equity (including preference shares), subject to mandatory provisions of Belgian law (in the case of Junior Subordinated Notes issued by Fortis Bank) or the laws of Luxembourg (in the case of Notes issued by BP2F), or (ii) unsecured, subordinated obligations which are or are expressed to be subordinated to the Senior Subordinated Obligations or (iii) any other obligations which rank or are expressed to rank either *pari passu* with or junior to the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto; “*Assets*” means the total assets of the relevant Issuer and “*Liabilities*” means the total liabilities of such Issuer, each as shown by the latest published audited balance sheet of such Issuer but adjusted for contingencies and for subsequent events, all valued in such manner as such directors or liquidator (as the case may be) may determine; and “*Other Pari Passu Claims*” means claims of creditors of the relevant Issuer which are subordinated so as to rank or are expressed to rank *pari passu* with the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto.

If the relevant Issuer would not otherwise be solvent for the purposes of these Conditions, the amount of the principal and sums which would otherwise be payable as interest on Junior Subordinated Notes will be available to meet the losses of such Issuer.

(d) *Senior Guarantee*

This Condition 3(d) is applicable in relation to any Senior Notes issued by BP2F.

The Guarantor has, by the guarantees endorsed on such Senior Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the “*Senior Guarantees*”), unconditionally and irrevocably guaranteed the due and punctual payment of all amounts due from BP2F under such Senior Notes and the Receipts and Coupons relating to them (including any additional amounts payable under Condition 7 below), when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

The Senior Guarantees constitute direct, unconditional, irrevocable, unsubordinated and unsecured obligations of the Guarantor and rank *pari passu* (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of the Guarantor.

(e) *Senior Subordinated Guarantee*

This Condition 3(e) is applicable in relation to any Senior Subordinated Notes issued by BP2F.

The Guarantor has, by the guarantees endorsed on such Senior Subordinated Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the “*Senior Subordinated Guarantees*”), unconditionally and irrevocably guaranteed, on a subordinated basis, the due and punctual payment of all amounts due from BP2F under such Senior Subordinated Notes and the

Receipts and Coupons relating to them (including any additional amounts payable under Condition 7 below) when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

As more fully described in the Senior Subordinated Guarantees, the obligations of the Guarantor in respect of the Senior Subordinated Guarantees constitute senior subordinated obligations of the Guarantor. Accordingly, in the events specified in the Senior Subordinated Guarantees, the liabilities of the Guarantor under or pursuant to the Senior Subordinated Guarantees shall not be required to be satisfied until satisfaction of all indebtedness of the Guarantor to the depositors and Senior Creditors or the amount necessary for that purpose shall have been deposited in consignment. As more fully described in the Guarantees, “*Senior Creditors*” means all present and future unsubordinated creditors of the Guarantor.

(f) *Junior Subordinated Guarantee*

This Condition 3(f) is applicable in relation to Junior Subordinated Notes issued by BP2F.

The Guarantor has, by guarantees endorsed on such Junior Subordinated Notes and, in the case of the Registered Notes, contained in the Deed of Covenant (the “*Junior Subordinated Guarantees*” and together with the Senior Guarantees and the Senior Subordinated Guarantees, the “*Guarantees*”), as primary obligor guaranteed, on a subordinated basis, the due and punctual payment of all amounts payable by BP2F on or in respect of such Junior Subordinated Notes and the Receipts and Coupons relating to them (including any additional amounts payable under Condition 7 below) when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

The Junior Subordinated Guarantees constitute direct, unsecured and junior subordinated obligations of the Guarantor, conditional as described below, and rank (i) *pari passu* without any preference among the other Junior Subordinated Guarantees and the Junior Subordinated Notes, (ii) junior to all present and future unsecured obligations of the Guarantor which are or are expressed to be subordinated to the unsecured, unsubordinated obligations of the Guarantor but not further or otherwise (“*Senior Subordinated Obligations*”), (iii) at least equally and rateably with all other present and future obligations of the Guarantor which rank or are expressed to rank junior to the Senior Subordinated Obligations and (iv) in priority to the rights and claims of holders of all classes of equity (including holders of preference shares (if any)) issued by the Guarantor, subject to mandatory provisions of Belgian law.

Claims in respect of the Junior Subordinated Guarantees are subordinated to the claims of Senior and Subordinated Creditors (as defined below), including holders of Senior Subordinated Notes issued by Fortis Bank and holders of Senior Subordinated Notes issued by BP2F in respect of a Senior Subordinated Guarantee granted by the Guarantor, and payments of principal and interest by BP2F in respect of such Junior Subordinated Notes will be conditional upon the Guarantor being solvent at the time of payment by BP2F and no principal or interest shall be due and payable in respect of such Junior Subordinated Notes except to the extent that (assuming a payment was then due by the Guarantor) the Guarantor could make such payment in whole or in part, rateably with payments in respect of Other *Pari Passu* Claims (as defined below), and still be solvent immediately thereafter. For the purposes of these Conditions the Guarantor shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (in each case as defined below) (other than its Liabilities to persons who are not Senior and Subordinated Creditors). A report as to the solvency of the Guarantor by two directors of the Guarantor or (if the Guarantor is in winding-up, liquidation or bankruptcy) the liquidator of the Guarantor, shall in the absence of proven error be treated and accepted by the relevant Issuer, the Guarantor, the Noteholders, and the Couponholders and the Receiptholders (if any) as correct and sufficient evidence thereof.

For the purposes of this Condition 3(f), “*Senior and Subordinated Creditors*” means all creditors of the Guarantor (including any holders of Senior Subordinated Notes issued by Fortis Bank and holders of Senior Subordinated Notes issued by BP2F in respect of the Senior Subordinated Guarantee granted by the Guarantor) other than creditors whose claims are in respect of: (i) any class of equity (including preference shares), subject to mandatory provisions of Belgian law, or (ii) unsecured, subordinated obligations which are or are expressed to be subordinated to the Senior Subordinated Obligations of the Guarantor or (iii) any other obligations which rank or are expressed to rank either *pari passu* with or junior to the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto under the Junior Subordinated Guarantees; “*Assets*” means the total assets of the Guarantor and “*Liabilities*” means the total liabilities of the Guarantor, each as shown by the latest published audited balance sheet of the Guarantor but adjusted for contingencies and for subsequent events, all valued in such manner as such directors or liquidator (as the case may be) may determine; and “*Other Pari Passu Claims*” means claims of creditors of the Guarantor which are subordinated so as to rank or are expressed to rank *pari passu* with the claims of the holders of Junior Subordinated Notes and Coupons and Receipts (if any) appertaining thereto under the Junior Subordinated Guarantees.

If the Guarantor would not otherwise be solvent for the purposes of these Conditions, the amount of the principal and sums which would otherwise be payable as interest on Junior Subordinated Notes will be available to meet the losses of the Guarantor.

4. Interest

(a) Accrual of interest

Each Note bears interest on its outstanding principal amount or, in relation to any Credit-Linked Notes, its average daily outstanding principal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate payable (subject, in the case of Junior Subordinated Notes, to Condition 3(c) and (f), if such Notes have the benefit of a Junior Subordinated Guarantee) in arrear on each Interest Payment Date provided (in the case of Junior Subordinated Notes) that such date is a Compulsory Interest Payment Date in which case interest shall be payable in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date.

In the case of Junior Subordinated Notes, on any Optional Interest Payment Date there may be paid (if the relevant Issuer or the Guarantor, as the case may be, so elects but subject to Condition 3(c) and (f), if such Notes have the benefit of a Junior Subordinated Guarantee) the interest accrued in the Interest Period ending on the day immediately preceding such date but the relevant Issuer or the Guarantor, as the case may be, shall not have any obligation to make such payment and any failure to pay shall not constitute a default by the relevant Issuer or (where such Issuer is BP2F) the Guarantor for any purpose. Any interest not paid in respect of Junior Subordinated Notes on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute "*Arrears of Interest*" which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may at the option of the relevant Issuer or the Guarantor as the case may be, be paid in whole or in part at any time upon the expiration of not less than seven days notice to such effect given to the Noteholders in accordance with Condition 13, but all Arrears of Interest on all Notes outstanding shall (subject to Condition 3(c) and (f), if the Notes have the benefit of a Junior Subordinated Guarantee) become due in full on whichever is the earliest of (i) the Interest Payment Date immediately following the date upon which a dividend is next declared or paid on any class of share capital of BP2F or the Guarantor (as the case may be), (ii) the date set for any redemption pursuant to Condition 5(b) or (e) and (iii) the date that an order is made or an effective resolution is passed for the winding-up, liquidation or bankruptcy of BP2F or the Guarantor (as the case may be). If notice is given by the relevant Issuer or the Guarantor, as the case may be, of its intention to pay the whole or part of Arrears of Interest, the relevant Issuer shall be obliged (subject to Condition 3(c) or (f), as the case may be,) to do so upon the expiration of such notice. Where Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall bear interest at the rate applicable to the Notes.

Interest will cease to accrue on each Note on the due date for redemption unless, upon due presentation payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

With respect to any Credit-Linked Notes to which Part 5 is specified as applicable in the Final Terms, the provisions set out in Part 5 in relation to interest shall apply.

(b) Business Day Convention

If any date which is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Relevant Business Day, then, if the convention (the "**Business Day Convention**") specified is (i) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (A) such date shall be brought forward to the immediately preceding Relevant Business Day and (B) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (iii) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Relevant Business Day or (iv) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

(c) Interest Rate on Fixed Rate Notes

If the Interest Rate is specified as being Fixed Rate and unless otherwise specified in the relevant Final Terms and unless the Notes are Credit-Linked Notes, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.

(d) Interest Rate on Floating Rate Notes

If the Interest Rate is specified as being Floating Rate and Screen Rate Determination is specified in the relevant Final Terms, the Interest Rate will be determined by the Calculation Agent on the basis of the following provisions:

- (i) At or about the Relevant Time on the Interest Determination Date in respect of each Interest Accrual Period, the Calculation Agent will:
 - (A) in the case of Notes which specify that the Primary Source for Interest Rate Quotations shall be derived from a specified page, section or other part of a particular information service (each as specified on such Notes), determine the Interest Rate for each Interest Accrual Period which shall, subject as provided below, be (x) the Relevant Rate so appearing in or on that page, section or other part of such information service as aforesaid (where such Relevant Rate is a composite quotation or interest rate per annum or is customarily supplied by one entity) or (y) the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of the Relevant Rates of the persons at the time whose Relevant Rates so appear in or on that page, section or other part of such information service as aforesaid, in any such case in respect of euro-currency deposits in the relevant currency for a period equal to the Specified Duration and as adjusted by the Spread or Spread Multiplier (if any) or by the Maximum or Minimum Interest Rate; and
 - (B) in the case of Notes which specify that the Primary Source for Interest Rate Quotations shall be the Reference Banks specified on such Notes and in the case of Notes falling within paragraph (i)(A) above but in respect of which no Relevant Rate appears at or about such Relevant Time or, as the case may be, which are to be determined by reference to quotations of persons appearing in or on the relevant page, section or other part of such information service as aforesaid but in respect of which less than two Relevant Rates appear at or about such Relevant Time, request the principal offices in the Relevant Financial Centre (or, in the case of Notes denominated in euro, the principal offices in the euro-zone selected by the Calculation Agent) of each of the Reference Banks specified on such Notes (or, as the case may be, any substitute Reference Bank appointed from time to time pursuant to paragraph (g) below) to provide the Calculation Agent with its Relevant Rate quoted to leading banks for euro-currency deposits in the relevant currency for a period equivalent to the Specified Duration. Where this paragraph (i)(B) shall apply, the Interest Rate for the relevant Interest Accrual Period shall, subject as provided below, be the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of such Relevant Rates as adjusted by the Spread or Spread Multiplier (if any) or by the Maximum or Minimum Interest Rate, as calculated by the Calculation Agent.
- (ii) If, at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to paragraph (i)(B) in respect of a Note, two or three only of such Reference Banks provide such relevant quotations, the Interest Rate for the relevant Interest Accrual Period shall, subject as provided below, be determined as aforesaid on the basis of the Relevant Rates quoted by such Reference Banks.
- (iii) If, at or about the Relevant Time on any Interest Determination Date where the Interest Rate falls to be determined pursuant to paragraph (i)(B), only one or none of such Reference Banks provide such Relevant Rates, the Interest Rate for the relevant Interest Accrual period shall be, subject as provided below, whichever is the higher of:
 - (A) the Interest Rate in effect for the last preceding Interest Accrual Period to which paragraphs (i)(A) or (B) or (ii) above shall have applied (after readjustment for any difference between any Spread or Spread Multiplier applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period); and
 - (B) the rate per annum (expressed as a percentage) which the Calculation Agent determines to be the arithmetic mean (rounded, if necessary, to the next higher one-hundred thousandth of a percentage point) of the Relevant Rates in respect of the relevant currency which banks in the principal financial centre of the country of such currency (or, in the

case of Notes denominated in euro, in such financial centre or centres in the euro-zone selected by the Calculation Agent) selected by the Calculation Agent (after consultation with the relevant Issuer and (in the case of Notes issued by BP2F) the Guarantor) are quoting at or about the Relevant Time on the relevant Interest Determination Date for a period equivalent to the Specified Duration to leading banks carrying on business in that principal financial centre (or, in the case of Notes denominated in euro, in such financial centre or centres in the euro-zone selected by the Calculation Agent), as adjusted by the Spread or Spread Multiplier (if any) except that, if the banks so selected by the Calculation Agent are not quoting as aforesaid, the Interest Rate shall be the Interest Rate specified in paragraph (iii)(A) above.

(e) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate is to be determined, the Interest Rate for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (d), “*ISDA Rate*” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent under an interest rate swap transaction if the Fiscal Agent or, as the case may be, the Domiciliary Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. (the “*ISDA Definitions*”) and under which:

- (i) the Floating Rate Option is as specified in the applicable Final Terms;
- (ii) the Designated Maturity is a period specified in the applicable Final Terms; and
- (iii) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“*LIBOR*”) for a currency, the first day of that Interest Period, (ii) if the applicable Floating Rate Option is based on the euro-zone inter-bank offered rate (“*EURIBOR*”), the first day of that Interest Period or (iii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (e), “*Floating Rate*”, “*Calculation Agent*”, “*Floating Rate Option*” and “*Designated Maturity*” have the meanings given to those terms in the ISDA Definitions.

(f) Minimum/Maximum Interest Rates, Spreads and Spread Multipliers

If any figure is expressed to be as adjusted by a Spread or Spread Multiplier, such adjustment shall be made by adding or subtracting any Spread specified in the relevant Final Terms or multiplying by any Spread Multiplier specified in such Final Terms, subject always to the next paragraph.

If a Maximum or Minimum Interest Rate is specified in such Final Terms, then the Interest Rate shall in no event exceed the maximum or be less than the minimum.

(g) Calculation

The amount of interest payable in respect of any Note for any period for which a Fixed Coupon Amount is not specified or not applicable shall be calculated by multiplying the product of the Interest Rate and the Calculation Amount of such Note by the Day Count Fraction and rounding, if necessary, the resultant figure to the nearest minimum unit of the relevant currency (half of such unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a “minimum unit” means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(h) Determination and Publication of Interest Rate and Interest Amounts by the Calculation Agent

If a Calculation Agent is provided for in relation to any Note, it will, as soon as practicable after the Relevant Time on each Interest Determination Date, determine the Interest Rate and calculate the amount of interest payable (the “*Interest Amounts*”) in respect of each Denomination of the Notes (in the case of Bearer Notes) and the minimum Denomination (in the case of Registered

Notes) for the relevant Interest Accrual Period and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Principal Paying Agent, the relevant Issuer, the Guarantor, the Registrar, the Domiciliary Agent (if applicable), each of the Paying Agents, any competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation and the Noteholders as soon as possible after their determination but in no event later than the fourth Relevant Business Day thereafter. The Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest and the Interest Rate payable in respect of the Notes shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of the Interest Rate and the Interest Amounts by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

(i) *Calculation Agent and Reference Banks*

The relevant Issuer will procure that there shall at all times be four Reference Banks with offices in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres selected by the relevant Issuer) and a Calculation Agent if provision is made for them in the Conditions applicable to such Notes and for so long as it is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Calculation Agent will appoint another Reference Bank with an office in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres in the euro-zone) to act as such in its place. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for any Interest Period or to calculate the Interest Amounts, the relevant Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

(b) where the Calculation Period is longer than one Regular Period, the sum of:

(A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction (as set out in the Final Terms in respect of such Note).

The calculation of the Amortised Face Amount in accordance with this sub-paragraph will continue to be made (as well after as before judgment), until the Relevant Date unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the principal amount of such Note together with any interest which may accrue in accordance with Condition 4(k).

Unless previously redeemed, purchased and cancelled as provided in this Condition 5 or the relevant Instalment Date (being one of the dates so specified on the relevant Note) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 5(e) or (f), each Note which provides for Instalment Dates and Instalment Amounts will be partially redeemed on each Instalment Date at the Instalment Amount specified on it, whereupon the outstanding principal amount of such Note shall be reduced by the Instalment Amount for all purposes.

Payments of interest on each Registered Note will be made in the currency in which such payments are due by cheque drawn on a bank (being a town clearing branch of a bank in the case of Sterling) in the principal financial centre of the country of the currency concerned and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Registrar maintained by the Registrar. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date and subject as provided in paragraph (a) above, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of that currency or, in the case of euro, to a euro account or an account to which euro can be paid.

(d) Payments subject to law

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 7. No commission or expenses shall be charged to the Noteholders, Receiptholders or Couponholders in respect of such payments.

In addition, the relevant Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 13.

(f) Unmatured Coupons and Receipts and unexchanged Talons

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unexpired Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of that amount of such missing unexpired Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Redemption Amount due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (ii) If the relevant Notes so provide, upon the due date for redemption of any Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (v) Where any Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons and any unexchanged Talon relating to it, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provisions of such indemnity as the relevant Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note, if such Note is not intended to be issued in NGN form. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation thereof.

(g) Non-Business Days

In this paragraph, “*business day*” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation and in such jurisdictions as shall be specified as “*Business Day Jurisdictions*” on the Note and:

All payments of principal and interest in respect of the Notes, the Receipts and the Coupons by the relevant Issuer or (in the case of Notes issued by BP2F) (if the Guarantees were called) the Guarantor will be made without deduction or withholding for, or on account of, any present or future taxes or duties of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of (in the case of BP2F) Luxembourg or any political subdivision thereof or any authority or agency therein or thereof having the power to tax or, where applicable, (in the case of the Guarantor) Belgium or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless such deduction or withholding is required by law. In such event, and unless otherwise indicated in the relevant Final Terms, the relevant Issuer or, as the case may be, the Guarantor will pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders, Receiptholders or, as the case may be, the Couponholders after such deduction or withholding shall equal the respective amounts which would have been receivable under these Conditions in respect of the Notes, Receipts or, as the case may be, Coupons by the Noteholders, Receiptholders and (if applicable) the Couponholders in the absence of such deduction or withholding, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) issued by Fortis Bank, where such Note, Receipt or Coupon is not cleared through the X/N System; or
- (ii) issued by Fortis Bank where such Note, Receipt or Coupon is cleared through the X/N System, and where such deduction or withholding is imposed or levied because the holder (or the beneficial owner) is not an Eligible Investor (unless that person was an Eligible Investor at the time of its acquisition of the relevant Note, Receipt or Coupon and has since ceased from being an Eligible Investor by reason of a change in the Belgian tax laws or regulations or in the interpretation or application thereof), or is an Eligible Investor but is not holding the relevant Note, Receipt or Coupon in an exempt securities account with a qualifying clearing system in accordance with the Belgian law of 6 August 1993 relating to transactions in certain securities; or
- (iii) presented for payment in Belgium; or
- (iv) to, or to a third party on behalf of, a holder who is able to avoid such withholding or deduction by placing such Note, Receipt or Coupon in safe custody with a Belgian bank and by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (v) to, or to a third party on behalf of, a holder where such holder is liable to such taxes or duties in respect of such Note, Receipt or Coupon by reason of its having some connection with Belgium other than by reason only of the holding of such Note, Receipt or Coupon or the receipt of the relevant payment in respect thereof; or
- (vi) presented for payment more than 30 days after the Relevant Date except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment on such thirtieth day; or
- (vii) where such withholding or deduction is imposed on a payment to an individual or a residual entity within the meaning of the European Council Directive 2003/48/EC and is required to be made pursuant to (i) European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26 – 27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive, (ii) the law of 23 December 2005 (as amended) introducing a 10 per cent. withholding tax as regards Luxembourg resident individuals and (iii) the agreements on savings income concluded by the State of Luxembourg with several dependant or associated territories of the EU (including Jersey, Guernsey, the Isle of Man, the British Virgin Islands, Montserrat, the Dutch Antilles and Aruba); or

As used in these Conditions, “*Relevant Date*” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first became due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 13 that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, **provided that** payment is in fact made upon such presentation, “*Eligible Investor*” means from time to time a person who is allowed to hold securities through a so called “X account” (being an account exempted from withholding tax) in the X/N System in accordance with Article 4 of the Belgian Royal Decree of 26 May 1994, as amended or replaced from time to time and “*X/N System*” means the book-entry clearance and settlement system operated by the National Bank of Belgium. References in these Conditions to (i) “*principal*” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 or any amendment or supplement to it, (ii) “*interest*” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (iii) “*principal*” and/or “*interest*” shall be deemed to include any additional amounts which may be payable under this Condition.

An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not and on all relevant Couponholders subject to applicable laws, except that any Extraordinary Resolution proposed, *inter alia*, (1) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereon, (2) to reduce or cancel the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (3) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in the respect thereof, (4) if there is shown on the face of the Notes a Minimum Interest Rate and/or a Maximum Interest Rate, to reduce such Minimum Interest Rate and or a Maximum Interest Rate, (5) to change any method of calculating the Redemption Amount or, in the case of Zero Coupon Notes, to change the method of calculating the Amortised Face Amount, (6) to change the currency or currencies of payment of the Notes, (7) to cancel or change the provisions of any Guarantee, (8) to take any steps which the relevant Note specifies may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (9) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, will only be binding if passed at a meeting of the Noteholders (or at any adjournment thereof) at

Resolutions duly passed in accordance with these provisions of the Belgian Company Code at any meeting of Noteholders shall be binding on all Noteholders, whether or not they are present at the meeting and whether or not they vote in favour of such a resolution. A summary of such resolutions, setting out the decisions adopted at the meeting of Noteholders, shall be published in accordance with Condition 13 (*Notices*), so long as the Notes are admitted to listing on the official list and to trading on the Luxembourg Regulated Market and its rules so require. All convening notices for meetings of Noteholders shall be made in accordance with Article 570 of the Belgian Company Code, which currently requires an announcement to be published not less than fifteen days prior to the meeting, in the Belgian Official Gazette (*“Moniteur Belge/Belgisch Staatsblad”*) and in a newspaper of national distribution in Belgium. (c) Substitution

An Issuer, or any previous substituted company, may at any time, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons any company (the “*Substitute*”) which is the Guarantor (save where such Issuer is Fortis Bank), or a subsidiary of the Guarantor, **provided that** no payment in respect of the Notes, the Receipts or the Coupons is at the relevant time overdue. The substitution shall be made by a deed poll (the “*Deed Poll*”), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if (i) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute’s residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon or Talon and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution, (ii) where the Substitute is not the Guarantor, the obligations of the Substitute under the Deed Poll, the Notes, Receipts, Coupons and Talons shall be unconditionally and irrevocably guaranteed by the Guarantor by means of the Deed Poll, (iii) all action, conditions and things required to be taken, fulfilled and done (including the obtaining of any necessary consents) to ensure that the Deed Poll, the Notes, Receipts, Coupons and Talons represent valid, legally binding and enforceable obligations of the Substitute and, in the case of the Deed Poll (where the Substitute is not the Guarantor), of the Guarantor have been taken, fulfilled and done and are in full force and effect, (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it, (v) legal opinions addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (i) above and in England as to the fulfilment of the preceding conditions of this paragraph (c) and the other matters specified in the Deed Poll and (vi) the relevant Issuer shall have given at least 14 days’ prior notice of such substitution to the Noteholders, stating that copies or, pending execution, the agreed text of all documents in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified offices of each of the Paying Agents. References in Condition 9 to obligations under the Notes shall be deemed to include obligations under the Deed Poll, and, where the Deed Poll contains a guarantee, the events listed in Condition 9 shall be deemed to include that guarantee not being (or being claimed by the Guarantor not to be) in full force and effect. The Issuer and the Substitute shall also notify the Luxembourg

Stock Exchange in respect of such a substitution, procure that a supplement to the Base Prospectus be prepared and comply with the relevant rules and regulations of the Luxembourg Stock Exchange and/or such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation.

11. Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and the regulations of the relevant competent authority, stock exchange and/or quotation system, at the specified office of such Paying Agent as may from time to time be designated by the relevant Issuer for the purpose and notice of whose designation is given to the Noteholders in accordance with Condition 13 (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Registered Notes), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the relevant Issuer on demand the amount payable by such Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as such Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

12. Further Issues

The relevant Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

13. Notices

(a) Notes in global form

So long as any Tranche of Notes is represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to holders of Notes of that Tranche will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if given by delivery of the relevant notice to the clearing system for communication by it to Noteholders in respect of the relevant Notes. If such delivery is not practicable, notices will be deemed to be validly given if published in a leading English language daily newspaper having general circulation in Europe.

So long as any Tranche of Notes is admitted to listing, trading and/or quotation by any competent authority, stock exchange or quotation system, notices to Holders of Notes of that Tranche will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if:

(c) In any other cases

Where both Condition 13(a) and Condition 13(b) are inapplicable, notices will, save where another means of effective communication has been specified herein or in the relevant Final Terms, be deemed to be validly given if published in a leading daily newspaper having general circulation in the United Kingdom (which is expected to be the Financial Times), or, if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe.

For the avoidance of doubt, where both Condition 13(a) and Condition 13(b) apply, notices must be given in the manner specified in Condition 13(a) and in the manner specified in Condition 13(b) in order to be deemed to have been validly given.

Any notice given in accordance with Condition 13(a), Condition 13(b) or Condition 13(c) above will be deemed to have been validly given on the date and time of first such notification (or, if required to be notified in more than one manner, on the first date on which notification shall have been made in all required manners).

Holders of Coupons will be deemed for all purposes to have notice of the contents of any notice validly given to Holders of Notes in accordance with this Condition.

14. Currency Indemnity

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the “first currency”) in which the same is payable under these Conditions or such order or judgment into another currency (the “second currency”) for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

15. Rounding

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

Each of the Issuer and the Guarantor irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) Service of Process

Each of the Issuers and the Guarantor irrevocably appoints BNP Paribas London Branch (10 Harewood Avenue, London NW1 6AA, United Kingdom) to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the relevant Issuer or (in the case of Notes issued by BP2F) the Guarantor). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, each of the Issuers and the Guarantor irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders (in the case of Notes issued by BP2F) of such appointment in accordance with Condition 13. Nothing shall affect the right to serve process in any manner permitted by law.

- (b) the Issuer would incur an increased cost in respect of the Relevant Hedging Transactions related to the performance of its obligation under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position); and/or
- (c) any Hedging Party would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Relevant Hedging Transaction, or (B) realise, recover or remit the proceeds of any such Relevant Hedging Transaction; unless any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Hedging Party.

- (b) the general unavailability of market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

6.3 In the event of a Hedging Disruption Event:

- (a) the Issuer may elect to redeem each Note at its Redemption Amount on such date as the Issuer may notify to Noteholders in accordance with Condition 13; and
- (b) subject as provided in the applicable Final Terms, the Calculation Agent may make such adjustment or adjustments to the Final Redemption Amount, the Redemption Amount and/or any other terms of the Notes as it considers appropriate in order to maintain the theoretical value of the Notes after adjusting for the relevant Hedging Disruption Event.

6.4 The Calculation Agent shall as soon as reasonably practicable give instructions to the Issuer to notify the Noteholders in accordance with Condition 13, if it determines that a Hedging Disruption Event has occurred and such notice shall specify the consequence of such Hedging Disruption Event as determined pursuant to this paragraph 6.

“Share Currency” has the meaning ascribed to it in the applicable Final Terms.

3. Disrupted Days

For the purposes of the Notes, Condition 5(l) shall be amended by the addition of a new Condition 5(l) as follows:

“(l) Disrupted Days

If the Calculation Agent determines that an Averaging Date, the Expiration Date, an Observation Date, the Strike Date or a Valuation Date, as the case may be, in respect of the Shares is a Disrupted Day, then the Strike Date, the Expiration Date, such Averaging Date, such Valuation Date or such Observation Date, as the case may be, shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the occurrence of a Disrupted Day, would have been such Averaging Date, the Expiration Date, such Observation Date, the Strike Date or such Valuation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be such Averaging Date, the Expiration Date, such Observation Date, the Strike Date or such Valuation Date, as the case may be, in respect of the Shares, notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on an Averaging Date, the Expiration Date, an Observation Date, the Strike Date or a Valuation Date, payment of any Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Averaging Date, Expiration Date, Observation Date, Strike Date or Valuation Date, as the case may be. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Final Redemption Amount and/or any amount of interest in accordance with this clause.

The relevant Issuer shall give notice to the holders of the Notes, in accordance with Condition 13, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.”

4. Adjustments

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5(m) as follows:

“(m) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred or that there has been an adjustment to the settlement terms of listed contracts on the Shares traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount, the Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (**provided that** no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred, the relevant Issuer may:

- (a) redeem each Note at its Redemption Amount (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 13; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (**provided that** no adjustments will be made solely to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment; and/or
- (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the “Shares” and the “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the Calculation Agent will adjust any relevant terms of the Notes as it may determine.

The relevant Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred, then on or after the relevant Tender Offer Date the relevant Issuer may:

- (a) redeem each Note at its Redemption Amount (unless provided for otherwise in the Final Terms), on such date as the Issuer may notify to Noteholders in accordance with Condition 13; and/or
- (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (**provided that** no adjustments will be made solely to account for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the Shares traded on such options exchange and determine the effective date of that adjustment.

The relevant Issuer shall give notice of such redemption or adjustment to the Noteholders in accordance with Condition 13.

(iv) *Nationalisation, Insolvency or De-listing*

If in respect of the Shares or the Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the relevant Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or Delisting, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its Redemption Amount as at the date of redemption taking into account the Nationalisation, Insolvency or De-listing (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13.

(v) *Price Correction*

In the event that any price or level published on the Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the Exchange within three Business Days (or such other period specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the relevant Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vi) *Currency*

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, the Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the relevant Issuer), the relevant Issuer may make such adjustment or adjustments to the Final Redemption Amount, the Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The relevant Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13.

(vii) *Additional Disruption Events*

If the Calculation Agent determines that an Additional Disruption Event has occurred, the relevant Issuer may redeem each Note at its (as determined by the Calculation Agent) Redemption Amount as at the date of redemption taking into account the Additional Disruption Event (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13.

(viii) *Change in currency*

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the relevant Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

5. Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 5 shall be amended by the addition of a new Condition 5 (n) as follows:

“(n) Delivery of Share Amount

If the Notes are to be redeemed by the delivery of the Share Amounts, the relevant Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the relevant Issuer with sufficient instructions in a timely manner to enable the relevant Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The relevant Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “delivery” in relation to any Share Amount means the carrying out of the steps required of the relevant Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “deliver” shall be construed accordingly. The relevant Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the relevant Issuer and the Delivery Agent shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the Share Issuer. Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The relevant Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5 (m).

Neither the relevant Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ii) Consequences of a Settlement Disruption Event

If the relevant Issuer determines that delivery of any Share Amount in respect of any Note by the relevant Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13, provided that the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the relevant Issuer deems appropriate in connection with delivery of such Share Amount in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the relevant Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may

elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13.

The relevant Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 if a Settlement Disruption Event has occurred.

(iii) *Aggregate Share Amount*

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.

(iv) *Entitlement to Dividends and Rights under the Shares*

The Issuer is entitled to any rights under the Shares existing before or on the Maturity Date, if the day on which the Shares are first traded on the Exchange “ex” such right is prior to or on the Maturity Date of the Notes. If the delivery of the Shares, for whatever reason, is effected after the Maturity Date of the Notes, the Noteholders are, with respect to such rights, to be treated as if they had already become owners of the Shares on the Maturity Date of the Notes.

(v) *Notes redeemed by the Shares — Obligations of Issuer and Agent*

If the Notes are to be redeemed by the Shares, the Issuer or the Agent is under no obligation to pass on to the Noteholders any notices, circulars or other documents received by the Issuer prior to delivery of the Shares, even if such notices, circulars or other documents relate to events occurring after delivery of the Shares. If the delivery of the Shares, for whatever reason, is only effected after the Maturity Date of the Notes, the Issuer is not obliged to exercise any rights under the Shares during the intervening period.

(vi) *Delivery of the Shares*

The delivery, if any, of the Shares will be made to the relevant account of the Noteholder’s bank or in such other commercial reasonable manner as the Issuer through the Delivery Agent shall, in its sole discretion, determine to be appropriate for such delivery. All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties arising from the delivery of the Shares shall be for the account of the relevant Noteholder. In case of delivery, the Shares will be deliverable at the risk of the relevant Noteholder on the Maturity Date.

(vii) *Publication of the Final Redemption Amount*

The Final Redemption Amount will be published as soon as possible after its determination on the following website: www.bnpparibasfortis.be or through the clearing systems (in this case, for any offer to the public which does not require the publication of a prospectus in accordance with the Prospectus Directive).”

6. Prescription

For the avoidance of doubt, Condition 8 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, then, on the date that is 6 months after the Maturity Date, the Agent on behalf of the relevant Issuer shall be entitled (i) to sell the Shares with respect to Notes not presented for reimbursement and (ii) to determine the cash amount at which the Notes will be redeemed as from such date.

7. Hedging Disruption Events

7.1 A “**Hedging Disruption Event**” shall occur if the Calculation Agent reasonably determines in good faith that:

- (a) the Issuer or any affiliate (a “**Hedging Party**”) is unable (including without limitation by reason of illegality), or that it is impracticable for a Hedging Party, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) (each a “**Relevant Hedging Transaction**”) it deems necessary or appropriate to hedge its exposure to price variations of the Shares inherent in its obligations, in the case of the Issuer, under the Notes or, in the case of an affiliate, under any transaction pursuant to which it hedges the Issuer’s exposure to the Shares under the Notes, or (ii) realise, recover or remit to any person the proceeds of such transaction or asset; and/or
- (b) it has become illegal for any Hedging Party to hold, acquire or dispose of Shares; and/or
- (c) the Issuer would incur an increased cost in respect of the Relevant Hedging Transactions related to the performance of its obligation under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position); and/or
- (d) any Hedging Party would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Relevant Hedging Transaction, or (B) realise, recover or remit the proceeds of any such Relevant Hedging Transaction; unless any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Hedging Party.

7.2 Such determinations by the Calculation Agent may include, but are not limited to, the following:

- (a) any increased illiquidity in the market for any Shares (as compared with circumstances existing on the Issue Date); or
- (b) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
- (c) the general unavailability of market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

7.3 In the event of a Hedging Disruption Event:

- (a) the Issuer may elect to redeem each Note at its Redemption Amount on such date as the Issuer may notify to Noteholders in accordance with Condition 13; and
- (b) subject as provided in the applicable Final Terms, the Calculation Agent may make such adjustment or adjustments to the Final Redemption Amount, the Redemption Amount and/or any other terms of the Notes as it considers appropriate in order to maintain the theoretical value of the Notes after adjusting for the relevant Hedging Disruption Event.

7.4 The Calculation Agent shall as soon as reasonably practicable give instructions to the Issuer to notify the Noteholders in accordance with Condition 13, if it determines that a Hedging Disruption Event has occurred and such notice shall specify the consequence of such Hedging Disruption Event as determined pursuant to this paragraph 7.

3. Disrupted Days

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5(l) as follows:

“(l) Disrupted Days

If the Calculation Agent determines that an Averaging Date, the Expiration Date, an Observation Date, the Strike Date or a Valuation Date, as the case may be, is a Disrupted Day in respect of any Share, then such Averaging Date, the Expiration Date, such Observation Date, the Strike Date or such Valuation Date as the case may be, in respect of that Share shall be the first succeeding Scheduled Trading Day that is not a Disrupted Day in respect of that Share, unless each of the eight Scheduled Trading Days immediately following the original date that, but for the occurrence of a Disrupted Day, would have been such Averaging Date, the Expiration Date, such Observation Date, the Strike Date or such Valuation Date, as the case may be, is a Disrupted Day. In that case:

- (a) that eighth Scheduled Trading Day shall be deemed to be the Strike Date, the Expiration Date, such Averaging Date, such Valuation Date or such Observation Date, as the case may be, for such Share notwithstanding the fact that such day is a Disrupted Day; and
- (b) the Calculation Agent shall determine the price of one Share as its good faith estimate of the price of one such Share that would have prevailed, but for the occurrence of a Disrupted Day, at the Valuation Time on that eighth Scheduled Trading Day.

Notwithstanding the provisions of any other Condition, if the Calculation Agent determines that a Disrupted Day has occurred on an Averaging Date, the Expiration Date, an Observation Date, this Strike Date or a Valuation Date, payment of the Redemption Amount, Final Redemption Amount and/or any amount of interest (if the payment of interest is share-linked), as the case may be, shall be postponed to the later of (i) the Early Redemption Date, Maturity Date and/or the relevant Interest Payment Date and (ii) the date that is three Business Days (or such other period as specified in the Final Terms) following the postponed Averaging Date, Expiration Date, Observation Date, Strike Date or Valuation Date, as the case may be. For the avoidance of

doubt, no additional amounts shall be payable in respect of the postponement of any payment of the Redemption Amount, Final Redemption Amount and/or any amount of interest in accordance with this Clause.

The relevant Issuer shall give notice to the holders of the Notes, in accordance with Condition 13, of the occurrence of a Disrupted Day if it results in the postponement of any payment in respect of the Notes.

4. Adjustments

For the Purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5(m) as follows:

“(m) Adjustments, Consequences of Certain Events and Currency

(i) Adjustments

If the Calculation Agent determines that a Potential Adjustment Event has occurred in respect of one or more of the Shares in the Basket or that there has been an adjustment to the settlement terms of listed contracts on one or more of the Shares in the Basket traded on a Related Exchange, the Calculation Agent will determine whether such Potential Adjustment Event or adjustment has a diluting or concentrative effect on the theoretical value of the relevant Shares and, if so, will (a) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount, the Redemption Amount and/or the Strike Price and/or any of the terms and conditions of the Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (**provided that** no adjustments will be made to account solely for changes in volatility, expected dividend, stock loan rate or liquidity) and (b) determine the effective date(s) of the adjustment(s). The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event or adjustment to settlement terms made by an options exchange to options on the relevant Shares traded on that options exchange.

(ii) Consequences of a Merger Event

If the Calculation Agent determines that a Merger Event has occurred in respect of one or more of the Shares in the Basket, the relevant Issuer may: (a) redeem each Note at its Redemption Amount (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 13; and/or (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Merger Event (**provided that** no adjustments will be made to solely account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the relevant Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Merger Event by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment; and/or (c) save in respect of a Reverse Merger, on or after the relevant Merger Date, deem the New Shares and/or the amount of Other Consideration, if applicable (as subsequently modified in accordance with any relevant terms and including the proceeds of any redemption, if applicable), and their issuer (if any) to be the relevant “Shares” and the relevant “Share Issuer”, respectively, and if the Calculation Agent determines to be appropriate, the relevant Issuer will adjust any relevant terms of the Notes as it may determine. The relevant Issuer shall give notice of such redemption, adjustment or deemed change to Noteholders in accordance with Condition 13.

(iii) Consequences of a Tender Offer

If the Calculation Agent determines that a Tender Offer has occurred in respect of one or more of the Shares in the Basket, then on or after the relevant Tender Offer Date the relevant Issuer may: (a) redeem each Note at its Redemption Amount (unless provided for otherwise in the Final Terms), on such date as the relevant Issuer may notify to Noteholders in accordance with Condition 13; and/or (b) make such adjustment to the exercise, settlement, payment or any other term or condition of the Notes as the Calculation Agent determines appropriate to account for the economic effect on the Notes of such Tender Offer (**provided that** no adjustments will be made to account solely for changes in volatility or liquidity relevant to the Shares or to the Notes), which may, but need not, be determined by reference to the adjustment(s) made in respect of such Tender Offer by an options exchange to options on the relevant Shares traded on such options exchange and determine the effective date of that adjustment. The relevant Issuer shall give notice of such redemption or adjustment to Noteholders in accordance with Condition 13.

(iv) *Nationalisation, Insolvency or De-listing*

If in respect of one or more of the Shares in the Basket or a Share Issuer the Calculation Agent determines that there has been a Nationalisation, an Insolvency or a De-listing, the relevant Issuer may (i) request the Calculation Agent to determine the appropriate adjustment, if any, to be made to any one or more of the Final Redemption Amount and/or the Strike Price and/or any of the other terms and conditions of the Notes to account for the Nationalisation, Insolvency or De-listing, as the case may be, and determine the effective date of that adjustment or (ii) redeem each Note at its Redemption Amount as at the date of redemption taking into account the Nationalisation, Insolvency or Delisting (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13.

(v) *Price Correction*

In the event that any price or level published on an Exchange and which is utilised for any calculation or determination made under the Notes is subsequently corrected and the correction is published by the relevant Exchange within three Business Days (or such other period as may be specified in the Final Terms) after the original publication, the Calculation Agent will determine the amount (if any) that is payable following that correction, and, to the extent necessary, the relevant Issuer will adjust the terms and conditions of the Notes to account for such correction.

(vi) *Currency*

If the Calculation Agent determines that any event occurs affecting the Specified Currency or the currency in which any of the Shares are quoted, listed and/or dealt in on the Exchange (whether relating to the convertibility of any such currency into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes (including the date on which any amount is payable by the relevant Issuer), the relevant Issuer may make such adjustment or adjustments to the Final Redemption Amount, Redemption Amount, Strike Price (if applicable) and/or any other relevant term of the Notes as it deems necessary. The relevant Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with Condition 13.

(vii) *Additional Disruption Events*

If the Calculation Agent determines that an Additional Disruption Event has occurred in respect of one or more of the Shares in the Basket, the relevant Issuer may redeem each Note at its Redemption Amount as at the date of redemption taking into account the Additional Disruption (unless provided for otherwise in the Final Terms). Notice of any redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with Condition 13.

(viii) *Change in currencies*

If, at any time after the Issue Date, there is any change in the currency in which the Shares are quoted, listed and/or dealt on the Exchange, then the relevant Issuer will adjust such of the terms and conditions of the Notes as the Calculation Agent determines appropriate to preserve the economic terms of the Notes. The Calculation Agent will make any conversion necessary for purposes of any such adjustment as of the Valuation Time at an appropriate mid-market spot rate of exchange determined by the Calculation Agent prevailing as of the Valuation Time. No adjustments under this section will affect the currency denomination of any payment obligation arising out of the Notes.

5. Delivery of Share Amount

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, Condition 5 shall be amended by the addition of a new Condition 5(n) as follows:

“(n) Delivery of Share Amounts

If the Notes are to be redeemed by the delivery of the Share Amounts, the relevant Issuer shall, on the Share Delivery Date, deliver or procure the delivery of the Share Amount in respect of each Note to such account in such clearing system as may be specified by the relevant Noteholder, at the risk and expense of the relevant Noteholder. If a Noteholder does not provide the

relevant Issuer with sufficient instructions in a timely manner to enable the relevant Issuer to effect any required delivery of Shares, the due date for such delivery shall be postponed accordingly. The relevant Issuer shall determine whether any instructions received by it are sufficient and whether they have been received in time to enable delivery on any given date. As used herein, “**delivery**” in relation to any Share Amount means the carrying out of the steps required of the relevant Issuer (or such person as it may procure to make the relevant delivery) in order to effect the transfer of the relevant Share Amount and “**deliver**” shall be construed accordingly. The relevant Issuer shall not be responsible for any delay or failure in the transfer of such Share Amount once such steps have been carried out, whether resulting from settlement periods of clearing systems, acts or omissions of registrars or otherwise and shall have no responsibility for the lawfulness of the acquisition of the Shares comprising the Share Amount or any interest therein by any Noteholder or any other person.

In respect of each Share comprising the Share Amount, the relevant Issuer shall not be under any obligation to register or procure the registration of the Noteholder or any other person as the registered shareholder in any register of members of the relevant Share Issuer.

Noteholders should note that the actual date on which they become holders of the Shares comprising their Share Amount will depend, among other factors, on the procedures of the relevant clearing systems and any share registrar and the effect of any Settlement Disruption Events.

The relevant Issuer shall not at any time be obliged to account to a Noteholder for any amount or entitlement that it receives by way of a dividend or other distribution in respect of any of the Shares. Dividends and distributions in respect of the Shares which constitute a Potential Adjustment Event may however result in an adjustment being made pursuant to Condition 5(m).

Neither the relevant Issuer nor any other person shall (a) be under any obligation to deliver (or procure any other person to deliver) to the Noteholders or any other person any letter, certificate, notice, circular or any other document received by that person in its capacity as the holder of the Shares, (b) be under any obligation to exercise or procure exercise of any or all rights (including voting rights) attaching to the Shares or (c) be under any liability to the Noteholders or any subsequent beneficial owners of the Shares in respect of any loss or damage which any Noteholder or subsequent beneficial owner may sustain or suffer as a result, whether directly or indirectly, of that person being registered at any time as the legal owner of the Shares.

(ix) *Consequences of a Settlement Disruption Event*

If the relevant Issuer determines that delivery of any Share Amount (or part thereof) in respect of any Note by the relevant Issuer in accordance with the terms and conditions of the Notes is not practicable or permitted by reason of a Settlement Disruption Event subsisting, then the Share Delivery Date in respect of such Share Amount (or part thereof) shall be postponed to the first following Delivery Day in respect of which no such Settlement Disruption Event is subsisting and notice thereof shall be given in accordance with Condition 13, **provided that** the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering or procuring the delivery of such Share Amount (or part thereof) using such other commercially reasonable manner as it may select and in such event the Share Delivery Date shall be such day as the relevant Issuer deems appropriate in connection with delivery of such Share Amount (or part thereof) in such other commercially reasonable manner. No Noteholder shall be entitled to any payment whether of interest or otherwise on such Note in the event of any delay in the delivery of the Share Amount pursuant to this paragraph and no liability in respect thereof shall attach to the relevant Issuer.

Where a Settlement Disruption Event affects some but not all of the Shares comprising the Share Amount, the Share Delivery Date for the Shares comprising such Share Amount which are not affected by the Settlement Disruption Event will be the originally designated Share Delivery Date.

For so long as delivery of the Share Amount (or part thereof) in respect of any Note is not practicable or permitted by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the relevant Issuer may elect in its sole discretion to satisfy its obligations in respect of each Note by payment to the relevant Noteholder of the Disruption Cash Settlement Price on the third Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 13. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13.

The relevant Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 13 if a Settlement Disruption Event has occurred.

(x) *Aggregate Share Amount*

The aggregate Share Amount to which a Noteholder may be entitled will be determined on the basis of the separate (for the avoidance of doubt, not aggregate) number of Notes held by the relevant Noteholder. The relevant Issuer shall not be obliged to deliver fractions of a Share but shall be obliged to account for the Fractional Cash Amount of any such fractions to the relevant Noteholder on the Share Delivery Date and each such Share Amount to be delivered shall be rounded down to the next integral number of Shares.

(xi) *Entitlement to Dividends and Rights under the Shares*

The Issuer is entitled to any rights under the Shares existing before or on the Maturity Date, if the day on which the Shares are first traded on the Exchange “ex” such right is prior to or on the Maturity Date of the Notes. If the delivery of the Shares, for whatever reason, is effected after the Maturity Date of the Notes, the Noteholders are, with respect to such rights, to be treated as if they had already become owners of the Shares on the Maturity Date of the Notes.

(xii) *Notes redeemed by the Shares — Obligations of Issuer and Fiscal Agent*

If the Notes are to be redeemed by the Shares, the Issuer or the Fiscal Agent is under no obligation to pass on to the Noteholders any notices, circulars or other documents received by the Issuer prior to delivery of the Shares, even if such notices, circulars or other documents relate to events occurring after delivery of the Shares. If the delivery of the Shares, for whatever reason, is only effected after the Maturity Date of the Notes, the Issuer is not obliged to exercise any rights under the Shares during the intervening period.

(xiii) *Delivery of the Shares*

The delivery, if any, of the Shares will be made to the relevant account of the Noteholder’s bank or in such other commercial reasonable manner as the Issuer shall, in its sole discretion, determine to be appropriate for such delivery. All expenses including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax and/or other taxes or duties arising from the delivery of the Shares shall be for the account of the relevant Noteholder. In case of delivery, the Shares will be deliverable at the risk of the relevant Noteholder on the Maturity Date.

(xiv) *Publication of the Final Redemption Amount*

The Final Redemption Amount will be published as soon as possible after its determination on the following website: www.bnpparibasfortis.be or through the clearing systems (in this case, for any offer to the public which does not require the publication of a prospectus in accordance with the Prospectus Directive).”

6. Prescription

For the avoidance of doubt, Condition 8 shall apply to the Notes and claims for delivery of any Share Amount in respect of the Notes shall become void upon the expiry of five years from the Share Delivery Date.

For the purposes of the Notes, if “Share Delivery” is specified as being applicable in the Final Terms, then, on the date that is 6 months after the Maturity Date, the Fiscal Agent on behalf of the relevant Issuer shall be entitled (i) to sell the Shares with respect to Notes not presented for reimbursement and (ii) to determine the cash amount at which the Notes will be redeemed as from such date.

7. Hedging Disruption Events

7.1 A “**Hedging Disruption Event**” shall occur if the Calculation Agent reasonably determines in good faith that:

- (a) the Issuer or any affiliate (a “**Hedging Party**”) is unable (including without limitation by reason of illegality), or that it is impracticable for a Hedging Party, after using commercially reasonable efforts, to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) (each a “**Relevant Hedging Transaction**”) it deems necessary or appropriate to hedge its exposure to price variations of the Shares inherent in its obligations, in the

case of the Issuer, under the Notes or, in the case of an affiliate, under any transaction pursuant to which it hedges the Issuer's exposure to the Shares under the Notes, or (ii) realise, recover or remit to any person the proceeds of such transaction or asset; and/or

- (b) it has become illegal for any Hedging Party to hold, acquire or dispose of Shares; and/or
- (c) the Issuer would incur an increased cost in respect of the Relevant Hedging Transactions related to the performance of its obligation under the Notes (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position); and/or
- (d) any Hedging Party would incur a materially increased (as compared with circumstances existing on the Issue Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any Relevant Hedging Transaction, or (B) realise, recover or remit the proceeds of any such Relevant Hedging Transaction; unless any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Hedging Party.

7.2 Such determinations by the Calculation Agent may include, but are not limited to, the following:

- (a) any increased illiquidity in the market for any Shares (as compared with circumstances existing on the Issue Date); or
- (b) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
- (c) the general unavailability of market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.

7.3 In the event of a Hedging Disruption Event:

- (a) the Issuer may elect to redeem each Note at its Redemption Amount on such date as the Issuer may notify to Noteholders in accordance with Condition 13; and
- (b) subject as provided in the applicable Final Terms, the Calculation Agent may make such adjustment or adjustments to the Final Redemption Amount, the Redemption Amount and/or any other terms of the Notes as it considers appropriate in order to maintain the theoretical value of the Notes after adjusting for the relevant Hedging Disruption Event.

7.4 The Calculation Agent shall as soon as reasonably practicable give instructions to the Issuer to notify the Noteholders in accordance with Condition 13, if it determines that a Hedging Disruption Event has occurred and such notice shall specify the consequence of such Hedging Disruption Event as determined pursuant to this paragraph 7.

Unless otherwise specified in the applicable Final Terms, if the Calculation Agent determines on the date which is not later than 3 Currency Business Days prior to any date on which the Final Redemption Amount, any Redemption Amount or any other redemption amounts would otherwise be due to be paid (each a “**Scheduled Settlement Date**”) that a Settlement Postponement Event has occurred, then “**Calculation Agent Adjustment**” (as defined in paragraph 5.5 below) shall apply as if a Fund Event had occurred in respect of which the Calculation Agent had delivered a Fund Event Notice to the Issuer on such date and the adjustments made by the Calculation Agent shall include the postponement of the obligation of the Issuer to pay the Final Redemption Amount, the Redemption Amount or any other redemption amounts, as applicable, until the Postponed Settlement Date and no interest or other amount shall be payable to Noteholders in respect of this postponement.

If the Postponed Settlement Date is the Postponed Settlement Long Stop Date, for the purposes of determining the Final Redemption Amount, the Redemption Amount or any other redemption amounts, as applicable, whether determined by reference to the Reference Price or otherwise, each Fund Interest Unit will be deemed to have a value equal to the redemption proceeds (if any) that a Hypothetical Investor which had submitted a Final Redemption Notice in respect of such Fund Interest Unit would have received in respect of such redemption on or before the Postponed Settlement Long Stop Date.

For the purposes hereof:

- (a) a “**Settlement Postponement Event**” shall be deemed to occur if, as determined by the Calculation Agent, a Hypothetical Investor in the Fund Interest which had submitted a Final Redemption Notice in respect of Fund Interest Units would not have received in full the redemption proceeds in respect of such redemptions on or before the date which is 4 Currency Business Days prior to the Scheduled Settlement Date;
- (b) the “**Postponed Settlement Date**” means, unless otherwise specified in the applicable Final Terms, which ever is the earlier of (x) the date which is 3 Currency Business Days after the date on which, as determined by the Calculation Agent, such Hypothetical Investor would have received such redemption proceeds in full and (y) the Postponed Settlement Long Stop Date;

4. Disrupted Days

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (l) as follows:

l. Consequences of Disrupted Days for Valuation Dates

- (i) The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Issuer of the occurrence of a Disrupted Day on any day that, but for the occurrence or continuance of a Disrupted Day, would have been a Valuation Date.
- (ii) If any Valuation Date is a Disrupted Day, then the Valuation Date shall be the next succeeding day that is not a Disrupted Day, unless no day that is not a Disrupted Day has occurred prior to the last day of one Cut-off Period following the Scheduled Valuation Date. In that case, (i) the last day of such Cut-off Period shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for the Fund Interest as of the Valuation Time on that deemed Valuation Date.
- (iii) In addition, the Calculation Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final Redemption Amount and/or any Early Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent.

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (m) as follows:

m. Consequences of Disrupted Days for Strike Dates

If any Strike Date is a Disrupted Day, then the provisions set out in Condition 5(l) (*Consequences of Disrupted Days for Valuation Dates*) above shall apply as if such Strike Date was a Valuation Date.

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (n) as follows:

n. Consequences of Disrupted Days for Averaging Dates

If Averaging Dates are specified in the applicable Final Terms with respect to a Valuation Date then, notwithstanding any other provisions of these Conditions or Part 4A of the Base Prospectus, the following provisions will apply.

- (i) If any Averaging Date is a Disrupted Day, the Averaging Date shall be the first succeeding Valid Date. If the first succeeding Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date), and (2) the Calculation Agent shall determine its good faith estimate of the value for the Fund Interest as of the Valuation Time on that deemed Averaging Date.
- (ii) **“Valid Date”** means a Currency Business Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur.
- (iii) In addition, the Calculation Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final

Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent.

5. Fund Events

- 5.1 If at any time the Calculation Agent determines that a Fund Event has occurred and/or is continuing then the Calculation Agent shall provide written notice thereof to the Issuer (a **“Fund Event Notice”**) and, unless otherwise specified in the applicable Final Terms, **“Fund Interest Replacement”** (as described in paragraph 5.4 below) shall apply as the consequence of that Fund Event unless the Calculation Agent determines that the application of **“Fund Interest Replacement”** is not appropriate or commercially reasonable, in which event **“Calculation Agent Adjustment”** (as described in paragraph 5.5 below) shall apply as the consequence of that Fund Event.
- 5.2 The Calculation Agent shall not have any obligation to monitor the occurrence of a Fund Event nor shall it have any obligation to make a determination that a Fund Event has occurred or is continuing.
- 5.3 Unless otherwise specified in the applicable Final Terms, upon triggering any consequence for a Fund Event, the mechanics for determining and calculating the valuation of the Fund Interest and any payments under the Notes shall be suspended until completion of, and may be superseded by, such consequence.
- 5.4 For the purpose of determining the consequence of a Fund Event:
- (a) **“Calculation Agent Adjustment”** means that the Calculation Agent shall (i) make such adjustment to account for such Fund Event as it considers appropriate which may include, without limitation, delaying the calculation and payment of the Final Redemption Amount and/or any Early Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making an adjustment to the calculation of the Final Redemption Amount and/or any Early Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) would produce a commercially reasonable result, **“Optional Redemption”** will be deemed to apply.
 - (b) **“Fund Interest Replacement”** means that the Calculation Agent will substitute the Fund Interest with the Successor Fund Interest relating to the Fund Interest, provided that if no Successor Fund has been identified in the manner set forth below within 10 Currency Business Days of the Fund Event Notice, then **“Calculation Agent Adjustment”** will be deemed to apply. For the purposes hereof:
 - (i) **“Successor Fund Interest”** means, in respect of the Fund Interest, the related Eligible Fund Interest or, if the applicable Final Terms do not specify any Eligible Fund Interest relating to the Fund Interest, then the Calculation Agent will use commercially reasonable efforts to identify a Successor Fund Interest based on the eligibility criteria specified in the applicable Final Terms or, if the applicable Final Terms do not specify any such eligibility criteria, with characteristics, investment objectives and policies similar to those in effect for the Fund Interest immediately prior to the occurrence of the relevant Fund Event; and
 - (ii) any substitution of the Successor Fund Interest for the Fund Interest shall be effected at such time and in such manner as specified in the applicable Final Terms or, if the time and manner for substitution of the Successor Fund Interest is not specified in the applicable Final Terms, then the Fund Interest shall be replaced by a number of Fund Interest Units of the Successor Fund Interest with a combined value (as determined by the Calculation Agent) equal to the relevant Removal Value of the applicable number of Fund Interest Units of the Fund Interest. Such replacement shall be effected, from time to time whenever the Removal Value changes, on the date, as determined by the Calculation Agent, on which the Fund issuing the Successor Fund Interest would admit a Hypothetical Investor who, on the Fund Business Day next following the date on which any Removal Value not previously applied toward any Successor Fund Interest would be received by such Hypothetical Investor redeeming out of the relevant amount of Fund Interest, had submitted a valid order to purchase such amount of the Successor Fund Interest; and
 - (iii) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Fund Interests or the Notes.
 - (c) **“Optional Redemption”** means that the Issuer shall redeem each Note at its Redemption Amount on such date as the Issuer may notify to Noteholders in accordance with Condition 13.

5.5 Notice of the consequences of a Fund Event shall be given to the Noteholders in accordance with Condition 13. Such notice shall (i) identify the relevant Fund Event and contain a summary of the facts constituting such event, (ii) if applicable, identify the Successor Fund Interest and specify the effective date of such substitution, (iii) if applicable, specify adjustments made or expected to be made by the Calculation Agent and (iv) if applicable, specify the date on which the Notes are to be redeemed.

6. Potential Adjustment Events

Following the declaration by any Fund of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units or amount of Fund Interest and, if so, will (i) make the corresponding adjustment(s), if any, to any one or more of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts payable under the Notes, the Reference Price, any Relevant Fund Interest Unit Price and, in any case, any other variable relevant to the calculation, valuation, payment or other terms of Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and (ii) determine the effective date(s) of the adjustment(s).

7. Corrections and Adjustments

With the exception of any Adjustments (as defined below) made after the day which is three Currency Business Days prior to a due date for any payment under the Notes calculated by reference to the price or level of a Fund Interest Unit, if the Calculation Agent determines that a Fund adjusts the Redemption Proceeds that would have been paid to a Hypothetical Investor redeeming the number of Fund Interest Units that are subject to valuation and such adjustment would be reflected in either an additional payment to such Hypothetical Investor or a claim for repayment of excess Redemption Proceeds made against such Hypothetical Investor (each an “**Adjustment**”), then the price or level to be used shall be the price or level of the relevant Fund Interest Units as so adjusted.

8. Exchange Traded Funds

If a Fund is specified in the applicable Final Terms to be an ETF, Part 3A or Part 3B, as applicable, shall be deemed as far as practicable to apply to the Notes, subject as provided in the applicable Final Terms.

9. Knock-in Event and Knock-out Event

9.1 *Knock-in Event*

- (a) If “Knock-in Event” is specified as applicable in the applicable Final Terms with respect to any payment under the Notes then, unless otherwise specified in such Final Terms, such payment shall be conditional upon the Knock-in Event having occurred.
- (b) “**Knock-in Event**” means (unless otherwise specified in the applicable Final Terms) that the Relevant Fund Interest Unit Price of a Fund Interest Unit in the Fund Interest as of the Knock-in Valuation Time on any Knock-in Determination Day is, as specified in the applicable Final Terms, (i) “**greater than**”, (ii) “**greater than or equal to**”, (iii) “**less than**” or (iv) “**less than or equal to**” the Knock-in Price.
- (c) “**Knock-in Price**” means the level, price or amount specified as such in the applicable Final Terms.
- (d) “**Knock-in Reference Asset**” means the interest issued to or held by an investor in a fund, pooled investment vehicle or any other interest identified as such in the applicable Final Terms specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify a Knock-in Reference Asset, the Knock-in Reference Asset will be deemed to be the Fund Interest.

“Scheduled Redemption Payment Date” means, in respect of any Fund Interest and any Scheduled Redemption Valuation Date, the date specified as such in the applicable Final Terms or, if not so specified, the date by which the related Fund is scheduled to have paid, according to its Fund Documents, all or a specified portion of the Redemption Proceeds to an investor that has submitted a timely and valid notice requesting redemption of such Fund Interest as of such Scheduled Redemption Valuation Date.

3. Postponement of settlement

Unless otherwise specified in the applicable Final Terms, if the Calculation Agent determines on the date which is not later than 3 Currency Business Days prior to any date on which the Final Redemption Amount, any Redemption Amount or any other redemption amounts would otherwise be due to be paid (each a “**Scheduled Settlement Date**”) that a Settlement Postponement Event has occurred, then “Calculation Agent Adjustment” (as defined in paragraph 5.5 below) shall apply as if a Basket Fund Event had occurred in respect of which the Calculation Agent had delivered a Basket Fund Event Notice to the Issuer on such date and the adjustments made by the Calculation Agent shall include the postponement of the obligation of the Issuer to pay the Final Redemption Amount, the Redemption Amount or any other redemption amounts, as applicable, until the Postponed Settlement Date and no interest or other amount shall be payable to Noteholders in respect of this postponement.

If the Postponed Settlement Date is the Postponed Settlement Long Stop Date, for the purposes of determining the Final Redemption Amount, the Redemption Amount or any other redemption amounts, as applicable, whether determined by reference to the Reference Price or otherwise, each Long Stop Date Fund Interest Unit (if any) comprising the Basket will be deemed to have a value equal to the redemption proceeds (if any) that a Hypothetical Investor which had submitted a Final Redemption Notice in respect of such Long Stop Date Fund Interest Unit would have received in respect of such redemption on or before the Postponed Settlement Long Stop Date.

For the purposes hereof:

- (a) a “**Settlement Postponement Event**” shall be deemed to occur if, as determined by the Calculation Agent, a Hypothetical Investor which had submitted a Final Redemption Notice in respect of each Fund Interest Unit comprised in the Basket would not have received in full the redemption proceeds in respect of such redemptions on or before the date which is 4 Currency Business Days prior to the Scheduled Settlement Date;
- (b) the “**Postponed Settlement Date**” means, unless otherwise specified in the applicable Final Terms, whichever is the earlier of (x) the date which is 3 Currency Business Days after the date on which, as determined by the Calculation Agent, such Hypothetical Investor would have received such redemption proceeds in full and (y) the Postponed Settlement Long Stop Date;
- (c) the “**Postponed Settlement Long Stop Date**” means, unless otherwise specified in the applicable Final Terms, the date which is 3 months after the Scheduled Settlement Date;

4. Disrupted Days

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (l) as follows:

l. Consequences of Disrupted Days for Valuation Dates

- (a) The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Issuer of the occurrence of a Disrupted Day on any day that, but for the occurrence or continuance of a Disrupted Day, would have been a Valuation Date.
- (b) If any Valuation Date is a Disrupted Day, then the Valuation Date for each Fund Interest not affected by the occurrence of a Disrupted Day shall be the Scheduled Valuation Date, and the Valuation Date for each Fund Interest affected by the occurrence of a Disrupted Day shall be the first succeeding day that is not a Disrupted Day relating to that Fund Interest, unless no day that is not a Disrupted Day has occurred prior to the last day of one Cut-off Period following the Scheduled

Valuation Date. In that case, (i) the last day of such Cut-off Period shall be deemed to be the Valuation Date, notwithstanding the fact that such day is a Disrupted Day, and (ii) the Calculation Agent shall determine its good faith estimate of the value for that Fund Interest as of the Valuation Time on that deemed Valuation Date.

- (c) In addition, the Calculation Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent.

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (m) as follows:

m. Consequences of Disrupted Days for Strike Dates

If any Strike Date is a Disrupted Day, then the provisions set out in Condition 5(1) (*Consequences of Disrupted Days for Valuation Dates*) above shall apply as if such Strike Date was a Valuation Date.

For the purposes of the Notes, Condition 5 shall be amended by the addition of a new Condition 5 (n) as follows:

n. Consequences of Disrupted Days for Averaging Dates

If Averaging Dates are specified in the applicable Final Terms with respect to a Valuation Date then, notwithstanding any other provisions of these Conditions or Part 4B of the Base Prospectus, the following provisions will apply.

- (i) If any Averaging Date is a Disrupted Day, the Averaging Date for each Fund Interest not affected by the occurrence of a Disrupted Day shall be the date specified in the applicable Final Terms as that Averaging Date and the Averaging Date for any Fund Interest affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such Fund Interest. If the first succeeding Valid Date has not occurred prior to one Cut-off Period following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date in respect of the relevant Scheduled Valuation Date, then (1) the last day of such Cut-off Period shall be deemed the Averaging Date (irrespective of whether such day is already an Averaging Date), and (2) the Calculation Agent shall determine its good faith estimate of the value for that Fund Interest as of the Valuation Time on that deemed Averaging Date.
- (ii) **“Valid Date”** means a Currency Business Day that is not a Disrupted Day and on which another Averaging Date in respect of the relevant Valuation Date does not or is not deemed to occur.
- (iii) In addition, the Calculation Agent will account for such occurrence or continuance of a Disrupted Day as it sees fit which may include but is not limited to delaying calculation and payment of the Final Redemption Amount and/or any Early Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making the appropriate adjustment to the calculation of the Final Redemption Amount and/or any Early Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent.

5. Basket Fund Events

5.1 If at any time the Calculation Agent determines that a Basket Fund Event has occurred and/or is continuing then the Calculation Agent shall provide written notice thereof to the Issuer (a **“Basket Fund Event Notice”**) and, unless otherwise specified in the applicable Final Terms, “Fund Interest Replacement” (as described in paragraph 5.4 below) shall apply as the consequence of that Basket Fund Event unless the Calculation Agent determines that the application of “Fund Interest Replacement” is not appropriate or commercially reasonable, in which event “Calculation Agent Adjustment” (as described in paragraph 5.5 below) shall apply as the consequence of that Basket Fund Event.

5.2 The Calculation Agent shall not have any obligation to monitor the occurrence of a Basket Fund Event nor shall it have any obligation to make a determination that a Basket Fund Event has occurred or is continuing.

5.3 Unless otherwise specified in the applicable Final Terms, upon triggering any consequence for a Basket Fund Event, the mechanics for determining and calculating the valuation of any Affected Fund Interest and any payments under the Notes shall be suspended until completion of, and may be superseded by, such consequence.

5.4 For the purpose of determining the consequence of a Basket Fund Event:

- (a) **“Calculation Agent Adjustment”** means that the Calculation Agent shall (i) make such adjustment to account for such Basket Fund Event as it considers appropriate which may include, without limitation, delaying the calculation and payment of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, and no interest or other amount shall be payable to Noteholders in respect of any such delay, or making an adjustment to the calculation of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts due under the Notes, all in the determination of the Calculation Agent or (ii) if the Calculation Agent determines that no adjustment that it could make under (i) would produce a commercially reasonable result, “Optional Redemption” will be deemed to apply.
- (b) **“Fund Interest Replacement”** means that the Calculation Agent will substitute any Affected Fund Interest with the Successor Fund Interest relating to such Affected Fund Interest, provided that if no Successor Fund has been identified in the manner set forth below within 10 Currency Business Days of the Basket Fund Event Notice, then “Calculation Agent Adjustment” will be deemed to apply. For the purposes hereof:
 - (i) **“Successor Fund Interest”** means, in respect of any Affected Fund Interest, the related Eligible Fund Interest or, if the applicable Final Terms do not specify any Eligible Fund Interest relating to such Affected Fund Interest, then the Calculation Agent will use commercially reasonable efforts to identify a Successor Fund Interest based on the eligibility criteria specified in the applicable Final Terms or, if the applicable Final Terms do not specify any such eligibility criteria, with characteristics, investment objectives and policies similar to those in effect for the Affected Fund Interest immediately prior to the occurrence of the relevant Basket Fund Event; and
 - (ii) any substitution of the Successor Fund Interest for the Affected Fund Interest shall be effected at such time and in such manner as specified in the applicable Final Terms or, if the time and manner for substitution of the Successor Fund Interest is not specified in the applicable Final Terms, then the Affected Fund Interest shall be replaced by a number of Fund Interest Units of the Successor Fund Interest with a combined value (as determined by the Calculation Agent) equal to the relevant Removal Value of the applicable number of Fund Interest Units of the Affected Fund Interest. Such replacement shall be effected, from time to time whenever the Removal Value changes, on the date, as determined by the Calculation Agent, on which the Fund issuing the Successor Fund Interest would admit a Hypothetical Investor who, on the Fund Business Day next following the date on which any Removal Value not previously applied toward any Successor Fund Interest would be received by such Hypothetical Investor redeeming out of the relevant amount of Affected Fund Interest, had submitted a valid order to purchase such amount of the Successor Fund Interest; and
 - (iii) if necessary, the Calculation Agent will adjust any relevant terms, including, but not limited to adjustments to account for changes in volatility, investment strategy or liquidity relevant to the Fund Interests or the Notes.
- (c) **“Optional Redemption”** means that the Issuer shall redeem each Note at its Redemption Amount on such date as the Issuer may notify to Noteholders in accordance with Condition 13.

5.5 Notice of the consequences of a Basket Fund Event shall be given to the Noteholders in accordance with Condition 13. Such notice shall (i) identify the Affected Fund Interest (if applicable) and the relevant Basket Fund Event and contain a summary of the facts constituting such event, (ii) if applicable, identify the Successor Fund Interest and specify the effective date of such substitution, (iii) if applicable, specify adjustments made or expected to be made by the Calculation Agent and (iv) if applicable, specify the date on which the Notes are to be redeemed.

6. Potential Adjustment Events

Following the declaration by any Fund of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the relevant Fund Interest Units or amount of Fund Interest and, if so, will (i) make the corresponding adjustment(s), if any, to any one or more

of the Final Redemption Amount and/or any Redemption Amount and/or any other amounts payable under the Notes, the Reference Price, any Relevant Fund Interest Unit Price and, in any case, any other variable relevant to the calculation, valuation, payment or other terms of Notes as the Calculation Agent determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends or liquidity relative to the relevant Fund Interest) and (ii) determine the effective date(s) of the adjustment(s).

7. Corrections and Adjustments

With the exception of any Adjustments (as defined below) made after the day which is three Currency Business Days prior to a due date for any payment under the Notes calculated by reference to the price or level of any Fund Interest Unit, if the Calculation Agent determines that a Fund adjusts the Redemption Proceeds that would have been paid to a Hypothetical Investor redeeming the number of Fund Interest Units that are subject to valuation and such adjustment would be reflected in either an additional payment to such Hypothetical Investor or a claim for repayment of excess Redemption Proceeds made against such Hypothetical Investor (each an “**Adjustment**”), then the price or level to be used shall be the price or level of the relevant Fund Interest Units as so adjusted.

8. Exchange Traded Funds

If a Fund is specified in the applicable Final Terms to be an ETF, Part 3A or Part 3B, as applicable, shall be deemed as far as practicable to apply to the Notes, subject as provided in the applicable Final Terms.

9. Knock-in Event and Knock-out Event

9.1 Knock-in Event

- (a) If “**Knock-in Event**” is specified as applicable in the applicable Final Terms with respect to any payment under the Notes then, unless otherwise specified in such Final Terms, such payment shall be conditional upon the Knock-in Event having occurred.
- (b) “**Knock-in Event**” means (unless otherwise specified in the applicable Final Terms) that the amount for the Basket determined by the Calculation Agent as the sum of the values for each Fund Interest Unit comprising the Basket as the product of the Relevant Fund Interest Unit Price of such Fund Interest Unit and the relevant Number of Fund Interest Units comprised in the Basket in each case as of the Knock-in Valuation Time on any Knock-in Determination Day is, as specified in the applicable Final Terms, (i) “greater than”, (ii) “greater than or equal to”, (iii) “less than” or (iv) “less than or equal to” the Knock-in Price.
- (c) “**Knock-in Price**” means the level, price or amount specified as such in the applicable Final Terms.
- (d) “**Knock-in Reference Asset**” means the basket or interest issued to or held by an investor in a fund, pooled investment vehicle or any other interest identified as such in the applicable Final Terms specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify a Knock-in Reference Asset, the Knock-in Reference Asset will be deemed to be the Basket.
- (e) “**Knock-in Determination Day**” means each day specified as such in the applicable Final Terms or, if no such days are specified, each Fund Business Day from and including the Issue Date to and including the final Valuation Date or, if there is no such Valuation Date, the date that is one Settlement Cycle prior to the Maturity Date, in each case unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-in Valuation Time on such day. If any such day is a Disrupted Day due to the occurrence of such an event, then the Knock-in Determination Day shall be the first succeeding day that is not a Disrupted Day, unless each day of the Cut-off Period that starts on the original date that, but for the occurrence of a Disrupted Day, would have been the Knock-in Determination Day is a Disrupted Day. In that case, the last day of such Cut-off Period shall be deemed to be the Knock-in Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level, price or amount of the Knock-in Reference Asset in the same manner that it would determine a level, price or amount of a Fund Interest or basket on a deemed Valuation Date that is also a Disrupted Day in accordance with the provisions of paragraph 4.1 (*Consequences of Disrupted Days for Valuation Dates*) above, as the case may be.
- (f) “**Knock-in Valuation Time**” means the time on any Knock-in Determination Day specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in

Valuation Time shall be the Valuation Time specified in the applicable Final Terms, or if no Valuation Time is specified, the close of business in the Hypothetical Investor Jurisdiction.

9.2 Knock-out Event

- (a) If “Knock-out Event” is specified as applicable in the applicable Final Terms with respect to any payment under the Notes then, unless otherwise specified in such Final Terms, such payment shall be conditional upon the Knock-out Event not having occurred.
- (b) **“Knock-out Event”** means (unless otherwise specified in the applicable Final Terms) that the amount for the Basket determined by the Calculation Agent as the sum of the values for each Fund Interest Unit comprising the Basket as the product of the Relevant Fund Interest Unit Price of such Fund Interest Unit and the relevant Number of Fund Interest Units comprised in the Basket in each case as of the Knock-out Valuation Time on any Knock-out Determination Day is, as specified in the applicable Final Terms, (i) “greater than”, (ii) “greater than or equal to”, (iii) “less than” or (iv) “less than or equal to” the Knock-out Price.
- (c) **“Knock-out Price”** means the level, price or amount specified as such in the applicable Final Terms.
- (d) **“Knock-out Reference Asset”** means the basket or interest issued to or held by an investor in a fund, pooled investment vehicle or any other interest identified as such in the applicable Final Terms specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify a Knock-out Reference Asset, the Knock-out Reference Asset will be deemed to be the Basket.
- (e) **“Knock-out Determination Day”** means each day specified as such in the applicable Final Terms or, if no such days are specified, each Fund Business Day from and including the Issue Date to and including the final Valuation Date or, if there is no such Valuation Date, the date that is one Settlement Cycle prior to the Maturity Date, in each case unless such day is a Disrupted Day due to the occurrence of an event giving rise to a Disrupted Day prior to the Knock-out Valuation Time on such day. If any such day is a Disrupted Day due to the occurrence of such an event, then the Knock-out Determination Day shall be the first succeeding day that is not a Disrupted Day, unless each day of the Cut-off Period that starts on the original date that, but for the occurrence of a Disrupted Day, would have been the Knock-out Determination Day is a Disrupted Day. In that case, the last day of such Cut-off Period shall be deemed to be the Knock-out Determination Day, notwithstanding the fact that such day is a Disrupted Day, and the Calculation Agent shall determine the level, price or amount of the Knock-out Reference Asset in the same manner that it would determine a level, price or amount of a Fund Interest or basket on a deemed Valuation Date that is also a Disrupted Day in accordance with the provisions of Condition 5(1) (*Consequences of Disrupted Days for Valuation Dates*), as the case may be.
- (f) **“Knock-out Valuation Time”** means the time on any Knock-out Determination Day specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time specified in the applicable Final Terms, or if no Valuation Time is specified, the close of business in the Hypothetical Investor Jurisdiction.

10. Automatic Early Redemption

10.1 Consequences of the occurrence of an Automatic Early Redemption Event

If “Automatic Early Redemption Event” is specified as applicable in the applicable Final Terms, then unless previously redeemed or purchased and cancelled, if on any Automatic Early Redemption Valuation Date the Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date immediately following such Automatic Early Redemption Valuation Date and the Redemption Amount payable by the Issuer on such date upon redemption of each Note shall be an amount equal to the relevant Automatic Early Redemption Amount.

10.2 Definitions

“Automatic Early Redemption Amount” means (a) an amount in the Specified Currency (as specified in the applicable Final Terms) specified as such in the applicable Final Terms or, if such amount is not specified, (b) the product of (i) the denomination of each Note and (ii) the relevant Automatic Early Redemption Rate relating to that Automatic Early Redemption Date.

“Automatic Early Redemption Event” means (unless otherwise specified in the applicable Final Terms) that the Basket Price is, as specified in the applicable Final Terms, (i) “greater than”, (ii) “greater than or equal to”, (iii) “less than” or (iv) “less than or equal to” the Automatic Early Redemption Price.

“Automatic Early Redemption Valuation Time” means the time on any Automatic Early Redemption Valuation Date specified as such in the applicable Final Terms. In the event that the applicable Final Terms do not specify an Automatic Early Redemption Valuation Time, the Automatic Early Redemption Valuation Time shall be the Valuation Time specified in the applicable Final Terms, or if no Valuation Time is specified, the close of business in the Hypothetical Investor Jurisdiction.

“Basket Price” means, in respect of any Automatic Early Redemption Valuation Date, an amount for the Basket determined by the Calculation Agent as the sum of the values for each Fund Interest Unit comprising the Basket as the product of the Relevant Fund Interest Unit Price of such Fund Interest Unit and the relevant Number of Fund Interest Units comprised in the Basket in each case as of the Automatic Early Redemption Valuation Time on any Automatic Early Redemption Valuation Date.

“Scheduled Automatic Early Redemption Valuation Date” means, in respect of any Fund Interest, the original date that, but for the occurrence of an event causing a Disrupted Day, would have been an Automatic Early Redemption Valuation Date.

10.3 *Consequences of Disrupted Days*

If any Automatic Early Redemption Valuation Date is a Disrupted Day, then the provisions set out in Condition 5 (*Consequences of Disrupted Days for Valuation Dates*) above shall apply as if such Automatic Early Redemption Valuation Date was a Valuation Date.

PART 5: CREDIT-LINKED NOTES

The terms and conditions applicable to Credit-Linked Notes shall comprise the Terms and Conditions of the Medium Term Notes set out in Part 1 (the "**Principal Conditions**") and the additional Terms and Conditions set out below (the "**Credit-Linked Conditions**"), in each case subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between the Principal Conditions and the Credit-Linked Conditions set out below, the Credit-Linked Conditions shall prevail. In the event of any inconsistency between (i) the Principal Conditions and/or the Credit-Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.

Credit-Linked Conditions

The following terms shall supplement and amend the Principal Conditions if this Part 5 is stated to be applicable in the relevant Final Terms:

1. General

(a) Credit Terms

The Final Terms shall specify:

- (i) the type of Credit-Linked Notes, being Single Reference Entity CLNs, Nth-to-Default CLNs, Linear Basket CLNs or such other type as may be specified in the Final Terms;
- (ii) the Settlement Method and, where Auction Settlement applies, the applicable Fallback Settlement Method;
- (iii) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (iv) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (v) the Trade Date and the Scheduled Maturity Date;
- (vi) the Transaction Type applicable to each Reference Entity; and
- (vii) the Reference Entity Notional Amount in respect of each Reference Entity.

(b) Physical Settlement Matrix

Where a Transaction Type is specified in the Final Terms in respect of any Reference Entity, then the provisions of these Credit-Linked Conditions shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in the Final Terms.

(c) Additional Provisions

If, in accordance with the specified Transaction Type or otherwise, any Additional Provisions are applicable, these Credit-Linked Conditions shall take effect subject to the provisions thereof.

(d) Linear Basket CLNs

If the Credit-Linked Notes are Linear Basket CLNs, then the provisions of these Credit-Linked Conditions relating to redemption of Credit-Linked Notes following satisfaction of the Conditions to Settlement, extension of maturity of Credit-Linked Notes on delivery of an Extension Notice, cessation or suspension of accrual of interest or accrual and payment of interest following the Scheduled Maturity Date shall apply separately with respect to each Reference Entity and a principal amount of each Credit-Linked Note corresponding to the Reference Entity Notional Amount divided by the number of Credit-Linked Notes then in issue. The remaining provisions of these Credit-Linked Conditions shall be construed accordingly.

2. Redemption

(a) Redemption absent Satisfaction of Conditions to Settlement

The Issuer will redeem each Credit-Linked Note on the related CLN Maturity Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to the outstanding principal amount of such Note (or, in the case of Linear Basket CLNs, the relevant portion thereof) (together with interest, if any, payable thereon) unless:

- (i) the Credit-Linked Notes have been previously redeemed or purchased and cancelled in full (including pursuant to Credit-Linked Conditions 2(b) or (c)); or
- (ii) the Conditions to Settlement have been satisfied, in which event the Issuer shall redeem the Credit-Linked Notes in accordance with Credit-Linked Condition 2(b).

(b) Redemption following Satisfaction of Conditions to Settlement

Upon satisfaction of the Conditions to Settlement in relation to any Reference Entity, each Credit-Linked Note (or, in the case of Linear Basket CLNs, the relevant portion thereof) will be subject to redemption:

- (i) if the applicable Settlement Method is Auction Settlement, by payment of its pro rata share of the Auction Settlement Amount on the Auction Settlement Date, unless a Fallback Settlement Event occurs, in which event the Issuer shall perform its respective payment and/or delivery obligations in accordance with the applicable Fallback Settlement Method. If the Conditions to Settlement with respect to a new Credit Event are satisfied following the occurrence of a Fallback Settlement Event with respect to a first Credit Event and no Fallback Settlement Event occurs with respect to such new Credit Event, the Issuer shall, if it so elects on or prior to a related Valuation Date or Delivery Date, redeem the Credit-Linked Notes in accordance with this Credit-Linked Condition 2(b)(i) by Auction Settlement;
- (ii) if the applicable Settlement Method is Physical Settlement, in accordance with Credit-Linked Condition 4; and
- (iii) if the applicable Settlement Method is Cash Settlement, by payment of its pro rata share of the Cash Settlement Amount on the Cash Settlement Date.

Where the Notes are Nth-to-Default CLNs and the Conditions to Settlement are satisfied with respect to more than one Reference Entity on the same day, the Calculation Agent shall determine in its sole discretion the order in which such Conditions to Settlement were satisfied.

(c) Redemption following a Merger Event

If this Credit-Linked Condition 2(c) is specified as applicable in the applicable Final Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer may give notice to the Noteholders in accordance with Condition 13 and redeem all but not some only of the Credit-Linked Notes at the Redemption Amount or Early Redemption Amount (as specified in the applicable Final Terms) on the Merger Event Redemption Date.

(d) Suspension of Obligations

If a Credit Event Resolution Request Date occurs in relation to any Reference Entity then, unless the Issuer otherwise elects by notice to the Calculation Agent and the Noteholders, any obligation of the Issuer to redeem any Credit-Linked Note (including pursuant to Credit-Linked Condition 2(b)) or pay any amount of interest which would otherwise be due thereon shall, insofar as it relates to the relevant Reference Entity, be and remain suspended until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved with respect to such Reference Entity:

- (i) the matters described in sub-paragraphs (a) and (b) of the definition of "Credit Event Resolution Request Date"; or
- (ii) not to determine such matters.

During such suspension period, the Issuer shall not be obliged to, nor entitled to, take any action in connection with the settlement of the Credit-Linked Notes, in each case insofar as they relate to the relevant Reference Entity. Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved the matters set out in paragraphs (i) and (ii) above, such suspension shall terminate and any obligations so suspended shall resume on the basis of such Resolution on the CLN

Business Day following such public announcement by ISDA, with the Issuer having the benefit of the full day notwithstanding when the suspension began. Any amount of interest so suspended shall, subject always to Credit-Linked Condition 3(a), become due on the date determined by the Calculation Agent, in its sole discretion but not later than fifteen Business Days following such public announcement by ISDA.

For the avoidance of doubt, no interest shall accrue on any payment of interest or principal which is deferred in accordance with this Credit-Linked Condition 2(d).

(e) Miscellaneous provisions relating to Redemption

If the Credit-Linked Notes are partially redeemed, the relevant Credit-Linked Notes or, if the Credit-Linked Notes are represented by a Global Note, such Global Note, shall be endorsed to reflect such partial redemption. Upon such partial redemption, the outstanding principal amount of each Note shall be reduced for all purposes (including accrual of interest thereon) accordingly.

Redemption of any Credit-Linked Note in accordance with Credit-Linked Condition 2, together with payment of interest, if any, due thereon shall discharge all or the relevant portion of the obligations of the Issuer in relation thereto.

Any amount payable under Credit-Linked Condition 2(b) shall be rounded downwards to the nearest sub-unit of the relevant currency.

3. Interest

(a) Cessation of Interest Accrual

Upon the occurrence of an Event Determination Date in respect of any Reference Entity, interest on such Credit-Linked Note (or, in the case of Linear Basket CLNs, the relevant portion thereof) shall cease to accrue with effect from and including either:

- (i) the Interest Payment Date immediately preceding such Event Determination Date (or, in the case of the first Interest Period, the Interest Commencement Date); or
- (ii) if so specified in the Final Terms, such Event Determination Date.

(b) Interest following Scheduled Maturity Date

Subject always to Credit-Linked Condition 3(a), if an Extension Notice has been given, each Credit-Linked Note (or, in the case of Linear Basket CLNs, the relevant portion thereof) which is outstanding following the Scheduled Maturity Date shall continue to bear interest from (and including) the Scheduled Maturity Date to (but excluding) the related CLN Maturity Date at a rate of interest equal to either:

- (i) the rate that the Issuer would pay to an independent customer in respect of overnight deposits in the currency of the Credit-Linked Notes; or
- (ii) such other rate as shall be specified for such purpose in the Final Terms.

(c) Interest Payment Dates

If the Credit-Linked Notes are redeemed pursuant to the Principal Conditions or these Credit-Linked Conditions, the Scheduled Maturity Date, the CLN Maturity Date (if not the Scheduled Maturity Date), the Auction Settlement Date, the Cash Settlement Date or the last Delivery Date, as the case may be, shall be an Interest Payment Date in respect of each Credit-Linked Note (or, in the case of Linear Basket CLNs, the relevant portion thereof) and the Issuer shall pay any interest that has accrued in respect of each Credit-Linked Note (or, as applicable thereof) on such Interest Payment Date.

4. Physical Settlement

(a) Delivery and payment

If Physical Settlement applies to any Credit-Linked Note, then, upon the satisfaction of the related Conditions to Settlement, the Issuer shall, on or prior to the related Physical Settlement Date and subject to Credit-Linked Conditions 4(b), 4(c) and 4(f), redeem such Credit-Linked Note (or, in the case of Linear Basket CLNs, the relevant portion thereof), respectively, by:

- (i) Delivering a pro rata share of the Deliverable Obligations specified in the related Notice of Physical Settlement; and
- (ii) paying such Note's pro rata portion of the related Physical Settlement Adjustment Rounding Amount.

(b) Partial Cash Settlement Due to Impossibility or Illegality

If, due to an event beyond the control of the Issuer, it is impossible or illegal for the Issuer to Deliver or, due to an event beyond the control of the Issuer or any Noteholder, it is impossible or illegal for the Issuer or the relevant Noteholder to Deliver or accept Delivery of any of the Deliverable Obligations specified in a Notice of Physical Settlement on the related Physical Settlement Date, then on such date the Issuer shall Deliver any of the Deliverable Obligations specified in the Notice of Physical Settlement for which it is possible and legal to take Delivery. If any Undeliverable Obligations have not been delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement shall apply with respect to such Undeliverable Obligations and, accordingly, the Issuer shall pay the Noteholders an amount equal to the Partial Cash Settlement Amount to be apportioned pro rata amongst the Noteholders on the Partial Cash Settlement Date.

(c) Non-Delivery of Deliverable Obligations

If the Issuer does not Deliver any Deliverable Obligation specified in a Notice of Physical Settlement other than as a result of an event or circumstance contemplated in Credit-Linked Condition 4(b) above (including following the occurrence of a Hedge Disruption Event), such failure shall not constitute an Event of Default for the purpose of the Notes and the Issuer may continue to attempt to Deliver the Deliverable Obligations that are Bonds or Loans until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then Partial Cash Settlement shall apply with respect to such Deliverable Obligations and the Issuer shall pay to the Noteholders an amount equal to the Partial Cash Settlement Amount to be apportioned pro rata amongst the Noteholders on the Partial Cash Settlement Date.

(d) Aggregation and Rounding

Where a Noteholder holds Credit-Linked Notes in an aggregate nominal amount greater than the Specified Denomination, the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of the Credit-Linked Notes shall be aggregated for the purposes of this Credit-Linked Condition 4. If the nominal amount of the Deliverable Obligations to be Delivered in respect of each Credit-Linked Note to be redeemed pursuant to this Credit-Linked Condition 4(d) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Deliverable Obligations then the nominal amount of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Deliverable Obligations that were not capable of being Delivered shall, if and to the extent practicable, be sold by the Issuer or such other agent as may be appointed by the Issuer for such purpose and, if they are so sold, the Issuer shall make payment in respect of each Credit-Linked Note in an amount equal to its pro rata share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

(e) Delivery and Fees

The Delivery of any of the Deliverable Obligations pursuant to the provisions of this Credit-Linked Condition 4 shall be made in such commercially reasonable manner as the Issuer shall, in its sole discretion, determine to be appropriate for such Delivery. Subject as set out in the definition of "Deliver":

- (i) any recordation, processing or similar fee reasonably incurred by the Issuer and/or any of its affiliates and payable to the agent under a Loan in connection with an assignment (where Deliverable Obligations include Assignable Loans or Consent Required Loans) shall be payable by the relevant Noteholders, and if any stamp tax is payable in connection with the Delivery of any Deliverable Obligations, payment thereof shall be made by the relevant Noteholders; and

- (ii) any other expenses arising from the Delivery and/or transfer of the Deliverable Obligations shall be for the account of the Noteholders or the Issuer, as appropriate, determined in accordance with then current market conventions.

Delivery and/or transfer of the Deliverable Obligations shall be delayed until all expenses relating to such Delivery or transfer payable by the Noteholders have been paid to the satisfaction of the Issuer.

(f) Physical Delivery and Asset Transfer Notices

A Noteholder will not be entitled to any of the amounts or assets specified as being due to it in this Credit-Linked Condition 4(f) upon the satisfaction of the Conditions to Settlement unless it has presented or surrendered (as is appropriate) the relevant Credit-Linked Note and delivered an Asset Transfer Notice in accordance with the provisions set out below. For so long as the Credit-Linked Notes are held in any clearing system, any communication from such clearing system on behalf of the Noteholder containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Bearer Notes are represented by a Global Note, surrender of Credit-Linked Notes for such purpose will be effected by presentation of the Global Note and its endorsement to note the principal amount of Credit-Linked Notes to which the relevant Asset Transfer Notice relates.

(i) Asset Transfer Notices

In relation to Credit-Linked Notes to which Physical Settlement applies (including as Fallback Settlement Method) which are to be redeemed by Delivery of their pro rata share of the Deliverable Obligations, in order to obtain Delivery of such Deliverable Obligations in respect of any Credit-Linked Note, the relevant Noteholder must:

(X) if such Credit-Linked Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Principal Paying Agent and any entity appointed by the Issuer to Deliver, as the case may be, the Entitlement on its behalf (the "**Delivery Agent**") not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the Agency Agreement; and

(Y) if such Credit-Linked Note is in definitive form, the relevant Noteholder must deliver (i) if this Credit-Linked Note is a Bearer Note, to any Paying Agent or (ii) if this Credit-Linked Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Principal Paying Agent and the Delivery Agent (as defined above) not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the Agency Agreement.

For the purposes hereof, "**Cut-off Date**" means the date specified as such in the applicable Final Terms or, if not so specified, the first Business Day immediately preceding the Physical Settlement Date.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (i) if such Credit-Linked Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (ii) if such Credit-Linked Note is in definitive form, in writing.

If a Credit-Linked Note is in definitive form, such Credit-Linked Note must be delivered together with the duly completed Asset Transfer Notice. In the event that delivery of a Credit-Linked Note or, if applicable, a Deliverable Obligation in physical form is restricted or prohibited in any jurisdiction, alternative arrangements will be made and communicated to the relevant Noteholder at the relevant time for delivery of such Credit-Linked Note by, or such Deliverable Obligation to, such Noteholder.

"**Asset Transfer Notice**" means a notice which shall:

- (i) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the delivery or Delivery of the Deliverable Obligations;
- (ii) specify the series number of the Credit-Linked Notes and the number of Credit-Linked Notes which are the subject of such notice;

- (iii) in the case of Credit-Linked Notes represented by a Global Note, specify the nominal amount of Credit-Linked Notes which are the subject of such notice and the number of the Noteholder's account at the relevant clearing system to be debited with such Credit-Linked Notes and irrevocably instruct and authorise the relevant clearing system to debit the relevant Noteholder's account with such Credit-Linked Notes on or before the Physical Settlement Date;
- (iv) include an undertaking to pay all expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes (the "**Expenses**") and, in the case of Credit-Linked Notes represented by a Global Note, an authority to the relevant clearing system to debit a specified account of the Noteholder with the relevant clearing system in respect thereof and to pay such Expenses;
- (v) include such details as are required for Delivery of the Deliverable Obligations which may include account details and/or the name and address of any person(s) into whose name evidence of the Deliverable Obligations is to be registered and/or any bank, broker or agent to whom documents evidencing the Deliverable Obligations are to be Delivered and specify the name and number of the Noteholder's account to be credited with any cash payable by the Issuer, including pursuant to Credit-Linked Condition 4;
- (vi) certify that the beneficial owner of each Credit-Linked Note is not a U.S. person (as defined in the Asset Transfer Notice), the Credit-Linked Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof;
- (vii) authorise the production of such certification in any applicable administrative or legal proceedings, all as provided in the Agency Agreement.

(2) *Verification of the Noteholder*

In the case of Credit-Linked Notes represented by a Global Note, upon receipt of an Asset Transfer Notice, the relevant clearing system shall verify that the person delivering the Asset Transfer Notice is the holder of the Credit-Linked Notes described therein according to its records. Subject thereto, the relevant clearing system will confirm to the Principal Paying Agent the series number and number of Credit-Linked Notes the subject of such notice, the relevant account details and the details for the delivery of the Deliverable Obligations in respect of each Credit-Linked Note. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant clearing system will on or before the Settlement Date debit the securities account of the relevant Noteholder with the relevant Credit-Linked Notes.

(3) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Credit-Linked Notes represented by a Global Note, by the relevant clearing system or, in the case of Credit-Linked Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (i) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Credit-Linked Notes represented by a Global Note, the relevant clearing system, or, in the case of Credit-Linked Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant clearing system, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Credit-Linked Notes which are the subject of such notice.

The Deliverable Obligations will be Delivered at the risk of the relevant Noteholder, in the manner provided below on the Physical Settlement Date, provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Paying Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Deliverable Obligations will be Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Physical Settlement Date) at the risk of such Noteholder in the manner provided below. For the avoidance of doubt, in such circumstances such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such delivery date falling after the originally designated Physical Settlement Date and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, Deliver the Deliverable Obligations in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice or in such manner as is specified in the applicable Final Terms. All Expenses arising from the Delivery of the Deliverable Obligations in respect of such Credit-Linked Notes shall be for the account of the relevant Noteholder and no Delivery of Deliverable Obligations shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(4) *General*

For such period of time after Delivery of Deliverable Obligations as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of such Deliverable Obligations (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such Deliverable Obligations.

5. Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics

(a) **Obligation Characteristics**

If the Obligation Characteristic "Listed" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category.

(b) **Deliverable Obligation Category and Characteristics**

If:

6. Succession Event

Where the Notes are Single Reference Entity CLNs and a Succession Event has occurred and more than one Successor has been identified, each Credit-Linked Note will be deemed for all purposes to have been divided into the same number of new Credit-Linked Notes as there are Successors, with the following terms:

- (i) each Successor will be a Reference Entity for the purposes of one of the deemed new Credit-Linked Notes;

- (ii) in respect of each deemed new Credit-Linked Note, the Reference Entity Notional Amount will be the Reference Entity Notional Amount applicable to the original Reference Entity divided by the number of Successors; and
- (iii) all other terms and conditions of the original Credit-Linked Notes will be replicated in each deemed new Credit-Linked Note except to the extent that modification is required, as determined by the Calculation Agent in its sole discretion, to preserve the economic effects of the original Credit-Linked Notes in the deemed new Credit-Linked Notes (considered in the aggregate).

(b) Nth-to-Default CLNs

Where the Notes are Nth-to-Default CLNs:

- (i) where a Succession Event has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which a Credit Event has occurred) and more than one Successor has been identified, each Credit-Linked Note will be deemed for all purposes to have been divided into a number of new Credit-Linked Notes equal to the number of Successors. Each such new Credit-Linked Note shall include a Successor and each and every one of the Reference Entities unaffected by such Succession Event and the provisions of Credit-Linked Condition 6(a)(i) to (iii) (inclusive) shall apply thereto;
- (ii) if "Substitution" is specified as not being applicable in the Final Terms, where any Reference Entity (the "**Surviving Reference Entity**") (other than a Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") pursuant to a Succession Event, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (iii) if "Substitution" is specified as being applicable in the Final Terms, where the Surviving Reference Entity (other than a Reference Entity that is subject to the Succession Event) would be a Successor to a Legacy Reference Entity pursuant to a Succession Event:
 - (A) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
 - (B) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

(c) Linear Basket CLNs

Where the Credit-Linked Notes are Linear Basket CLNs, and one or more Successors have been identified in respect of a Reference Entity that has been the subject of a related Succession Event (the "**Affected Entity**"):

- (i) the Affected Entity will no longer be a Reference Entity (unless it is a Successor as described in (ii) below);
- (ii) each Successor will be deemed a Reference Entity (in addition to each Reference Entity which is not an Affected Entity);
- (iii) the Reference Entity Notional Amount for each such Successor will equal the Reference Entity Notional Amount of the Affected Entity divided by the number of Successors; and
- (iv) the Calculation Agent may, at its discretion, make any modifications to the terms of the Notes which may be required to preserve the economic effects of the Notes prior to the Succession Event (considered in the aggregate).

(d) Substitute Reference Obligations

Where:

- (i) a Reference Obligation is specified in the applicable Final Terms;
- (ii) one or more Successors to the Reference Entity have been identified; and
- (iii) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation".

7. Provisions relating to LPN Reference Entities

The following provisions shall apply if the relevant Final Terms provide that "LPN Reference Entity" is applicable:

- (a) Multiple Holder Obligation will not be applicable with respect to any Reference Obligation and any Underlying Loan;
- (b) each Reference Obligation will be an Obligation notwithstanding anything to the contrary in these Credit-Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Credit-Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (d) for the avoidance of doubt, with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation; and
- (e) the "Not Subordinated" Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity.

8. Restructuring Credit Event

(a) Multiple Credit Event Notices

Upon the occurrence of a Restructuring Credit Event with respect to a Reference Entity for which Restructuring is an applicable Credit Event and either "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type:

- (i) the Calculation Agent may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event, each such notice setting forth the amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the "**Exercise Amount**") provided that if the Credit Event Notice does not specify an Exercise Amount, the then outstanding Reference Entity Notional Amount (and not a portion thereof) will be deemed to have been specified as the Exercise Amount;
- (ii) the provisions of these Credit-Linked Conditions shall be deemed to apply to an aggregate outstanding principal amount equal to the Exercise Amount only and all the provisions shall be construed accordingly;
- (iii) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring must be equal to the relevant Reference Entity Notional Amount (and not a portion thereof); and
- (iv) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring must be an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire relevant Reference Entity Notional Amount.

In the case of an Nth-to-Default CLN, once the Conditions to Settlement have been satisfied in respect of the Nth Reference Entity where the Credit Event is a Restructuring Credit Event, no further Credit Event Notices may be delivered in respect of any other Reference Entity (save to the extent that the Credit-Linked Notes are deemed to have been divided into new Credit-Linked Notes pursuant to Credit-Linked Condition 6).

If any Credit-Linked Note is subject to partial redemption in accordance with this Credit-Linked Condition 8, the relevant Credit-Linked Note or, if the Credit-Linked Notes are represented by a Global Note, such Global Note shall be endorsed to reflect such partial redemption.

For the avoidance of doubt, this Credit-Linked Condition 8 shall not be applicable in respect of a Reference Entity for which Restructuring is an applicable Credit Event and neither "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" nor "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type.

(b) Restructuring Maturity Limitation and Fully Transferable Obligation

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in a Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Issuer to form part of the related Valuation Obligations Portfolio only if it:

- (i) is a Fully Transferable Obligation; and
- (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

(c) Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in the Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Issuer to form part of the related Valuation Obligations Portfolio, only if it:

- (i) is a Conditionally Transferable Obligation; and
- (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

In the event that the requisite consent in relation to a Deliverable Obligation which is a Conditionally Transferable Obligation is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason) or is not received by the Physical Settlement Date, the Issuer shall, as soon as reasonably practicable, notify the relevant Noteholders of such refusal (or deemed refusal) and:

- (x) each such Noteholder may designate a third party (which may or may not be an Affiliate of such Noteholder) to take Delivery of the Deliverable Obligation on its behalf; and
- (y) if a Noteholder does not designate a third party that takes Delivery on or prior to the date which is three CLN Business Days after the Physical Settlement Date, then the Issuer will redeem the Notes which have not been Delivered by payment of the relevant Partial Cash Settlement Amount to such Noteholder.

(d) Multiple Holder Obligations

Notwithstanding anything to the contrary in the definition of "Restructuring" and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a)(i) to (iii) (inclusive) thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation, provided that any obligation that is a Bond shall be deemed to satisfy the requirements of sub-paragraph (b) of the definition of "Multiple Holder Obligation".

9. Miscellaneous Provisions relating to Credit-Linked Notes

In performing its duties pursuant to the Credit-Linked Notes, the

Calculation Agent shall act in its sole and absolute discretion and, unless otherwise expressly stated, is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. Whenever the Calculation Agent is required to make any determination it may, inter alia, decide issues of construction and legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit-Linked Notes including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the Issuer or the Guarantor (if applicable) shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

(b) Change in Standard Terms and Market Conventions

The Calculation Agent, acting reasonably, may (but shall not be obligated to) modify these Credit-Linked Conditions from time to time with effect from a date designated by the Calculation Agent to the extent necessary to ensure consistency with prevailing market standards or market trading conventions, which are, pursuant to the agreement of the leading dealers in the credit derivatives market or any relevant committee established by ISDA, a market-wide protocol, any applicable law or regulation or the rules of any applicable exchange or clearing system, applicable to any Notional Credit Derivative Transaction or Hedge Transaction entered into prior to such date or terms thereof. The Calculation Agent shall notify the Issuer and the Noteholders as soon as reasonably practicable upon making any such determination. For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend pursuant to this Credit-Linked Condition 9(b) any of the terms and conditions of the Credit-Linked Notes other than the Credit-Linked Conditions.

(c) Delivery of Notices

As soon as reasonably practicable after receiving a Credit Event Notice or Notice of Publicly Available Information from the Calculation Agent, the Issuer shall promptly inform, or shall procure that the Calculation Agent informs, the Noteholders in accordance with Condition 13. Resolutions of the Credit Derivatives Determinations Committee are, as of the date hereof, available on ISDA's website (www.isda.org/credit).

(d) Effectiveness of Notices

Any notice referred to in Credit-Linked Condition 9(c) above which is delivered on or prior to 5:00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

"Accelerated or Matured" means an obligation under which the total amount owed, whether at maturity, by reason of acceleration, upon termination or otherwise (other than amounts in respect of default interest, indemnities, tax gross-ups and other similar amounts), is, or on or prior to the Delivery Date will be, due and payable in full in accordance with the terms of such obligation, or would have been but for, and without regard to, any limitation imposed under any applicable insolvency laws.

If an Accreting Obligation is expressed to accrete pursuant to a straight-line method or if such Obligation's yield to maturity is not specified in, nor implied from, the terms of such Obligation, then, for the purposes of (a)(ii) above, the Accreted Amount shall be calculated using a rate equal to the yield to maturity of such Obligation. Such yield shall be determined on a semi-annual bond equivalent basis using the original issue price of such obligation and the amount payable at the scheduled maturity of such obligation, and shall be determined as of the earlier of (x) the date on which any event occurs that has the effect of fixing the amount of a claim in respect of principal and (y) the Delivery Date or applicable Valuation Date, as the case may be. in a form that binds all holders of such Obligation, and such event is not expressly provided for under the terms of such Obligation in effect as of the later of the Credit Event Backstop Date and the date as of which such Obligation is issued or incurred:

- (i) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals;
 - (ii) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates;
 - (iii) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of principal or premium;
 - (iv) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
 - (v) any change in the currency or composition of any payment of interest or principal to any currency which is not a Permitted Currency.
- (b) Notwithstanding the provisions of (a) above, none of the following shall constitute a Restructuring:
- (i) the payment in euros of interest or principal in relation to an Obligation denominated in a currency of a Member State of the European Union that adopts or has adopted the single currency in accordance with the Treaty on the Functioning of the European Union;
 - (ii) the occurrence of, agreement to or announcement of any of the events described in (i) to (v) (inclusive) above due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and
 - (iii) the occurrence of, agreement to or announcement of any of the events described (i) to (v) (inclusive) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity.
- (c) For the purposes of (a) and (b) above and Credit-Linked Condition 8(d), the term "Obligation" shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in relation to a Reference Entity, as provider of any Qualifying Guarantee. In the event that the Scheduled Maturity Date is later than:

- (a) either:
 - (i) the final maturity date of the Latest Maturity Restructured Bond or Loan, if any; or

(ii) the 2.5-year Limitation Date,

and, in either case, no Enabling Obligation exists; or

(b) the 20-year Limitation Date,

the Restructuring Maturity Limitation Date will be the Scheduled Maturity Date.

"Revised Currency Rate" means, with respect to a Replacement Deliverable Obligation specified in a NOPS Amendment Notice, the rate of conversion between the currency in which the Replaced Deliverable Obligation Outstanding Amount is denominated and the currency in which the Outstanding Amount of such Replacement Deliverable Obligation is denominated that is determined either:

(a) by reference to the Currency Rate Source as at the Next Currency Fixing time; or

(b) if such rate is not available at such time, by the Calculation Agent in a commercially reasonable manner after consultation with the parties.

"Specified Currency" means, for the purposes of determining compliance with the Obligations Characteristics and Deliverable Obligation Characteristics only an obligation that is payable in the currency or currencies specified as such in relation to a Reference Entity (or, if Specified Currency is specified in the Final Terms and no currency is so specified, any of the Standard Specified Currencies).

For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement arrangements shall not be taken into account, except that, notwithstanding the foregoing, priorities arising by operation of law shall be taken into account where the Reference Entity is a Sovereign.

"Substitute Reference Obligation" means one or more obligations of the Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in relation to a Reference Entity, as provider of any Qualifying Guarantee) that will replace one or more Reference Obligations, identified by the Calculation Agent in accordance with the following procedures:

- (a) In the event that:
 - (i) a Reference Obligation is redeemed in whole; or
 - (ii) in the opinion of the Calculation Agent:
 - (A) the aggregate amounts due under any Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments);
 - (B) any Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms, or
 - (C) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.
- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that:
 - (i) ranks pari passu (or, if no such Obligation exists, then, at the Issuer's option, an Obligation that ranks senior) in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligations and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date on which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such later date);

- (ii) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent, of the delivery and payment obligations of the Credit-Linked Notes; and
 - (iii) is an obligation of the relevant Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in relation to a Reference Entity, as provider of a Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
- (c) If more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.
- (d) If more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.
- (e) If:
- (i) more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for any of the Reference Obligations; or
 - (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to the Credit-Linked Notes, any of the events set forth under (a) above has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation, then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the Extension Date.
- (f) For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

"**succeed**" for the purposes of the provisions relating to the determination of Successor and the definitions of "Successor" and "Succession Event", means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to clause (a) of the definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

"**Succession Event**" means:

- (a) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement; or
- (b) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity.

Notwithstanding the foregoing, "Succession Event" shall not include an event:

- (i) in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event; or
- (ii) with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix), Tokyo time)).

"Succession Event Backstop Date" means:

- (a) for purposes of any event that constitutes a Succession Event in relation to the Reference Entity, as determined by DC Resolution, the date that is 90 calendar days prior to the Succession Event Resolution Request Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix), Tokyo time)); or
- (b) otherwise, the date that is 90 calendar days prior to the earlier of:

 - (C) the Issuer and/or the Calculation Agent determines, not more than fifteen CLN Business Days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters, that a Succession Event has occurred.

The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention unless the parties specify in the Final Terms that the Succession Event Backstop Date will be adjusted in accordance with a specified Business Day Convention.

"Succession Event Resolution Request Date" means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

 - (i) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event; or
 - (ii) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

"Successor" means in relation to any Reference Entity, each Successor that ISDA has publicly announced, including prior to the Trade Date, that the relevant Credit Derivatives Determinations Committee has Resolved is a Successor to the original Reference Entity pursuant to a Succession Event that occurred on or following the Succession Event Backstop Date in accordance with the Rules; or if no Successor has been identified by a Credit Derivatives Determinations Committee:

- (a) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set out below:

- (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor in respect of the relevant Reference Entity;
 - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor in respect of the relevant Reference Entity;
 - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remains with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor;
 - (iv) if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor;
 - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor; and
 - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor.
- (b) in relation to a Sovereign Reference Entity, any direct or indirect successor(s) to that Reference Entity irrespective of whether such successor(s) assumes any of the obligations of such Reference Entity.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set out in (a)(i) to (vi) (inclusive) above have been met, or which entity qualifies under (a)(vi) above, as applicable. In calculating the percentages used to determine whether the relevant thresholds set out in (a) above have been met, or which entity qualifies under (a)(vi) above, as applicable; provided that the Calculation Agent will not make such determination if, at such time, either:

- (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraph (a) above and sub-paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor); or
- (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event for purposes of any Hedge Transaction has occurred.

In calculating the percentages used to determine whether the relevant thresholds set forth above have been met, or which entity qualifies under sub-paragraph (a)(vi) above, as applicable, the Calculation Agent shall use, with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the parties of such calculation, the Calculation Agent shall use, with respect to each

applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer and the Noteholders of such calculation.

- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds,

"Valuation Obligations Portfolio" means one or more Valuation Obligations of a Reference Entity selected by the Calculation Agent in its discretion, each in an Outstanding Principal Balance selected by the Calculation Agent in its sole and absolute discretion provided that the aggregate of such Outstanding Principal Balances (or in each case the equivalent in the Specified Currency thereof (converted at the foreign exchange rate prevailing on any date from (and including) the Event Determination Date to (and including) the Valuation Date, as selected by the Calculation Agent in its sole and absolute discretion)), shall not exceed the relevant Reference Entity Notional Amount.

ANNEX TO PART 5: CREDIT-LINKED NOTES

AUCTION SETTLEMENT TERMS ANNEX

If an Event Determination Date occurs with respect to the Credit-Linked Notes and Auction Settlement applies, the Settlement Amount with respect to the Credit-Linked Notes may be calculated based on the Auction Final Price for the Reference Entity (if any). This Annex contains a summary of certain provisions of the Form of Credit Derivatives Auction Settlement Terms set forth at Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") on 12 March 2009 (the "**Form of Auction Settlement Terms**") and is qualified by reference to the detailed provisions thereof and is subject to amendment from time to time in accordance with the Rules, including any amendment following the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement dated 14 July 2009, as published by ISDA (the "**July 2009 Supplement**"). The July 2009 Supplement extended the auction hardwiring process to Restructuring credit events. Following a Restructuring credit event, more than one auction may be held and there may be more than one Auction Final Price and credit default swaps are grouped into buckets by maturity and depending on which party triggers the credit default swap. Deliverable obligations will be identified for each bucket (any deliverable obligations included in a shorter bucket will also be deliverable for all longer buckets). If the Credit Derivatives Determinations Committee determines to hold an auction for a particular bucket, then that auction will be held according to the existing auction methodology that has previously been used for Bankruptcy and Failure to Pay credit events as described in the summary below, except that the deliverable obligations will be limited to those falling within the relevant maturity bucket.

The following does not purport to be a complete summary and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the "**Auction Methodology**"). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Credit-Linked Notes. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is also currently available at www.isda.org.

Noteholders should be aware that this summary of the Form of Auction Settlement Terms is accurate only as of the date hereof and the Form of Auction Settlement Terms may be amended from time to time without consultation with Noteholders. At any time after the date hereof, the latest Form of Auction Settlement Terms will be available on the ISDA website at www.isda.org (or any successor website thereto). Further, notwithstanding the fact that the Form of Auction Settlement Terms (as may be amended from time to time) appears on the ISDA website, Noteholders should note that the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and that this summary may therefore not be accurate in all cases.

Capitalized terms used but not defined in this summary have the meaning specified in the Rules and the Form of Auction Settlement Terms. All times of day in this summary refer to such times in London.

Publication of Credit Derivatives Auction Settlement Terms

Pursuant to the Credit Derivatives Determinations Committees Rules set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on March 12, 2009) (the "**Rules**"), a Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an "**Affected Reference Entity**") and that one or more auctions will be held in order to settle affected transactions referencing such Affected Reference Entity based upon an Auction Final Price determined in accordance with an auction procedure as set forth in the Form of Auction Settlement Terms (each, an "**Auction**"). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms. In doing so, the Credit Derivatives Determinations Committee will make several related determinations, including the date on which the Auction will be held (the "**Auction Date**"), the institutions that will act as participating bidders in the Auction (the "**Participating Bidders**") and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

Auction Methodology

Determining the Auction Currency Rate

On the Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (each, a "**Relevant Pairing**") by reference to a Currency Rate Source or, if such Currency Rate Source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing. If rates of conversion are sought from Participating Bidders and more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.

Initial Bidding Period

During the Initial Bidding Period, Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the designated Maximum Initial Market Bid-Offer Spread and must be an integral multiple of the Relevant Pricing Increment (each as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity). The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as seller (in which case, such commitment will be a "**Physical Settlement Buy Request**") or as buyer (in which case, such commitment will be a "**Physical Settlement Sell Request**"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradeable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts shall be used by ISDA to defray any costs related to any auction that ISDA has coordinated, or that ISDA will in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

Submission of Limit Order Submissions

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

Matching bids and offers

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

(a) Auction Final Price when the Open Interest is Filled

The Auction Final Price will be the price associated with the matched Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest matched bid exceeds the Initial Market Midpoint by more than the "Cap Amount" (being the percentage that is equal to one half of the Maximum Initial Market Bid-Offer Spread (rounded to the nearest Relevant Pricing Increment)), then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the Initial Market Midpoint exceeds the price associated with the highest offer by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount.

(b) Auction Final Price when the Open Interest is Not Filled

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) zero, and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

100 per cent. Cap to Auction Final Price

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

Publication of Auction Final Price

At or prior to the Subsequent Bidding Information Publication Time on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical

Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

Execution of Trades Formed in the Auction

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations pursuant to a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such Deliverable Obligations will be sold to the buyer in exchange for payment of the Auction Final Price.

Timing of Auction Settlement Provisions

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity.

USE OF PROCEEDS

The net proceeds from the issue of the Notes by Fortis Bank will be used by it to meet part of its financing requirements and for general corporate purposes and the net proceeds from the issue of the Notes issued by BP2F will be lent to the Guarantor, to be used by the Guarantor for the same purposes.

SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES

Notes deposited with a common depositary for Euroclear, Clearstream, Luxembourg

Each Series or Tranche, as the case may be, where the Notes issued in such Series or Tranche are initially in bearer form, will, unless otherwise provided in the relevant Final Terms initially be represented by a temporary Global Note, in bearer form without Coupons, with the Guarantee of the Guarantor endorsed thereon. Each temporary Global Note or, as the case may be, permanent Global Note (each a “**Global Note**”) which is not intended to be issued in new global note (“**NGN**”) form, as specified in the relevant Final Terms will be deposited on behalf of the subscribers of the relevant Notes (i) with a common depositary (the “**Common Depositary**”) for Euroclear and/or for Clearstream, Luxembourg, (ii) and/or any other relevant clearing system, or (iii) as otherwise agreed, on or about the issue date of the relevant Notes, and (only in the case of Notes issued by BP2F) each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg. The NGN form has been introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “**Eurosystem**”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time.

No interest will be payable in respect of a temporary Global Note except as provided below. Upon deposit of the temporary Global Note(s) with the Common Depositary, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear or Clearstream, Luxembourg or any other relevant clearing system will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system as the holder of a Note represented by a Global Note must look solely to Euroclear or Clearstream, Luxembourg (as the case may be) for his share of each payment made by the relevant Issuer to the bearer of such Global Note, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg and any other relevant clearing system. Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and the obligations of such Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

The temporary Global Notes and the permanent Global Notes contain provisions which apply to the Notes while they are in global form, some of which modify the effect of the terms and conditions of the Notes set out in this document. The following is a summary of certain of those provisions:

(1) *Exchange*: Each temporary Global Note will be exchangeable in whole or in part (A) for interests in a permanent Global Note upon (i) in the case of a CGN, presentation and (in the case of final exchange) surrender of the Temporary Global Note at the Specified Office of the Fiscal Agent, and (ii) in the case of partial exchange of a NGN, confirmation from the common service provider that Euroclear and Clearstream, Luxembourg have made appropriate entries in their records to reflect the relevant exchange and, in the case of final exchange of a NGN surrender of the Temporary Global Note at the Specified Office of the Fiscal Agent or destruction of the Temporary Global Note by the common safekeeper in accordance with the Agency Agreement, or (B) for Definitive Notes, in each case, with the Guarantee of the Guarantor endorsed thereon, on or after the first day following the expiry of 40 days after completion of the distribution of the relevant Tranche upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. If the relevant Final Terms so provides, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for definitive Notes by the holder giving notice to the Fiscal Agent, or by the relevant Issuer giving notice to the Fiscal Agent and the Noteholders, of its intention to exchange such permanent Global Note for definitive Notes as set out below.

(A) If so specified in the relevant Final Terms (i) on or after any Exchange Date (as defined below) or (ii) at any time or (B) if the Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then upon the request of the holder of the permanent Global Note if either of the following events occurs: (a) if Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 9 occurs, the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Fiscal Agent. In exchange for any permanent Global Note the relevant Issuer will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest

or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), with the Guarantee of the Guarantor endorsed thereon, security printed in accordance with any applicable legal and competent authority, stock exchange or quotation system requirements and in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange of each permanent Global Note, the relevant Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant definitive Notes.

“*Exchange Date*” means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and on which Euroclear and Clearstream, Luxembourg and any other relevant clearing system are open for business.

If the relevant Issuer is prevented as a result of any legal requirements from delivering, and procuring the delivery of, definitive Notes in exchange for temporary or permanent Global Notes as contemplated in the terms and conditions of the Notes, the relevant Issuer will use its best efforts to put in place an alternative arrangement which provides investors with the same economic results whilst complying with such legal requirements. Any physical delivery of Definitive Notes will be made outside Belgium.

(2) *Payments*: No payment falling due more than 40 days after the issue of any Tranche represented by a temporary Global Note will be made on that temporary Global Note unless exchange for an interest in a permanent Global Note is improperly withheld or refused. Payments on any temporary Global Note during the period up to 40 days after the completion of the distribution of such Tranche will only be made against presentation of certification as to non-U.S. beneficial ownership as set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to each Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes.

(3) *Notices*: So long as Notes of any Series are represented by a Global Note notices may be given by delivery of the relevant notice to Euroclear or Clearstream, Luxembourg or any other relevant clearing system for communication by them to entitled account holders in substitution for publication in a daily newspaper with general circulation in the United Kingdom, but publication in the *Luxemburger Wort* or the website of the Luxembourg Stock Exchange (www.bourse.lu) (in the case of Notes listed on the Official List and admitted to trading on the Luxembourg Regulated Market) and/or such other place as may be required by the rules and regulations of such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation will be maintained for so long as the Notes of the Series in respect of which the notice is to be published are admitted to listing on the official list and to trading on the Luxembourg Regulated Market and/or admitted to listing, trading and/or quotation by such other competent authority, stock exchange and/or quotation system.

(4) *Prescription*: Claims against the relevant Issuer in respect of principal and interest (as each is defined in the Conditions) on Notes while the Notes of that Series are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7).

(5) *Meetings*: The bearer of a Global Note will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, as having one vote in respect of each unit of currency relating to the principal amount of Notes (as set out in the relevant Final Terms or Drawdown Prospectus (as the case may be) held by such bearer for which such permanent Global Note may be exchanged).

(6) *Purchase and Cancellation*: Cancellation of any Note surrendered for cancellation by the relevant Issuer following its purchase will be effected by reduction in the principal amount of the relevant permanent Global Note.

(7) *Issuer's Option*: No selection of Notes by drawing lots will be required under Condition 5(e) in the event that the relevant Issuer exercises any option relating to those Notes while all such Notes which are outstanding are represented by a permanent Global Note. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with Euroclear and Clearstream, Luxembourg in respect of the Notes will be governed by the standard procedures of Euroclear and Clearstream, Luxembourg.

(8) *Noteholders' Option*: Any Noteholders' option may be exercised by the holder of a permanent Global Note giving notice to the Fiscal Agent of the principal amount of Notes in respect of which the option is exercised and presenting such permanent Global Note for endorsement of exercise within the time limits specified in the Conditions.

(9) *Default*: As more fully described in the Global Notes, each Global Note shall become void in whole or in part on the seventh day after notice is served by the person or persons shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system as the holder or holders of the Notes in respect of which notice is served (the "*Relevant Accountholder*") upon the occurrence of an event of default. In such circumstances each Relevant Accountholder shall acquire, under a deed of covenant dated 17 June 2011 executed by the Issuers and the Guarantor (the "*Deed of Covenant*") against the relevant Issuer and (in the case of Notes issued by BP2F) the Guarantor all rights which the Relevant Accountholder in question would have had if, immediately before the Global Note became void, it had been holder of definitive Notes issued on the issue date of the Global Note in an aggregate principal amount equal to the principal amount of the Notes in respect of which such Relevant Accountholder is shown in the records of Euroclear or Clearstream, Luxembourg or any other relevant clearing system.

(10) *Partly-paid Notes*: The provisions relating to Partly-paid Notes will be contained in the Global Notes. For so long as any installments of the subscription moneys due from the holder of Partly-paid Notes are due, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be). In the event that any Noteholder fails to pay any instalment due on any Partly-paid Notes within the time specified, the relevant Issuer will be entitled to forfeit such Notes and shall have no further obligation to their holder in respect of them.

(11) *Notes with a Specified Denomination of EUR 50,000*: In relation to any Notes with a Specified Denomination of EUR 50,000 and higher integral multiples of EUR 1,000, so long as such Notes are represented by a Temporary Global Note or Permanent Global Note and the relevant clearing system(s) so permit, such Notes will be tradeable only in the minimum authorised denomination of EUR 50,000 and higher integral multiples of EUR 1,000, notwithstanding that no definitive notes will be issued with a denomination above EUR 99,000.

Notes issued by Fortis Bank and clearing through the X/N System

If so provided in the relevant Final Terms, each Series or Tranche, as the case may be, issued by Fortis Bank, where the Notes issued in such Series or Tranche are initially in bearer form, will be represented by a permanent Global Note, in bearer form without Coupons, which will be deposited with the NBB as operator of the X/N System or its custodian on or about the issue date of the relevant Notes. Upon receipt of the permanent Global Note the NBB will credit the accounts of its participants, which include Euroclear's and Clearstream, Luxembourg's account, being an Exempt Account, in the X/N System with an aggregate amount equivalent to the principal amount of the permanent Global Note. Euroclear and Clearstream, Luxembourg will then credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. Notes issued by Fortis Bank and deposited with the NBB are recognised as eligible collateral for monetary policy of the Eurosystem and intra-day credit operations by the Eurosystem either upon issue or at any times during their life.

Ownership of beneficial interests in the permanent Global Note will be limited to persons who maintain accounts with the X/N System, Euroclear and Clearstream, Luxembourg or persons who hold interests through such persons and which are Eligible Investors holding the Notes in an exempt Notes account. Certain types of Belgian investors (being those that are not eligible for holding "X-accounts"), however, may not hold their Notes through Euroclear or Clearstream, Luxembourg (save if they do so through another intermediary financial institution which is also a participant in the X/N Clearing System and which will be responsible for the withholding of tax). Please refer to the section entitled "*Taxation — Belgium*" below. Ownership of beneficial interests in the permanent Global Note will be shown on, and the transfer of such interests will be effected only through, records maintained by the X/N System, Euroclear and Clearstream, Luxembourg and in accordance with the applicable procedures of the X/N System, Euroclear and Clearstream, Luxembourg.

Each of the persons shown in the records of the X/N System, Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in the permanent Global Note (each an "*Accountholder*") must look solely to the X/N System, Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by Fortis Bank to the bearer of such permanent Global Note and in relation to all other rights arising under the permanent Global Note. For so long as the Notes are represented by the permanent Global Note, Accountholders shall have no claim directly against Fortis Bank in respect of payments due under the Notes and such obligations of Fortis Bank will be discharged by payment to the bearer of the permanent Global Note.

The permanent Global Note contains provisions which apply to the Notes while in global form, some of which modify the effect of the terms and conditions of the Notes set out in this document. The following is a summary of certain of those provisions:

(1) *Exchange for definitive Notes*: If the relevant Final Terms so provide, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for definitive Notes by the holder giving notice to the Domiciliary Agent, or by the Issuer giving notice to the Domiciliary Agent and the Noteholders, of its intention to exchange such permanent Global Note for definitive Notes as set out below:

(A) If so specified in the relevant Final Terms (i) on or after any Exchange Date (as defined below) or (ii) at any time or (B) if the relevant Final Terms specifies “in the limited circumstances described in the Permanent Global Note”, then upon the request of the holder of the permanent Global Note if either of the following events occurs: (a) if the X/N System, Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 9 occurs, the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Domiciliary Agent. In exchange for any permanent Global Note Fortis Bank will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), security printed in accordance with any applicable legal and competent authority, stock exchange or quotation system requirements and in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange of each permanent Global Note, Fortis Bank will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant definitive Notes.

“*Exchange Date*” means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Domiciliary Agent is located and on which the X/N System, Euroclear and Clearstream, Luxembourg and any other relevant clearing system are open for business.

If the Issuer is prevented as a result of any legal requirements from delivering, and procuring the delivery of, definitive Notes in exchange for temporary or permanent Global Notes as contemplated in the terms and conditions of the Notes, the Issuer will use its best efforts to put in place an alternative arrangement which provides investors with the same economic results whilst complying with such legal requirements. Any physical delivery of Definitive Notes will take place outside Belgium.

(2) *Payments*: Payments in respect of the permanent Global Note will be made by or on behalf of the Issuer to the NBB for distribution to accountholders with the X/N System (in the case of payments in euro) or to Euroclear, Clearstream, Luxembourg and the Domiciliary Agent for distribution to the respective accountholders (in the case of payments in currencies other than euro).

(3) *Payment business day*: Subject as provided in the Conditions and the relevant Final Terms, while all the Notes are represented by the permanent Global Note and the permanent Global Note is deposited with the NBB or its custodian and cleared through the X/N System, all payments in respect of the permanent Global Note will be made on a day on which the X/N System is open. If payment is due on a day on which the X/N System is not open, the holder shall not be entitled to payment of the amount due until the next succeeding date on which the X/N System is open and shall not be entitled to any further interest or other payment in respect of any such delay.

(4) *Meetings*: The rights of accountholders with the X/N System, Euroclear, Clearstream, Luxembourg and/or any other clearing system (together, the “*Clearing Systems*”) in respect of meetings of Noteholders in relation to the Notes represented by the permanent Global Note will be governed by the standard procedures of such Clearing Systems and Belgian law. To the extent that the NBB does not attend and vote on behalf of Accountholders as instructed in accordance with the standard procedures of the Clearing Systems, Accountholder shall be entitled to attend and vote in such meetings in accordance with Belgian law and the Issuer shall recognise their entitlement accordingly. By accepting to hold the permanent Global Note, the NBB irrevocably authorises the Accountholders to act on its behalf in such circumstances.

(5) *Issuer’s Option*: In the event that any option of Fortis Bank is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with the X/N System, Euroclear and Clearstream, Luxembourg in respect of the Notes will be governed by the standard procedures of the NBB, as the operator of the X/N System, the Euroclear and Clearstream, Luxembourg or, in the absence of such procedures, accountholders shall have the same rights as though they held Definitive Notes in an aggregate principal amount equal to the principal amount of such accountholders’ entry in its securities account with such Clearing System in respect of the Notes represented by the permanent Global Note.

(6) *Noteholders' Option*: Any option of the Noteholders provided for in the Conditions may be exercised by accountholders directly as though they held Definitive Notes in an aggregate principal amount equal to the principal amount of such Accountholders' entry in its securities account with such Clearing System in respect of the Notes represented by the permanent Global Note.

(7) *Default*: As more fully described in the permanent Global Notes, each permanent Global Note shall become void in whole or in part on the seventh day after notice is served by the person or persons shown in the records of the X/N System, Euroclear or Clearstream, Luxembourg or any other relevant clearing system as the holder or holders of the Notes in respect of which notice is served (the "*Relevant Accountholder*") upon the occurrence of an event of default. In such circumstances each Relevant Accountholder shall acquire, under the Deed of Covenant against Fortis Bank all rights which the Relevant Accountholder in question would have had if immediately before the permanent Global Note became void, it had been holder of definitive Notes issued on the issue date of the permanent Global Note in an aggregate principal amount equal to the principal amount of the Notes in respect of which such Relevant Accountholder is shown in the records of the X/N System, Euroclear or Clearstream, Luxembourg or any other relevant clearing system.

(8) *Partly-paid Notes*: The provisions relating to Partly-paid Notes will be contained in the permanent Global Notes. For so long as any installments of the subscription moneys due from the holder of Partly-paid Notes are due, no interest in a permanent Global Note representing such Notes may be exchanged for definitive Notes. In the event that any Noteholder fails to pay any instalment due on any Partly-paid Notes within the time specified, the Issuer will be entitled to forfeit such Notes and shall have no further obligation to their holder in respect of them.

4. The businesses of Fortis Bank

BNP Paribas took control of Fortis Bank on 12 May 2009 and increased its stake in Fortis Bank to 74.93 per cent. on 13 May 2009. The Belgian State, through its holding and investment arm, SFPI/FPIM (the Federal Holding and Investment Company), owns 25 per cent. of Fortis Bank while the remaining 0.07 per cent. of shares are held by the public.

The integration with BNP Paribas is progressing faster than expected. After a needs analysis was carried out in 2009 and an overall ‘Industrial Plan’ drawn up detailing the necessary integration projects, the implementation phase was launched in earnest in 2010. All business lines and activities were impacted by the 1,150 projects designed to achieve practical integration. Total expected synergies were revised upwards from EUR 900 million to EUR 1,200 million in 2012.

Changes in the scope of Fortis Bank SA/NV during 2010 include, inter alia:

- Completion of the sale of Fortis Investments to BNP Paribas and its integration within BNP Paribas Investment Partners SA, the Group’s worldwide asset management arm.
- Fortis Bank took a 33.33% stake in BNP Paribas Investment Partners SA (28.22% directly and 5.11% through BGL BNP Paribas) and maintained unchanged its 25% + 1 share interest in AG Insurance, Belgian market leader in the insurance sector. The bank entered into a strategic partnership with AG Insurance in 2009 and the partnership agreement, which is due to run until at least 2020, provides for the distribution of AG Insurance products via BNP Paribas Fortis branches and Fintro intermediaries.

- BGL BNP Paribas (in which Fortis Bank SA/NV has a share of 50%) took a stake amounting to 33.33% + 1 share in BNP Paribas Leasing, a French holding company which has ownership of all the leasing companies in the BNP Paribas Group.
- In June 2010, BNP Paribas Fortis, the controlling shareholder of Fortis Bank Turkey, and BNP Paribas and the Colakoglu Group, the controlling shareholders of Turk Ekonomi Bankasi (TEB), announced their decision to merge the 2 banks. The legal merger was completed on 14 February 2011.

(i) Retail & Private Banking

Retail Banking offers financial services to individuals, the self-employed, members of independent professions and small businesses. Over four million customers currently use Fortis Bank's integrated banking and insurance services, through proprietary and third-party networks, all embedded in a multi-channel environment. Operating through a variety of distribution channels in Belgium, Fortis Bank provides services and advice on every aspect of daily banking, saving, investment, credit and insurance to a clearly segmented customer base. Fortis Bank in Poland targets affluent customers and small businesses, as well as consumer finance and mass retail business. Lastly, Fortis Bank's postal banking activities in Belgium — through Banque de La Poste — allow the company to offer an expanding product portfolio through the respective post office networks.

With EUR 54.0 billion in assets under management as at 31 December 2010¹, the private bank is the largest private banking services provider in the Belgian market. The private bank has been reorganised, resulting in upgraded customer service and entails a new segmentation. Individual clients with assets of more than EUR 250,000 are eligible for private banking services. An expanded network of 36 private banking centres gives the 65,000 clients in this segment access to personalised services. Wealth Management caters to about 1,500 clients with potential assets of more than EUR 4 million. These clients are primarily served via two Wealth Management Centres, in Antwerp and Brussels.

Market position

- Market leadership in Belgium.²
- In Belgium 1,014 branches operating under the BNP Paribas Fortis brand are complemented by 311 franchises under the Fintro brand and 650 points of sale of the 50/50 joint venture with Banque de La Poste.
- In Belgium, a network of 4,200 ATMs (cash withdrawals and deposits, non-cash machines and bank statement providers), online banking facilities (1.3 million users) and phone banking are linked up in the client relationship management (CRM) platform.

Key developments in 2010

- Belgium:
 - Strong progress in attracting new funds. The most significant growth engine was the Online Premium Savings Account, which was launched in December 2009.
 - Significant growth in business lending and in mortgage lending, with a rising market share. There was also an upswing in demand from small businesses.
 - Upgrade of the branch network (EUR 150 million investment until 2012) with the branch acting as the single local access point for all services, combining proximity and expertise.
 - Better knowledge of the client and better information sharing via Customer Relationship Model, leading to full application of the multi-channel model. Noteworthy here are the re-vamped, user-friendly website and the launch of Mobile Banking.

- Sustained customer satisfaction drive with notably higher customer satisfaction ratings in 2010 than in 2009, with expressions of satisfaction back up to pre-crisis levels.
- Significant efforts were made in the field of communication in order to regain public trust and create a distinctive BNP Paribas Fortis identity.

- **Poland:**

In 2010, Fortis Bank Polska resumed an active lending strategy towards its clients in individual and institutional with a campaign designed to support the financing of investments and current needs of both existing and new clients. The bank also signed an agreement with the European Investment Bank to finance investment of local corporates.

The bank continued to improve the competitiveness and breadth of its products for individual clients, be it mortgage loans, consumer loans, car loans or savings and investment products.

The perimeter of Fortis Bank Polska's activities changed in the first half of 2010 when the Polish Financial Supervision Authority gave its consent to acquire part of the business of the BNP Paribas Branch in Poland. The BNP Paribas Branch in Poland focuses now on the largest Polish corporations and institutions and sophisticated investment banking products, while Fortis Bank Polska provides services to large enterprises (both Polish and international), mostly in terms of banking services, plain vanilla financing, leasing, cash management and global trade services.

In June 2010 the Polish Financial Supervision Authority agreed to the transformation of Fortis Private Investments Polska SA (a 100% subsidiary of Fortis Bank Polska) into an asset management company ('Towarzystwo Funduszy Inwestycyjnych').

- **Turkey:**

Fortis Bank Turkey continued to develop its retail business with a strong emphasis on mortgage loans and personal loans, and a segmented offering in the SME market. The ATM network expanded significantly with, amongst others, the installment of 400 merchant ATM's in the Migros supermarket chain. Alternative distribution channels were further developed with new applications for internet and mobile banking, more particularly in the fields of loans, credit cards and deposits. In Corporate Banking margins suffered due to the high competition, but results were favorably impacted by high recoveries of loan loss provisions booked in 2009 and by almost no new provisions. Further decreasing interest rates in Turkish lira influenced positively the market activities, but had a negative impact on the commercial income.

In June 2010, BNP Paribas Fortis, the controlling shareholder of Fortis Bank Turkey, and BNP Paribas and the Colacoglu Group, the controlling shareholders of Turk Ekonomi Bankasi (TEB), announced their decision to merge the 2 banks. After having received the approval of the competent Turkish authorities, the two banks completed the legal merger on 14 February 2011. The merged bank ranks 9th in the Turkish banking sector in terms of loans and deposits market share. The operational merger is expected to be completed by the end of 2011.

(iii) Corporate & Public Banking and Corporate & Investment Banking

Corporate & Public Banking offers a comprehensive range of local and international financial services to Belgian enterprises, public entities and local authorities. The offering includes domestic banking products, specialist financial skills, and securities, insurance and real estate services. Skills include specialist ones such as trade services, cash management, factoring and leasing, as well as M&A and capital markets.

A central team of corporate bankers, relationship managers and skills officers ensure that Fortis Bank stays close to the market. This team, combined with the European network of business centres managed within Corporate & Investment Banking, enables the bank to offer unified commercial management to its Belgian clients locally and abroad. The competence centre Global Factoring serves Retail, Commercial Banking and Corporate clients, providing them with domestic and multi-domestic factoring solutions throughout Europe, including financing, debt collection and accounts receivable management.

Corporate & Investment Banking (CIB) offers its clients (in Belgium and in Europe) a full access to BNP Paribas CIB's product portfolio. It consists of six business lines: Capital Markets, Structured Finance, Corporate Finance & Equity Capital Markets, Private Equity, Institutional Banking Group Europe, and Corporate Finance.

Capital Markets: a sustainable Capital Markets platform, focused on client-driven activities, is maintained in Brussels, with the objective to offer an enlarged product range through access to BNP Paribas platforms. In Fixed Income, Capital Markets serves mainly Belgian clients, with Fixed Income Trading desks also quoting flows from European Midcaps (clients of Corporate & Transaction Banking Europe). In Equity Derivatives, the focus is on serving Belgian clients, while some trading activity is maintained.

Structured Finance gathers the activities of Corporate Acquisition Finance, Leveraged Finance, Export Finance and Project Finance. A new regional platform for CIB is developed in Belgium, to serve clients the Benelux countries, Northern & Central Europe (including Greece) and Turkey (BNCET platform). The team in Brussels also manages the Public-Private Partnership financing for all Europe, leveraging expertise in this domain.

Corporate Finance is active in Merger & Acquisition Advisory and in Equity Capital Markets. Corporate Finance focuses on Belgian clients.

Private Equity continues to support the Belgian economy by investing in capital and mezzanine, allowing us to help our clients in their external development.

Institutional Banking Group Europe is responsible for the relationship management with financial institutions. It promotes flow banking and plain vanilla products.

Corporate & Transaction Banking Europe is an integrated banking network focused on servicing large mid-caps and international clients, and in particular subsidiaries of CIB clients throughout Europe. CTBE delivers daily banking products and services (Vanilla loans, Cash Management, Trade services, flow-hedging products, and when available leasing, factoring and Investment Solutions products) to well-known corporate and financial institution clients in 16 non-domestic countries in Europe through a network of more than 30 Business Centres, for proximity with clients. Corporate & Transaction Banking Europe operates in close collaboration with two Competence Centres based in Belgium and operating for the whole BNP Paribas group: Cash Management and Global Trade Solutions. Cash management provides companies with liquidity management services, as corporates are increasingly looking for global and homogeneous solutions at European level (e.g., SEPA solutions, cash pooling, payment factories). Meanwhile, these companies continue to need comprehensive local offerings. Global Trade Solutions assists companies in their international trading activities, providing, for instance, international guarantees for commercial agreements between parties in different countries.

Market positions

- Strong leadership position in Belgium with more than 450 corporate clients and 34,100 midcaps, and a challenger in public banking (1,300 clients).
- High penetration rate among selected European customers (e.g. internationally active SMEs).

5. Fortis Bank NV/SA 2010 Financial Results¹

BNP Paribas Fortis delivered in 2010 a net profit attributable to shareholders of EUR 1,907 million. This positive result is due to a good commercial performance, low level of impairments and a EUR 970 million result on discontinued operations. The consolidated profit before discontinued operations amounted to EUR 1,180 million². The rescoping of the bank went according to

¹ The Consolidated Financial Statements of Fortis Bank for the year ended 31 December 2010 are drawn up in alignment with the presentation used for the Consolidated Financial Statements of the parent company BNP Paribas, which differs significantly from the presentation used for the Consolidated Financial Statements of Fortis Bank for the year ended 31 December 2009. To facilitate the comparison between both financial years, Fortis Bank has restated the Consolidated Financial Statements of 2009 in accordance with the new presentation. The comments on the changes (2010 vs 2009) have to be understood based on the restated figures.

² The consolidated profit before discontinued operations of EUR 1,180 million, leads as follows to the net profit attributable to shareholders of EUR 1,907 million:

plan in 2010 with a positive impact on the results of the year and is now almost completed, which will lead to significant lower contributions of one-off operations to future results.

- Net interest income amounted to EUR 3,661 million, up 19% in comparison to 2009 thanks to strong volume growth in retail banking in Belgium and Luxembourg, lower funding costs and the inclusion of new entities in the consolidation scope (mainly TEB Bank in Turkey and BNP Paribas Luxembourg).
- Net fee and commission income reached EUR 1,155 million in 2010, up EUR 99 million (9%) compared to 2009, thanks to a good performance in the Belgian retail activities with higher income from securities transactions and payment services.
- Total revenues amounted to EUR 5,379 million in 2010, up EUR 799 million (17%).
- Operating expenses arrived at EUR 3,823 million in 2010, reflecting a EUR 250 million or 7% increase mainly due to restructuring costs in the frame of integration to BNP Paribas Group and scope changes after TEB Bank and BNP Paribas Luxembourg entered in the scope in 2010. Excluding the exceptional elements, expenses increased slightly driven by increased spending on IT investments as part of the industrial plan and higher contributions to the deposit guarantee scheme in Belgium off-setting the decrease in staff expenses due to a lower average workforce.
- Depreciation charges came in at EUR 303 million, a 10% increase mainly driven by accelerated depreciation of branches in the frame of reshaping the retail distribution network in Belgium.
- Cost of risk was a net reversal of EUR 3 million in 2010, against an exceptionally high level of cost of risk in 2009 of EUR 1.8 billion. The evolution in 2010 in credit risk related impairments reflects the overall economic recovery and benefited from the release of collective and sector provisions on loans and structured credit instruments.

The balance sheet total of Fortis Bank amounted to EUR 348 billion at the end of 2010, EUR 80 billion (19%) lower compared to the end of 2009. The evolution is due to scope changes in the course of 2010 and to the further de-risking of the balance sheet (total assets excluding scope changes decreased by EUR 41 billion). From a geographical point of view and based on the location of the Fortis Bank entities, 78% of assets are located in Belgium, 10% in Luxembourg and 12% in other countries. The Luxembourg part of total assets doubled in 2010 (from 5% to 10%) mainly due to BNP Paribas Luxembourg entering the scope and being merged with BGL BNP Paribas.

The liquidity of Fortis Bank improved further in the course of 2010 due to increasing retail and private banking deposits. Solvency likewise remained very strong. At 31 December 2010, Fortis Bank's tier 1 capital ratio amounted to 16.5%, compared to 12.3% on 31 December 2009. At 31 December 2010, the total capital ratio stood at 22.6%, well above the regulatory required minimum of 8%.

Administrative, management, and supervisory bodies conflicts of interests

Aside from the matter mentioned on pages 231-232 of the Fortis Bank Annual Report 2010 (incorporated by reference into the Base Prospectus), being the 'Indemnification of Directors' which were decisions of the Board of 2 December 2010 and 13 January 2011, Fortis Bank has since then, to the best of its knowledge, not been notified by any of its directors that they were at a given moment in the position of having a conflict of interest within the meaning of article 523 of the Belgian companies Code.

Audit, Risk & Compliance Committee

In order to fulfill its role and responsibilities efficiently, the Board of Directors has set up an Audit, Risk & Compliance Committee ("ARCC"). The role of the ARCC is to assist the Board in fulfilling its supervision and monitoring responsibilities in respect of internal control in the broadest sense within Fortis Bank, including internal control over financial reporting and risk.

The ARCC shall monitor, review and make recommendations to the Board of Directors regarding audit and risk as described below.

Audit

- *the performance of the external audit process*: the ARCC oversees the work performed by the external auditors, reviews their audit plan, formally evaluates their performance at least once every three years against stated criteria and makes recommendations to the Board of Directors regarding their appointment or reappointment, mandate renewal and remuneration. The ARCC follows up on questions or recommendations of the external auditors. The ARCC also monitors the independence of external audit firms, including the review and approval of non-audit services provided to BNP Paribas Fortis;
- *the performance of the internal audit process*: the ARCC oversees the work performed by the internal audit department and endorses the annual audit plan, including focal point audit assignments, scope and audit budget. It monitors the follow-up that management gives to the internal audit's recommendations and takes part in the external quality assessment of the internal audit department organized at least once every five years and concurs in the appointment or dismissal of the General Auditor.

Risk

- *the major risk exposures of the Bank and the operation of internal risk management and control systems*, including supervision of the enforcement of the relevant legislation and regulations. This implies that the ARCC identifies and acknowledges major risk areas such as investment risk, credit risk, market risk and liquidity risk.

Compliance & Operational Risk

- *the coherence and effectiveness of the internal control system*: This includes the overseeing and

reviewing of the coherence and the effectiveness of the internal control system of BNP Paribas Fortis, through oversight and controls, more specifically with regard to its permanent control, the compliance of its activities with internal and external law and regulations and the protection of its reputation. This includes the supervision of operational risk management. The ARCC concurs in the appointment or dismissal of the Head of Compliance & Operational Risk (“Conformité”). The ARCC also regularly reviews the effectiveness of the BNP Paribas Fortis Internal Alert System.

Financial Reporting

- *the integrity of financial statements and of any report on BNP Paribas Fortis financial performance.*

This includes the consistent application of accounting principles (and changes thereto) and the quality of internal control over financial reporting;

- *the consolidation scope and accounting principles; and*
- *the Annual Report and the statements to be made by the Board of Directors therein as well as any external or official communication on the financial statements or the financial performance of BNP Paribas Fortis.*

The ARCC consists of at least three non-Executive Directors. At least half of its members should be independent directors. In case of a tied vote, the Chairman of the ARCC shall have a casting vote. Members of the ARCC need to have the necessary skills and competences in the field of accounting, audit and financial businesses. The presence of the necessary skills and competences is also judged at the level of the ARCC, not only on an individual basis. In accordance with article 526bis, §2 of the Belgian companies code, at least one member of the ARCC is both independent director and has the necessary skills and competences in the field of accounting, audit and financial business. All independent directors in the Fortis Bank ARCC comply with this rule.

Corporate governance

Fortis Bank generally complies with the principles and provisions of the Belgian corporate governance code of 2009 (the “Code”). Main differences relate to Principle 8 “Dialogue with shareholders”. The fact that Fortis Bank is not able to comply with all of the provisions of Principle 8 of the Code is related to the ownership of Fortis Bank. On the one hand the ‘free float’ is limited to 0.07% of the issued shares. At the other hand, there is the commercial and operational integration of Fortis Bank within its controlling shareholder BNP Paribas SA that holds 74.93% of the issued shares.

(“BGL”). Following the acquisition, a global integration project was initiated to organize the integration of Fortis Bank NV/SA and the BNP Paribas Group. The main purposes of the global integration project are to consolidate and integrate both groups, to streamline and simplify the group structure, to achieve synergies between the various activities of each group and to identify opportunities for value creation. DESCRIPTION OF THE GUARANTEE

1.1 Nature of the Guarantee

Fortis Bank NV/SA (the “**Guarantor**” or “**Fortis Bank**”) will, by the guarantee endorsed on the Notes (the “**Guarantee**”), guarantee the due and punctual payment of all amounts due by BNP Paribas Fortis Funding (the “**Issuer**”) under the Notes and coupons relating to them, when and as the same shall become due and payable, whether by declaration or acceleration or otherwise.

The Guarantee can be Senior, Senior Subordinated or Junior Subordinated, as described under Condition 3 as set out in the section entitled “*Terms and Conditions of the Notes*”.

1.2 Scope of the Guarantee

The scope of the relevant guarantee is defined under Condition 3 of the section entitled “*Terms and Conditions of the Notes*” and in the Deed of Guarantee.

2. Forms of Guarantee

In the case of Notes issued by BP2F, guaranteed by the Guarantor, the following forms of guarantees (as appropriate) will be appended to the relevant Global Note and endorsed thereon by the Guarantor.

Form of Senior Guarantee and Senior Subordinated Guarantee

FORTIS BANK NV/SA (the “Guarantor”) unconditionally and irrevocably guarantees to the holder of this Note (and, where relevant, the Coupons and/or Receipts appertaining hereto) the due and punctual payment, in accordance with the Terms and Conditions of the Notes (terms defined in the Terms and Conditions shall, insofar as the context so admits, have the same meaning when used herein and any reference herein to the “Terms and Conditions” is to the Terms and Conditions of the Notes set out in Schedule 2 of an amended and restated agency agreement dated 17 June 2011 between BNP Paribas Fortis Funding and Fortis Bank NV/SA (the “Issuers”), the Guarantor and BNP Paribas Securities Services, Luxembourg Branch as supplemented, amended and/or replaced by the Final Terms/Drawdown Prospectus), of the principal of, interest (if any) on, and any other amounts payable under, this Note upon the following terms:

- (1) In the event of any failure by BNP PARIBAS FORTIS FUNDING. (“BP2F”) to pay punctually any such principal, interest (if any) or other amount, the Guarantor agrees to cause each and every such payment to be made as if the Guarantor instead of BP2F were expressed to be the primary obligor of this Note or, as the case may be, of any Coupons and/or Receipts appertaining hereto to the intent that the holder shall receive the same amounts in respect of principal, interest (if any) or such other amount as would have been receivable had such payments been made by BP2F.*
- (2) The Guarantor agrees that its obligations under this Guarantee shall be ¹irrevocable, irrespective of the validity, regularity or enforceability of any Note or any Coupon and/or Receipt, the absence of any action to enforce the same, the recovery of any judgment against BP2F or any action to enforce the same or any other circumstance which might otherwise constitute a discharge or defence of a guarantor [and, in general, waives the benefit of Article 2037 of the Belgian Civil Code to the extent applicable]².*
- (3) The Guarantor confirms with respect to each Note (and Coupon and/or Receipt, if any) and the indebtedness evidenced thereby, that it does not have and will not assert as a defence to any claim hereunder any right to require any proceeding first against BP2F nor will it assert as a defence to any claim hereunder any lack of diligence, presentment to BP2F or the Paying Agents, any demand for payment from BP2F or the Paying Agents, any filing of claims with any court in the event of merger, insolvency or bankruptcy of BP2F, any protest, notice or any other demand whatsoever (other than a demand for payment of this Guarantee) and the Guarantor covenants that this Guarantee will not be discharged except by complete performance of the obligations contained in each Note (and Coupon and/or Receipt if any) and in this Guarantee.*

[(4) This Guarantee constitutes a direct, unconditional, irrevocable, unsubordinated and (subject to the provisions below) unsecured obligation of the Guarantor and ranks pari passu (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of the Guarantor.]³

² Delete if the Guarantee is a Senior Guarantee.

³ Delete if the Guarantee is a Senior Subordinated Guarantee.

[(4) This Guarantee constitutes a direct, irrevocable, subordinated and unsecured obligation of the Guarantor.

The rights and claims of the holder of this Note (and, where relevant, the Coupons and/or Receipts appertaining thereto) under or pursuant to this Guarantee shall in the event of a concours de tous les créanciers sur l'ensemble de patrimoine/samenloop van alle schuldeisers op het geheel van het vermogen (competition between all creditors over all assets) (including faillite/faillissement (bankruptcy) and liquidation volontaire ou forcée/vrijwillige of gedwongen vereffening (voluntary or compulsory liquidation)) of the Guarantor or any other event under Belgian Law having equivalent or similar effect, be irrevocably subordinated in right of payment to the claims of the depositors and the Senior Creditors and by the holding of this Note, the holder hereof hereby irrevocably waives its right to equal treatment with such depositors and Senior Creditors.

Accordingly, in any such event, the liabilities of the Guarantor under or pursuant to this Guarantee shall not be required to be satisfied until satisfaction of all indebtedness of the Guarantor to the depositors and the Senior Creditors or the amount necessary for that purpose shall have been deposited in consignment.

For the avoidance of doubt, the rights and claims of the holder of this Note (and, where relevant, the Coupons and/or Receipts appertaining hereto) under or pursuant to this Guarantee shall rank at least pari passu and shall not be subordinated to other claims against the Guarantor which are subordinated (or expressed by their terms to be subordinated) in right of payment.

For the purpose of this paragraph 4, "Senior Creditors" means creditors (whether secured or unsecured) of the Guarantor, the claims of which against the Guarantor are not subordinated in right of payment within the meaning set forth in this paragraph 4 regardless of whether such claims existed at the date hereof or arose subsequent hereto and regardless of whether such claims pertain to indebtedness with fixed or undetermined maturity date.]⁴

(7) This Guarantee and all non-contractual obligations arising out of or in connection with it are governed by Belgian law.]⁶

Form of Junior Subordinated Guarantee

FORTIS BANK NV/SA (the “**Guarantor**”) as primary obligor guarantees to the holder of this Note (and, where relevant, the Coupons and/or Receipts appertaining hereto) as a continuing guarantee the due and punctual payment, in accordance with the Terms and Conditions of the Notes (terms defined in the Terms and Conditions shall, insofar as the context so admits, have the same meaning when used herein and any reference herein to the “Terms and Conditions” is to the Terms and Conditions of the Notes set out in Schedule 2 of an amended and restated agency agreement dated 17 June 2011 between BNP Paribas Fortis Funding and Fortis Bank NV/SA, the Guarantor and BNP Paribas Securities Services, Luxembourg Branch as supplemented, amended and/or replaced by the Final Terms/Drawdown Prospectus) of all amounts payable by BNP PARIBAS FORTIS FUNDING (“**BP2F**”) on or in respect of the Notes and/or Coupons and/or Receipts upon the following terms:

- (1) If and each time that BP2F shall fail to make any payments as and when the same become due, the Guarantor will, subject as provided below, on demand (without requiring the Noteholder and/or Couponholder and/or Receiptholder first to take steps against BP2F or any other person) pay to the Noteholder and/or Couponholder and/or Receiptholder the amounts so payable by BP2F. In this connection the Guarantor waives its rights under Articles 2021 and 2037 of the Belgian Civil Code.
- (2) The obligations of the Guarantor under this Guarantee shall not be affected by any matter or thing which but for this provision might operate to affect the obligations including, without limitation, (i) any time or indulgence granted to or composition with BP2F or any other person, (ii) the taking, variation, renewal or release of remedies or securities against BP2F or any other person, or (iii) any unenforceability or invalidity.
- (3) Where any discharge (whether in respect of the obligations of BP2F or any security for the obligations of BP2F or otherwise) is made in whole or in part or any arrangement is made on the faith of any payment, security or other disposition which is avoided or must be repaid on bankruptcy, liquidation or otherwise without limitation, the liability of the Guarantor under this Guarantee shall continue as if there had been no discharge or arrangement. The holder of any Note and/or Coupon and/or Receipt acting bona fide and in good faith, shall be entitled to concede or compromise any claim that any payment, security or other disposition is liable to avoidance or repayment.
- (4) This Guarantee constitutes a direct, unsecured and subordinated obligation of the Guarantor, conditional as described below, and will rank (i) *pari passu* without any preference among the other obligations of the Guarantor, including the Guarantees of the Notes, which are or are expressed to be subordinated to the unsecured subordinated obligations of the Guarantor but not further or otherwise (“**Junior Subordinated Obligations**”), (ii) junior to all present and future unsecured obligations of the Guarantor which are or are expressed to be subordinated to the unsecured, unsubordinated obligations of the Guarantor but not further or otherwise (“**Senior Subordinated Obligations**”), (iii) at least equally and rateably with all other present and future obligations of the Guarantor which rank or are expressed to rank junior to the Senior Subordinated Obligations, and (iv) in priority to the rights and claims of holders of all classes of equity (including holders of preference shares (if any)) issued by the Guarantor, subject to mandatory provisions of Belgian law.

Claims in respect of this Guarantee are subordinated to the claims of Senior and Subordinated Creditors and payments in respect of this Guarantee are conditional upon the Guarantor being solvent at the time of payment by the Guarantor and no amount shall be due and payable in respect of this Guarantee except to the extent that the Guarantor could make such payment in whole or in part, rateably with payments in respect of Other *Pari Passu* Claims and still be solvent immediately thereafter.

For the purposes of this Guarantee, the Guarantor shall be solvent if (i) it is able to pay its debts as they fall due and (ii) its Assets exceed its Liabilities (other than its Liabilities to persons who are not Senior and Subordinated Creditors). A report as to the solvency of the Guarantor by two directors of the Guarantor or by the auditors of the Guarantor or (if the Guarantor is in winding-up, liquidation or bankruptcy) the liquidator of the Guarantor, shall in the absence of proven error, be treated and accepted by BP2F, the Guarantor, the Noteholders, the Couponholders and the Receiptholders (if any) as correct and sufficient evidence thereof.

For the purpose of this Guarantee, “**Senior and Subordinated Creditors**” means, in relation to the Guarantor, all creditors of the Guarantor other than creditors whose claims are in respect of: (i) any class of equity (including preference shares), subject to mandatory provisions of Belgian law, or (ii) unsecured, subordinated obligations which are or are expressed to be subordinated to the Senior Subordinated Obligations of the Guarantor or (iii) any other obligations which rank or are

expressed to rank either *pari passu* with or junior to the claims of the Noteholders, Couponholders and Receiptholders (if any) under this Guarantee; “**Assets**” means the total assets of the Guarantor and “**Liabilities**” means the total liabilities of the Guarantor, each as shown by the latest published audited balance sheet of the Guarantor but adjusted for contingencies and for subsequent events, all valued in such manner as such directors, auditors or liquidator (as the case may be) may determine; and “**Other Pari Passu Claims**” means claims of creditors of the Guarantor which are subordinated so as to rank or are expressed to rank *pari passu* with the claims of the Noteholders, Couponholders and Receiptholders (if any) under this Guarantee.

- (5) In the event of an order being made or an effective resolution being passed for the winding-up, liquidation or bankruptcy of BP2F, then immediately thereupon and without further formality the Guarantor shall become the principal debtor under the Notes in place of BP2F and this Guarantee shall cease to be of any effect and the Noteholders, Couponholders and Receiptholders (if any) shall cease to have any rights or claims whatsoever against BP2F, **provided that:**
 - (i) the obligations of the Guarantor as principal debtor as aforesaid shall be subordinated to the same extent as its obligations under this Guarantee; and
 - (ii) no Noteholder, Couponholder or Receiptholder (if any) shall, as a result of any change in principal debtor as aforesaid, be entitled to claim from BP2F or the Guarantor any indemnification or payment in respect of any tax consequence of such change to individual Noteholders, Couponholders and Receiptholders (if any) except to the extent provided for by Condition 7.
- (6) Until all amounts which may be or become payable under this Guarantee have been irrevocably paid in full, the Guarantor shall not by virtue of this Guarantee be subrogated to any rights of any Noteholder, Couponholder or Receiptholder (if any) or claim in competition with any Noteholder, Couponholder or Receiptholder (if any) against BP2F.
- (7) The Guarantor agrees that it shall comply with and be bound by those provisions in the Terms and Conditions of the Notes which relate to it. In the event of any conflict between the provisions of this Guarantee and those of the Terms and Conditions of the Notes or of any other document or instrument executed and delivered pursuant to the Terms and Conditions of the Notes, the provisions of this Guarantee shall prevail.
- (8) This Guarantee and all non-contractual obligations arising out of or in connection with it are governed by Belgian law.

In witness whereof the Guarantor has caused this Guarantee to be duly executed.

The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including but not limited to, the legality of transactions involving the Notes.

Taxation in Belgium

The withholding tax treatment in Belgium of the Notes will be different depending on whether the issuer of the Notes is Fortis Bank or BP2F. Notes issued by Fortis Bank will hereafter be referred to as **“Belgian Notes”** while Notes issued by BP2F will be referred to as **“Foreign Notes”**.

Notes issued by Fortis Bank may be cleared through the X/N clearing system. The withholding tax treatment in respect of Notes cleared through the X/N system is different from that of other Notes and is set out below under the heading *“Withholding tax treatment applicable to Notes held in the X/N system”*.

- (a) Withholding tax treatment of Foreign Notes and Belgian Notes that are not held in the X/N system

Withholding tax treatment applicable to individuals resident in Belgium

Interest payments made to Belgian resident individuals will be subject to a 15 per cent. Belgian withholding tax. The same applies to interest on Foreign Notes if such interest is collected through a financial intermediary established in Belgium. In these cases the investors need not report the interest income in their annual tax return.

If the payment is not made through a Belgian intermediary and withholding tax is not withheld, the investors must report the interest income in their annual tax return and pay tax thereon at the rate of 15 per cent.

Other rules may apply if the Notes are held in the course of a business activity.

Withholding tax treatment applicable to Belgian corporations

The amount of interest on Belgian Notes is subject to a Belgian withholding tax of 15 per cent..

Interest on Foreign Notes that is collected through a financial intermediary established in Belgium is in principle also subject to Belgian withholding tax, but may benefit from an exemption if the company receiving the interest delivers a specific residence certificate. This withholding tax exemption does not apply to Zero Coupon Notes.

Withholding tax treatment applicable to non-profit entities

In the case of Belgian resident investors subject to the non-profit legal entities tax (*impôt des personnes morales / rechtspersonenbelasting*), interest payments on Belgian Notes will be subject to a 15 per cent. Belgian withholding tax. The same applies to interest on Foreign Notes if the payment is made through a financial institution or other intermediary established in Belgium. If the payment is not made through a Belgian intermediary and withholding tax is not withheld, the investor is itself liable for the withholding tax of 15 per cent..

Withholding tax treatment applicable to non-Belgian residents

Interest on Belgian Notes is subject to a withholding tax of 15 per cent unless the Noteholder has the benefit of a tax treaty which provides for an exemption or reduction from withholding tax. The income of Foreign Notes held by investors who are not residents of Belgium (unless these investors have a permanent establishment in Belgium through which they hold the Notes) will not be subject to Belgian withholding tax if the payments are not collected through a Belgian financial intermediary. Interest collected through regulated financial intermediaries is exempted from Belgian withholding tax provided that the investor delivers to its financial intermediary an appropriate certificate of exemption.

(b) Withholding tax treatment applicable to Notes held in the X/N system

The holding of the Notes in the NBB clearing and settlement system permits most types of investors (the “**Eligible Investors**”, see below) to collect interest on their Notes free of withholding tax, and to trade their Notes on a gross basis.

Participants in the NBB system must keep the Notes they hold for the account of Eligible Investors on so called “**X accounts**”, and those they hold for the account of non-Eligible Investors on “**N accounts**”. Payments of interest made through X accounts are free of withholding tax; payments of interest made through N accounts are subject to a withholding tax of 15 per cent., which the NBB deducts from the payment and pays over to the tax authorities. In the case of Notes issued at a discount, the difference between the issue price and the nominal amount constitutes interest for these purposes.

Transfers of Notes between an X account and an N account give rise to certain adjustment payments on account of withholding tax:

- A transfer from an N account to an X account gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date. The withholding tax is due in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.
- A transfer from an X account to an N account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date. The refund is payable in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.
- Transfers of Notes between two X accounts do not give rise to any adjustment on account of withholding tax.

These adjustment mechanics are such that parties trading the Notes on the secondary market, irrespective of whether they are Eligible or non-Eligible Investors, are in a position to quote prices on a gross basis.

The main categories of Eligible Investors are as follows:

- Belgian resident corporate investors;
- corporate investors who are non-residents of Belgium, whether they have a permanent establishment in Belgium or not;
- individuals who are non-residents of Belgium, unless their holding of the Notes is connected to a permanent establishment they have in Belgium; and
- non incorporated foreign collective investment schemes (such as *fonds communs de placement*) whose units are not publicly offered or marketed in Belgium.

The main categories of non-Eligible Investors are as follows:

- Belgian resident individuals;
- Belgian non profit organisations;

- Belgian organizations for the financing of pensions as meant in the law of 27 October 2006; and
- non incorporated Belgian collective investment schemes (*fonds communs de placement*) and similar foreign funds whose units are publicly offered or marketed in Belgium.

(The above categories summarise the detailed definitions contained in Article 4 of the royal decree of 26 May 1994, to which investors should refer for a precise description of the relevant eligibility rules.)

When opening a securities account for the holding of Notes or other securities kept in the NBB clearing and settlement system, investors are required to provide the financial institution where this account is kept with a statement as to their tax status. This statement need not be periodically reissued. No such statement is required of investors who are non-residents of Belgium and keep their Notes on a securities account through Euroclear or Clearstream, Luxembourg.]

Taxation in Luxembourg

The Issuers have been advised that under the existing laws of Luxembourg as currently applied by the Luxembourg tax authorities:

(a) Withholding Tax

All payments of interest and principal by the Issuers in the context of the holding, disposal, redemption or re-purchase of the Notes can be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein in accordance with applicable law, subject however to:

- (i) the application of the Luxembourg laws of 21 June 2005 implementing the European Union Savings Directive (please refer to the paragraph below entitled “*EU Savings Directive*”) and several agreements concluded with certain dependent or associated territories and providing for the possible application of a withholding tax (20 per cent. from 1 July 2008 to 30 June 2011 and 35 per cent. from 1 July 2011) on interest paid to certain non-Luxembourg resident investors (individuals and certain types of entities called “residual entities”) in the event of the Issuer appoint a paying agent in Luxembourg within the meaning of the above-mentioned directive (for more information, please refer to the paragraph below entitled “*EU Savings Directive*”) or agreements; and
- (ii) the application of the Luxembourg law of 23 December 2005 which has introduced a 10 per cent. withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005 implementing the European Union Savings Directive (Council Directive 2003/48/EC) in respect of Luxembourg resident individuals acting in the course of their private wealth. This law applies to savings income accrued as from 1 July 2005 and paid as from 1 January 2006.

Pursuant to the law of 23 December 2005 as amended by the law of 17 July 2008, Luxembourg resident individuals can opt to self declare and pay a 10 per cent. tax on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an agreement directly relating to the EU Savings Directive (Council Directive 2003/48/EC) on the taxation of savings income.

The 10 per cent. withholding tax as described above or the 10 per cent. tax are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

Responsibility for the withholding of tax in connection with the above-mentioned Luxembourg laws of 21 June 2005 and 23 December 2005 shall be assumed by the Luxembourg paying agent within the meaning of these laws and not by the relevant Issuer.

(b) Taxes on Income and Capital Gains

A holder of Note who derives income from such Note or who realises a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on income or capital gains (subject to the application of the EU Savings Directive 2003/48/CE and

the law of 23 December 2005, which has introduced a 10 per cent final withholding tax on savings income as regards Luxembourg resident individuals) unless:

- (i) such holder is, or is deemed to be, resident in Luxembourg for Luxembourg tax purposes (or for the purposes of the relevant provisions);
- (ii) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg or a fixed base of business in Luxembourg.

(c) *Net Wealth Tax*

Luxembourg net wealth tax will not be levied on a holder of a Note unless:

- (i) such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions to the exception of the following entities that are net wealth tax exempt, being (i) undertakings for collective investment (UCITS) within the meaning of the law of 20 December 2002, (ii) investment company in risk capital (SICAR) within the meaning of the law dated 15 June 2004, (iii) securitization entities within the meaning of the law dated 22 March 2004, (iv) special investment funds within the meaning of the law of 13 February 2007 and (v) a family wealth management company governed by the law of 11 May 2007; or
- (ii) such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative in Luxembourg;

In respect of individuals, the Luxembourg law of 23 December 2005 has abolished the net wealth tax with effect from 1 January 2006.

(d) *Inheritance and Gift Tax where the Notes are transferred for no consideration*

- (i) No Luxembourg inheritance tax is levied on the transfer of the Notes upon death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes.
- (ii) Luxembourg gift tax will be levied in case the gift is made pursuant to a notarial deed signed before a Luxembourg notary or is registered in Luxembourg.

(e) *Other Taxes and Duties*

It is not compulsory that the Notes be filed, recorded or enrolled with any court, or other authority in Luxembourg or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty (other than court fees and contributions for the registration with the Chamber of Commerce) be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of Luxembourg) of the Notes, in accordance therewith, except that, in case of use of the Notes, either directly or by way of reference, (i) in a public deed, (ii) in a judicial proceeding in Luxembourg or (iii) before any other Luxembourg official authority (*autorité constituée*), registration will in principle be ordered which implies the application of a fixed (EUR 12) or an ad valorem registration duty and calculated on the amounts mentioned in the Notes.

(f) *Value Added Tax*

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of Notes, **provided that** Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to BP2F, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.

(g) *Residence*

A holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Note or the execution, performance, delivery and/or enforcement of that or any other Note.

Taxation in The Netherlands

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Base Prospectus and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of a Note, and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

For the purpose of this summary it is assumed that no holder of a Note has or will have a substantial interest, or - in the case of a holder of a Note being an entity - a deemed substantial interest, in the Issuer and that no connected person (verbonden persoon) to the holder of a Note has or will have a substantial interest in the Issuer.

Generally speaking, an individual has a substantial interest in an entity if (a) such individual, either alone or together with his partner, directly or indirectly has, or is deemed to have, or (b) certain relatives of such individual or his partner directly or indirectly have or are deemed to have, (I) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of an entity or the issued and outstanding capital of any class of shares of such entity, or (II) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of such entity.

Generally speaking, a non-resident entity has a substantial interest in an entity if such entity, directly or indirectly has (I) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5 per cent or more of either the total issued and outstanding capital of an entity or the issued and outstanding capital of any class of shares of an entity, or (II) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5 per cent or more of either the annual profit or the liquidation proceeds of an entity. An entity holding a Note has a deemed substantial interest in an entity if such entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

For the purpose of this summary, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes. "Where this summary refers to "The Netherlands" or "Dutch", it refers only to the European part of the Kingdom of the Netherlands."

Investors should consult their professional advisers on the tax consequences of their acquiring, holding and disposing of a Note, Coupon, Talon or Receipt. Where this summary refers to a Note, such reference is also considered to include a Coupon, Talon and Receipt. Where this summary refers to a holder of a Note, an individual holding a Note or an entity holding a Note, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Note.

Investors are advised to consult their professional advisers as to the tax consequences of purchase, ownership and disposition of the Notes.

(a) Withholding Tax

All payments made by the Issuer of interest and principal under the Notes can be made free of withholding or deduction of any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless the Notes qualify as debt that effectively functions as equity for purposes of article 10, paragraph 1, sub d of the Corporate Tax Act (*Wet op de vennootschapsbelasting 1969*).

- (ii) the holder is an individual and the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Income Tax Act (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

Residents

Resident entities

An entity holding a Note which is, or is deemed to be, resident in The Netherlands for corporate tax purposes and which is not tax exempt, will generally be subject to corporate income tax in respect of income or a capital gain derived from a Note at rates up to 25 per cent.

Resident individuals

An individual holding a Note who is, is deemed to be, or has elected to be treated as, resident in The Netherlands for income tax purposes will be subject to income tax in respect of income or a capital gain derived from a Note at rates up to 52 per cent if:

If neither condition (i) nor (ii) applies, an individual holding a Note will be subject to income tax on the basis of a deemed return, regardless of any actual income or capital gain derived from a Note. The deemed return amounts to 4 per cent. of the value of the individual's net assets as at the beginning of the relevant fiscal year (including the Note). Subject to application of certain allowances, the deemed return will be taxed at a rate of 30 per cent.

(c) *Gift And Inheritance Taxes*

(g) *EU Council Directive on Taxation of Savings Income*

In accordance with EC Council Directive 2003/48/EC on the taxation of savings income, The Netherlands will provide to the tax authorities of another EU member state (and certain non-EU countries and associated territories specified in that directive) details of payments of interest or other similar income paid by a person within The Netherlands to, or collected by such a person for, an individual resident in such other state.

Taxation in France

Registration taxes, stamp duty, etc.

No stamp, issue, registration or similar taxes or duties will be payable in France by the Noteholder in connection with the Notes.

Withholding tax

The interest from the Notes received by French tax resident individuals holding the Notes as part of their private assets may, at the taxpayer's option, and subject to certain conditions and compliance formalities, be subject to a final withholding tax (prélèvement libératoire) at the rate of 19 per cent., the contribution sociale généralisée ("CSG") of 8.2 per cent., the prélèvement social of 2.2 per cent. and the contributions additionnelles au prélèvement social of 0.3 and 1.1 per cent. and the contribution au remboursement de la dette sociale ("CRDS") of 0.5 per cent., resulting in a global tax rate of 31.3 per cent..

Subject to the above, all payments by the Issuer to the Noteholder in respect of the Notes can be made free of any withholding or deduction for or on account of any taxes in France.

Residents

Under current French legislation, the following summary describes the tax consequences that may be applicable to Noteholders resident in France for tax purposes. The Noteholders should nevertheless consult their usual tax advisers for details of the tax regime that applies to their particular case.

1. Individuals holding Notes as part of their private assets

(a) Interest

The interest from the Notes received by individuals holding the Notes as part of their private assets is:

- (i) either included in the total income, subject to income tax at the progressive rate, the CSG of 8.2 per cent., 5.8 points of which is deductible from the income tax basis, a prélèvement social of 2.2 per cent. and the contributions additionnelles au prélèvement social of 0.3 and 1.1 per cent. and the CRDS of 0.5 per cent.; or
- (ii) at the taxpayer's option, subject to a final withholding tax (prélèvement libératoire) at the rate of 19 per cent., the CSG of 8.2 per cent., the prélèvement social of 2.2 per cent. and the contributions additionnelles au prélèvement social of 0.3 and 1.1 per cent. and the CRDS of 0.5 per cent., resulting in a global tax rate of 31.3 per cent..

If the Paying Agent levies a withholding tax on the interest from the Notes pursuant to the rules detailed in paragraph "EU Savings Directive" below, individuals resident in France for tax purposes may benefit, in application of Article 199 ter of the French Tax Code (Code général des impôts or "CGI"), from a tax credit equal to the amount of the tax withheld.

(b) Capital gains

Capital gains are subject to income tax at the rate of 19 per cent., the CSG of 8.2 per cent., the prélèvement social of 2.2 per cent. and the contributions additionnelles au prélèvement social of 0.3 and 1.1 per cent. and the CRDS of 0.5 per cent..

Capital losses incurred in one year can be set off only against capital gains of the same type realised in the year of the disposal or in the ten following years.

2. Companies subject to corporate tax

(a) Interest

Interest accrued on Notes over the fiscal year is included in the corporate tax basis taxable at the rate of 33 1/3 per cent..

A social contribution of 3.3 per cent. (Article 235 ter ZC of the CGI) is also applicable on the amount of corporate tax with an allowance of EUR 763,000 for each 12-month period. However, entities that have a turnover of less than EUR 7,630,000 and whose share capital is fully paid-up and of which at least 75 per cent. is held continuously by individuals (or by an entity meeting all of these requirements) are exempt from this contribution. For an entity that meets these requirements, the corporate tax is fixed, for taxable income up to EUR 38,120 within a twelve-month period, at 15 per cent..

(b) Capital gains

The capital gain or loss realised upon disposal of the Notes is included in the corporate tax basis taxable at the rate of 33 1/3 per cent. (or, where applicable, 15 per cent. up to an amount of EUR 38,120 per period of twelve months for entities that meet the conditions described in paragraph 2(a) above). In addition, the social contribution of 3.3 per cent. mentioned above is levied where applicable.

Non-residents

Non-French tax resident Noteholders will normally not be subject to French income or corporate taxation with respect to income or capital gains realised in connection with the Notes, unless there is a specific connection with France, such as an enterprise or part thereof which is carried on through a permanent establishment in France.

A Noteholders will not become resident or deemed to be resident in France by reason only of the holding of a Note.]

Taxation in Italy

PROSPECTIVE PURCHASERS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE ITALIAN TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES, AS WELL AS THE EFFECT OF ANY STATE, LOCAL OR FOREIGN TAX LAWS.

THE ISSUER WILL NOT BE LIABLE FOR OR OTHERWISE OBLIGED TO PAY ANY STAMP TAXES, TAX, DUTIES OR ANY OTHER PAYMENT WHICH MAY ARISE AS A RESULT OF OWNERSHIP, TRANSFER OR EXERCISE OF ANY NOTES.

Legislative Decree 1 April, 1996, No. 239 (Decree No. 239) regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as Interest) from Notes issued, inter alia, by non-Italian resident entities. The provisions of Decree No. 239 only apply to those Notes which qualify as *obbligazioni* (bonds) or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Presidential Decree 22 December, 1986, No. 917 (Decree No. 917). Such are securities that guarantee at maturity the right of the noteholder to receive an amount not lower than their face value and do not entitle the noteholder to interfere with the business of the issuer.

Interest on the Notes is subject to a 12.5 per cent. substitute tax if (i) the Notes have a maturity of at least 18 months and (ii) the recipient is included among the following categories of Italian residents: individuals, non-commercial partnerships, non-profit organisations, the Italian State and public entities or entities that are exempt from IRES. The 12.5 per cent. substitute tax is

applied as a provisional income tax and may be deducted from the taxation on income due in the case of interest received by individuals holding the Notes within the context of a business enterprise.

Interest on the Notes that have a maturity of eighteen months or more, are not subject to the 12.5 per cent. *imposta sostitutiva* if made to beneficial owners who are Italian resident individuals holding Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial intermediary and have opted for the Asset Management Option.

If the Notes have a maturity shorter than 18 months, the rate of the substitute tax increases to 27 per cent..

Interest on the Notes received by Italian resident companies, commercial partnerships and other similar entities will not be subject to *imposta sostitutiva* but must be included in the relevant Noteholder's income tax return.

Without prejudice to the above provisions, in the event that the Notes with an original maturity of eighteen months or more are made subject to an early repayment within eighteen months from the date of issue, Italian resident Noteholders will be required to pay an additional amount equal to 20 per cent of Interest and other proceeds from the Notes accrued up to the time of the early repayment.

Interest payments relating to Notes that are not deemed to fall within the category of *obbligazioni* or *titoli similari alle obbligazioni* pursuant to Article 44 of Decree No. 917, may be subject to withholding tax levied at a rate of 27 per cent (final or on account depending on the "status" and tax residence of the Noteholder). Pursuant to Article 44 of Decree No. 917, for securities to qualify as *titoli similari alle obbligazioni* (securities similar to bonds), they must (i) incorporate an unconditional obligation to pay at maturity an amount not less than that therein indicated and (ii) attribute to the holders no direct or indirect right to control or participate to the management of the Issuer.

Taxation in Switzerland

The following is a general description of certain Swiss tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Switzerland or elsewhere. Prospective purchasers of the Notes should consult their tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Switzerland. This summary is based upon the law as in effect on the date of this Base Prospectus. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

Income Tax

Private Investors

Swiss resident individuals who do not qualify as so-called professional securities dealers (*commerçants professionnels de titres*) and who hold the Notes as part of their private (as opposed to business) assets are hereby defined as Private Investors.

Interest payments or redemption of Notes

As a rule, interest arising from Notes as well as payments received upon redemption of the Notes in excess of the initial issuance price, is fully taxable in the hands of the Private Investors. Notes which are not straight debt instruments but have components of debt instruments and derivatives intertwined generally qualify as combined instruments. The tax treatment of such Notes depends on whether the Notes are considered as transparent or not for Swiss income tax purposes.

If the Notes are considered as not transparent for Swiss income tax purposes, any amount received by the Private Investors in excess of the amount invested is treated as taxable income in the hands of the Private Investors.

If the Notes are considered as transparent for Swiss income tax purposes, they will be split notionally in a debt instrument and a derivative instrument component. Gains or losses on the derivative instrument component are treated as tax exempt capital gains. Income related to the debt instrument component is treated as taxable income in the hands of the Private Investors.

Notes which are linked to underlying assets, such as bonds, shares, or baskets of such assets may also be treated, under certain circumstances, as direct investments in bonds, shares or in an investment fund. Notes linked to a basket of investment funds may be treated as an investment in an investment fund.

According to the current practice of the Federal Tax Administration, Swiss residents or foreign residents subject to Swiss taxation receiving interest payments arising from Credit-Linked notes during the investment or at redemption as accrued interest owe individual income tax on the entire amount of the interest paid to them.

Capital gains realised upon disposal of the Notes

Private Investors realize a tax free capital gain upon the disposal of Notes which do not qualify as Notes with predominant one-time interest payment (*obligations à intérêt unique prédominant*) and are subject to Swiss federal, cantonal or municipal income tax if the Notes qualify as Notes with one-time predominant interest payment (*obligations à intérêt unique prédominant*).

Notes with one-time interest payment qualifying as combined instruments and which qualify as tax transparent are notionally split in their debt instrument and in their derivative instrument component. Capital gains arising from the derivative instrument component of transparent Notes are generally not subject to income tax in the hands of Private Investors.

Swiss Resident Business Investors

Interest, redemptions and gains realised on or arising from the Notes, by Swiss resident individuals holding the Notes as part of their business assets as well as by Swiss resident legal entities, are part of their taxable business profits subject to individual income taxes or corporate income taxes, respectively. The same applies to Swiss resident individuals who qualify as so-called professional securities dealers.

Swiss Federal Stamp Tax

Under the Federal Swiss Stamp Tax Act of 27 June 1973 (“**STA**”), the issuance of bonds or obligations by a Swiss resident issuer is subject to an issuance stamp tax.

The issue of the Notes by a non-Swiss resident issuer is not subject to the Swiss federal issuance stamp tax, **provided that** the issuer of the Notes is at all times domiciled and effectively managed outside of Switzerland and **provided that** the proceeds from the offering and sale of the Notes are used outside of Switzerland.

Furthermore, the dealing in Notes is subject to the Swiss Federal transfer stamp tax if a Swiss securities dealer (as defined under Article 13 STA) is involved as an intermediary or as a counterparty in such a transaction. The notion of Swiss securities dealer contained in Article 13 is very broad and encompasses Swiss and Liechtenstein banks, securities brokers and even companies holding in their books taxable securities for an amount exceeding CHF 10 million.

The redemption of the Notes is not subject to the Swiss federal transfer stamp tax even if a Swiss securities dealer (as defined under Article 13 STA) acts as an intermediary or is a party to the transaction. The issuance of the Notes is not subject to the Swiss federal transfer stamp tax even if a Swiss securities dealer (as defined under Article 13 STA) acts as an intermediary or is a party to the transaction to the extent that the payment of interest and the reimbursement of the Principal Amount occurs in a currency other than Swiss francs.

The transfer stamp tax on the transfer of foreign securities is levied at the rate of 0.3 per cent..

If a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as a counterparty (buyer or seller) in the transaction, it shall pay 50 per cent. of the stamp tax for itself (unless the acquisition is made for a *nostro* account) and the other 50 per cent. for the other contracting party which is a Swiss or a Liechtenstein resident (and which does not qualify as an exempted investor or as a Swiss securities dealer within the meaning of the STA). If a Swiss bank or a Swiss securities dealer (as defined in the STA) acts as an intermediary, 50 per cent. of the issuance stamp tax shall be levied for each counterparty which is a Swiss or a Liechtenstein resident, and which does not qualify as an exempted investor or as a Swiss securities dealer. Only 50 per cent. of the transfer stamp tax is due if a Swiss securities dealer (as defined in the STA) acts as an intermediary for a Swiss resident (unless such a party qualifies as a securities dealer) and a foreign resident. No transfer stamp tax is due if a Swiss securities dealer (as defined in the STA) acts as intermediary for two foreign parties.

Swiss Withholding Tax

The payment of interest on the Notes will not be subject to Swiss withholding tax (the statutory rate of which is 35 per cent.), provided the Issuer or the Guarantor is at all times domiciled and effectively managed outside of Switzerland and uses the proceeds from the offering and sale of the Notes outside of Switzerland.

European Union Directive on the Taxation of Savings

Under the European Council Directive 2003/48/EC on the taxation of savings income, Member States of the European Union are required to provide the tax authorities of another Member State with details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. A few Member States are, instead of this obligation to provide information on the relevant person, authorised to operate a withholding tax system in relation to such payments.

On 26 October 2004, the European Community and Switzerland concluded an agreement on the taxation of savings income by way of a specific withholding tax system or a voluntary declaration in the case of transactions between parties in the European Union Member States and Switzerland. Accordingly, Switzerland introduced a specific withholding tax on interest payments (including accrued interest on the sale of notes) or other similar income paid by a Swiss paying agent to an individual residing in the European Union effective as from 1 July 2005. The tax retention is currently applied at a rate of 20 per cent. (from 1 July 2008 to 30 June 2011; the rate was 15 per cent. until 30 June 2008) and 35 per cent. (from 1 July 2011 onwards), respectively, unless the investor elects for the exchange of information. The beneficial owner of the interest payments may be entitled to a tax credit or refund of the withholding tax if certain conditions are met. A Swiss paying agent can be explicitly authorized by the beneficial owner of the interest payments to report interest payments to the Swiss Federal Tax Administration and ultimately to the tax authorities of his country of residence. Such report will then substitute the withholding tax.

According to Guidelines issued by the Federal Tax Administration on 24 June 2005 relating to the European Union taxation of savings, Swiss banks, securities dealers, as well as other companies or individuals, who on a professional basis, occasionally or regularly, accept to invest in interest producing investments for third parties and who transfer interest qualify as “paying agents” (from the perspective of the withholding of tax). Swiss paying agents have the duty to identify the beneficial owners of the interest and to register with the Federal Tax Administration.

Taxation in Germany

The following is a general discussion of certain German tax consequences of the acquisition, ownership and disposal of the Notes. As the Notes may be subject to different tax treatment depending on the specific terms of the Notes, the following section shall only be regarded as generic overview with regard to the possible tax treatment in Germany. It does not purport to be a comprehensive description of all tax considerations that may be relevant to a decision to purchase the Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, possibly with retroactive or retrospective effect. Prospective purchasers of the Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of the Notes, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents.

To the extent the following information describes the taxation in the case of a disposal of the Notes, such description applies accordingly to cases of a call, exercise, assignment or redemption of the Notes as well as a transfer of Notes into a corporation by way of a hidden contribution (*verdeckte Einlage in eine Kapitalgesellschaft*).

German tax residents

German tax resident are persons (individuals and corporate entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany).

Notes held as private assets

If Notes are held by an investor as private assets (*Privatvermögen*), payments of interest qualify as taxable savings income (*Einkünfte aus Kapitalvermögen*) pursuant to section 20 para 1 no 7 German Income Tax Act ("*ITA*" – *Einkommensteuergesetz*). Capital gains / capital losses realised upon disposal of the Notes, computed as the difference between the acquisition costs and the sales proceeds reduced by expenses directly and actually related to the sale, qualify as (negative) savings income pursuant to section 20 para 2 sentence 1 no 7 ITA. If such disposal results in a loss, such loss can only be offset against other taxable savings income. If the investor does not have enough other taxable savings income in the respective assessment period, the losses can be carried forward; a loss carry back is not permissible.

Pursuant to a tax decree issued by the German Federal Ministry of Finance dated 22 December 2009, as amended on 16 November 2010, a bad debt-loss (*Forderungsausfall*) and a waiver of a receivable (*Forderungsverzicht*), to the extent the waiver does not qualify as a hidden contribution, shall not be treated like a sale. Accordingly, losses suffered upon such bad debt-loss or waiver shall not be tax-deductible.

Further, where the Notes provide for instalment payments, such instalment payments shall always qualify as taxable savings income pursuant to section 20 para 1 no 7 ITA, unless the terms and conditions of the Notes provide explicit information regarding redemption or partial redemption during the term of the Notes and the contractual parties comply with these terms and conditions. It is further stated in the tax decree that, if, in the case of Notes providing for instalment payments, there is no final payment at maturity, the expiry of such Notes shall not qualify as a sale-like transaction; any remaining acquisition costs could thus not be deducted for tax purposes. Similarly, any remaining acquisition costs of Notes providing for instalment payments shall not be tax-deductible if the Notes do not provide for a final payment or are terminated early without a redemption payment because the respective underlying has left the defined corridor or has broken certain barriers (e.g. in knock-out structures). Although the tax decree only refers to instruments with instalment payments, it cannot be excluded that the German tax authorities apply the above principles also to other kinds of full-risk securities.

If Notes qualify as contracts for differences (*Termingeschäfte*), disposal proceeds and other benefits from the Notes qualify as (negative) savings income pursuant to section 20 para 2 sentence 1 no 3 ITA. In such a case, if the Notes expire worthless, losses may not be tax-deductible at all.

Notes providing for a physical delivery of, e.g., bonds or shares, may qualify as convertible, exchangeable or similar instruments, subject to the relevant terms and conditions of such Notes. In such a case, the sales proceeds from the Notes and the acquisition costs of the received securities may be deemed to be equal to the initial acquisition costs of the Notes (section 20 para 4a sentence 3 ITA) so that no taxable capital gains would be realised due to the conversion. However, capital gains realised upon an on-sale of the received securities would qualify as taxable income.

Savings income is, in general, subject to German income tax at a special (flat) tax rate of 26.375% (including solidarity surcharge) plus, if applicable, church tax. With regard to savings income, the savers lump sum amount (*Sparer-Pauschbetrag*) in the amount of 801 EUR (respectively 1,602 EUR in the case of jointly assessed husband and wife) will be deducted; a deduction of the actual income-related expenses is, in general, excluded.

Notes held as business assets

If Notes are held by an investor (individuals and corporate entities) as business assets (*Betriebsvermögen*), interest payments and capital gains from the disposal of the Notes are subject to corporate income tax (in the case of an incorporated investor) at a tax rate of 15%, or income tax at an individual progressive tax rate of up to 45%, as the case may be (each plus 5.5% solidarity surcharge thereon). In addition, trade tax may apply, the rate of which depends on the municipality in which the business is located (rates vary between 7 and approx. 17%). Further, in the case of individuals, church tax may be levied. In case of a loss, such loss may be subject to ring-fence rules and, if so, may only be offset against other derivative income. In case the income of the investor is determined based on accrual accounting, interest and capital gains may be taxable before actual payments are received.

German withholding tax

With regard to savings income (*Kapitalerträge*), e.g. interest or capital gains, German withholding tax will be levied at a flat withholding tax rate of 26.375% (including solidarity surcharge, plus church tax if applicable) if, inter alia, the Notes are registered in a foreign registry, have been issued in a global note in terms of section 9 of the German Securities Deposit Act (*Depotgesetz*) or qualify as partial debentures (*Teilschuldverschreibungen*) and are held in a custodial account maintained with a German branch of a German or non-German credit or financial services institution or with a securities trading business

(*Wertpapierhandelsunternehmen*) or securities trading bank (*Wertpapierhandelsbank*) (a "German Disbursing Agent"). If the Notes are not held in a custodial account, German withholding tax will nevertheless be levied if the Notes are issued in definitive form and the savings earnings are paid by a German Disbursing Agent against presentation of the Notes or Coupons (so-called over-the-counter transaction – *Tafelgeschäft*).

The tax base is, in principle, equal to the taxable gross income as set out above (i.e. prior to withholding). However, in case of capital gains, the tax deduction is calculated on the basis of the capital gain only if the Notes have been kept in a custodial account with a German Disbursing Agent since the time of issuance or acquisition, respectively; if that is not the case, the investor may prove the acquisition costs to the German Disbursing Agent only in a specific form required by law. Otherwise, the tax deduction is calculated on the basis of 30% of the proceeds from the disposal of the Notes.

In general, no withholding tax will be levied if an investor holding the Notes as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the interest income and other taxable savings income do not exceed the amount stated in the withholding tax exemption certificate filed. Similarly, no withholding tax will be deducted if an investor has submitted to the German Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office.

In the case of individuals holding the Notes as private assets, if German withholding tax is levied, such withholding tax will, in general, become definitive and replace the investor's income taxation (flat withholding tax - *Abgeltungsteuer*); in such case, the filing of a tax return for savings income is not required. If no tax is withheld, then the investor is obliged to file a tax return and the savings income will be taxed within the assessment procedure. However, the special tax rate for savings income applies, in principle, also in the assessment procedure. Further, an investor may alternatively request that all savings income of a given year is taxed at his/her individual income tax rate (if lower than the withholding tax rate) based on an assessment to tax with any amount overwithheld being refunded.

If the Notes form part of a trade or business, the withholding tax will not settle the income tax liability. Investors holding the Notes as business assets cannot file a withholding tax exemption certificate with the German Disbursing Agent. Instead, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Notes if, inter alia, (a) the Notes are held by a company satisfying the requirements of section 43 para 2 sentence 3 no 1 German Income Tax Act, or (b) the proceeds from the Notes qualify as income of a domestic business and the investor notifies this to the German Disbursing Agent by use of the officially required form. The investor is obliged to report income and related expenses in the (annual) tax return, and the balance will be taxed at the investor's applicable tax rate. Withholding tax levied, if any, will be credited against the (corporate) income tax of the investor. If the tax withheld exceeds the respective (corporate) income tax amount, the difference will be refunded within the tax assessment procedure.

Non-residents

In general, income derived from the Notes by a Noteholder that is not tax-resident in Germany is subject to taxation in Germany and potentially withholding tax only under certain circumstances, e.g. (i) if the Notes are held as business assets of a permanent establishment, including a permanent representative, maintained in Germany by the Noteholder or (ii) the income qualifies for other reasons as taxable German source income (such as income from the letting and leasing of property). In such a case, a tax regime similar to that explained above for German tax residents will apply.

Inheritance and Gift Tax

No inheritance or gift taxes with respect to the Notes will arise under the laws of Germany if, in the case of inheritance tax, neither the decedent nor the beneficiary or, in the case of gift tax, neither the donor nor the donee is a resident of Germany and the Notes are not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German expatriates.

Other Taxes

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

EU Savings Tax Directive

Concerning the EC Council Directive 2003/48/EC on the taxation of savings income, refer to the chapter on the European Union Savings Directive on page 238. By legislative regulations dated 26 January 2004, the Federal Government enacted provisions implementing the Directive into German law. These provisions apply from 1 July 2005.

No gross-up for German withholding tax (Kapitalertragsteuer)

Purchasers of the Notes should note that the relevant Issuer, in principle, will neither assume any liability for German withholding taxes (*Kapitalertragsteuer*) withheld from payments under the Notes, nor make any additional payments in regard of these taxes, i.e. no gross-up will apply in case a withholding tax is imposed, unless otherwise specified in the Final Terms.

EU Savings Directive

Under EC Council Directive 2003/48/EC (the "**EU Savings Directive**") on the taxation of savings income, each Member State is required to provide to the tax authorities of another Member State details of payments of interest (having the meaning given to it in the EU Savings Directive) or other similar income paid by a paying agent (having the meaning given to it in the EU Savings Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries (including Switzerland, Andorra, Liechtenstein, Monaco and San Marino), and certain dependent or associated territories (including Jersey, Guernsey, Isle of Man, Montserrat, British Virgin Islands and Aruba) of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent (having the meaning given to it in the EU Savings Directive) within its jurisdiction to, or collected by such a paying agent for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or collected by such a paying agent for, an individual resident or certain limited types of entity established in one of those territories.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, inter alia, (i) extend the scope of the EU Savings Directive to payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of EU resident individuals, and (ii) provide for a wider definition of interest subject to the EU Savings Directive. Investors who are in any doubt as to their position should consult their professional advisors.

PLAN OF DISTRIBUTION

General

Except for those countries or jurisdictions where a public offering of the Notes, or possession or distribution of any offering material in relation thereto, is permitted on the basis of (i) the approval by the CSSF of this Base Prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in Luxembourg and (ii) the certificates of approval as provided by the CSSF to the competent authorities in such relevant countries or jurisdictions, no action has been or will be taken in any country or jurisdiction by the Issuers, the Guarantor or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantor and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Programme Agreement provides that the Dealers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the paragraph headed “General” above.

Selling restrictions may be supplemented or modified by the agreement of the relevant Issuer, the Guarantor (in the case of Notes issued by BP2F) and the Dealers following a change in, or in the interpretation or application of, a relevant law, regulation or directive. Any such supplement or modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Each of the Dealers, the relevant Issuer and (in the case of Notes issued by BP2F) the Guarantor has agreed not to take any action in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Base Prospectus or any other offering material, in any country or jurisdiction where action for that purpose is required.

Each of the Dealers has agreed to comply, to the best of its knowledge and belief, with all relevant securities laws, regulations and directives in each country or jurisdiction in which it subscribes for, purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus or any other offering material, in all cases at its own expense.

Terms and conditions of the Offer

In the event of an offer of any Notes which is an offer to the public within the meaning of the Prospectus Directive but which is not made in circumstances contemplated in Article 3(2) of the Prospectus Directive (an “**Offer**”), the general conditions in relation to such Offer are as set out below, as further specified for each Series of Notes in the applicable Final Terms.

Offer size

The anticipated size of the offer of the Notes to the public will be set out in the applicable Final Terms as a fixed amount, as a minimum amount subject to increase, or as a range. The actual principal amount of Notes offered can be decreased or increased by the relevant Issuer at any time before the Issue Date. It will be determined by the relevant Issuer, after consultation with the arranger(s) of such offer, taking into account prevailing market conditions (including those in the debt and equity markets) and other relevant criteria and factors, including (but not limited to) demand for the Notes during the subscription period, broader economic and financial conditions and prospects and conditions affecting the relevant Issuer’s ability to source or price hedging transactions with respect to its obligations under the Notes on terms satisfactory to it.

Once the results of the Offer are determined, the actual principal amount of Notes that will be offered, allotted to the subscribers and issued will be filed with the appropriate competent authority(ies) and communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

The Noteholders will be directly notified by, or on behalf of the placers as mentioned in item 11(x) of Part B of the Final Terms (the “**Placing Agents**”), of the number of Notes which has been allotted to them as soon as possible after the Issue Date.

Subscription, payment, delivery and allotment

The subscription period of the Offer (the “**Offer Period**”) will be set out in the applicable Final Terms. However, the Offer Period may be (i) subject to an early termination due to reasons including (but not limited to) oversubscription or a decrease in the offer size in the circumstances set out under the heading “Offer size” above, or (ii) subject to an extension as referred to in the timetable set out under the heading “Indicative Timetable” below.

“**Subscription**” (and “**subscribe**” and “**subscriber**”) refers not only to the initial acquisition of the Notes from the relevant Issuer by the first purchaser, but to any purchase during the Offer Period.

The subscription price of the Notes payable by subscribers to the Placing Agents will be specified in the applicable Final Terms.

The minimum number of Notes which may be subscribed per subscriber is one Note and thereafter in multiples of one (1), unless otherwise specified in the applicable Final Terms. There is no maximum number of Notes which may be subscribed per subscriber unless otherwise stated in the applicable Final Terms.

If the Final Terms do not include the subscription price and/or other pricing data relating to the Notes such as the rate of Interest, a pricing statement disclosing this information will be published before the Issue Date. Unless otherwise indicated in the applicable Final Terms, the pricing statement will be published in the same manner as the Base Prospectus and the applicable Final Terms.

Payment for the Notes must be received by the relevant Placing Agent from subscribers on or before the Issue Date by debit of a cash account.

The delivery of the Notes will take place as described in the Base Prospectus and the Final Terms. On or about the Issue Date, the relevant securities account of each Noteholder will be credited with the relevant amount of Notes purchased.

By subscribing for, or subsequently otherwise acquiring, Notes, Noteholders are bound by the Terms and Conditions of the Notes and are deemed to have acknowledged and accepted the terms pursuant to which the Notes are being offered as set out in the Base Prospectus together with the applicable Final Terms.

Unless otherwise indicated in the applicable Final Terms, in case of an early termination of the subscription period due to oversubscription or a decrease in the Offer size in the circumstances set out under the heading “Offer size” above, allotment of the Notes will be made, to the extent possible, on the basis of objective allotment criteria. Any payment received in connection with the subscription of Notes which are not allotted will be returned within seven Business Days (Business Days in this section means days on which banks are open for general business in the relevant Public Offer Jurisdiction and the TARGET2 system is operating) after the date of receipt of such payment. However, there will be no entitlement to interest in respect of such payments.

Indicative timetable

An indicative timetable listing certain expected key dates for the Offer, such as (but not limited to) the publication of the prospectus, the latest time and date for subscriptions, the publication of the pricing statement (if relevant), and the announcement of the offer size will be specified in the applicable Final Terms. However, the timetable for the Offer is subject to acceleration or extension. Unless otherwise indicated in the applicable Final Terms, any acceleration or extension of the timetable for the Offer will be announced in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

Cancellation of the Offer

The relevant Issuer reserves the right to cancel, at any time on or before the Issue Date and for any reason, the Offer and issue of the Notes, it being understood that in such case no Notes will be issued. In the event of a cancellation, and unless otherwise indicated in the applicable Final Terms, such cancellation will be communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

The Offer may be cancelled if any of the following events occur:

- the Notes are not or will not be admitted to trading and listing on the relevant stock exchange on the Issue Date (or, in the case of an extension of the timetable, such later date as is determined by the relevant Issuer as the latest date for such admission);
- there has been a change in national or international financial, political or economic conditions or currency exchange rates or exchange controls that would, in the view of the relevant Issuer or the relevant Dealer or Lead Manager, be likely to prejudice materially the success of the offering and distribution of the Notes or dealings in the Notes in the secondary market;
- there has been, in the view of the relevant Issuer or the relevant Dealer or Lead Manager, an adverse change, financial or otherwise in the condition or general affairs of the relevant Issuer that would be likely to prejudice materially the success of the offering;
- the relevant Dealer or Lead Manager determines, in its absolute discretion, that it is unable to source or price appropriate hedging transactions relating to the relevant Issuer's obligations under the Notes on terms which are satisfactory to it;
- the Underwriting Agreement (if any) is terminated by the underwriter in accordance with its terms;
- the Placing and Purchase Agreement (if any) is terminated in accordance with its terms; or
- in any other circumstances where the relevant Issuer considers it necessary or desirable.

Subscription fees and taxes

Noteholders will bear fees and taxes including the following:

- a fee payable by the relevant Issuer to the relevant Dealer or/and to any Placing Agent if included in the subscription price of the Notes and then borne and paid by subscribers on subscription;
- any costs arising from holding their Notes on a securities account with a financial intermediary;
- any financial service costs which may be charged by any financial intermediary;
- taxes on stock market transactions other than upon initial subscription.

Other fees and charges

Except as stated above or in the applicable Final Terms, the relevant Issuer will not impose any charges or fees in respect of the Notes. Prospective purchasers should note, however, that they may be required to bear certain fees and charges for custodial, nominee, transfer and clearing services charged by the relevant clearing system(s) and/or any intermediaries for the holding, transfer or redemption of Notes. Prospective purchasers of Notes should contact any relevant intermediaries for further details of these fees and charges.

In the event that a notification of the prospective Noteholders is required and unless otherwise indicated in the applicable Final terms, such notification will be published in the same manner in which the Final Terms and the Base Prospectus have been published.

Underwriting and placing arrangements

The underwriters(s) mentioned in Item 39(i) of Part A of the applicable Final Terms (the “**Underwriter**”) may enter into an underwriting agreement with the relevant Issuer on or about the Issue Date (the “**Underwriting Agreement**”). Under the terms of the Underwriting Agreement and the amended and restated programme agreement between the Issuer and the Dealers dated 17 June 2011 (as amended, supplemented and/or restated from time to time) (the “**Programme Agreement**”) and subject to the satisfaction of certain conditions, the Underwriter will agree to subscribe for the Notes. The Underwriting Agreement may be terminated in certain circumstances by the Underwriter, prior to payment being made to the relevant Issuer. Any such termination is likely to result in a cancellation of the Offer, as described under the heading “Cancellation of the Offer” above.

The relevant Issuer and the Underwriter may also enter into a placing and purchase agreement with the Placing Agents on or about the first day of the Offer Period (the “**Placing and Purchase Agreement**”). If such an agreement is entered into, the Placing

Agents will agree to use their best endeavours, during the Offer Period and pursuant to the Offer, to procure subscribers for an aggregate principal amount of Notes equal to the anticipated Offer size of the Notes at the Subscription Price. If a Placing and Purchase Agreement is entered into, Each Placing Agent will also agree to purchase from the Underwriter on the Issue Date an aggregate principal amount of Notes equal to the principal amount of Notes placed by such Placing Agent pursuant to the Offer with the subscribers it has procured.

Each Placing Agent shall be entitled to deduct, before payment to the Underwriter, a commission representing a percentage of the principal amount of the Notes placed by it. The commission will be specified in the applicable Final Terms. The Placing and Purchase Agreement may be terminated in certain circumstances by the Underwriter or the Placing Agents, prior to payment being made to the Underwriter. Any such termination is likely to result in the cancellation of the Offer, as described under the heading “Cancellation of the Offer” above.

SELLING RESTRICTIONS

The following is only a description as at the date of this Base Prospectus of certain restrictions that may vary from time to time. Prospective investors and purchasers of Notes must inform themselves about all the relevant, applicable and up-to-date restrictions prior to investing in the Notes. Moreover the selling restrictions that are applicable to a Tranche of Notes may be modified in the relevant Final Terms if agreed by the relevant Issuer, the Guarantor (if applicable) and the relevant Dealer(s). Each Dealer has undertaken that it will, to the best of its knowledge, comply with all applicable securities laws, regulations and directives in each country or jurisdiction in which it subscribes for, purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus or any other such offering material, in all cases at its own expense, and has agreed that it will only do so if it has been approved by the relevant Issuer and, if applicable, the Guarantor.

IN THE EUROPEAN ECONOMIC AREA

This Base Prospectus has been approved by the Luxembourg *Commission de Surveillance du Secteur Financier* (the “**CSSF**”), which is the Luxembourg competent authority for the purpose of the Prospectus Directive and relevant implementing measures in Luxembourg, as a base prospectus issued in compliance with the Prospectus Directive, the Luxembourg Law dated 10 July 2005 on prospectuses for securities, and any other relevant implementing legislation in Luxembourg for the purpose of giving information with regard to the issue of Notes under the Programme during the period of twelve months after the date of publication of this Base Prospectus. Consequently Notes issued under the Programme may be offered to the public, in accordance with the requirements of the Prospectus Directive.

The Issuers have requested the CSSF to provide to the relevant competent authority of The Netherlands, Belgium, France, Germany and Italy respectively with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive. The Issuers reserve the right to request the CSSF to provide the competent authority of any other host Member State, in the meaning of the Prospectus Directive, with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive, such notification being accompanied by the relevant translation of the summary of this Base Prospectus, if applicable.

Belgium

Belgium has implemented the Prospectus Directive and the section headed “European Economic Area Public Offer Selling Restrictions” below is applicable.

With regard to Notes having a maturity of less than 12 months and qualifying as money market instruments (and which therefore fall outside the scope of the Prospectus Directive), this Base Prospectus has not been submitted for approval to the Belgian Financial Services and Markets Authority and, accordingly, such Notes may not be distributed in Belgium by way of a public offering, as defined for the purposes of the law of 16 June 2006 on public offerings of investment instruments and the admission of investment instruments to trading on regulated markets, as amended or replaced from time to time.

France

Each Dealer has represented and agreed, and each further Dealer under the Programme will be required to represent and agree, that, unless the approval of this Base Prospectus by the Luxembourg *Commission de Surveillance du Secteur Financier* (the “**CSSF**”) has been notified to the French *Autorité des marchés financiers* (the “**AMF**”) in accordance with Article 18 of the Prospectus Directive, as implemented in France, and all the other procedures and formalities required by French laws and

regulations to permit the offering and sale of Notes in France have been carried out, it has not offered or sold, and will not offer or sell, directly or indirectly, Notes to the public in France and that offers and sales of Notes in France will be made only to providers of investment services relating to portfolio management for the account of third parties and/or to qualified investors (*investisseurs qualifiés*) acting for their own account, as defined in Articles L.411 –2 and D.411 –1 to D.411 –3 of the French *Code monétaire et financier*, but excluding individuals referred to in Article D.411 –1 II 2°.

In addition, each Dealer has represented and agreed, and each further Dealer under the Programme will be required to represent and agree, that it has not distributed or caused to be distributed and will not distribute or cause to be distributed in France this Base Prospectus or any other offering material relating to the Notes other than to investors to whom offers and sales of Notes in France may be made as described above.

Grand Duchy of Luxembourg

The Notes with a maturity of less than 12 months that may qualify as securities and money market instruments in accordance with Article 4.2.j) of the Luxembourg law dated 10 July 2005 on prospectuses for securities (the "**Luxembourg Prospectus Law**"), transposing into the Grand Duchy of Luxembourg Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 on the prospectus to be published when securities are offered to the public or admitted to trading, may not be offered or sold to the public within the territory of the Grand Duchy of Luxembourg unless: (i) a simplified prospectus has been duly approved by the *Commission de Surveillance du Secteur Financier* pursuant to part III of the Luxembourg Prospectus Law; or (ii) the offer benefits from an exemption to or constitutes a transaction not subject to, the requirement to publish a simplified prospectus under part III of the Luxembourg Prospectus Law.

Republic of Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation.

Accordingly, each of the Dealers has represented and agreed that it will not offer, sell or deliver any Notes or distribute copies of this Base Prospectus and any other document relating to the Notes in the Republic of Italy except:

- (1) to “qualified investors”, as referred to in Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the “**Decree No. 58**”), and defined in Article 34-ter, paragraph 1, letter (b) of CONSOB’s regulation No. 11971 of 14 May 1999, as amended (the “**Regulation No. 11971**”); or
- (2) that it may offer, sell or deliver Notes or distribute copies of any prospectus relating to such Notes in an offer to the public in the period (i) commencing on the date of publication of such prospectus, **provided that** such prospectus has been approved in another Relevant Member State and notified to CONSOB, all in accordance with the Prospectus Directive, as implemented in Italy under Decree 58 and Regulation No. 11971, and (ii) ending on the date which is 12 months after the date of publication of such prospectus; or

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-*bis* of Decree No. 58 may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with “qualified investors” and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under Decree No. 58 applies.

The Netherlands

Zero Coupon Notes (as defined below) in definitive form may only be transferred and accepted, directly or indirectly, within, from or into The Netherlands through the mediation of either the relevant Issuer or a member firm of Euronext Amsterdam N.V., admitted in a function on one or more markets or systems held or operated by Euronext Amsterdam N.V., in accordance with the Dutch Savings Certificates Act (*Wet inzake spaarbewijzen*) of 21 May 1985 (as amended) and its implementing regulations.

No such mediation is required: (a) in respect of the transfer and acceptance of rights representing an interest in a Zero Coupon Note in global form; (b) in respect of the transfer and acceptance of Zero Coupon Notes in definitive form between individuals not acting in the conduct of a business or profession; (c) in respect of the initial issue of Zero Coupon Notes in definitive form to the first holders thereof; or (d) in respect of the transfer and acceptance of such Zero Coupon Notes within, from or into The Netherlands if all Zero Coupon Notes (either in definitive form or as rights representing an interest in a Zero Coupon Note in global form) of any particular Series or Tranche are issued outside The Netherlands and are not distributed into The Netherlands in the course of initial distribution or immediately thereafter.

In the event that the Dutch Savings Certificates Act applies, certain identification requirements in relation to the issue and transfer of, and payments on, Zero Coupon Notes have to be complied with.

As used herein "**Zero Coupon Notes**" are Notes that are in bearer form and that constitute a claim for a fixed sum against the relevant Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

EACH OF THIS DOCUMENT IS ADDRESSED TO A SPECIFICALLY NAMED RECIPIENT AND MAY NOT BE PASSED ON TO THIRD PARTIES.

United States of America

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 as amended (the "**Securities Act**") and include Notes in bearer form that are subject to U.S. tax law requirements. Notes may not be offered, sold or delivered within the United States or to U.S. persons unless an exemption from the registration requirements of the Securities Act is available. Terms used in this paragraph have the meaning ascribed in Regulation S under the Securities Act.

Each note (and associated coupon, receipt and talon) with a maturity of 365 days or more will bear the following legend:

ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.

Each Dealer has agreed that it will not offer, sell or deliver the Notes of any Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, or the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, each Dealer represents and agrees:

- (1) except to the extent permitted under U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**"),
 - (a) it has not offered or sold, and during the restricted period will not offer or sell, Notes in bearer form to a person who is within the United States or its possessions or to a United States person; and
 - (b) it has not delivered and will not deliver within the United States or its possessions definitive Notes in bearer form that are sold during the restricted period;
- (2) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes in bearer form are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;
- (3) if it is a United States person, it is acquiring the Notes in bearer form for purposes of resale in connection with their original issuance and if it retains Notes in bearer form for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. §1.163-5(c)(2)(i)(D)(6);
- (4) with respect to each affiliate that acquires from it Notes in bearer form for the purpose of offering or selling such Notes during the restricted period, it either (a) repeats and confirms the representations contained in Clauses (1), (2) and (3) on behalf of such affiliate or (b) agrees that it will obtain from such affiliate for the benefit of the relevant Issuer the representations contained in Clauses (1), (2) and (3); and
- (5) it shall obtain for the benefit of the Issuer and each other Dealer the representations, undertakings and agreements contained in sub-clauses (a), (b), (c) and (d) of this paragraph, insofar as they relate to the D Rules, from any person other than its affiliate with whom it enters into a written contract, (a "distributor" as defined in United States Treasury Regulation §1.163-5(c)(2)(i)(D)(4)), for the offer or sale during the restricted period of the Notes.

Terms used in this paragraph have the meaning given to them by the U.S. Internal Revenue Code and regulations thereunder, including the D Rules.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes from that offering within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.
