## ABOUT THIS BASE PROSPECTUS

*The following applies to Non-exempt Notes only.*

### **What is this document?**

This document (the "**Base Prospectus**") describes a programme for the issue of debt securities named the Euro Medium Term Note Programme (the "**Programme**") under which BNP Paribas Fortis SA/NV ("**BNPPF**") and BNP Paribas Fortis Funding ("**BP2F**" and together with BNPPF, the "**Issuers**" and each an "**Issuer**") may, from time to time, issue notes (the "**Notes**"). This Base Prospectus supersedes and replaces in its entirety the Base Prospectus dated 3 June 2021.

This Base Prospectus has been published by BP2F and BNPPF to allow them to offer Notes to the public in certain jurisdictions in Europe and/or to list Notes on a EU regulated market. As more fully described below, the content of this Base Prospectus is subject to the Prospectus Regulation (EU) 2017/1129.

The Notes will be issued on an ongoing basis and in series (each a "**Series**") each comprised of tranche(s) (each a "**Tranche**") of Notes (a) that are expressed to be consolidated and form a single series and (b) that have either the same terms and conditions or terms and conditions that are the same in all respects apart from the amount and date of the first interest payment and the date from which interest starts to accrue. The Issuers will offer Notes through BNP Paribas Fortis SA/NV (as a Dealer). Additional dealers may be appointed under the Programme from time to time, for a specific Tranche of Notes or on an ongoing basis. The details of the relevant Dealer(s) relating to a specific Tranche of Notes will be given in the relevant Final Terms (as defined below). For further details, see the section entitled "*Plan of Distribution*" starting on page 158. The terms and conditions of the Notes (including the issue price, specified currency and the denomination) will be as agreed between the relevant Issuer and the relevant Dealer(s).

Notes issued by BP2F will be guaranteed on a subordinated or unsubordinated basis by BNP Paribas Fortis SA/NV (the "**Guarantor**").

You should read and understand fully the contents of this Base Prospectus, including any documents incorporated by reference, together with the applicable Final Terms before deciding whether to invest in any Notes. This document contains important information about the Issuers, the Guarantor and the terms of the Notes and the Guarantees. It also describes some of the risks relating to the Issuers and the Guarantor and their businesses, as well as other risks relating to an investment in the Notes (as further described in the section entitled "*Risk Factors*" starting on page 32) and is intended to provide investors with the information necessary to enable them to make an informed investment decision before purchasing any Notes.

This Base Prospectus is valid for one year from the date hereof and may be supplemented occasionally to reflect any significant new factor, material mistake or material inaccuracy relating to the information included in it.

### **What type of Notes does this Base Prospectus relate to?**

This Base Prospectus relates to the issue of different types of Notes:

1. Senior Notes, which constitute direct, unconditional, unsubordinated and unsecured obligations of BP2F;
2. Senior Preferred Notes, which constitute direct, unconditional, senior and unsecured (*chirografaïre/chirographaires*) obligations of BNPPF;

3. Senior Non-Preferred Notes, which constitute direct, unconditional, senior and unsecured (*chirografaire/chirographaires*) obligations of BNPPF; and
4. Subordinated Tier 2 Notes, which constitute direct, unconditional and unsecured obligations of the relevant Issuer.

Any such issue of Notes may be:

1. Fixed Rate Notes, on which the relevant Issuer will pay interest at a fixed rate;
2. Floating Rate Notes, on which the relevant Issuer will pay interest at a floating rate;
3. Zero Coupon Notes, which are issued at a discount and which do not pay interest;
4. Variable Rate Notes, interest in respect of which is linked to the performance of one or more indices, currency exchange rates, underlying reference rates or formulae;
5. Fixed Redemption Amount Notes, which are redeemable at par or at a premium or discount to par; or
6. Variable Redemption Amount Notes, the redemption amounts in respect of which are linked to the performance of one or more indices, currency exchange rates, underlying reference rates or formulae.

Notes may also be issued which are a combination of these options.

### **How do I use this Base Prospectus?**

The Prospectus Regulation requires that the Base Prospectus contains all material information which is necessary to enable investors to make an informed assessment of (a) the assets and liabilities, profits and losses, financial position and prospects of the Issuers and (where applicable) the Guarantor, (b) the rights attaching generally to Notes issued under the Programme and (c) the reasons for the issuance of the Notes and the impact of such issuance on the relevant Issuer. The information in the Base Prospectus is completed, in respect of a particular Tranche of Non-exempt Notes, by a Final Terms document setting out details specific to that Tranche. A summary of the terms of the relevant Tranche will be attached to the relevant Final Terms where the Notes have a denomination of less than EUR100,000 (or the equivalent in any other currency) (unless such Notes are to be admitted to trading only on a regulated market, or a specific segment of a regulated market, to which only qualified investors have access). Information in the Base Prospectus is completed, supplemented, modified or replaced, in respect of a particular issue of Exempt Notes, by a Pricing Supplement document (as defined below) that sets out details specific to that Tranche. References in this Base Prospectus to Pricing Supplements do not apply and may be disregarded in relation to Non-exempt Notes.

The contractual terms of a particular Tranche of Notes will comprise the terms and conditions set out under the heading "*Terms and Conditions of the Notes*" starting on page 200 of this Base Prospectus (the "**Conditions**") and the provisions of any Global Note as set out under the heading "*Summary of Provisions Relating to Global Notes and Certain Provisions with Respect to Dematerialised Notes*" starting on page 336 of this Base Prospectus, as completed by the applicable Final Terms (the Conditions, the provisions of any relevant Global Note together with the relevant Final Terms, the "**Terms and Conditions**").

Some of this information (such as the latest publicly available information relating to the Issuers and the Guarantor) is incorporated by reference into the Base Prospectus and some of this information is completed in the relevant Final Terms.

You should read and understand fully the contents of this Base Prospectus, including any documents incorporated by reference, together with the applicable Final Terms before deciding whether to invest in any Notes.

**Is any part of the Base Prospectus only relevant to particular types of Notes?**

This Base Prospectus includes information that is relevant to all types of Notes that may be issued under the Programme. However, some of the sections only relate to particular types of Notes.

The information under the heading "*Restrictions and Conditions for the use of this Base Prospectus*" starting on page 148 of the Base Prospectus only applies to Notes with a denomination of less than EUR 100,000 (or its equivalent in any other currency) (other than such Notes which are to be admitted to trading only on a regulated market, or a specific segment of a regulated market, to which only qualified investors have access) which may be placed or otherwise offered by financial intermediaries, subject to the conditions described therein.

Certain other information in the Base Prospectus applies to Exempt Notes (being Notes for which no prospectus is required to be published under (i) the Prospectus Regulation or (ii) the UK Prospectus Regulation (as defined below)) and/or Non-exempt Notes (which are Notes for which a prospectus is required to be published under the Prospectus Regulation), in each case as further described below, as specified in the relevant section of the Base Prospectus.

As described above, certain of the Conditions provide optional provisions that will only apply to some of the issues of Notes. The relevant Final Terms will specify which optional provisions within the Conditions will apply to a specific issue of Notes.

**What if I have further queries relating to this Base Prospectus and the Notes?**

If you have any questions about the content of this Base Prospectus, you should seek professional advice from a broker, solicitor, accountant or an independent financial adviser before deciding whether to invest.

***The following applies to all issues of Notes.***

### ***The Base Prospectus***

*This document is a Base Prospectus that has been prepared for the Programme. It comprises two base prospectuses, the BNPPF Base Prospectus and the BP2F Base Prospectus. Both are defined below and each, as periodically revised, supplemented or amended by the Issuers and/or the Guarantor, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. Therefore, Notes issued under the Programme may be offered to the public or/and admitted to trading on a regulated market. The term "**regulated market**" used in this document means a regulated market as defined in the Markets in Financial Instruments Directive (as amended) (Directive 2014/65/EU). When used in this Base Prospectus, "**Prospectus Regulation**" means Regulation (EU) 2017/1129.*

*The BNPPF base prospectus (the "**BNPPF Base Prospectus**") consists of this Base Prospectus except for:*

- (a) the information in the sections entitled "Description of BNP Paribas Fortis Funding" and "Description of the Guarantee"; and*
- (b) BP2F's audited annual accounts for the financial years ended 31 December 2020 and 31 December 2021 and the cash flow statements for the financial years ended 31 December 2020 and 31 December 2021 (as incorporated by reference at paragraphs 8, 9, 10 and 11 of the section entitled "Information Incorporated by Reference in this Base Prospectus").*

*The BP2F base prospectus (the "**BP2F Base Prospectus**") consists of this Base Prospectus.*

*Any Notes issued under the Programme are issued subject to the provisions below. This does not affect any Notes already issued or any Notes issued after the date of this Base Prospectus and forming a single Series with Notes issued before that date. This Base Prospectus should be read in conjunction with any supplement to this Base Prospectus and any other documents or information incorporated by reference in it (see "Information Incorporated by Reference in this Base Prospectus") and must be read and construed together with the relevant Final Terms, as described below.*

### ***Approval of the Base Prospectus, offers to the public and listing***

*This Base Prospectus has been approved as a base prospectus by the Luxembourg Financial Sector Supervisory Authority, (Commission de Surveillance du Secteur Financier) (the "**CSSF**") as competent authority under the Prospectus Regulation, for the purpose of giving information about the issue of Notes ("**Non-exempt Notes**") under the Programme during the twelve-month period after the date of approval of this Base Prospectus. The CSSF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Approval by the CSSF should not be considered as an endorsement of the Issuers or the Guarantor or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.*

*The CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Base Prospectus or the quality or solvency of the Issuers or the Guarantor. The CSSF has neither reviewed nor approved any information in this Base Prospectus pertaining to Notes admitted to trading on the multilateral trading facilities of the Euro MTF (as defined below).*

*The CSSF has been asked to provide the Belgian Financial Services and Markets Authority (the "**Belgian FSMA**") and the French Autorité des marchés financiers ("**AMF**") (in their respective capacities as the relevant host Member States' competent authority for the purposes of the Prospectus Regulation) with a*

certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation for the purposes of the offer and admission to trading on a regulated market of Non-exempt Notes in those Member States. The CSSF may be asked occasionally to provide certificates of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation to the competent authorities of other Member States.

Because this Base Prospectus has been approved as a Base Prospectus and published as provided below, Non-exempt Notes issued under the Programme pursuant to this Base Prospectus may be offered to the public, in accordance with the requirements of the Prospectus Regulation.

Application has been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to listing on the official list (the "**Official List**") and to trading on the regulated market of the Luxembourg Stock Exchange (Bourse de Luxembourg) (the "**Luxembourg Regulated Market**") or on the professional segment of the Luxembourg Regulated Market. Application may also be made for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext Brussels (the "**Brussels Regulated Market**") under the Prospectus Regulation during the twelve-month period after the date of approval of this Base Prospectus. The Luxembourg Regulated Market (including the professional segment of the Luxembourg Regulated Market) and the Brussels Regulated Market are each a regulated market for the purposes of Directive 2014/65/EU. Application may also be made for Notes issued under the Programme to be admitted to trading on other regulated markets.

**This Base Prospectus (as supplemented as at the relevant time, if applicable) is valid until 1 June 2023 in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the "EEA") and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.**

The requirement to publish a prospectus under the Prospectus Regulation applies only to Notes that are to be admitted to trading on a regulated market in the EEA and/or that are to be offered to the public in the EEA other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. The requirement to publish a prospectus under the Financial Services and Markets Act 2000 ("**FSMA**") only applies to Notes that are to be admitted to trading on a UK regulated market as defined in Regulation (EU) No 600/2014 on markets in financial instruments as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") ("**UK MiFIR**") and/or that are to be offered to the public in the United Kingdom other than in circumstances where an exemption is available under section 86 of the FSMA. References in this Base Prospectus to "**Exempt Notes**" are to Notes for which no prospectus is required to be published under (i) the Prospectus Regulation and/or (ii) Regulation (EU) 2017/1129 of 14 June 2017 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"), as the case may be. The CSSF has neither approved nor reviewed information contained in this Base Prospectus in connection with Exempt Notes.

Application has been made to the Luxembourg Stock Exchange for the approval of this Base Prospectus with respect to Exempt Notes as a base prospectus for the purposes of Part IV of the Luxembourg Law dated 16 July 2019 on prospectuses for securities (the "**Prospectus Act 2019**"). Application has also been made to the Luxembourg Stock Exchange for Notes (including Exempt Notes) issued under the Programme to be admitted to the Official List and admitted to trading on the Euro MTF Market of the Luxembourg Stock Exchange (the "**Euro MTF**") (including the professional segment of the Euro MTF) during the twelve-month period after the date of approval of this Base Prospectus. The Euro MTF is not a regulated market for the purposes of Directive 2014/65/EU.

*Under the Programme, Notes may be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or on the basis that they will be admitted to listing, trading and/or quotation by any other listing authorities, stock exchanges and/or quotation systems agreed with the Issuers.*

*References in this Base Prospectus to Notes being "**listed**" (and all related references) mean that the relevant Notes have been admitted to trading on the Luxembourg Regulated Market, the Brussels Regulated Market and/or the Euro MTF, as specified in the relevant Final Terms.*

### **About the Notes**

*The specific terms of each Tranche of Non-exempt Notes will be set out in a final terms document which will be completed at the time of the agreement to issue each Tranche of Notes and which will constitute final terms for the purposes of the Prospectus Regulation (the "**Final Terms**"). Each Final Terms will be filed with the CSSF and copies of Final Terms relating to Notes to be listed on the Luxembourg Stock Exchange will also be published on that exchange's website ([www.bourse.lu](http://www.bourse.lu)). If any of the terms relating to an issue of Notes constitute a "significant new factor" relating to the information contained in this Base Prospectus, either (i) a supplement to the Base Prospectus setting out the relevant terms will be submitted for approval or (ii) those terms, together with all the other necessary information in relating to the relevant series of Notes, will be set out in a prospectus relating to the relevant Notes (a "**Drawdown Prospectus**") which will be drafted as a single document and will incorporate by reference any relevant parts of this Base Prospectus.*

*The specific terms of each Tranche of Exempt Notes will be set out in a pricing supplement document (the "**Pricing Supplement**"). In respect of Exempt Notes to be admitted to trading on the Euro MTF, the applicable Pricing Supplement will be delivered to the Luxembourg Stock Exchange on or before the date of issue of the Exempt Notes of the relevant Tranche and published on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)) and will also be available from [www.bnpparibasfortis.be](http://www.bnpparibasfortis.be). Copies of such Pricing Supplements will be available from the office of the Fiscal Agent (or in the case of X/N Notes, the Domiciliary Agent and the Paying Agent).*

*Any reference in this Base Prospectus to "Final Terms", "relevant Final Terms" or "applicable Final Terms" will be deemed to include a reference to "Pricing Supplement", "relevant Pricing Supplement" or "applicable Pricing Supplement" in relation to Exempt Notes, to the extent applicable.*

### **Distribution of the Notes**

*The Issuers will offer Notes through BNP Paribas Fortis SA/NV (the "**Dealer**", which expression shall include any additional dealers appointed under this Programme from time to time, either for a specific Tranche of Notes or on an ongoing basis). An issue of Notes may also be underwritten by two or more Dealers on a several basis only or on a joint and several basis. Details of the Dealer(s) in relation to each Tranche will be set out in the relevant Final Terms. For further details, please refer to the section entitled "Plan of Distribution" starting on page 158.*

*In relation to an offer of Non-exempt Notes, each of the Issuers and the Guarantor accepts responsibility for the content of this Base Prospectus only in relation to investors who purchase such Notes in an offer made by a Dealer or an Authorised Offeror (as defined below), subject to certain conditions. The price at which the relevant Notes are offered will be agreed between the relevant investor and the Dealer or Authorised Offeror that makes the offer. Any offer of Non-exempt Notes made without the consent of the relevant Issuer is unauthorised and you should check with the relevant offeror whether anyone is responsible for this Base Prospectus in relation to the relevant offer. You should take legal advice if you are in any doubt about whether you can rely on this Base Prospectus and/or about who is responsible for its contents.*

*Notes issued under the Programme and the relevant Guarantees have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or any other applicable state securities laws and may be Notes in bearer form that are subject to U.S. tax law requirements. The Notes are being offered and sold in reliance on Regulation S under the Securities Act ("**Regulation S**") and, until the expiry of the period of 40 days after the completion of the distribution of all of the Notes of the relevant Tranche, may not be offered, sold, resold, held, traded, pledged, exercised, redeemed, transferred or delivered, directly or indirectly, in the United States or to, or for the account or benefit of, persons that are a "U.S. person", as defined in Regulation S except in accordance with Regulation S or pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.*

### **Responsibility Statement**

In the case of a Tranche of Notes the terms of which are set out in a Drawdown Prospectus, each reference in this Base Prospectus to information being specified or identified in the relevant Final Terms must be read and understood as a reference to such information being specified or identified in the relevant Drawdown Prospectus, unless the context requires otherwise.*

*This Base Prospectus should be read in conjunction with any supplement hereto and with any documents or information incorporated by reference in it (see "Information Incorporated by Reference in this Base Prospectus") and must be read and construed together with the relevant Final Terms.*

*Other than in relation to the documents which are deemed to be incorporated by reference (see "Information Incorporated by Reference"), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus and has not been scrutinised or approved by the CSSF. The Issuers and the Guarantor have not authorised the making of any representation or the provision of any information about the Issuers, the Guarantor or the Notes unless the representation or information is contained or incorporated by reference in this Base Prospectus or any Final Terms or unless the Issuers or the Guarantor have approved the representation or information for that purpose. Any such representation or information should not be relied upon as having been authorised by the Issuers, the Guarantor or any Dealer.*

*Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note implies that the information in this Base Prospectus is correct after the date of publication of the Base Prospectus or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied, or if different, the date given in the information.*

For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus please refer to the section entitled "Plan of Distribution".*

*Neither this Base Prospectus nor any Final Terms constitutes an offer of, or an invitation by or on behalf of the Issuer, the Guarantor or the Dealers to subscribe for or purchase, any Notes. The Base Prospectus and any Final Terms should not be considered as a recommendation from the Issuers, the Guarantor or the Dealers to subscribe for or purchase any Notes. Anyone receiving this Base Prospectus or any Final Terms will be considered to have investigated and appraised the condition (financial or otherwise) of the Issuers and the Guarantor.*

*Neither the Dealers nor any of their respective affiliates (unless acting as an obligor under the Programme, as specified below) has authorised all or part of this Base Prospectus; nor have they separately verified all the information contained or incorporated by reference in it. None of them makes any representation, warranty or undertaking, express or implied, or accepts any responsibility or liability, with respect to the accuracy or completeness of any of the information in this Base Prospectus (including information incorporated by reference in it). Neither this Base Prospectus nor any financial statements or other information incorporated by reference are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuers, the Guarantor or any of the Dealers that recipients of this Base Prospectus or any other financial statements incorporated by reference should purchase the Notes. Potential purchasers of Notes should determine for themselves whether the information contained or incorporated by reference in this Base Prospectus and in the relevant Final Terms is relevant. If they decide to purchase Notes, the decision should be based on the investigations they deem necessary. None of the Dealers undertakes to review the financial condition or affairs of the Issuers or the Guarantor during the life of the arrangements contemplated by this Base Prospectus; nor do they undertake to inform potential or actual investors in Notes issued under the Programme about any information (including information incorporated by reference) that may come to the attention of any of the Dealers.*

*The stabilisation manager, named in the relevant Final Terms, (the "**Stabilisation Manager**") will comply with all relevant laws, regulations and directives. References in the next paragraph to "this issue" are to each Series for which a Stabilisation Manager is appointed.*

***In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes (provided that, in the case of any Tranche of Notes to be admitted to listing on the official list and to trading on the Luxembourg Regulated Market and/or any other regulated market as defined in Directive 2014/65/EU, the aggregate principal amount of Notes allotted does not exceed 105 per cent. of the aggregate principal amount of the relevant Tranche) or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail.***

*However, stabilisation may not occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment shall be conducted in accordance with all applicable laws and rules.*

#### **Product Governance under Directive 2014/65/EU (as amended)**

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled "MiFID II Product Governance" which may outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU (as amended, "**MiFID II**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

#### **Product Governance under UK MiFIR**

A determination will be made in relation to each issue about whether, for the purpose of the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

The Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) may include a legend entitled "UK MiFIR Product Governance/Target Market Assessment" which may outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

**PRIIPs REGULATION/ IMPORTANT – EEA RETAIL INVESTORS** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II or (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "**Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**PRIIPs REGULATION/ IMPORTANT – UK RETAIL INVESTORS** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 ("FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**Prohibition of Sales to Belgian Consumers** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to Belgian Consumers", the Notes may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1 of the Belgian Code of Economic Law, as amended from time to time (a "**Belgian Consumer**") and the Notes may not be offered, sold or resold, transferred or delivered, and no prospectus, memorandum, information circular, brochure or any similar documents in relation to the Notes may be distributed, directly or indirectly, to any Belgian Consumer.

**Benchmarks Regulation** - Amounts payable under the Notes may be calculated by reference to one or more "benchmarks" for the purposes of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016 (the "**Benchmarks Regulation**"). In this case, a statement will be included in the applicable Final Terms as to whether or not the relevant administrator of the "benchmark" is included in the European Securities and Markets Authority's ("**ESMA**") register of administrators under Article 36 of the Benchmarks Regulation. Certain "benchmarks" may either (i) not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of that regulation or (ii) transitional provisions in Article 51 of the Benchmarks Regulation may apply to certain other "benchmarks" which would otherwise be in scope such that at the date of the relevant Final Terms, the administrator of the "benchmark" is not required to be included in the register of administrators.

As at the date of this Base Prospectus, the administrator of EURIBOR, European Money Markets Institute, appears on the register of administrators and benchmarks established and maintained by ESMA pursuant to article 36 of the Benchmarks Regulation (the "**ESMA Register**"). The administrator of SONIA, the Bank of England, the administrator of SOFR, the New York Federal Reserve, and the administrator of €STR, the European Central Bank, do not appear on the ESMA register. As far as the Issuers are aware, SONIA, SOFR and €STR do not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of the Benchmarks Regulation.

*Investors should consult the Issuers if they want a copy of the ISDA Definitions (as defined below).*

BNPPF does not intend to issue Senior Non-Preferred Notes except to the extent that such Senior Non-Preferred Notes would qualify as MREL for the purposes of the Applicable MREL Regulations (as defined in the Conditions).

### **Cross Default:**

The Senior Notes and Senior Preferred Notes (as defined in the Conditions) will contain a cross default in respect of indebtedness for borrowed money of the Issuers and the Guarantor (in respect of Notes issued by BP2F) as more fully set out in "*Terms and Conditions of the Notes —Events of Default*".

### **Taxation:**

All payments of principal and interest in respect of the Notes and the Guarantees by the Issuer or the Guarantor will be made without deduction for or on account of withholding taxes (if any), imposed in Luxembourg (in the case of BP2F) or Belgium (in the case of BNPPF), unless otherwise specified in the relevant Final Terms, subject to customary exceptions as specified in the Conditions.

Such description is only a summary at the date of the Base Prospectus of certain restrictions that can vary from time to time. Prospective investors and purchasers of Notes must inform themselves about all the relevant, applicable and up-to-date restrictions prior to investing in the applicable Notes. ### Ratings:

BP2F's senior unsecured debt rating is A+ (S&P Global Ratings Europe Limited ("**S&P**")). BP2F's senior unsecured credit ratings are A2 with a stable outlook (Moody's France SAS ("**Moody's**")) and AA- with a stable outlook (Fitch Ratings Ireland Limited ("**Fitch**")). BP2F's short-term debt rating is A-1 (S&P). BP2F's short-term credit ratings are P-1 (Moody's) and F1(Fitch). BNPPF's senior unsecured credit ratings are A+ with a stable outlook (S&P), A2 with a stable outlook (Moody's) and AA- with a stable outlook (Fitch) and BNPPF's short-term credit ratings are A-1 (S&P), P-1 (Moody's) and F1+ (Fitch).

S&P's credit ratings in respect of the Programme are: (i) A+ (senior unsecured debt maturing in one year or more), (ii) A-1 (senior unsecured debt maturing in less than one year), (iii) A- (senior subordinated debt maturing in one year or more) and (iv) BBB+ (subordinated debt). Moody's credit ratings in respect of the Programme (where BNPPF acts as Issuer) are: (i) A2 (senior unsecured), (ii) Baa2 (subordinated), and (iii) P-1 (short-term). Moody's credit ratings in respect of the Programme (where BP2F acts as Issuer (guaranteed by BNPPF)) are: (i) A2 (senior unsecured), (ii) Baa2 (subordinated), and (iii) P-1 (short-term). Fitch's credit ratings in respect of the Programme are AA- (long-term senior unsecured) and F1+ (short-term senior unsecured).

An obligor rated 'A' by S&P has strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in higher-rated categories. However, the obligor's capacity to meet its financial commitments on the obligation is still strong. The rating may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories. An obligor rated A-1 by S&P has strong capacity to meet its short-term financial commitments. It is rated in the highest category by S&P. An S&P stable outlook means a rating is not likely to change. An S&P rating outlook assesses the potential direction of a long-term credit rating over the intermediate term, which is generally up to two years for investment grade and generally up to one year for speculative

## GENERAL DESCRIPTION OF THE PROGRAMME

grade. In determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change. A short-term obligation rated 'A-1' by S&P is rated in the highest category by S&P. An obligation rated 'A' by S&P is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. The rating may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories. An obligation rated 'BBB' by S&P exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the obligor's capacity to meet its financial commitments on the obligation.

Obligations rated 'A' by Moody's are considered upper-medium grade and are subject to low credit risk. Obligations rated 'Baa' are judged to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from 'Aa' through 'Caa'. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. Issuer's (or supporting institutions) rated 'P-1' by Moody's reflects a superior ability to repay short-term obligations. A Moody's rating outlook is an opinion regarding the likely direction of a rating over the medium term. A stable outlook indicates a low likelihood of a rating change over the medium term. A negative, positive or developing outlook indicates a higher likelihood of a rating change over the medium term.

An 'A' rating by Fitch indicates a high credit quality. 'A' ratings denote expectations of low default risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to adverse business or economic conditions than is the case for higher ratings. The modifiers "+" or "-" may be appended to a rating by Fitch to denote relative status within major rating categories. An 'F1' rating by Fitch relates to highest short-term credit quality and indicates the strongest intrinsic capacity for timely payment of financial commitments. Rating outlooks applied by Fitch indicate the direction a rating is likely to move over a one- to two-year period and reflect financial or other trends that have not yet reached the level that would trigger a rating action, but which may do so if such trends continue. Positive and negative rating outlooks do not imply that a rating change is inevitable and, similarly, ratings with stable outlooks can be raised or lowered without a prior revision to the outlook.

The information set out above relating to the description of the ratings has been extracted from the web-site of the relevant rating agency. Each of the Issuer and the Guarantor confirms that such

information has been accurately reproduced and that, so far as it is aware and is able to ascertain from such web-sites, no facts have been omitted which would render the reproduced information inaccurate or misleading. This paragraph should be read in conjunction with the paragraphs under the heading "Responsibility Statement" above.

Each of Moody's, S&P and Fitch is established in the European Union and registered under Regulation (EC) No 1060/2009 (as amended) (the "**CRA Regulation**"). As such, each of Moody's, S&P and Fitch is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (<http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Nevertheless, some Notes issued under the Programme may be assigned a specific rating that will not necessarily be the same as the rating assigned to the Programme or may not receive any credit rating. Where a Series of Notes is rated, such rating will be disclosed in the relevant Final Terms. None of Moody's, S&P or Fitch are established in the United Kingdom in accordance with Regulation (EC) No.1060/2009 as it forms part of domestic law by virtue of the EUWA (the "**UK CRA Regulation**") but each is part of a group in respect of which one of its undertakings is (i) established in the United Kingdom, and (ii) is registered in accordance with the UK CRA Regulation. As such, the ratings issued by Moody's, S&P and Fitch could be used for regulatory purposes in the United Kingdom in accordance with the UK CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the relevant assigning rating agency. Please also refer to "*Credit ratings assigned to the Issuer, Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes*" in the "*Investment Considerations*" section of this Base Prospectus.

## **RISK FACTORS**

*This section sets out the risks the Issuers and the Guarantor believe to be the most essential to a prospective investor when assessing of whether to consider an investment in the Notes. However, investors should note that there is a wide range of factors which individually or together could result in the Issuers and/or the Guarantor being unable to make all payments due. It is not possible to identify all of these factors or to determine which factors are most likely to occur. This is because the Issuers and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of events that are beyond their control.*

## RISK FACTORS

*The following section applies to both Exempt Notes and Non-exempt Notes.*

*In purchasing Notes, investors assume the risk that the Issuers and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes or under the relevant Guarantee. There is a wide range of factors which individually or together could result in the Issuers or the Guarantor becoming unable to make all payments due. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuers and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuers' and the Guarantor's control. The Issuers and the Guarantor have identified in this Base Prospectus a number of factors which could materially adversely affect their businesses and ability to make payments due.*

*In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.*

*Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.*

*Before making an investment decision with respect to any Notes issued under the Programme, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes and consider such an investment decision in the light of the prospective investor's personal circumstances.*

*Words and expressions defined elsewhere in this Base Prospectus shall have the same meaning in this section.*

**(I) FACTORS THAT MAY AFFECT THE ISSUERS' AND THE GUARANTOR'S ABILITY TO FULFIL THEIR OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME**

The main categories of risk inherent in BNPPF's business are presented below. They may be measured through risk-weighted assets or other quantitative or qualitative indicators, to the extent risk-weighted assets are not relevant (for example, for liquidity and funding risk).

<i>Risk-weighted assets in billions of euros</i>	<b>31 December 2021</b>	<b>31 December 2020</b>
<b>Credit risk</b>	<b>95,451</b>	<b>110,904</b>
<b>Counterparty credit risk</b>	<b>1,689</b>	<b>2,274</b>
<b>Securitisation risk in the banking book</b>	<b>1,248</b>	<b>1,259</b>
<b>Operational risk</b>	<b>8,528</b>	<b>11,633</b>

<b>Equity risk</b>	<b>12,800</b>	<b>7,993</b>
<b>TOTAL</b>	<b>120,884</b>	<b>135,506</b>

## RISK FACTORS

The figures in the table above are extracted from the BNPPF 2021 Annual Report which is incorporated by reference in this document.

More generally, the risks to which BNPPF is exposed may arise from a number of factors related, among others, to changes in its macroeconomic or regulatory environment or factors related to the implementation of its strategy and its business.

The material risks specific to BNPPF's business, determined based on the circumstances known to the management as of the date of the BNPPF 2021 Annual Report, are presented below under seven main categories: credit risk, counterparty risk and securitisation risk in the banking book; operational risk; market risk; liquidity and funding risk; risks related to the macroeconomic and market environment; regulatory risks; and risks related to BNPPF's growth in its current environment. Investors should note that the risk factors set out under each of these headings are also applicable to BP2F, although where BP2F is the Issuer, they should be read in the specific context of BP2F's business and in conjunction with the "Risk factors relating to the business of BNP Paribas Fortis Funding" below.

BNPPF's risk management policies have been taken into account in assessing the materiality of these risks; in particular, risk-weighted assets factor in risk mitigation elements to the extent eligible in accordance with applicable banking regulations.

### **Credit risk, counterparty risk and securitisation risk in the banking book**

BNPPF's credit risk is defined as the probability of a borrower or counterparty defaulting on its obligations to BNPPF. Probability of default along with the recovery rate of the loan or debt in the event of default are essential elements in assessing credit quality. In accordance with European Banking Authority recommendations, this category of risk also includes risks on equity investments. As of 31 December 2021, BNPPF's credit risk exposure broke down as follows (in millions of euros): corporates (141,030), retail customers (123,029), central governments and central banks (79,230), credit institutions (19,003) and other items (4,583). As at 31 December 2021, 60% of BNPPF's credit exposure was comprised of exposures in Belgium, 5% in France, 10% in Luxembourg, 16% in other European countries, 1% in North America, and 6% in the rest of the world. BNPPF's risk-weighted assets subject to this type of risk amounted to EUR 95,451 million at 31 December 2021, or 79% of the total risk-weighted assets of BNPPF (see the chapters entitled "Risk Management and Capital Adequacy", "4 Credit and counterparty Credit Risk" and "4.a Credit risk" in the BNPPF 2021 Annual Report), compared to EUR 110,904 million at 31 December 2020.

BNPPF's counterparty risk arises from its credit risk in the specific context of market transactions, investments, and/or settlements. BNPPF's exposure to counterparty risk, excluding Credit Valuation Adjustment ("CVA") risk as at 31 December 2021, is comprised of: 51% to the corporate sector, 12% to governments and central banks, 29% to credit institutions and investment firms and 8% to clearing houses. By product, BNPPF's exposure, excluding CVA risk, as at 31 December 2021 was comprised of: 85% in OTC derivatives, 13% in repurchase transactions and securities lending/borrowing, 1% in listed derivatives and 1% in contributions to the clearing houses' default funds. The amount of this risk varies over time, depending on fluctuations in market parameters affecting the potential future value of the covered transactions. In addition, CVA risk measures the risk of losses related to CVA volatility resulting from fluctuations in credit spreads associated with the counterparties to which BNPPF is subject to risk. The risk-weighted assets subject to counterparty risk amounted to EUR 1,689 million at 31 December 2021, representing 1% of BNPPF's total risk-weighted assets (see the BNPPF 2021 Pillar 3 Disclosure), compared to EUR 2,274 million at 31 December 2020.

## RISK FACTORS

Securitisation risk in the banking book: securitisation is a transaction or arrangement by which the credit risk associated with a liability or set of liabilities is subdivided into tranches. Any commitment made by BNPPF under a securitisation structure (including derivatives and liquidity lines) is considered to be a securitisation. The bulk of BNPPF's commitments are in the prudential banking portfolio. Securitised exposures are essentially those generated by BNPPF. BNPPF's securitisation exposure amounted to EUR 5,333 million at 31 December 2021, compared to EUR 5,386 million at 31 December 2020. The securitisation positions held or acquired by BNPPF may also be categorized by its role: of the positions as at 31 December 2021, BNPPF was originator of 87% and was investor of 13%. The risk-weighted assets subject to this type of risk amounted to EUR 1,248 million at 31 December 2021 for BNPPF, or 1% of the total risk-weighted assets of BNPPF (see the BNPPF 2021 Pillar 3 Disclosure), compared to EUR 1,259 million at 31 December 2020.

*A substantial increase in new provisions or a shortfall in the level of previously recorded provisions exposed to credit risk and counterparty risk could adversely affect BNPPF's results of operations and financial condition*

Credit risk and counterparty risk impact BNPPF's consolidated financial statements when a customer or counterparty is unable to honour its obligations and when the book value of these obligations in BNPPF's records is positive. The customer or counterparty may be a bank, a financial institution, an industrial or commercial enterprise, a government or a government entity, an investment fund, or a natural person. If the default rate of customers or counterparties increases, BNPPF may have to record increased charges or provisions in respect of irrecoverable or doubtful loans (Stage 3) or of performing loans (Stages 1 and 2) in response to a deterioration in economic conditions or other factors, which may affect its profitability.

As a result, in connection with its lending activities, BNPPF regularly establishes provisions which are recorded on its income statement in the line item Cost of Risk. These provisions amounted to EUR 359 million at 31 December 2021, representing 17 basis points of outstanding customer loans (compared with 36 basis points at 31 December 2020). In Belgium, the cost of risk decreased as a consequence of, among other things, the provisioning of performing loans (stage 1 and 2). Stage 1 and 2 provisions were mainly impacted by a review of the macro-economic scenarios. Outside Belgium, cost of risk also decreased mainly due to lower provisions in stage 3 whereas the provisions in stages 1 and 2 were relatively stable. The significant increase in these provisions in 2020 reflects the economic consequences of the health crisis and is an example of the materialisation of this risk, while their decrease in 2021 is explained by a high base in 2020, a limited number of defaults and write-back provisions on performing loans.

BNPPF's overall level of provisions is based on its assessment of prior loss experience, the volume and type of lending being conducted, industry standards, past due loans, economic conditions and other factors related to the recoverability of various loans or statistical analysis based on scenarios applicable to asset classes.

Although BNPPF seeks to establish an appropriate level of provisions, its lending businesses may have to increase their provisions for loan losses or sound receivables substantially in the future as a result of deteriorating economic conditions or other causes. Any significant increase in provisions for loan losses or a significant change in BNPPF's estimate of the risk of loss inherent in its portfolio of non impaired loans, as well as the occurrence of loan losses in excess of the related provisions, could have a material adverse effect on BNPPF's results of operations and financial condition.

For reference, at 31 December 2021, the ratio of doubtful loans to total loans outstanding was 2.1% and the coverage ratio of these doubtful commitments (net of guarantees received) by provisions was

## RISK FACTORS

68.0%, compared to 2.6% and 65.1%, respectively, as at 31 December 2020. These two ratios are calculated based on figures from the FINREP reporting of BNPPF.

While BNPPF seeks to reduce its exposure to credit risk and counterparty risk by using risk mitigation techniques such as collateralisation, obtaining guarantees, entering into credit derivatives and entering into netting agreements, it cannot be certain that these techniques will be effective to offset losses resulting from counterparty defaults that are covered by these techniques. Moreover, BNPPF is also exposed to the risk of default by the party providing the credit risk coverage (such as a counterparty in a derivative or a loan insurance contract) or to the risk of loss of value of any collateral. In addition, only a portion of BNPPF's overall credit risk and counterparty risk is covered by these techniques. Accordingly, BNPPF has very significant exposure to these risks.

*The soundness and conduct of other financial institutions and market participants could adversely affect BNPPF*

BNPPF's ability to engage in financing, investment and derivative transactions could be adversely affected by the soundness of other financial institutions or market participants. Financial institutions are interrelated as a result of trading, clearing, counterparty, funding or other relationships. As a result, defaults by one or more states or financial institutions, or even rumours or questions about one or more financial institutions, or the financial services industry generally, may lead to market wide liquidity problems and could lead to further losses or defaults. BNPPF has exposure to many counterparties in the financial industry, directly and indirectly, including clearing houses, brokers and dealers, commercial banks, investment banks, mutual and alternative investment funds, and other institutional clients with which it regularly executes transactions. BNPPF may also be exposed to risks related to the increasing involvement in the financial sector of players and the introduction of new types of transactions subject to little or no regulation (such as unregulated funds, trading venues or crowdfunding platforms). Credit and counterparty risks could be exacerbated if the collateral held by BNPPF cannot be realised, it decreases in value or it is liquidated at prices not sufficient to recover the full amount of the loan or derivative exposure due to BNPPF or in the event of the failure of a significant financial market participant such as a central counterparty.

For reference, counterparty risk exposure related to financial institutions was EUR 2,401 million at 31 December 2021, or 29% of BNPPF's total counterparty risk exposure, and counterparty risk exposure related to clearing houses was EUR 666 million, or 8% of BNPPF's total counterparty risk exposure.

In addition, fraud or misconduct by financial market participants can have a material adverse effect on financial institutions due in particular to the interrelated nature of the financial markets.

Losses resulting from the risks summarised above could materially and adversely affect BNPPF's results of operations.

### **Operational risk**

BNPPF's operational risk is the risk of loss resulting from failed or inadequate internal processes (particularly those involving personnel and information systems) or external events, whether deliberate, accidental or natural (floods, fires, earthquakes, terrorist attacks, etc.). BNPPF's operational risks cover fraud, human resources risks, legal and reputational risks, non-compliance risks, tax risks, information systems risks, risk of providing inadequate financial services (conduct risk), risk of failure of operational processes including credit processes, or from the use of a model (model risk), as well as potential financial consequences related to reputation risk management. The risk-weighted assets

## RISK FACTORS

subject to this type of risk amounted to EUR 8,528 million at 31 December 2021, or 7% of the total risk-weighted assets of BNPPF (see page 11 of the BNPPF 2021 Pillar 3 Disclosure).

*BNPPF's risk management policies, procedures and methods may leave it exposed to unidentified or unanticipated risks, which could lead to material losses*

BNPPF has devoted significant resources to developing its risk management policies, procedures and assessment methods and intends to continue to do so in the future. Nonetheless, BNPPF's risk management techniques and strategies may not be fully effective in mitigating its risk exposure in all economic and market environments or against all types of risk, particularly risks that BNPPF may have failed to identify or anticipate. BNPPF's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if, as a result of market turmoil such as that experienced in recent years, the models and approaches it uses become less predictive of future behaviour, valuations, assumptions or estimates. Some of BNPPF's qualitative tools and metrics for managing risk are based on its use of observed historical market behaviour. BNPPF applies statistical and other tools to these observations to arrive at quantifications of its risk exposures. The process BNPPF uses to estimate losses inherent in its credit exposure or estimate the value of certain assets requires difficult, subjective, and complex judgments, including forecasts of economic conditions and how these economic predictions might impair the ability of its borrowers to repay their loans or impact the value of assets, which may, during periods of market disruption or substantial uncertainty, be incapable of accurate estimation and, in turn, impact the reliability of the process. These tools and metrics may fail to predict future risk exposures, for example, if BNPPF does not anticipate or correctly evaluate certain factors in its statistical models, or upon the occurrence of an event deemed extremely unlikely by the tools and metrics. This would limit BNPPF's ability to manage its risks. BNPPF's losses could therefore be significantly greater than the historical measures indicate. In addition, BNPPF's quantified modelling does not take all risks into account. Its more qualitative approach to managing certain risks could prove insufficient, exposing it to material unanticipated losses.

*An interruption in or a breach of BNPPF's information systems may cause substantial losses of client or customer information, damage to BNPPF's reputation and result in financial losses*

As with most other banks, BNPPF relies heavily on communications and information systems to conduct its business. This dependency has increased with the spread of mobile and online banking services, the development of cloud computing and more generally the use of new technologies. Any failure or interruption or breach in security of these systems could result in failures or interruptions in BNPPF's customer relationship management, general ledger, deposit, servicing and/or loan organization systems or could cause BNPPF to incur significant costs in recovering and verifying lost data. BNPPF cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed.

In addition, BNPPF is subject to cybersecurity risk, or risk caused by a malicious and/or fraudulent act, committed virtually, with the intention of manipulating information (confidential data, bank/insurance, technical or strategic), processes and users, in order to cause material losses to BNPPF's subsidiaries, employees, partners and clients and/or for the purpose of extortion (ransomware). An increasing number of companies (including financial institutions) have in recent years experienced intrusion attempts or even breaches of their information technology security, some of which have involved sophisticated and highly targeted attacks on their computer networks. Because the techniques used to obtain unauthorized access, disable or degrade service, steal confidential data or sabotage information systems have become more sophisticated, change frequently and often are not

## RISK FACTORS

recognized until launched against a target, BNPPF and its third party service providers may be unable to anticipate these techniques or to implement in a timely manner effective and efficient countermeasures.

Any failures of or interruptions in BNPPF's information systems or those of its providers and any subsequent disclosure of confidential information related to any client, counterparty or employee of BNPPF (or any other person) or any intrusion or attack against its communication system could cause significant losses and have an adverse effect on BNPPF's reputation, financial condition and results of operations.

Regulatory authorities now consider cybersecurity as a growing systemic risk for the financial sector. They have stressed the need for financial institutions to improve their resilience to cyber-attacks by strengthening internal IT monitoring and control procedures. A successful cyber-attack could therefore expose BNPPF to a regulatory fine, especially should any personal data from customers be lost.

Moreover, BNPPF is exposed to the risk of operational failure or interruption of a clearing agent, foreign markets, clearing houses, custodian banks or any other financial intermediary or external service provider used by BNPPF to execute or facilitate financial transactions. Due to its increased interaction with clients, BNPPF is also exposed to the risk of operational malfunction of the latter's information systems. BNPPF's communications and data systems and those of its clients, service providers and counterparties may also be subject to malfunctions or interruptions as a result of cyber-crime or cyber-terrorism. BNPPF cannot guarantee that these malfunctions or interruptions in its own systems or those of other parties will not occur or that in the event of a cyber-attack, these malfunctions or interruptions will be adequately resolved.

*Reputational risk could weigh on BNPPF's financial strength and diminish the confidence of clients and counterparties in it*

Considering the highly competitive environment in the financial services industry, a reputation for financial strength and integrity is critical to BNPPF's ability to attract and retain customers. BNPPF's reputation could be harmed if the means it uses to market and promote its products and services were deemed to be inconsistent with client interests. BNPPF's reputation could also be damaged if, as it increases its client base and the scale of its businesses, its overall procedures and controls dealing with conflicts of interest fail, or appear to fail, to address them properly. Moreover, BNPPF's reputation could be damaged by employee misconduct, fraud or misconduct by financial industry participants to which BNPPF is exposed, a restatement of, a decline in or corrections to, its results, as well as any adverse legal or regulatory action, such as the settlement the BNP Paribas Group entered into with the U.S. authorities in 2014 for violations of U.S. laws and regulations regarding economic sanctions. The loss of business that could result from damage to BNPPF's reputation could have an adverse effect on its results of operations and financial position.

### **Market risk**

BNPPF's market risk is the risk of loss of value caused by an unfavourable trend in prices or market parameters. The parameters affecting BNPPF's market risk include, but are not limited to, exchange rates, prices of securities (whether the price is directly quoted or obtained by reference to a comparable asset), the price of derivatives on an established market and all benchmarks that can be derived from market quotations such as interest rates, credit spreads, volatility or implicit correlations or other similar parameters.

## RISK FACTORS

BNPPF is exposed to market risk mainly through trading activities carried out by the business lines of its Corporate & Institutional Banking ("**CIB**") operating division, primarily in Global Markets, which represented 2% of BNPPF's revenue in 2021. BNPPF's trading activities are directly linked to economic relations with clients of these business lines, or indirectly as part of its market making activity.

In addition, the market risk relating to BNPPF's banking activities covers its interest rate and foreign exchange rate risk in connection with its activities as a banking intermediary. The "operating" foreign exchange risk exposure relates to net earnings generated by activities conducted in currencies other than the functional currency of the entity concerned. The "structural" foreign exchange risk position of an entity relates to investments in currencies other than the functional currency. In measuring interest rate risk, BNPPF defines the concepts of standard rate risk and structural rate risk as the following: the standard rate risk corresponds to the general case, namely when it is possible to define the most appropriate hedging strategy for a given transaction, and the structural rate risk is the interest rate risk for equity and non-interest-bearing current accounts.

BNPPF's market risk based on its activities is measured by Value at Risk ("**VaR**"), and various other market indicators (stressed VaR, Incremental Risk Charge) as well as by stress tests and sensitivity analysis compared with market limits.

The risk-weighted assets subject to this type of risk amounted to EUR 1,168 million at 31 December 2021, or 1% of the total risk-weighted assets of BNPPF (see the BNPPF 2021 Pillar 3 Disclosure).

*BNPPF may incur significant losses on its trading and investment activities due to market fluctuations and volatility*

BNPPF maintains trading and investment positions in the debt, currency, commodity and equity markets, and in unlisted securities, real estate and other asset classes, including through derivative contracts. These positions could be adversely affected by extreme volatility in these markets, *i.e.*, the degree to which prices fluctuate over a particular period in a particular market, regardless of market levels. Moreover, volatility trends that prove substantially different from BNPPF's expectations may lead to losses relating to a broad range of other products that BNPPF uses, including swaps, forward and future contracts, options and structured products.

To the extent that BNPPF owns assets, or has net long positions, in any of those markets, a market downturn could result in losses from a decline in the value of its positions. Conversely, to the extent that BNPPF has sold assets that it does not own, or has net short positions in any of those markets, a market upturn could, in spite of the existing limitation of risks and control systems, expose BNPPF to potentially substantial losses as it attempts to cover its net short positions by acquiring assets in a rising market. BNPPF may from time to time hold a long position in one asset and a short position in another, in order to hedge transactions with clients and/or in view of benefiting from changes in the relative value of the two assets. If, however, the relative value of the two assets changes in a direction or manner that BNPPF did not anticipate or against which its positions are not hedged, it might realize a loss on those paired positions. Such losses, if significant, could adversely affect BNPPF's results and financial condition. In addition, BNPPF's hedging strategies may not be suitable for certain market conditions.

If any of the variety of instruments and strategies that BNPPF uses to hedge its exposure to various types of risk in its businesses is not effective, BNPPF may incur losses. Many of its strategies are based on historical trading patterns and correlations. For example, if BNPPF holds a long position in an asset, it may hedge that position by taking a short position in another asset where the short position

## RISK FACTORS

has historically moved in a direction that would offset a change in the value of the long position. However, the hedge may only be partial, or the strategies used may not protect against all future risks or may not be fully effective in mitigating BNPPF's risk exposure in all market environments or against all types of risk in the future. Unexpected market developments may also reduce the effectiveness of BNPPF's hedging strategies. In addition, the manner in which gains and losses resulting from certain ineffective hedges are recorded may result in additional volatility in BNPPF's reported earnings.

The BNP Paribas Group uses a VaR model to quantify its exposure to potential losses from market risks, and also performs stress testing with a view to quantifying its potential exposure in extreme scenarios (see Chapter 5 ("**Market Risk**") in the BNPPF 2021 Annual Report). However, these techniques rely on statistical methodologies based on historical observations, which may turn out to be unreliable predictors of future market conditions. Accordingly, BNPPF's exposure to market risk in extreme scenarios could be greater than the exposures predicted by its quantification techniques.

*BNPPF may generate lower revenues from commission and fee based businesses during market downturns and declines in activity*

Commissions represented 17% of BNPPF's total revenues in 2021. Financial and economic conditions affect the number and size of transactions for which BNPPF provides securities underwriting, financial advisory and other investment banking services. These revenues, which include fees from these services, are directly related to the number and size of the transactions in which BNPPF participates and can thus be significantly affected by economic or financial changes that are unfavourable to its investment banking business and clients. In addition, because the fees that BNPPF charges for managing its clients' portfolios are in many cases based on the value or performance of those portfolios, a market downturn that reduces the value of its clients' portfolios or increases the amount of withdrawals would reduce the revenues it receives from its asset management, equity derivatives and private banking businesses.

*Adjustments to the carrying value of BNPPF's securities and derivatives portfolios and BNPPF's own debt could have an adverse effect on its net income and shareholders' equity*

The carrying value of BNPPF's securities and derivatives portfolios and certain other assets, as well as its own debt, in its balance sheet is adjusted as of each financial statement date. As at 31 December 2021, on the assets side of BNPPF's balance sheet, financial instruments at fair value through profit or loss, derivative financial instruments used for hedging purposes and financial assets at fair value through shareholders' equity amounted to EUR 13,634 million, EUR 1,982 million and EUR 7,861 million respectively. In the liabilities column, financial instruments at fair value through profit or loss and derivative financial instruments used for hedging purposes amounted to EUR 22,372 million and EUR 3,215 million, respectively, at 31 December 2021. Most of the adjustments are made on the basis of changes in fair value of BNPPF's assets or debt during an accounting period, with the changes recorded either in the income statement or directly in shareholders' equity. Changes that are recorded in the income statement, to the extent not offset by opposite changes in the value of other assets, affect BNPPF's consolidated revenues and, as a result, its net income. A downward adjustment of the fair value of BNPPF's securities and derivatives portfolios may lead to reduced shareholders' equity and, to the extent not offset by opposite changes in the value of BNPPF's liabilities, BNPPF's capital adequacy ratios may also be lowered. The fact that fair value adjustments are recorded in one accounting period does not mean that further adjustments will not be needed in subsequent periods.

### Liquidity and funding risk

Liquidity risk is the risk that BNPPF will not be able to honour its commitments or unwind or offset a position due to market conditions or specific factors within a specified period of time and at a reasonable cost. It reflects the risk of not being able to cope with net cash outflows, including collateral requirements, over short-term to long-term horizons. BNPPF's specific risk can be assessed through its short-term liquidity ratio ("**Liquidity Coverage Ratio**" or "**LCR**"), which analyses the hedging of net cash outflows during a thirty-day stress period. The LCR of BNPPF at 31 December 2021 was 192 per cent..

See the press release dated 11 March 2022 published by BNPPF on its 2021 full year results, which is incorporated by reference in this Base Prospectus.

*BNPPF's access to and cost of funding could be adversely affected by a resurgence of financial crises, worsening economic conditions, rating downgrades, increases in sovereign credit spreads or other factors*

Over the last ten years, the financial crisis, the eurozone sovereign debt crisis as well as the general macroeconomic environment have, at times, adversely affected the availability and cost of funding for European banks. This was due to several factors, including a sharp increase in the perception of bank credit risk due to exposure to sovereign debt in particular, credit rating downgrades of sovereigns and of banks, and debt market speculation. Many European banks, including BNPPF, at various points during these periods experienced restricted access to wholesale debt markets for institutional investors and to the interbank market, as well as a general increase in their cost of funding. In the context of the health crisis, the European Central Bank ("**ECB**") also set up refinancing facilities designed to foster the banks' refinancing of the economy (targeted longer-term refinancing options or "**TLTRO**", on which BNPPF has drawn). Such adverse credit market conditions may reappear in the event of prolonged stagnation of growth, deflation, resurgence of the financial crisis, another sovereign debt crisis or new forms of financial crises, factors relating to the financial industry or the economy in general (including the economic consequences of the health crisis) or to BNPPF in particular. In this case, the effect on the liquidity of the European financial sector in general, and BNPPF in particular, could be materially adverse and have a negative impact on BNPPF's results of operations and financial condition.

*Protracted market declines can reduce BNPPF's liquidity, making it harder to sell assets and possibly leading to material losses. Accordingly, BNPPF must ensure that its assets and liabilities properly match in order to avoid exposure to losses*

In some of BNPPF's businesses, particularly Global Markets (which represented 2% of BNPPF's revenue in 2021) and Asset/Liability Management, protracted market movements, particularly asset price declines, can reduce the level of activity in the market or reduce market liquidity. These developments can lead to material losses if BNPPF cannot close out deteriorating positions in a timely way. This is particularly true for assets that are intrinsically illiquid. Assets that are not traded on stock exchanges or other public trading markets, such as certain derivative contracts between financial institutions, may have values that BNPPF calculates using models rather than publicly-quoted prices. Monitoring the deterioration of prices of assets like these is difficult and could lead to significant unanticipated losses (see Chapters 4 ("*Note to the Balance Sheet*"), 4d ("*Measurement of the Fair Value of Financial Instruments*", pages 107 to 117) and the section entitled "Risk Management and Capital Adequacy", page 191 in Chapter 9 ("*Liquidity Risk*") in the BNPPF 2021 Annual Report).

## RISK FACTORS

BNPPF is exposed to the risk that the maturity, interest rate or currencies of its assets might not match those of its liabilities. The timing of payments on certain of BNPPF's assets is uncertain, and if BNPPF receives lower revenues than expected at a given time, it might require additional market funding in order to meet its obligations on its liabilities. While BNPPF imposes strict limits on the gaps between its assets and its liabilities as part of its risk management procedures, it cannot be certain that these limits will be fully effective to eliminate potential losses arising from asset and liability mismatches.

*Any downgrade of BNPPF's credit ratings could weigh heavily on the profitability of BNPPF*

Credit ratings have a significant impact on BNPPF's liquidity. On 23 November 2021, Standard & Poor's published a report indicating that BNPPF's long-term issuer credit rating is A+, and its short-term rating is A-1, with a stable outlook.

On 28 October 2021, Fitch affirmed its long-term issuer default ratings for BNPPF at A+, and its short-term rating at F1, with a stable outlook.

On 2 May 2022, Moody's affirmed its long-term senior unsecured debt rating at A2, and affirmed its short-term rating as P-1, with a stable outlook.

Any rating action may occur at any time by any rating agency.

A downgrade in BNPPF's credit rating could affect the liquidity and competitive position of BNPPF. It could also increase BNPPF's borrowing costs, limit access to the capital markets or trigger additional obligations under its covered bonds or under certain bilateral provisions in some trading, derivative or collateralized financing contacts. As part of the BNP Paribas Group, BNPPF can be highly sensitive to a downgrade by rating agencies of the rating of the parent company of the BNP Paribas Group or a deterioration of its debt quality.

In addition, BNPPF's cost of obtaining long term unsecured funding from market investors is also directly related to its credit spreads, which in turn depend to a certain extent on its credit ratings. Increases in credit spreads can significantly increase BNPPF's cost of funding. Changes in credit spreads are continuous, market driven, and subject at times to unpredictable and highly volatile movements. Credit spreads are also influenced by market perceptions of BNPPF's creditworthiness. Furthermore, credit spreads may be influenced by movements in the cost to purchasers of credit default swaps referenced to BNPPF's debt obligations, which are influenced both by the credit quality of those obligations, and by a number of market factors that are beyond the control of the BNP Paribas Group.

### **Risks related to the macroeconomic and market environment**

*Adverse economic and financial conditions have in the past had and may in the future have an impact on BNPPF and the markets in which it operates*

BNPPF's business is sensitive to changes in the financial markets and more generally to economic conditions in Belgium (53% of BNPPF's revenues at 31 December 2021), other countries in Europe (35% of BNPPF's revenues at 31 December 2021) and the rest of the world (12% of BNPPF's revenues at 31 December 2021). A deterioration in economic conditions in the markets in the countries where BNPPF operates and in the economic environment could in the future have, some or all of the following impacts:

- adverse economic conditions affecting the business and operations of BNPPF's customers, reducing credit demand and trading volume and resulting in an increased rate of default on loans

## RISK FACTORS

and other receivables, in part as a result of the deterioration of the financial capacity of companies and households;

- a decline in market prices of bonds, equities and commodities affecting the businesses of BNPPF, including in particular trading, investment banking and asset management revenues;
- macroeconomic policies adopted in response to actual or anticipated economic conditions having unintended effects, and are likely to impact market parameters such as interest rates and foreign exchange rates, which in turn can affect BNPPF's businesses that are most exposed to market risk;
- perceived favourable economic conditions generally or in specific business sectors resulting in asset price bubbles, which could in turn exacerbate the impact of corrections when conditions become less favourable;
- a significant economic disruption (such as the global financial crisis of 2008 or the European sovereign debt crisis of 2011 or the COVID-19 pandemic since 2020) having a substantial impact on all of BNPPF's activities, particularly if the disruption is characterised by an absence of market liquidity that makes it difficult to sell certain categories of assets at their estimated market value or at all. These disruptions could also lead to a decline in transaction commissions and consumer loans; and
- a significant deterioration of market and economic conditions resulting from, among other things, adverse political and geopolitical events such as natural disasters, geopolitical tensions, health risks such as the COVID-19 health crisis and its aftermath, the fear or recurrence of new epidemics or pandemics, acts of terrorism, societal unrest, cyber-attacks, military conflicts or threats thereof and related risks may affect the operating environment for BNPPF episodically or for extended periods.

Since 2020, economies and financial markets have been, and should continue in 2022 to be, particularly sensitive to a number of factors, including the evolution of the COVID-19 pandemic and its economic consequences, in particular, the increase in sovereign and corporate debt that pre-dated the health crisis and has been aggravated by it, as well as the strength and staying power of the economic recovery following the crisis' peak, which is itself dependent on a number of factors (see risk factor 7.1 "*Epidemics and pandemics, including the ongoing coronavirus (COVID-19) pandemic and their economic consequences may adversely affect BNPPF's business, operations, results and financial condition*" below).

In addition, numerous factors may impact the economy and the financial markets in the coming months or years, in particular geopolitical tensions (notably in Eastern Europe, and in particular, the Russian invasion of Ukraine and the reaction of the international community for which the consequences on the financial markets and the general business climate are significantly unfavourable in the short-term and remain uncertain in the long term), political risks directly affecting Europe, general trends in consumer and commodity prices (themselves affected by the above-mentioned factors) characterised by high inflation, corresponding trends in wages, supply chain pressures, the changing economic situation in certain countries or regions that contribute to overall global economic growth, tensions around international trade and, as discussed below, the evolution of monetary policy and interest rates.

More generally, the volatility of financial markets could adversely affect BNPPF's trading and investment positions in the debt, currency, commodity and equity markets, as well as its positions in other investments. Severe market disruptions and extreme market volatility have occurred often in recent years and may occur again in the future, which could result in significant losses for BNPPF. Such losses may extend to a broad range of trading and hedging products, including swaps, forward

## RISK FACTORS

and future contracts, options and structured products. The volatility of financial markets makes it difficult to predict trends and implement effective trading strategies.

It is difficult to predict when economic or market downturns or other market disruptions will occur, and which markets will be most significantly impacted. If economic or market conditions in Belgium or elsewhere in Europe, or Global Markets more generally, were to deteriorate or become more volatile, BNPPF's operations could be disrupted, and its business, results of operations and financial condition could be adversely affected.

*Significant interest rate changes could adversely affect BNPPF's revenues or profitability. The prolonged low interest rate environment carries inherent systemic risks, which could impact BNPPF's income or profitability, and any exit from such environment would also carry risks*

The net interest income recorded by BNPPF during any given period significantly affects its overall revenues and profitability for that period. Interest rates are highly sensitive to many factors beyond BNPPF's control, such as the rate of inflation, country-specific monetary policies and certain decisions concerning regulatory capital. Changes in market interest rates could affect the interest rates charged on interest-earning assets differently from the interest rates paid on interest-bearing liabilities. Any adverse change in the yield curve could cause a decline in net interest income generated by BNPPF's lending activities. In addition, increases in the interest rates at which BNPPF's short-term funding is available and maturity mismatches may adversely affect its profitability.

Since the 2008-2009 financial crisis, global markets have been characterised by an extended period of low interest rates. This low interest rate environment has weighed significantly on banks' profitability, including that of BNPPF, for a number of years. The relative impact on banks depends, in particular, on the proportion of their revenues represented by net interest income; this proportion was 56% for BNPPF in 2021 (see page 48 in the BNPPF 2021 Annual Report). The situation has worsened since 2019 with the introduction of negative rates, particularly on placements by European banks with the ECB. If the low or even negative, interest rate environment continues, despite higher inflation and the central banks' reactions to it, BNPPF's profitability could be affected or even decline. In this respect, central banks have – in 2020 and again in 2021 – increased their monetary support in the face of the recession caused by the health crisis of 2020 and 2021. A reduction in these accommodative policies by central banks, particularly in response to increasing inflation, has begun to be implemented by the U.S. Federal Reserve, the Bank of England and the ECB. For example, the ECB has indicated that it will cease the emergency pandemic purchase programme ("**EPPP**") in March 2022 and its targeted longer-term refinancing operations ("**TLTRO 3**") in June 2022.

During periods of low interest rates, interest rate spreads tend to tighten, and BNPPF may be unable to lower interest rates on deposits sufficiently to offset reduced income from lending at lower interest rates. Net interest income amounted to EUR 4,694 million in 2021 and EUR 4,752 million in 2020, respectively (see the BNPPF 2021 Annual Report 2021). The negative interest rate environment in which banks are charged for cash deposited with central banks, whereas banks typically do not charge clients for deposits, weighs significantly on banks' margins. In addition, BNPPF has been facing and may continue to face an increase in early repayment and refinancing of mortgages and other fixed rate consumer and corporate loans as clients take advantage of lower borrowing costs. This, along with the issuance of new loans at the low prevailing market interest rates, has resulted and may continue to result in a decrease in the average interest rate of BNPPF's portfolio of loans thereby causing a decline in its net interest income from lending activities. Moreover, an environment of persistently low interest rates can also have the effect of flattening the yield curve in the market more generally, which could reduce the premium generated by BNPPF from its funding activities. A flattening yield curve can also

## RISK FACTORS

influence financial institutions to engage in riskier activities in an effort to earn the desired level of returns, which can increase overall market risk and volatility. Low interest rates may also affect the profitability and even the solvency of the insurance activities of BNPPF, particularly due to the prevalence in the market of life insurance contracts backed by euro-denominated funds, which may not be able to generate sufficient returns to be competitive with other investment products. Low interest rates may also adversely affect commissions charged by BNPPF's asset management subsidiaries on money market and other fixed income products. A reduction in credit spreads and decline in retail banking income resulting from lower portfolio interest rates may adversely affect the profitability of BNPPF's retail banking operations.

On the other hand, the end of a period of prolonged low interest rates, in particular due to the normalisation and tightening of monetary policy (as already initiated by some central banks and expected by the market) following the economy's recovery, or inflation a level higher or lasting longer than expected by central banks, would also carry risks. If market interest rates were to rise generally, a portfolio featuring significant amounts of lower interest loans and fixed income assets would be expected to decline in value. If BNPPF's hedging strategies are ineffective or provide only a partial hedge against such a change in value, BNPPF could incur losses. Any sharper or more rapid than expected tightening could have a negative impact on the economic recovery. On the lending side, it could in particular cause stress in loan and bond portfolios, possibly leading to an increase in non-performing exposures and defaults. More generally, the reduction of accommodative monetary policies (already initiated by some central banks after a period of substantial liquidity infusions from asset purchases) by central banks may, even if implemented progressively, lead to severe corrections in certain markets or asset classes (e.g., non-investment grade corporate and sovereign borrowers, certain sectors of equities and real estate) that particularly benefited (including from very low risk premia as compared to historical averages) from the prolonged low interest rate and high liquidity environment, and such corrections could potentially be contagious to financial markets generally, including through substantially increased volatility.

*Given the global scope of its activities, BNPPF is exposed to country risk and to changes in the political, macroeconomic or financial contexts of a region or country*

BNPPF is subject to country risk, meaning the risk that economic, financial, political or social conditions in a given foreign country in which it operates could adversely affect BNPPF's operations, its results, its financial condition or its business. BNPPF monitors country risk and takes it into account in the fair value adjustments and cost of risk recorded in its financial statements. However, a significant change in political or macroeconomic environments may require it to record additional charges or to incur losses beyond the amounts previously written down in its financial statements. In addition, factors specific to a country or region in which BNPPF operates could make it difficult for it to carry out its business and lead to losses or impairment of assets.

At 31 December 2021, BNPPF's loan portfolio consisted of receivables from borrowers located in Belgium (60%), France (5%), Luxembourg (10%), other European countries (16%), North America (1%), and the rest of the world (8%). Adverse conditions that particularly affect these countries and regions would have a significant impact on BNPPF.

### **Regulatory risks**

## RISK FACTORS

*Laws and regulations adopted in recent years, as well as current and future legislative and regulatory developments may significantly impact BNPPF and the financial and economic environment in which it operates*

Laws and regulations have been enacted in the past few years, in particular in Belgium, Europe and the United States, with a view to introducing a number of changes, some permanent, in the financial environment. The impact of the measures has changed substantially the environment in which BNPPF and other financial institutions operate.

The measures that have been adopted include:

- more stringent capital and liquidity requirements (particularly for global systemically important banks such as the BNP Paribas Group), as well as changes to the risk-weighting methodologies and the methods of using internal models that have led, could have led or could lead to increased capital requirements;
- restrictions on certain types of activities considered as speculative undertaken by commercial banks that are prohibited or need to be ring fenced in subsidiaries (particularly proprietary trading) and are subject to prudential requirements and autonomous funding;
- prohibitions or restrictions on fees for certain types of financial products or activities;
- enhanced recovery and resolution regimes, in particular the Bank Recovery and Resolution Directive of 15 May 2014 (the "**BRRD**"), as amended from time to time, which strengthens powers to prevent and resolve banking crises in order to ensure that losses are borne largely by the creditors and shareholders of the banks and in order to keep the costs incurred by taxpayers to a minimum;
- the establishment of the national resolution funds by the BRRD and the creation of the Single Resolution Board (the "**SRB**") by the European Parliament and Council of the European Union in a resolution dated 15 July 2014 (the "**SRM Regulation**"), as amended from time to time, which can initiate resolution proceedings for banking institutions such as BNPPF, and the Single Resolution Fund (the "**SRF**"), the financing of which by BNPPF (up to its annual contribution) can be significant;
- the establishment of national deposit guarantee schemes and a proposed European deposit guarantee scheme or deposit insurance which will gradually cover all or part of the guarantee schemes of participating countries;
- increased internal control and reporting requirements with respect to certain activities;
- the implementation of regulatory stress tests (including in relation to climate change risk) which could lead to additional regulatory capital requirements (see the BNPPF 2021 Annual Report);
- greater powers granted to the relevant authorities to combat money laundering and terrorism financing;
- more stringent governance and conduct of business rules and restrictions and increased taxes on employee compensation over specified levels;
- measures to improve the transparency, efficiency and integrity of financial markets and in particular the regulation of high frequency trading, more extensive market abuse regulations, increased regulation of certain types of financial products including mandatory reporting of

## RISK FACTORS

derivative and securities financing transactions, requirements either to mandatorily clear, or otherwise mitigate risks in relation to, over-the-counter derivative transactions (including through posting of collateral in respect of non-centrally cleared derivatives);

- the taxation of financial transactions;
- enhanced protection of personal data and cybersecurity requirements;
- enhanced disclosure requirements, including through the introduction of new disclosure requirements on (i) how banking groups providing asset management services, such as BNPPF, integrate sustainability risks, negative impacts, sustainable investment objectives or the promotion of environmental or social attributes when making investment decisions, and (ii) how and to what extent banking groups themselves finance or develop economic activities that can be considered environmentally sustainable as defined in the European Taxonomy;
- the introduction of new requirements for the integration of climate risk into the risk measurement and management systems of banking groups, including through the publication of proposals for banks to manage and disclose climate risk; and
- strengthening the powers of supervisory bodies and the creation of new authorities, including the adoption of the Single Resolution Mechanism (the "SRM") in October 2013, pursuant to which BNPPF is under the direct supervision of the ECB.

These measures may have a significant adverse impact. For example, the introduction of a required contribution to the Single Resolution Fund resulted in a substantial additional expense for BNPPF (BNPPF made a EUR 89 million contribution to the SRF in 2021).

Measures relating to the banking sector could be further amended, expanded or strengthened. Moreover, additional measures could be adopted in other areas. It is impossible to predict what additional measures will be adopted or what their exact content will be, and, given the complexity of the issues and the uncertainty surrounding them, to determine their impact on BNPPF. The effect of these measures, whether already adopted or that may be adopted in the future, has been and could continue to be a decrease in BNPPF's ability to allocate its capital and capital resources to financing, limit its ability to diversify risks, reduce the availability of certain financing and liquidity resources, increase the cost of financing, increase the cost of compliance, increase the cost or reduce the demand for the products and services offered by BNPPF, require BNPPF to proceed with internal reorganizations, structural changes or reallocations, affect the ability of BNPPF to carry on certain activities or to attract and/or retain talent and, more generally, affect its competitiveness and profitability, which could have an impact on its profitability, financial condition and operating results. As a recent example, on 27 October 2021 the European Commission presented a legislative package to finalise the implementation within the European Union of the Basel III agreement adopted by the Group of Central Bank Governors and Heads of Supervision ("GHOS") on 7 December 2017. This legislative package will in the next stage be discussed by the European Parliament and Council with a view to agreeing on a final text. In the impact assessment accompanying the legislative package, the European Commission estimated, on the basis of a European Banking Authority ("EBA") impact study dated December 2020 and of additional European Commission's estimates for some EU-specific adjustments, that the implementation of the final Basel III standards may result in an average increase in total minimum capital requirements ranging between 6.4% and 8.4% after a full implementation of the reform. On the basis of the EBA's updated impact analysis taking into account the combined effect of the reform and the potential consequences of the health crisis, the European Commission opted to apply the new capital requirements to EU banks as of 1 January 2025, with a phase-in period during

## RISK FACTORS

which the requirements will be gradually increased through 2030 (and 2032 for certain requirements). BNPPF is subject to extensive and evolving regulatory regimes in the jurisdictions in which it operates. BNPPF faces the risk of changes in legislation or regulation in all of the countries in which it operates, including, but not limited to, the following:

- monetary, liquidity, interest rate and other policies of central banks and regulatory authorities;
- changes in government or regulatory policy that may significantly influence investor decisions, in particular in the markets in which BNPPF operates;
- changes in regulatory requirements applicable to the financial industry, such as rules relating to applicable governance, remunerations, capital adequacy and liquidity frameworks, restrictions on activities considered as speculative and recovery and resolution frameworks;
- changes in securities regulations as well as in financial reporting, disclosure and market abuse regulations;
- changes in the regulation of certain types of transactions and investments, such as derivatives and securities financing transactions and money market funds;
- changes in the regulation of market infrastructures, such as trading venues, central counterparties, central securities depositories, and payment and settlement systems;
- changes in the regulation of payment services, crowdfunding and fintech;
- changes in the regulation of protection of personal data and cybersecurity;
- changes in tax legislation or the application thereof;
- changes in accounting norms;
- changes in rules and procedures relating to internal controls, risk management and compliance; and
- expropriation, nationalization, price controls, exchange controls, confiscation of assets and changes in legislation relating to foreign ownership.

These changes, the scope and implications of which are highly unpredictable, could substantially affect BNPPF and have an adverse effect on its business, financial condition and results of operations. Certain reforms not directed specifically at financial institutions, such as measures relating to the funds industry or promoting technological innovation (such as open data projects), could facilitate the entry of new players in the financial services sector or otherwise affect BNPPF's business model, competitiveness and profitability, which could in turn affect its financial condition and results of operations.

Finally, the accommodative policies implemented temporarily by national and European regulatory authorities in the context of the health crisis have either lapsed or are expected to lapse gradually, although their remaining course is not currently certain (see risk factor 7.1 "*Epidemics and pandemics, including the ongoing coronavirus (COVID-19) pandemic and their economic consequences may adversely affect BNPPF's business, operations, results and financial condition*" below).

## RISK FACTORS

*BNPPF may incur substantial fines and other administrative and criminal penalties for non-compliance with applicable laws and regulations, and may also incur losses in related (or unrelated) litigation with private parties*

BNPPF is exposed to regulatory compliance risk, *i.e.*, the failure to comply fully with the laws, regulations, codes of conduct, professional norms or recommendations applicable to the financial services industry. This risk is exacerbated by the adoption by different countries of multiple and occasionally diverging and even conflicting legal or regulatory requirements. Besides damage to BNPPF's reputation and private rights of action (including class actions), non-compliance could lead to material legal proceedings, fines and expenses (including fines and expenses in excess of recorded provisions), public reprimand, enforced suspension of operations or, in extreme cases, withdrawal by the authorities of operating licenses. This risk is further exacerbated by continuously increasing regulatory scrutiny of financial institutions as well as substantial increases in the quantum of applicable fines and penalties. Moreover, litigation by private parties against financial institutions has substantially increased in recent years. Accordingly, BNPPF faces significant legal risk in its operations, and the volume and amount of damages claimed in litigation, regulatory proceedings and other adversarial proceedings against financial services firms have substantially increased in recent years and may increase further. BNPPF may record provisions in this respect as indicated in the BNPPF 2021 Annual Report, under the chapter entitled "Notes to the Consolidated Financial Statements 2021", in particular note 4. "Notes to the balance sheet at 31 December 2021" and note 4n. "Provisions for contingencies and charges".

In this respect, on 30 June 2014 the BNP Paribas Group entered into a series of agreements with, and was the subject of several orders issued by, U.S. federal and New York state government agencies and regulatory authorities in settlement of investigations into violations of U.S. laws and regulations regarding economic sanctions. The BNP Paribas Group remains subject to increased scrutiny by regulatory authorities (including via the presence of an independent consultant within the BNP Paribas Group) who are monitoring its compliance with a remediation plan agreed with them.

BNPPF is currently involved in various litigation and investigations as summarised in the note to its consolidated financial statements for the period ended 31 December 2021 (see the BNPPF 2021 Annual Report, under the chapter entitled "Notes to the Consolidated Financial Statements 2021", in particular note 7. "Additional information" and note 7.a "Contingent liabilities: legal proceedings and arbitration"). It may become involved in further such matters at any point. No assurance can be given that an adverse outcome in one or more of such matters would not have a material adverse effect on BNPPF's operating results for any particular period.

*BNPPF could experience an unfavourable change in circumstances, causing it to become subject to a resolution proceeding: holders of securities of BNPPF could suffer losses as a result*

The BRRD, SRM Regulation and the law of 25 April 2014, confer upon the NBB or the SRB the power to commence resolution proceedings for a banking institution, such as BNPPF, with a view to ensure the continuity of critical functions, to avoid the risks of contagion and to recapitalise or restore the viability of the institution. These powers are to be implemented so that, subject to certain exceptions, losses are borne first by shareholders, then by holders of additional capital instruments qualifying as Tier 1 and Tier 2 (such as subordinated bonds), then by the holders of non-preferred senior debt and finally by the holders of senior preferred debt, all in accordance with the order of their claims in normal insolvency proceedings. For reference, BNPPF's medium- to long-term wholesale financing at 31 December 2020 consisted of the following: EUR 0.07 billion in hybrid Tier 1 debt, EUR 2.5 billion in Tier 2 subordinated debt, EUR 2.3 billion in structured notes and EUR 7.9 billion

## RISK FACTORS

in other senior unsecured debt. As of 31 December 2021, the financing consisted of the following: EUR 0.7 billion in hybrid, Tier 1, EUR 1 billion in Tier 2 subordinated debt, EUR 1.9 billion subordinated debt not recognised in Tier 2, EUR 2.0 billion in structured notes and EUR 8.3 billion in other senior unsecured debt.

Resolution authorities have broad powers to implement resolution measures with respect to institutions and groups subject to resolution proceedings, which may include (without limitation): the total or partial sale of the institution's business to a third party or a bridge institution, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, the full or partial write down of capital instruments, the dilution of capital instruments through the issuance of new equity, the full or partial write down or conversion into equity of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), discontinuing the listing and admission to trading of financial instruments, the dismissal of managers or the appointment of a special manager (*administrateur spécial*).

Certain powers, including the full or partial write down of capital instruments, the dilution of capital instruments through the issuance of new equity, the full or partial write down or conversion into equity of additional capital instruments qualifying as Tier 1 and Tier 2 (such as subordinated bonds), can also be exercised as a precautionary measure, outside of resolution proceedings and/or pursuant to the European Commission's State Aid framework if the institution requires exceptional public financial support.

The implementation of these tools and powers with respect to BNPPF may result in significant structural changes to BNPPF (including as a result of asset or business sales or the creation of bridge institutions) and in a partial or total write down, modification or variation of claims of shareholders and creditors. Such powers may also result, after any transfer of all or part of BNPPF's business or separation of any of its assets, in the holders of securities (even in the absence of any such write down or conversion) being left as the creditors of BNPPF whose remaining business or assets are insufficient to support the claims of all or any of the creditors of the BNP Paribas Group.

### **Risks related to BNPPF's growth in its current environment**

*Epidemics and pandemics, including the ongoing coronavirus (COVID-19) pandemic and their economic consequences may adversely affect BNPPF's business, operations, results and financial condition*

A global pandemic linked to a novel strain of coronavirus (COVID-19) has severely disrupted economies and financial markets worldwide since 2020. The introduction of lockdown measures and other restrictions initially caused economies in many regions to contract, trade to decline, production capacity to decrease, growth forecasts to be cut and supply chains to be disrupted. In a second phase, the rollout of vaccination campaigns and the adaptation of economic actors allowed the gradual adaptation of these measures and restrictions, leading to a recovery in economic activity. As a result, various growth forecasts converge on a strong economic recovery. For example, according to the January 2022 estimates and projections of the International Monetary Fund (the "IMF"), world economic growth is expected to be 5.9 % in 2021 and 4.4 % in 2022.

Nevertheless, uncertainties remain as to the strength and sustainability of the recovery, both in terms of the public health situation (e.g., the appearance of new strains of the virus) and the economy (which could lead to doubt as to the extent and durability of the recovery). In this respect, the outlook for 2022 was lowered for both emerging and developing countries, as well as for advanced countries, compared

## RISK FACTORS

to the IMF projections published in October 2021. Various complicating factors will affect the trajectory of economic recovery. International supply chains, which had been strained severely by pandemic-related mobility restrictions, remain heavily disrupted, generating shortages of certain consumer goods (such as a dearth of semiconductors causing delays in the production of telephones and automobiles) and oil and gas supply and labour market constraints, having both specific (for example, raw materials price increases) and general (inflation rate) effects on prices.

Further, while various governments and central banks implemented and supplemented measures to support the economy and its recovery (to mitigate the adverse economic and market consequences of the pandemic, there can be no assurance that such measures will suffice to redress the pandemic's negative impact on the regional or global economy over time, entirely compensate for or mitigate regional or global recessions (which occurred and could reoccur), or fully and over time prevent possible disruptions to the financial markets.

The lifting of government support measures could also harm economic activity and the financial strength of economic actors. Overall, the crisis has impacted and may continue to impact the economies of the principal countries where BNPPF operates, particularly its domestic markets (Belgium, France and Luxembourg), which collectively represented 75 per cent. of its total gross credit exposures as of 31 December 2021.

BNPPF's results and financial condition have been and could continue to be adversely impacted by the effects of the crisis related to the pandemic and the resulting disruption of economic activity in its principal markets.

In particular, the crisis significantly affected BNPPF's cost of risk in 2020, reflecting macroeconomic projections based on various scenarios applying the framework in place prior to the crisis. Under this framework, macroeconomic projections (specifically GDP estimates and forecasts) are key to calculating the cost of risk and the consequences of the health crisis included a temporary decrease in GDP growth estimates for many of BNPPF's markets. The cost of risk calculation also takes into account the specific dynamics of the crisis in 2020, along with anticipated future impacts on credit and counterparty risk, including the consequences of lockdown measures on economic activity and the impact of government support measures and decisions. These factors contributed to the substantial increase in BNPPF's cost of risk in 2020. In the 2021 financial year, that amounted to EUR 359 million, corresponding to 18 basis points of average outstanding customer loans, to be compared to 32 basis points in 2020. The decrease in cost of risk (EUR 317 million) is mainly due to the provisioning of expected losses on performing loans (stages 1 and 2) (EUR 79 million). This provisioning takes into account in particular updated macroeconomic scenarios, in accordance with IFRS 9 principles.

Developments in the current health crisis and market conditions have characteristics that could increase the probability and magnitude of various existing risks faced by BNPPF such as:

- (a) pressure on revenues due in particular to (i) prolongation of the low interest rate environment; and (ii) lower revenues from fees and commissions;
- (b) renewed heightened risk linked to an economic slowdown due to inflationary pressures (energy prices, labour market tensions), supply chain disruption or withdrawal of government support measures;
- (c) risk of financial market disruption in the event of poorly anticipated changes in monetary policies; and

## RISK FACTORS

- (d) higher risk-weighted assets due to the deterioration of risk parameters, hence affecting BNPPF's capital position.

BNPPF's results and financial condition could also be harmed by negative trends in the financial markets, to the extent that the pandemic initially caused extreme market conditions (such as, volatility spikes, a sharp drop in equity markets, tensions on spreads, specific asset markets on hold). Uncertainties about the scope and durability of the economic recovery, the easing or strengthening of government support measures, and the pressures linked to supply chains and raw material procurement have generated and could generate unfavourable market conditions.

The extent to which the short, medium and long-term economic consequences of the pandemic will continue to affect BNPPF's results and financial condition will depend largely on:

- (a) the intensity and duration of restrictive measures that have been put in place or their periodic reintroduction, depending on the evolution of the health situation;
- (b) the timing and extent of a return to pre-pandemic lifestyles, business operations and economic interactions;
- (c) the effects of the measures taken to date or future measures that may be taken by governments and central banks to attenuate the economic fallout of the pandemic or the terms and conditions for lifting these measures; and
- (d) the duration and extent of the pandemic's remaining course, including the prospect of new waves or the appearance of new strains of the virus and, consequently, a reinstatement or strengthening of lockdown measures or other restrictions, such as in relation to travel, in BNPPF's various markets, as well as the pace and mechanisms of deployment of immunisation programmes. In addition, while the actions of European Union and member states' authorities (in particular, central banks and governments) in response to the pandemic have to date helped and may well continue to help attenuate its adverse economic and market consequences, the authorities have also issued and may continue to issue additional restrictions or recommendations in respect of banks' actions. In particular, in 2020 and 2021 they limited banks' flexibility in managing their business and taking action in relation to capital distribution, capital allocation and compensation policies.

Due to the unprecedented environment generated by the COVID-19 crisis, various pandemic-related uncertainties around public health, society and the economy persist. The consequences for BNPPF will depend on the duration of the impact of the crisis, the measures taken by governments and central banks and the ability of society to recover, and are therefore difficult to predict.

*BNPPF's current environment may be affected by the intense competition amongst banking and non-banking operators, which could adversely affect BNPPF's revenues and profitability*

Competition is intense in all of BNPPF's primary business areas in Belgium and the other countries in which it conducts a substantial portion of its business, including other European countries and the United States. Competition in the banking industry could intensify as a result of consolidation in the financial services area, as a result of the presence of new players in the payment and the financing services area or the development of crowdfunding platforms, as well as the continuing evolution of consumer habits in the banking sector. New technologies that facilitate or transform transaction processes and payment systems, such as blockchain technologies and related services, or that could significantly impact the fundamental mechanisms of the banking system, such as central bank digital

## RISK FACTORS

currencies ("CBDC"), have been developed in recent years or could be developed in the near future. While it is difficult to predict the effects of these developments and the regulations that apply to them, the use of such technology could nevertheless reduce the market share of banks, including BNPPF, secure investments that otherwise would have used technology used by more established financial institutions, such as BNPPF or, more broadly, lead to the emergence of a different monetary system in which the attractiveness of using established financial institutions, such as BNPPF, would be affected. If such developments continue to gain momentum, particularly with the support of governments and central banks, and if BNPPF is unable to respond to the competitive environment in Belgium or in its other major markets by offering more attractive, innovative and profitable product and service solutions than those offered by current competitors or new entrants or if some of these activities were to be carried out by institutions other than banks, it may lose market share in key areas of its business or incur losses on some or all of its activities. In addition, downturns in the economies of its principal markets could add to the competitive pressure, through, for example, increased price pressure and lower business volumes for BNPPF and its competitors. It is also possible that the imposition of more stringent requirements (particularly capital requirements and business restrictions) on large or systemically significant financial institutions, that new players may not be subject to, could lead to distortions in competition in a manner adverse to large private sector institutions such as BNPPF.

*BNPPF could experience business disruption and losses due to climate change risks such as transition risks, physical risks or liability risks*

BNPPF is exposed to risks related to climate change, either directly through its own operations or indirectly through its financing and investment activities. There are two main types of risks related to climate change: (i) transition risks, which result from changes in the behaviour of economic and financial actors in response to the implementation of energy policies or technological changes; (ii) physical risks, which result from the direct impact of climate change on people and property through extreme weather events or long-term risks such as rising water levels or increasing temperatures. In addition, liability risks may arise from both categories of risk. They correspond to the damages that a legal entity would have to pay if it were found to be responsible for global warming. BNPPF is progressively integrating the assessment of these risks into its risk management system. The BNP Paribas Group monitors these risks in the conduct of its business, in the conduct of its counterparties' business, and in its investments on its own behalf and on behalf of third parties. In this respect, the specific credit policies and the General Credit Policy have been enhanced since 2012 and 2014, respectively, with the addition of relevant clauses in terms of social and environmental responsibility. In addition, sector-specific policies and policies excluding certain environmental, social and governance sectors from financing have also been put in place. In 2019, as part of the fight against climate change, the BNP Paribas Group made new commitments to reduce its exposure to thermal coal to zero by 2030 in the European Union and by 2040 for the rest of the world. The BNP Paribas Group also supports its clients, both individuals and businesses, in their transition to a low-carbon economy. The BNP Paribas Group also aims to reduce the environmental footprint of its own operations. Despite the actions taken by the BNP Paribas Group to monitor risks and combat climate change, physical, transition or liability risks related to climate change could disrupt business or lead to losses.

*Changes in certain holdings in credit or financial institutions could have an impact on BNPPF's financial position*

Certain classes of assets may carry a high risk-weight of 250%. These assets include: credit or financial institutions consolidated under the equity method within the prudential scope (excluding insurance);

## RISK FACTORS

significant financial interest in credit or financial institutions in which BNPPF holds a stake of more than 10%; and deferred tax assets that rely on future profitability and arise from temporary differences.

The risk-weighted assets carrying a risk-weight of 250% amounted to EUR 8.5 billion at 31 December 2021, or 7.0% of the total risk-weighted assets of BNPPF. If BNPPF increases the amount of heavy risk-weighted assets (either by increasing the proportion of such heavy risk-weighted assets in its overall asset portfolio or due to an increase of the regulatory risk-weighting applicable to these assets), its capital adequacy ratios may be lowered.

### **Risk factors relating to the business of BNP Paribas Fortis Funding**

The primary credit protection for securities issued by BP2F will derive from the guarantees given by BNPPF. The principal activity of BP2F is to act as a financing vehicle for BNPPF and the companies controlled by BNPPF by issuing bonds, notes or other securities, by performing any refinancing operations with or without a guarantee and in general having recourse to any sources of finance. Securities issued by BP2F have the benefit of guarantees issued by BNPPF so the primary credit protection for investors will derive from these guarantees.

When BP2F issues structured securities, it hedges the structured components with hedging counterparties such as BNPPF or other entities of the BNP Paribas Group. BP2F's ability to perform its obligations in respect of the structured return may depend on the ability of these hedging counterparties to meet their obligations under the hedge.

BP2F's ability to perform its obligations in respect of securities may depend on the operating performance of those companies to which the proceeds of the securities are lent. BP2F will lend the proceeds from the securities to certain of BNP Paribas Fortis group's operating companies or invest in securities issued by those companies. Investors are, therefore, also exposed to the operating performance of the operating companies to which BP2F may lend proceeds or in which BP2F may invest, whose performance could change over time.

The financial condition of the operating companies to which the proceeds of the securities are lent may deteriorate and this may affect BP2F's ability to perform its obligations under the securities as BP2F's ability to meet its obligations will be reliant on the financial condition of the operating companies, if such operating companies' financial condition were to deteriorate and to the extent that funds are not available under the guarantees, BP2F and holders of securities could suffer direct and materially adverse consequences, including insufficient return on the securities and, if a liquidation or bankruptcy of BP2F were to occur, loss by holders of all or part of their investment.

As a result of the above, BP2F has a significant concentration of credit risk in respect of BNPPF and other BNP Paribas Group entities. As at 31 December 2021, such credit risk amounted to EUR 2,237,633,661.98 plus interest. Therefore, if BNPPF or any other BNP Paribas Group entity fails to satisfy its obligations under any transaction entered into with BP2F, holders of Notes issued by BP2F may suffer losses.

BP2F is not an operating company so has limited capital resources. Its financial condition therefore mainly depends on its ability to issue securities and otherwise raise finance. A deteriorating or challenging economic situation can make it more difficult for BP2F to raise finance, which could have a negative effect on BP2F's financial condition.

Investors should also refer to the risk factors relating to BNPPF set out above under "*Credit risk, counterparty risk and securitisation risk in the banking book*", "*Operational risk*", "*Market risk*",

## RISK FACTORS

"Liquidity and funding risk", "Risks related to the macroeconomic and market environment", "Regulatory risks" and "Risks related to the implementation of BNPPF's growth in its current environment", which are also applicable to BP2F but must be considered in the light of the specific activities, businesses, location, jurisdiction, applicable laws, composition of assets and liabilities, finances and other features of BP2F. BNPPF is the parent company of BP2F.

### (II) RISK FACTORS RELATING TO NOTES

A number of the risks described below may be relevant to a specific Series of Notes, depending on the terms of those Notes. The effect of this compounding of risks is likely to increase the volatility of the Notes and increase the possibility that a holder loses some or all of their investment or does not receive the anticipated return.

Investors should also refer to the general investment considerations in relation to Notes in the "Investment Considerations" section below.

#### Risks Relating to the Structure of the Notes

Notes issued under the Programme may be structured such that principal, interest and/or premium, if any, payable on such Notes are determined by reference to the value or level of various underlying factors or a combination thereof (as further described in the "Investment Considerations" section below), including, but not limited to one or more inflation indices, one or more currencies (including exchange rates or swap indices between currencies or composite currencies), one or more interest rates, formulae or other variables (the "**Underlying Reference**"). If an Underlying Reference does not perform as expected, this will have a material adverse impact on the amounts (if any) that Noteholders will receive in respect of the Notes and may also negatively affect the value of the Notes.

An issue of Structured Notes may not give a holder the right to reimbursement of the nominal value of such Note, and there is a risk that holders could lose all or part of their capital.

#### *Risks associated with specific types of products*

- (i) Risks associated with Notes having a "Vanilla" feature (including FI FX Vanilla Notes and Notes with FI FX Vanilla Coupons)

The return on the Notes depends on the performance of the Underlying Reference(s) and whether knock-in or knock-out features apply. Investors may be exposed to a partial or total loss of their investment.

- (ii) Risks associated with Notes having a "Digital" feature (including Notes with FI Digital Coupons, FI Digital Floor Coupons, FI Digital Cap Coupons and FI Digital Plus Coupons)

The return on the Notes is fixed or variable and will be dependent upon the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including floor or cap conditions and knock-in and/or knock-out features). Investors may be exposed to a partial loss of their investment.

- (iii) Risks associated with Notes with a Range Accrual Coupon

Interest may only be payable and/or calculated in respect of certain specified days and/or periods on or during which the Underlying Reference or its value equals, exceeds and/or is

## RISK FACTORS

less than certain specified thresholds and if such conditions are not satisfied, Noteholders may not receive any interest, thus negatively affecting the Noteholder's overall yield.

(iv) Risks associated with Notes with a Combination Floater Coupon

Interest payable in respect of the Notes may be (i) a fixed percentage or (ii) a floating rate plus a margin (which can be equal to zero), where the floating rate may be the sum of one or more floating interest rates or inflation rates with individual gearings applied and where the sum of the floating rate and margin is subject to a floor and a cap. Investors may be exposed to a partial loss of their investment.

(v) Risks associated with Notes with a PRDC Coupon

Interest payable in respect of the Notes will depend on the performance of the Underlying Reference and whether knock-in or knock-out features apply. Depending on whether a knock-in or knock-out event has occurred, Noteholders may not receive any interest, thus negatively affecting the Noteholder's overall yield.

(vi) Risks associated with Notes with a FI Target Coupon

Interest payable in respect of the Notes will depend on whether automatic early redemption features apply, and the level of the relevant interest rate during the specified target interest period. Investors may be exposed to a partial loss of their investment.

(vii) Risks associated with FI Inflation Notes

The return on the Notes may be either an amount per Note equal to 100 per cent. of the Calculation Amount or, if greater, the total positive inflation accretion within a specified period multiplied by the Calculation Amount.

*Noteholders will not be able to calculate in advance their rate of return on Floating Rate Notes.*

A key difference between Notes which pay a floating rate of interest ("**Floating Rate Notes**") and Notes which pay a fixed rate of interest ("**Fixed Rate Notes**") is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the relevant Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and vice versa).

*The value of Fixed Rate Notes may be adversely affected by movements in market interest rates*

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

### *Fixed to Floating Rate Notes*

Fixed to floating rate Notes initially bear interest at a fixed rate. Conversion from a fixed rate to a floating rate then takes place either automatically or, in the case of Exempt Notes only, at the option of the relevant Issuer (if certain predetermined conditions are met or at the sole discretion of the relevant Issuer). The conversion (whether automatic or optional) of the interest rate will affect the secondary market in, and the market value of, the Notes since the conversion may lead to a lower overall cost of borrowing for the relevant Issuer. If a fixed rate is converted to a floating rate, the spread on the fixed rate to floating rate Notes may be less favourable than the prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes.

### *Inverse Floating Rate Notes*

Investments in Notes which bear interest at an inverse floating rate comprise (a) a fixed base rate minus (b) a reference rate ("**Inverse Floating Rate Notes**"). Investors should note that any increase in the value or level of the Underlying Reference will not lead to a corresponding increase in the principal, interest and/or premium payable on the Notes and consequently the value of the Notes. Any increase in the value or level of the Underlying Reference will result in a decrease in the principal, interest and/or premium payable on the Notes, and therefore the market value of such Notes. The market value of such Notes is usually more volatile than the market value of floating rate Notes based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which may further reduce the market value of these Notes.

### *Notes issued at a substantial discount or premium*

The market values of Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Notes. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing Notes with comparable maturities.

### *Notes subject to early redemption at the option of the Issuer, other early redemption (including Automatic Early Redemption) and consequences of early redemption*

An optional or other early redemption feature (including an Automatic Early Redemption feature) is likely to limit the market value of the Notes. In the case of Notes with an optional redemption feature, during any period when the relevant Issuer may elect to redeem the relevant Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period. In addition, the Final Terms may provide that the relevant Notes will be redeemed early in specified circumstances, such as the occurrence of an Additional Disruption Event, an Optional Additional Disruption Event and/or an Automatic Early Redemption Event. Following an optional or other early redemption (including an Automatic Early Redemption), a holder generally would not be able to reinvest the redemption proceeds (if any) at an effective interest rate as high as the interest rate on the relevant Notes being redeemed and may only be able to do so at a significantly lower rate. As a consequence, the holder may lose some or all of their investment. Investors should consider reinvestment risk in light of other investments available at that time. In addition, in the case of Notes with an Automatic Early Redemption feature, the value of the Notes and the amount that holders receive upon an Automatic Early Redemption may not correlate with the value of the Underlying Reference (if any), which may trigger such Automatic Early

## RISK FACTORS

Redemption and Noteholders could receive a significantly lower return than expected in relation to the change in value of such Underlying Reference.

### *Minimum trading amount may affect a Noteholder's ability to transfer their Notes*

If the Notes have a minimum trading amount, a Noteholder will not be permitted to transfer its Notes prior to redemption without purchasing enough additional Notes to hold the minimum trading amount. The Noteholder may not be able to purchase additional Notes, in which case they will have to wait until redemption of the Notes to realise any value. If they are able to purchase additional Notes, this may be at a price higher than their original investment and is likely to adversely affect the overall return they achieve on their investment.

### *Risks associated with Notes traded in integral multiples that are different to the minimum Specified Denomination*

If the Notes are traded in denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. If at any time a Noteholder holds an amount which is less than the minimum Specified Denomination they would not be able to sell or transfer the remainder of such holding or exchange the remainder of such holding for a definitive Note without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination. In these circumstances, there is a risk that the price to purchase additional Notes may be greater than the original price paid by the investor and/or such Notes may be illiquid and difficult to trade meaning that Noteholders may be required to retain their investment until redemption.

### *Certain specific information may not be known at the beginning of an offer period*

Where an indicative range is specified in the Final Terms at the start of an offer period in respect of the issue price, Gearing, Cap Percentage, any Constant Percentage, barrier value or level, Floor Percentage, Knock-in Level and/or Knock-out Level, prospective purchasers of Notes should be aware that the actual price, rate, level or percentage, as applicable, selected from within the indicative range specified for the issue price, Gearing, Cap Percentage, any Constant Percentage, barrier value or level, Floor Percentage, Knock-in Level and/or Knock-out Level, as applicable, in respect of any Notes may have a negative impact on the interest payable and/or final return on the Notes when compared with another price, rate, level or percentage, as applicable, within the indicative range.

### *Gap Risk*

The relevant level, value or price of one or more Underlying Reference(s) may change suddenly and significantly during the trading day or at the opening of the market. Such change may be positive or negative and is known as the "**Gap Risk**". If the price of the Notes includes a premium, this will be calculated to take account of the cost to the Issuer or its Affiliates of unwinding its hedging positions in relation to the Notes on early redemption of the Notes and the Gap Risk associated with the relevant level, value or price of the Underlying Reference(s). Noteholders will not receive a refund of this premium if an Automatic Early Redemption Event occurs, which could significantly reduce the return a Noteholder stands to receive on its investment.

## RISK FACTORS

### *Limited exposure to Underlying Reference(s)*

If the applicable Final Terms provide that the exposure of the relevant Notes to one or more Underlying References is limited or capped at a certain level or amount, the relevant Notes will not benefit from any upside in the value of any such Underlying Reference(s) beyond such limit or cap. In this case, Noteholders will not receive as much from their investment as they would have done if they had invested directly in the Underlying Reference(s) or in alternative Notes without such features. The likelihood of this occurring is dependent on the likelihood of the Underlying Reference(s) performing such that the limit or cap affects the Notes.

### *Risk of leveraged exposure*

Notes including a leverage feature magnify gains and losses. If the Underlying Reference moves against expectations, Noteholders risk losing a greater proportion of their investment than if they had invested in a Note that is not leveraged.

### *The terms of the Notes do not contain a negative pledge and the Issuer is entitled to incur additional debt*

There is no negative pledge in respect of the Notes and the Terms and Conditions of the Notes place no restrictions on the incurrence by the Issuers or the Guarantor of additional obligations that rank *pari passu* with, or senior to, the Notes. In addition, the Issuers or the Guarantor may pledge assets to secure other notes or debt instruments without granting an equivalent pledge or security interest and status to the Notes. An increase of the outstanding amount of such securities or other liabilities could reduce the amount (if any) recoverable by the Noteholders on a winding-up of the relevant Issuer or the Guarantor, if the amount outstanding exceeds the assets of the relevant Issuer or the Guarantor. Noteholders could suffer a loss of their entire investment if the relevant Issuer or the Guarantor becomes insolvent (whether voluntarily or otherwise).

### *Purchasing the Notes as a hedge may not be effective*

Any person intending to use the Notes as a hedge instrument should recognise the correlation risk. The Notes may not be a perfect hedge to an Underlying Reference or portfolio of which the Underlying Reference forms a part. In addition, it may not be possible to liquidate the Notes at a level which directly reflects the price of the Underlying Reference or portfolio of which the Underlying Reference forms a part.

## **Risks Relating to the Underlying Reference(s) and Disruption and/or Adjustment Mechanisms**

### *Noteholders have no ownership interest in, or claim against, the Underlying Reference*

Structured Notes do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Noteholders will not have any right of recourse under the Notes to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Notes are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of an Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Noteholders and such consequences may have a negative impact on Noteholders.

The relevant Issuer may choose not to hold the Underlying Reference or any derivatives contracts or other instruments linked to the Underlying Reference. Under the Terms and Conditions of the Notes,

## RISK FACTORS

there is no restriction on the ability of the relevant Issuer and/or its affiliates to sell, pledge or otherwise convey all rights, title and interest in any Underlying Reference or any derivative contracts or other instruments linked to the Underlying Reference.

*The value of Underlying References may be subject to market fluctuations*

Depending on the Underlying Reference, the value of a holder's investment in Structured Notes may be significantly adversely affected by the negative impact of market fluctuations caused by economic and political developments, changes in interest rates and perceived trends in the prices of securities.

*Certain factors affecting the value of and return on Structured Notes*

In the case of Structured Notes, where the payment of principal, interest and/or premium is determined by reference to the performance of an Underlying Reference or a basket of Underlying References, Noteholders are subject to the following risks:

- (a) the market price of such Notes may be volatile, and so Noteholders may only be able to sell their Notes in the secondary market at a loss (if they are able to sell at all);
- (b) they may receive no interest;
- (c) payment of interest may occur at a different time or in a different currency than expected, which could negatively affect the value of the Notes;
- (d) an Underlying Reference may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the yield may be less than other comparable investments; and
- (e) if an Underlying Reference in a basket has a disproportionately greater weighting compared to other basket components or a weighting greater than one or contains some other leverage factor, the effect of changes in the value of such Underlying Reference on interest payable will be magnified and could magnify any loss of interest that Noteholders would experience compared to an investment in Notes without such features.

*Risks associated with the occurrence of Additional Disruption Events and/or Optional Additional Disruption Events*

If an Additional Disruption Event (as defined in the relevant Additional Terms and Conditions of the Notes) occurs or any Optional Additional Disruption Event (as defined in the relevant Additional Terms and Conditions of the Notes) specified in the applicable Final Terms occurs, the Notes may be subject to adjustment, early redemption or the amount payable on scheduled redemption may be different from the amount expected to be paid at scheduled redemption. Any of these consequences is likely to have a material adverse effect on the value and liquidity of the Notes and/or the return a Noteholder can expect to receive on their investment.

*Additional risks associated with Inflation Index-Linked Notes*

Inflation Index-Linked Notes ("**Inflation Index-Linked Notes**") are Notes whose redemption amount, interest amounts and/or premium, if any, may be linked to the performance of one or more inflation or price indices during a specified period or on specified dates (as set out in the relevant Final Terms). Investment in Inflation Index-Linked Notes involves risks not associated with an investment in conventional debt securities. In addition to the risk factors that may apply to Notes in general and

## RISK FACTORS

Structured Notes in general, potential investors should be aware that in relation to Inflation Index-Linked Notes:

- (1) the payment of principal, interest and/or premium is linked to the change in the level of the relevant inflation or price index. If there is little or no change in inflation, the level of the inflation or price index may not change. If there is deflation, the level of the inflation or price index may decrease; consequently, the payment of principal, interest and/or premium, if any, may be less than expected, may be zero or may be the principal protected amount, if any (as specified in the relevant Final Terms);
- (2) the inflation or price index itself and the way such inflation or price index is calculated may change in the future. The sponsor of the relevant inflation or price index may change the method by which it calculates the index. In addition, changes in the way the inflation or price index is calculated could reduce the level of the index, lower the redemption amount, interest amount and/or premium, if any, payable on the Notes and consequently significantly reduce the value of the Notes. If the relevant inflation or price index is substantially altered or has been terminated and/or a substitute index is employed to calculate the redemption amount, interest amounts and/or premium, if any, payable on the Notes, as described in the applicable Final Terms, that substitution may adversely affect the value of the Notes;
- (3) the historical levels of the relevant inflation or price index are not an indication of future levels of such index. Fluctuations and trends in the inflation or price index that may have occurred in the past are not necessarily indicative of fluctuations or trends that may occur in the future. Noteholders will receive the redemption amount, interest amounts and/or premium, if any, which will be affected by changes in the relevant inflation or price index and such changes may be significant. Changes in the inflation or price index may be a result of various factors over which the relevant Issuer has no control;
- (4) where an "adjusted" inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, there is a risk that the adjustments that have been made by the sponsor of such "adjusted" inflation or price index have not been made accurately in reducing the impact of seasonality and trends which affect inflation. Conversely, where a "non-adjusted" inflation or price index is being used in calculating the redemption amount, interest amounts and/or premium, if any, payable on the Notes, Noteholders should be aware that such "non-adjusted" inflation or price index is subject to the effects of seasonality and trends which affect inflation; and
- (5) in certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem the Notes. Such action may have an adverse effect on the amount payable on redemption of the Notes.

### *Additional risks associated with Foreign Exchange (FX) Rate-Linked Notes*

Foreign Exchange (FX) Rate-Linked Notes ("**Foreign Exchange (FX) Rate-Linked Notes**") are Notes whose redemption amount, interest amounts and/or premium, if any, may be linked to one or more currency exchange rate. An investment in Foreign Exchange (FX) Rate-Linked Notes will entail significant risks not associated with an investment in a conventional debt security. Redemption and interest amounts (if any) in respect of Foreign Exchange (FX) Rate-Linked Notes will be determined by reference to the value of one or more Subject Currencies against one or more Base Currencies.

## RISK FACTORS

Accordingly, an investment in Foreign Exchange (FX) Rate-Linked Notes may bear similar market risks to a direct currency investment, and investors should take advice accordingly.

Fluctuations in exchange rates of the relevant currency (or basket of currencies) will affect the value of Foreign Exchange (FX) Rate-Linked Notes. Currency values may be affected by complex political and economic factors, including governmental action to fix or support the value of a currency (or basket of currencies), regardless of other market forces. Purchasers of Foreign Exchange (FX) Rate Linked Notes risk losing their entire investment if exchange rates of the relevant currency (or basket of currencies) do not move in the anticipated direction.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). If additional securities relating to particular currencies are subsequently issued, the supply of securities relating to such currencies in the market will increase, which could cause the price at which the Notes and such other securities trade in the secondary market to decline significantly. In recent years, rates of exchange between some currencies have been volatile. This volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in exchange rates may adversely affect the value of Foreign Exchange (FX) Rate-Linked Notes.

If the Calculation Agent determines that a Disruption Event (as defined in the Foreign Exchange (FX) Rate-Linked Note Conditions) has occurred or exists on such valuation date, this may result in a consequential postponement of the relevant valuation date, or the application of alternative provisions for valuation provided in any such Notes which may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Disruption Event in relation to any currency exchange rate comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

### *Additional risks associated with Underlying Interest Rate-Linked Notes*

The relevant Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in underlying interest rates ("**Underlying Interest Rate-Linked Notes**").

Interest rates are determined by various factors which are influenced by macro economic, political or financial factors, speculation and central bank and government intervention. In recent years, interest rates have been relatively low and stable, but this may not continue and interest rates may rise and/or become volatile. Fluctuations that have occurred in any interest rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Note. Fluctuations in interest rates may adversely affect the value of Underlying Interest Rate-Linked Notes.

### **Risks relating to Senior Non Preferred Notes**

*The Senior Non-Preferred Notes are senior non-preferred obligations and are junior to certain obligations. As a result, Noteholders of Senior Non-Preferred Notes generally face an increased performance risk and default risk compared to holders of Senior Preferred Notes and other senior liabilities and an increased risk of loss in the event of BNPPF's insolvency or resolution*

## RISK FACTORS

BNPPF's obligations under the Senior Non-Preferred Notes constitute senior non-preferred obligations within the meaning of Article 389/1, 2° of the Belgian Banking Law (the "**Senior Non Preferred Law**"). While the Senior Non-Preferred Notes by their terms are expressed to be direct, unconditional, senior and unsecured (*chirographaires/chirografaire*) obligations of BNPPF, they nonetheless rank junior in priority of payment to senior preferred obligations of BNPPF in the case of liquidation. BNPPF's senior preferred obligations include all of its deposit obligations, its obligations in respect of derivatives and other financial contracts, its unsubordinated debt securities (including any Senior Preferred Notes issued by BNPPF or the Senior Guarantee) and all unsubordinated or senior debt securities issued thereafter that are not expressed to be senior non-preferred obligations.

There is no restriction on the incurrence by BNPPF of additional senior preferred obligations. As a consequence, if BNPPF enters into liquidation proceedings, it will be required to pay substantial amounts of senior preferred obligations before any payment is made in respect of the Senior Non-Preferred Notes.

In addition, if BNPPF enters into resolution, its eligible liabilities (including the Senior Non Preferred Notes) will be subject to bail-in, meaning potential write-down or conversion into equity securities or other instruments, in the order of priority that would apply in liquidation proceedings. Because senior non-preferred obligations such as the Senior Non-Preferred Notes rank junior to senior preferred obligations, the Senior Non-Preferred Notes would be written down or converted in full before any of BNPPF's senior preferred obligations were written down or converted.

As a consequence, holders of Senior Non-Preferred Notes bear significantly more risk than holders of senior preferred obligations, and could lose all or a significant part of their investments if BNPPF were to enter into resolution or liquidation proceedings.

BNPPF does not intend to issue Senior Non-Preferred Notes except to the extent that such Senior Non-Preferred Notes would qualify as MREL for the purposes of the Applicable MREL Regulations (as defined in the Conditions).

*Senior non-preferred securities are new types of instruments for which there is limited trading history*

Prior to the entry into force of the Senior Non-Preferred Law, Belgian issuers were not able to issue securities with a senior non-preferred ranking. Accordingly, there is limited trading history for securities of Belgian banks with this ranking. Market participants, including credit rating agencies, are in the initial stages of evaluating the risks associated with senior non-preferred obligations. The credit ratings assigned to senior non-preferred securities such as the Senior Non-Preferred Notes may change as the rating agencies refine their approaches, and the value of such securities may be particularly volatile as the market becomes more familiar with them. It is possible that, over time, the credit ratings and value of senior non-preferred securities such as the Senior Non-Preferred Notes will be lower than those expected by investors at the time of issuance of the Senior Non-Preferred Notes. If so, Noteholders may incur losses in respect of their investments in the Senior Non-Preferred Notes.

*The terms of the Senior Non-Preferred Notes contain very limited covenants*

The Conditions place no restrictions on the amount of debt that BNPPF may issue that ranks senior to the Senior Non-Preferred Notes, or on the amount of securities it may issue that rank pari passu with the Senior Non-Preferred Notes. The issue of any such debt or securities may impact the amount recoverable by Noteholders upon resolution or liquidation of BNPPF. In addition, the Senior Non-Preferred Notes do not require BNPPF to comply with financial ratios or otherwise limit its ability or that of its subsidiaries to incur additional debt, nor do they limit BNPPF's ability to use cash to make

## RISK FACTORS

investments or acquisitions, or the ability of BNPPF or its subsidiaries to pay dividends, repurchase shares or otherwise distribute cash to shareholders. Such actions could potentially affect BNPPF's ability to service its debt obligations, including those of the Senior Non-Preferred Notes.

### *Redemption at the option of the Issuer of Senior Non-Preferred Notes upon the occurrence of a MREL Disqualification Event*

If "Redemption of Senior Non-Preferred Notes upon the occurrence of a MREL Disqualification Event" is specified as applicable in the relevant Final Terms, then upon the occurrence of a MREL Disqualification Event (as defined in Condition 5.10), the Issuer may, at its option, at any time and having given not more than 60 nor less than 30 calendar days' notice to the holders of the relevant Notes, in accordance with Condition 13 (*Notices*) (which notice shall be irrevocable), redeem all (but not some only) of the relevant outstanding Notes at the Early Redemption Amount specified in the applicable Final Terms together (if applicable) with any accrued but unpaid interest up to (but excluding) the date fixed for redemption subject to such redemption being permitted by the Applicable MREL Regulations (as defined in Condition 5.10), and subject to Condition 5.12.

The yields received upon redemption may be lower than expected, and the redemption amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

### **Risks relating to Subordinated Tier 2 Notes**

#### *Subordinated Tier 2 Notes are subordinated obligations which do not provide for events of default allowing acceleration of payment other than in a dissolution or liquidation*

The Subordinated Tier 2 Notes are direct, unconditional and unsecured obligations of the relevant Issuer and shall, in the event of a dissolution, liquidation or winding-up of the relevant Issuer (except, in any such case, a solvent liquidation or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer or substitution in place of the Issuer or a successor in business of the Issuer) be subordinated in right of payment to the claims of the Senior Creditors of the relevant Issuer (as provided for and defined in Condition 3.5).

Therefore, if the relevant Issuer were to be wound up, liquidated or dissolved, the liquidator would first apply assets of such Issuer to satisfy all rights and claims of such Senior Creditors. If the relevant Issuer does not have sufficient assets to settle such claims in full, the claims of the holders of the Subordinated Tier 2 Notes will not be met and, as a result, the holders will lose the entire amount of their investment in the Subordinated Tier 2 Notes. The Subordinated Tier 2 Notes will share equally in payment with the other *pari passu* claims. If the relevant Issuer does not have sufficient funds to make payments on all of them, holders could lose all or part of their investment. Accordingly, although Subordinated Tier 2 Notes may pay a higher rate of interest than comparable Senior Notes or other debt instruments, which are not subordinated, there is a real risk that an investor in Subordinated Tier 2 Notes will lose all or some of its investment should the relevant Issuer become insolvent.

The relevant Issuer may issue other obligations or capital instruments that rank or are expressed to rank senior to the Subordinated Tier 2 Notes or *pari passu* with the Subordinated Tier 2 Notes, in each case as regards the right to receive periodic payments on a liquidation or bankruptcy of the relevant Issuer and the right to receive repayment of capital on a liquidation or bankruptcy of the relevant Issuer. In the event of a liquidation or bankruptcy of the relevant Issuer, the relevant Issuer will be

## RISK FACTORS

required to pay (i) its depositors and other unsubordinated creditors and (ii) subject as described in the paragraph that follows, its other subordinated creditors (other than the present or future claims of creditors that rank or are expressed to rank *pari passu* with or junior to the Subordinated Tier 2 Notes) in full before it can make any payments on the Subordinated Tier 2 Notes. If this occurs, the relevant Issuer may not have enough assets remaining after these payments are made to pay amounts due under the Subordinated Tier 2 Notes.

According to Article 48(7) of BRRD 2 (as transposed into Belgian law by an amendment of article 389/1 of the Belgian law of 25 April 2014 and as implemented into Luxembourg law as article 152(4) of the BRR Act 2015), liabilities resulting from fully or partially recognised own funds instruments (within the meaning of the CRR, and including the Subordinated Tier 2 Notes) shall rank junior to all other liabilities. This entails that, regardless of their contractual ranking, liabilities that are no longer at least partially recognised as an own funds instrument for the purpose of the CRR shall rank senior to any liabilities fully or partially recognised as an own funds instrument. Accordingly, in the event of a liquidation or bankruptcy of the relevant Issuer, the relevant Issuer will, *inter alia*, be required to pay subordinated creditors of the relevant Issuer, whose claims arise from liabilities that are no longer fully or partially recognised as an own funds instrument (within the meaning of the CRR, and which could include some series of Subordinated Tier 2 Notes if they are no longer so recognised) in full before it can make any payments on the Subordinated Tier 2 Notes which continue to be partially recognised as own funds instruments at the time of the opening of the liquidation or bankruptcy procedure.

In addition, in the event of a liquidation or bankruptcy of the relevant Issuer, to the extent the relevant Issuer has assets remaining after paying its creditors who rank senior to the Subordinated Tier 2 Notes, payments relating to holders of other obligations or capital instruments of the relevant Issuer that rank or are expressed to rank *pari passu* with the Subordinated Tier 2 Notes may, if there are insufficient assets to satisfy the claims of all of the relevant Issuer's *pari passu* creditors, further reduce the assets available to pay amounts due under the Subordinated Tier 2 Notes on a liquidation or bankruptcy of the relevant Issuer.

The Conditions of the Subordinated Tier 2 Notes do not provide for events of default allowing for acceleration of the Subordinated Tier 2 Notes if certain events occur. Accordingly, if the relevant Issuer fails to meet any obligations under the Subordinated Tier 2 Notes, including the payment of any interest, investors will not have the right to accelerate payment of principal, which shall only be due in the event of the relevant Issuer's dissolution or liquidation. Upon a payment default, the sole remedy available to holders of Subordinated Tier 2 Notes for recovery of amounts owing in respect of any payment of principal or interest on the Subordinated Tier 2 Notes will be the institution of dissolution or liquidation proceedings to the extent permitted under Belgian or Luxembourg law, as applicable, in order to enforce such payment.

*Moreover, in any such proceedings, the Subordinated Tier 2 Notes will be subordinated in right of payments in accordance with Condition 3.5. Holders should further be aware that, in or prior to such dissolution or liquidation scenario, the resolution authorities could decide to write down the principal amount of the Subordinated Tier 2 Notes to zero or to convert such principal amount into equity or tier 1 instruments. Subordinated Tier 2 Notes issued by BNPPF may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer*

In relation to BNPPF only, the Bank Recovery and Resolution Directive contemplates that Subordinated Tier 2 Notes may be subject to non-viability loss absorption, in addition to the

## RISK FACTORS

application of the general bail-in tool. See "*The implementation of the Bank Recovery and Resolution Directive could materially affect the Notes and their holders*".

### *Secondary market in Subordinated Tier 2 Notes may be subject to increased illiquidity*

Subordinated Tier 2 Notes may have no established trading market when issued and one may never develop. If a market does develop, it may not be liquid and, if the relevant Subordinated Tier 2 Notes are not listed or no listing is obtained, liquidity, if any, is likely to be further reduced. Therefore, investors may not be able to sell their Subordinated Tier 2 Notes easily or at a price that will provide them with a yield comparable to similar investments that have a developed secondary market. This is likely to be particularly the case for Subordinated Tier 2 Notes given that they are designed for specific investment objectives and have been structured to meet the investment requirements of limited categories of investors. Moreover, the relevant Issuer and its subsidiaries will, under applicable legislation, generally be prohibited from purchasing any Subordinated Tier 2 Notes and will not be able to act as market maker in respect of such securities. Illiquidity may have a severely adverse effect on the market value of the Subordinated Tier 2 Notes.

### *Potential conflicts of interest specific to Subordinated Tier 2 Notes and early redemption of Subordinated Tier 2 Notes upon the occurrence of a Capital Disqualification Event*

Potential investors should be aware that the reason for issuing the Subordinated Tier 2 Notes is, in the case of BNPPF, to raise Tier 2 capital (as defined in Regulation (EU) 575/2013 of the European Parliament and of the Council of 23 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012) which enhances the loss absorption of the Issuer. BNPPF may also act as a dealer in connection with the issue and the placement of certain issues of Subordinated Tier 2 Notes. If at any given time, the relevant Issuer would face financial problems, such Issuer may act in its own best interest and will not be obliged to protect the interests of the holders of the Subordinated Tier 2 Notes. Furthermore, upon the occurrence of a Capital Disqualification Event (as defined in Condition 5.11), BNPPF may decide to redeem Subordinated Tier 2 Notes early or, in the case of Subordinated Tier 2 Notes having a denomination of EUR 100,000 or more, proceed with variation thereof in accordance with Condition 10.6. In determining its course of action, BNPPF will take its own best interest into account, without being obliged to protect the interests of the holders of the Subordinated Tier 2 Notes.

### *Subordinated Tier 2 Notes have a different risk profile from, and will not benefit from the same protections as, bank deposits with BNPPF or any other investment firm in the BNP Paribas Group*

An investment in Subordinated Tier 2 Notes may give rise to higher yields than a bank deposit placed with BNPPF or with any other investment firm in the BNP Paribas Group (a "**BNPP Bank Deposit**"). However, an investment in Subordinated Tier 2 Notes carries risks which are very different from the risk profile of a BNPP Bank Deposit. Subordinated Tier 2 Notes are expected to have greater liquidity than a BNPP Bank Deposit since BNPP Bank Deposits are generally not transferable. However, Subordinated Tier 2 Notes may have no established trading market when issued, and one may never develop. See further "*An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes*" and "*Secondary market in Subordinated Tier 2 Notes may be subject to increased illiquidity*". Payments on Subordinated Tier 2 Notes are subordinated obligations of the relevant Issuer and investments in Subordinated Tier 2 Notes do not benefit from any protection provided pursuant to Directive 2014/49/EU of the European Parliament and of the Council of 16 April 2014 on deposit guarantee schemes (the "**DGS Directive**") or any national implementing measures implementing the

## RISK FACTORS

DGS Directive in any jurisdiction. Therefore, if the relevant Issuer becomes insolvent or defaults on its obligations, investors investing in such Notes in a worst case scenario could lose their entire investment.

### **Risks Relating to the Market**

#### *Certain factors affecting the value and trading price of Notes*

The trading price of the Notes may be affected by a number of factors including, but not limited to, the relevant price, value or level of the Underlying Reference(s), the time remaining until the scheduled maturity date of the Notes, the actual or implied volatility associated with the Underlying Reference and the correlation risk of the relevant Underlying Reference(s).

Before purchasing or selling Notes, investors or holders should carefully consider the factors set out below, which may cause the value and trading price of the Notes to fluctuate, either positively or negatively:

- (f) the trading price of the Notes;
- (g) depending on the applicable payout or coupon (if applicable), movements in the value and/or volatility of the Underlying Reference may cause the value of the Notes to either rise or fall;
- (h) depending on the applicable payout or coupon (if applicable), the value of the Notes may fluctuate as the time remaining until the scheduled maturity date decreases;
- (i) depending on the applicable payout or coupon (if applicable), or the applicable rate of interest, movements in interest rates may cause the theoretical value of the Notes to either rise or fall;
- (j) any change(s) in currency exchange rates;
- (k) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms; and
- (l) any related transaction costs.

Such factors may mean that the trading price of the Notes is below the Final Redemption Amount and accordingly, Noteholders may receive an amount with a value significantly lower than the amount that they invested to purchase the Notes.

#### *A Note's purchase price may not reflect its inherent value*

Prospective investors in the Notes should be aware that the purchase price of a Note does not necessarily reflect its inherent value. Any difference between a Note's purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Note. Any such difference in value could negatively affect the return an investor may receive. For further information prospective investors should refer to the party from whom they are purchasing the Notes. Prospective investors may also wish to seek an independent valuation of Notes prior to their purchase.

## RISK FACTORS

*An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes*

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may be not very liquid or not liquid at all. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Potential investors should consequently be willing to hold the Notes through their life. The nature and extent of any secondary market in the Notes cannot be predicted. As a consequence any person intending to hold the Notes should consider liquidity in the Notes as a risk. If the Notes are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Notes were not so listed or quoted. However, if Notes are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The relevant Issuer may affect the liquidity of the Notes by purchasing and holding the Notes for its own account during trading in the secondary market. Any such Notes may be resold at any time into the market.

*Credit rating reduction may result in a reduction in the trading value of the Notes*

The value of the Notes is expected to be affected, in part, by investors' general appraisal of the creditworthiness of the relevant Issuer and, if applicable, the Guarantor. Such perceptions are generally influenced by the ratings attributed to the outstanding securities of the Issuers by standard statistical rating services, such as Moody's, S&P and Fitch. A reduction in the rating, if any, attributed to outstanding debt securities of the Issuers by one of these or other rating agencies could result in a reduction in the trading value of the Notes.

*Risks associated with Notes with a nexus to emerging markets*

Where (a) the value and return of the Notes depends on the performance of one or more Underlying References that comprise (i) inflation indices relating to emerging or developing countries, or (ii) currencies of emerging or developing countries, or (b) where the Notes are denominated in currencies of emerging or developing countries, Noteholders are exposed to greater risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Holders of Notes with such a nexus to emerging or developing countries are exposed to the risk that such Notes may be less liquid and the prices of such Notes more volatile, thus increasing the risk that such holders may experience a loss on their investment.

Investors in such Notes should also be aware that the probability of the occurrence of a Hedging Disruption (or other Optional Additional Disruption Event under the relevant terms of the Notes as set out further in the Conditions) and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets.

## RISK FACTORS

*If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes*

Notes are issued in the currency specified in the Final Terms applicable thereto (the "**note currency**") and payments on the Notes will be payable in the note currency or, in the case of Dual Currency Notes, the settlement currency specified in the Final Terms applicable thereto (the "**settlement currency**"). As such income and principal arising from such Notes are subject to exchange rate risk for an investor who has to convert another currency (the "**investor currency**") into such note currency to purchase the Notes. Investors should be aware that as a result of such risk they may receive at maturity an amount in the note currency or settlement currency, as applicable, that, if converted back into the investor currency by the investor, may be less than the initially converted amount. The same cross-currency exposure risk applies to the interest payments made in the note currency or settlement currency, as applicable, that are intended to be converted at a spot rate into an investor currency by the holder of the Note.

This currency risk may arise as a result of (but is not limited to) significant changes to exchange rates (including changes due to devaluation of the note currency or settlement currency, as applicable, or revaluation of the investor currency) and the risk that authorities with jurisdiction over the investor currency may impose or modify exchange controls. An appreciation in the value of the investor currency relative to the note currency or settlement currency, as applicable, would decrease (1) the investor currency-equivalent yield on the Notes, (2) the investor currency equivalent value of the principal payable on the Notes and (3) the investor currency equivalent market value of the Notes.

### *Exchange control risks*

There is a risk that authorities with jurisdiction over the Settlement Currency (as specified in the applicable Final Terms) and/or the currency relating to the Underlying Reference, such as government and monetary authorities, may impose or modify (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability to transfer of funds in and out of the relevant country. Such exchange controls, if imposed would have a negative impact on the amount a Noteholder is able to realise from Notes denominated in an affected Settlement Currency or referencing an affected Underlying Reference.

The imposition of exchange controls in respect of a Relevant Currency could significantly increase the risk of an FX Settlement Disruption Event (as defined in the Conditions of the Notes) occurring. If an FX Settlement Disruption Event occurs payments of principal and/or interest (if applicable) may (i) occur at a different time than expected and no additional amount of interest will be payable in respect of any delay in payment of principal and/or interest and/or (ii) be made in USD or EUR. The occurrence of an FX Settlement Disruption Event could have a significant adverse impact on the amount a Noteholder receives in respect of the Notes and may mean that the Noteholder is unable to receive payment in the desired currency. If the Noteholder receives payment in USD or EUR, it may not be able to exchange the amount received into the relevant Settlement Currency or it may only be able to do so at an exchange rate that significantly adversely impacts the amount the Noteholder ultimately receives in the Settlement Currency.

### *Dual Currency Notes*

The Issuers may issue Notes with principal, interest and/or premium payable in a currency which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). In

## RISK FACTORS

addition to the risk factors that may apply to Notes and to Notes linked to an Underlying Reference in general, potential investors should be aware that in relation to Dual Currency Notes:

- (i) the market price of such Notes may be volatile and so Noteholders may only be able to sell their Notes in the secondary market at a loss (if they are able to sell at all);
- (ii) they may receive no interest;
- (iii) payment of interest may occur at a different time or in a different currency than expected, which could negatively affect the value of the Notes;
- (iv) in certain circumstances, Noteholders may need to specify additional information to receive a relevant currency (including an account in which they can receive amounts in the relevant currency) and payments of the relevant currency by the Issuer may be delayed, or in certain circumstances, the Issuer may be discharged from its payment obligations in respect of the Notes in the event that the Noteholders fail to specify such account within a prescribed period;
- (v) they may lose all or a substantial portion of their principal;
- (vi) there may be movements in currency exchange rates which may result in significant fluctuations that may not correlate with changes in interest rates, currencies or related factors;
- (vii) the exchange rate used to calculate amounts payable in the settlement currency may be fixed prior to, on or after the Issue Date meaning that investors will not benefit from favourable changes in exchange rates during the term of the Dual Currency Notes; and
- (viii) settlement in the Settlement Currency may result in a lower return than if settlement had been made in the Specified Currency due to the risk on the exchange rate.

### Legal Risks

*The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors*

The Conditions of the Notes contain provisions for calling meetings (including by way of conference call or by use of a video conference platform) of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting, Noteholders who did not consent to the Written Resolutions and Noteholders who voted in a manner contrary to the majority. While it is not possible to assess the likelihood that the Conditions will need to be amended during the term of the Notes by a meeting of the Noteholders, if a decision is adopted by a majority of Noteholders and such modifications impair or limit the rights of Noteholders, this may negatively affect the market value of the Notes, although the probability of such a decision being taken by Noteholders is considered to be low.

*The Issuer or the Guarantor may be substituted by another entity*

The conditions of the Notes provide that the Issuer may, following the occurrence of certain events, without the consent of the Noteholders, agree to the substitution of another company as the principal obligor under any Notes in place of the Issuer, subject to the conditions set out in Condition 10.4 (*Substitution*). In particular, where the substitute is not the relevant Guarantor, the Guarantor will guarantee the performance of the substitute's obligations under the Notes.

## RISK FACTORS

The conditions of the Notes also provide that BNPPF may, following the occurrence of certain events, without the consent of the Noteholders agree to the substitution of another company as the guarantor in respect of any Notes issued by BP2F, subject to the conditions set out in Condition 10.4 (*Substitution*). In particular, the creditworthiness of the substitute guarantor must be at least equal to that of BNPPF, as determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, by reference to, *inter alia*, the long term senior debt ratings assigned by such rating agencies as the Calculation Agent determines.

The Issuer will give Noteholders notice of such substitution in accordance with Condition 13 (*Notices*).

*Risks related to the intragroup merger of BNP Paribas Securities Services SCA and its parent company, BNP Paribas SA*

As of the date of this Base Prospectus, BNP Paribas Securities Services SCA ("**BP2S**") acts as Fiscal Agent, Registrar, Principle Paying Agent, Transfer Agent and Luxembourg Listing Agent (through its branch in Luxembourg) under the Programme.

BNPP and BP2S are implementing an intragroup reorganisation pursuant to which BNPP, as the "absorbing entity", will merge with BP2S, as the "absorbed entity", pursuant to the simplified merger regime (*fusion simplifiée*), which is governed by Articles L. 236-1 et seq. of the French Commercial Code (*Code de commerce*).

### *Potential Conflicts of Interest*

The Issuers and/or any of their respective Affiliates or agents (including, if applicable, any Dealer) may engage in activities or arrangements in a range of capacities that may result in conflicts of interest between their own financial interests and those of any Noteholders, for example, by:

- (i) engaging in trading activities (including hedging activities) relating to the Underlying Reference and other instruments or derivative products based on or relating to the Underlying Reference of any Notes for their proprietary accounts or for other accounts under their management;
- (ii) receiving a fee for performing any services or entering into any transactions described above;
- (iii) publishing research reports relating to any Underlying Reference, which express views that are inconsistent with purchasing or holding the Notes; and
- (iv) making determinations regarding the occurrence of various events in respect of the Notes and the applicable consequences in its role as Calculation Agent or Issuer, as the case may be, of the Notes.

Any of the conflicts of interest described above could have a material adverse effect on the value of the Notes and the return a Noteholder can expect to receive on their Notes, as none of the Issuers and/or any of their respective Affiliates or agents, acting in any capacity, is required to have regard to the interests of the Noteholders. Investors should also refer to the description of the role of the Calculation Agent in the "*Investment Considerations*" section below.

Following the intragroup merger of BP2S and BNPP described in "*Risks related to the intragroup merger of BNP Paribas Securities Services SCA and its parent company, BNP Paribas SA*" above, BNPP will perform various agency roles in place of BP2S (including its branches in various jurisdictions) under the Programme. As a result, potential conflicts of interest may arise between these

## RISK FACTORS

roles. Such potential conflicts of interests are mitigated using different management teams and information barriers within BNPP, but the possibility of conflicts of interest arising cannot be completely eliminated.

*The value of the Notes could be adversely affected by a change in law or administrative practice*

The Conditions are predominantly based on English law in effect as at the date of this Base Prospectus. The possible impact of any judicial decision or change to an administrative practice or change to English law after the date of this Base Prospectus is unknown and any such change could materially adversely impact the value of any Notes affected by it.

*Termination of Notes in the event of illegality or impracticability*

If the Issuer determines that the performance of its obligations under the Notes has become illegal or impracticable in whole or in part for any reason, the Issuer may redeem the Notes by paying to each Noteholder the fair market value of such Notes less, except if Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements. Such redemption may result in an investor losing some or all of their investment in the Notes.

*The implementation of the Bank Recovery and Resolution Directive could materially affect the Notes and their holders*

Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms, as amended (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") provides for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and certain investment firms. The BRRD has been implemented in France, Belgium and Luxembourg by several legislative texts to provide relevant resolution authorities with, among other powers, a credible set of tools (the "**BRRD Resolution Tools**") to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of that institution's critical financial and economic functions, while minimising the impact of its potential failure on the economy and financial system.

Following a review of BRRD, Directive no. 2019/879/EU of the European Parliament and of the Council of 20 May 2019 amending Directive 2014/59/EU as regards the loss-absorbing and recapitalisation capacity of credit institutions and investment firms and Directive 98/26/EC ("**BRRD 2**") was adopted.

BRRD 2 was transposed into French law by Ordinance n°2020-1636 of 20 December 2020 relating to the resolution regime in the banking sector and Decree n°2020-1703 of 24 December 2020 relating to the resolution regime in the banking sector, and took effect from 28 December 2020. BRRD 2 was transposed into Luxembourg law by the Luxembourg act dated 20 May 2021 and took effect from 25 May 2021. BRRD 2 was transposed into Belgian law by the law of 11 July 2021 and took effect from 23 July 2021.

If the relevant Issuer or Guarantor is determined to be failing or likely to fail within the meaning of, and under the conditions set by the BRRD, and the relevant resolution authority applies any, or a combination, of the BRRD Resolution Tools (including, a sale of the business, the creation of a bridge institution, asset separation or bail-in), any shortfall from the sale of BNPPF's or BP2F's assets may lead to a partial reduction in the outstanding amounts of certain claims of unsecured creditors of that entity (including, as the case may be, the Notes or the Guarantee), or, in a worst case scenario, a

## RISK FACTORS

reduction to zero. The unsecured debt claims of BNPPF or BP2F (including, as the case may be, the Notes or the Guarantee) might also be converted into equity or other instruments of ownership, in accordance with the hierarchy of claims in normal insolvency proceedings, which equity or other instruments could also be subject to any future cancellation, transfer or dilution (such reduction or cancellation being first on common equity tier one instruments, thereafter the reduction, cancellation or conversion being on additional tier one instruments, then tier two instruments and other subordinated debts, then other "bail-inable" liabilities). The relevant resolution authority may also seek to amend the terms (such as varying the date for redemption) of any outstanding unsecured debt securities (including, as the case may be, the Securities or the Guarantee) (all as further described in Condition 17 (*Recognition of Bail-in and Loss Absorption*)).

Public financial support to resolve BNPPF or BP2F where there is a risk of failure will only be used as a last resort, after having assessed and applied the resolution tools above, including the bail-in tool, to the maximum extent possible whilst maintaining financial stability.

The exercise of any power under the BRRD by the relevant resolution authority or any suggestion that such powers may be exercised could materially adversely affect the rights of the holders of Notes, the price or value of their investment in the Notes and/or the ability of the Issuer or the Guarantor, as the case may be, to satisfy its obligations under the Notes or the Guarantee, respectively. As a result, holders of Notes could lose all or a substantial part of their investment in the Notes.

*The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"*

A number of major interest rates (including the Euro Interbank Offered Rate ("**EURIBOR**")), other rates, indices and other published values or benchmarks are the subject of national, international and other regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the value of and return on Notes linked to any such value or benchmark.

Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "**Benchmarks Regulation**") is a key element of ongoing regulatory reform in the EU and has applied, subject to certain transitional provisions, since 1 January 2018. In addition to so-called "critical benchmark" indices, such as EURIBOR, other interest rates, foreign exchange rates, and indices, including equity, commodity and "proprietary" indices or strategies, will in most cases be within scope of the Benchmarks Regulation as "benchmarks" where they are used to determine the amount payable under, or the value of, certain financial instruments (including securities listed on an EU regulated market, EU multilateral trading facility ("**MTF**"), EU organised trading facility ("**OTF**") or via a systematic internaliser). Regulation (EU) 2016/1011 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**UK Benchmarks Regulation**") is the relevant regulatory regime applicable to, among other things, the provision of benchmarks and the use of a benchmark in the UK.

The Benchmarks Regulation applies to the contribution of input data to a benchmark, the administration of a benchmark, and the use of a benchmark in the EU. Amongst other things, the Benchmarks Regulation requires EU benchmark administrators to be authorised or registered as such and to comply with extensive requirements relating to benchmark administration. It also prohibits certain uses by EU supervised entities of (a) benchmarks provided by EU administrators which are not authorised or registered in accordance with the Benchmarks Regulation and (b) benchmarks provided

## RISK FACTORS

by non-EU administrators where (i) the administrator's regulatory regime has not been determined to be "equivalent" to that of the EU, (ii) the administrator has not been recognised in accordance with the Benchmarks Regulation, or (iii) the benchmark has not been endorsed in accordance with the Benchmarks Regulation. Similarly, the UK Benchmarks Regulation prohibits the use of in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the Financial Conduct Authority (the "FCA") or registered on the FCA register (or, if not based in the UK, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material adverse impact on any Notes for which a request for admission to trading on a trading venue has been made, or which are traded on a trading venue or via a "systematic internaliser" linked to, referencing or otherwise dependent (in whole or in part) upon a "benchmark" for Benchmarks Regulation and/or UK Benchmarks Regulation, as applicable, purposes.

Any of the above changes or any other consequential changes to any benchmark may result in:

- (a) the level of the published rate or the level of the "benchmark" or the volatility of the published rate or level being adversely affected;
- (b) an increase in the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with such regulations or requirements;
- (c) the "benchmark" (including certain currencies or tenors of benchmarks) being discontinued or otherwise unavailable, which may result in the rate of interest in respect of the Notes (if any) being determined based on any applicable fallback provisions;
- (d) the methodology or other terms of the benchmark being changed in order to comply with regulatory requirements;
- (e) the occurrence of an Administrator/Benchmark Event (as further described under "*Risks associated with the occurrence of an Administrator/Benchmark Event*" below); or
- (f) have other adverse effects or unforeseen consequences.

Any such consequences could have a material adverse effect on the value of and return on any Notes and/or could lead to the Notes being de-listed, adjusted, redeemed early following the occurrence of an Administrator/Benchmark Event, subject to discretionary valuation or adjustment by the Calculation Agent or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Notes. This could also negatively affect the liquidity of the Notes and a Noteholder's ability to sell their Notes in the secondary market.

The Benchmarks Regulation was further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 which introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR) by conferring the power to designate a statutory replacement for said benchmarks on the Commission or the relevant national authority in certain circumstances, such replacement being limited to contracts and financial instruments (such as certain Notes) which contain no fallback provision or no suitable fallback provisions and where certain trigger events relating to non-representativeness or cessation or wind down of the benchmark are met. In general, parties can opt out of the statutory replacement where all parties, or the required majority of parties, to a contract or financial instrument have agreed to apply a different replacement for a benchmark before or after entry into force of the implementing act. A statutory replacement benchmark could have a negative impact on the value or liquidity of, and return

## RISK FACTORS

on, certain Notes linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark.

In addition Regulation (EU) 2021/168 is subject to further development through delegated regulations and the transitional provisions applicable to third-country benchmarks are extended until the end of 2023 (and the Commission is empowered to further extend this period until the end of 2025, if necessary). There are therefore still details to be clarified in relation to the potential impact of these legislative developments. Accordingly, there may be a risk that a statutory replacement benchmark may be designated if, for instance, a replacement benchmark determined in accordance with the fallback provisions is deemed unsuitable as its application no longer reflects or significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure (and where certain other conditions are satisfied, including one of the parties objecting to the contractually agreed fallback).

### *Risks associated with the occurrence of an Administrator/Benchmark Event*

If Condition 5.15 (Redemption or Amendment of Notes for Administrator/Benchmark Event) is specified in the applicable Final Terms as applicable, the occurrence of an Administrator/Benchmark Event (as more fully described in the "*Investment Considerations*" section below) may lead to redemption or adjustment of the Notes. Any such adjustment or redemption of the Notes following the occurrence of an Administrator/Benchmark Event may have an adverse effect on the value and liquidity of such Notes and accordingly the amount Noteholders can expect to receive on their investment.

### *The discontinuation of Interbank Offered Rates may adversely affect the value of the Notes*

Sterling, Euro, Swiss Franc and Japanese Yen London Interbank Offered Rates ("**LIBOR**"), across all tenors, and U.S. dollar LIBOR 1 week and 2 month tenors, either ceased to exist entirely, or became non-representative of the underlying market and economic reality that such rates were intended to measure, immediately after 31 December 2021. U.S. dollar LIBOR overnight, 1, 3, 6 and 12 month tenors will either cease to exist entirely or will become non-representative immediately after 30 June 2023. The future of EURIBOR is also uncertain. Amongst other developments, new issuances of products referencing LIBOR are no longer permitted (except in very limited circumstances) and relevant authorities are strongly encouraging the transition away from Interbank Offered Rates ("**IBORs**"), such as EURIBOR. A number of "risk free rates" have been identified to take the place of such IBORs as primary benchmarks. This includes (i) for sterling LIBOR, a reformed Sterling Overnight Index Average ("**SONIA**") as the primary Sterling interest rate benchmark, (ii) for EONIA and EURIBOR, Euro Short-Term Rate ("**€STR**") as the new euro risk free rate, and (iii) for USD LIBOR, the Secured Overnight Financing Rate ("**SOFR**") as the primary U.S. dollar interest rate benchmark. The risk free rates have a different methodology and other important differences from the IBORs they have replaced, a limited historical track record and may be subject to changes in their methodology. Uncertainties in the development of these risk free rates could have a material adverse effect on the value of and return on Notes linked to any such rates.

The reforms and eventual replacement of EURIBOR with €STR may cause EURIBOR to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted.

Investors in Notes referencing EURIBOR as an Underlying Interest Rate or a floating rate of interest face the risk that such rate will be discontinued or otherwise unavailable during the term of their Notes, in which case the rate of interest on the Notes will be determined for the relevant period by the fall-

## RISK FACTORS

back provisions applicable to the Notes. Depending on the manner in which the EURIBOR rate is to be determined under the Terms and Conditions, this may in certain circumstances result in (i) the application of a backward looking, risk free overnight rate, whereas the EURIBOR rate is expressed on the basis of a forward looking term and includes a risk element based on inter bank lending, (ii) the effective application of a fixed rate based on the rate which applied in the previous period when EURIBOR was available, or (iii) determination by reference to an alternative rate selected by an institution with authority consistent with industry accepted standards or, in the absence of such alternative rate, by a third party agent appointed by the Calculation Agent. As the replacement rate will not be identical to the original rate (and may not be comparable), any of the foregoing circumstances could have a significant adverse effect on the value or liquidity of, and return on, the Notes. In addition, any holders of such Notes that enter into hedging instruments based on the original replacement reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the new replacement reference rate.

*The market continues to develop in relation to SONIA, SOFR and €STR as reference rates for Notes that pay a floating rate of interest*

Where the applicable Final Terms specifies that the Interest Rate or Rate in respect of the Notes will be determined by reference to SONIA, SOFR or €STR, the Interest Rate or Rate will be determined by reference to the Compounded Daily SONIA (including on the basis of the SONIA Index published by the relevant administrator or other information service specified in the applicable Final Terms), Weighted Average SONIA, Compounded Daily SOFR (including on the basis of the SOFR Index published on the NY Federal Reserve Website), SOFR Arithmetic Mean or Compounded Daily €STR, as specified in the applicable Final Terms.

The ongoing development of compounded daily SONIA, SOFR and €STR as reference rates in the capital markets, as well as continued development of SONIA-, SOFR- and €STR-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any Notes that reference a SONIA, SOFR or €STR rate, as applicable. The market, or a significant part thereof, may adopt an application of SONIA, SOFR or €STR that differs significantly from that set out in the Conditions and used in relation to Notes that pay a floating rate of interest that reference a SONIA, SOFR or €STR rate issued under this Base Prospectus. Interest on Notes which reference a SONIA, SOFR or €STR rate is only capable of being determined at the end of the relevant Interest Period and shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Notes that reference a SONIA, SOFR or €STR rate to estimate reliably the amount of interest that will be payable on such Notes, which could adversely impact the liquidity of such Notes. In contrast to Notes that pay a floating rate of interest referencing a term rate, such as EURIBOR, if Notes referencing compounded daily or single daily SONIA, SOFR or €STR are redeemed early and accrued interest is payable on such redemption in respect of a period which is not an Interest Period, the final Interest Rate or Rate payable in respect of such Notes will only be determined at the due date for redemption.

In addition, the manner of adoption or application of SONIA, SOFR or €STR reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA, SOFR or €STR in other markets, such as the derivative and loan markets. Any such mismatch between the adoption of SONIA, SOFR or €STR reference rates across these markets may adversely impact any hedging or other financial arrangements which a holder has in connection with any acquisition, holding or disposal of any Notes referencing a SONIA, SOFR or €STR rate and could have a material adverse impact on such holder's investments.

## RISK FACTORS

To the extent the SONIA, SOFR or €STR rate is not published, the applicable rate to be used to calculate the Interest Rate or Rate in respect of an Interest Accrual Period, will be determined using the fallback provisions set out in the Conditions. Any of these fallback provisions may result in interest payments that are lower than, or do not otherwise correlate over time with, the payments that would have been made on the Notes if the SONIA, SOFR or €STR rate had been published as expected as of the Issue Date of the Notes. In addition, application of the fallback provisions may result in the effective application of a fixed rate of interest in respect of the Notes.

*Investors will not know in advance the interest amount payable on Notes which is calculated by reference to SONIA, SOFR or €STR*

The rate of interest on the Notes may be calculated by reference to SONIA, SOFR or €STR. Because such rates are overnight funding rates, interest on Notes that reference such rates with Interest Periods longer than overnight will be calculated on the basis of (a) in the case of SONIA, (i) the weighted average mean of SONIA over the relevant Observation Lookback Period in respect of an Interest Period or where SONIA is fixed for a certain number of days prior to the end of the relevant Interest Period, (ii) a compounded SONIA (x) in respect of the Interest Period, provided that the SONIA used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period or (iii) calculated by reference to the SONIA Index published by the administrator of the SONIA reference rate, (b) in the case of SOFR, (i) the arithmetic mean of SOFR over the relevant Interest Period, where the SOFR is fixed for a certain number of days prior to the end of such Interest Period, (ii) a compounded SOFR (x) in respect of the Interest Period, provided that the SOFR used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period or (iii) calculated by reference to the SOFR Index published on the NY Federal Reserve Website or (c) in the case of €STR, a compounded €STR (x) in respect of the Interest Period, provided that €STR used as the basis for calculation is that which was published a specified number of days prior to the observation date or (y) in respect of a period that starts a specified number of days prior to the relevant Interest Period and ends the same specified number of days prior to the end of such Interest Period. As a consequence of these calculation methods, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Investors therefore will not know in advance the interest amount which will be payable on such Notes and there is a possibility that such amount could be lower than expected.

*The implementation of SOFR Replacement Conforming Changes could adversely affect Noteholders*

Under the fallback provisions applicable to Notes that pay a floating rate of interest by reference to the Secured Overnight Financing Rate ("**SOFR**") (whether a compounded rate or the SOFR Index), if a particular SOFR Replacement or SOFR Replacement Adjustment (each as defined in Condition 4.4(c)(iii)) cannot be determined, then the next-available SOFR Replacement or SOFR Replacement Adjustment will apply. These replacement rates and adjustments may be selected or formulated by (i) the Relevant Governmental Body (as defined in Condition 4.4(c)(iii)), (ii) ISDA or (iii) in certain circumstances, the Calculation Agent and/or the Replacement Rate Determination Agent.

In addition, the fallback provisions permit the Replacement Rate Determination Agent to make certain changes (which are defined in Condition 4.4(c)(iv)) as "SOFR Replacement Conforming Changes" with respect to, among other things, the timing and frequency of determining rates and making

## RISK FACTORS

payments of interest. The application of a SOFR Replacement and SOFR Replacement Adjustment and any implementation of SOFR Replacement Conforming Changes could reduce the amount of interest payable in respect of an interest period, which could adversely affect the return on, value of and market for, the Notes. Furthermore, the characteristics of any SOFR Replacement may not be similar to the then-current SOFR benchmark that it is replacing and/or that any SOFR Replacement may not produce the economic equivalent of the then-current SOFR benchmark that it is replacing.

*Any failure of SOFR to gain market acceptance could adversely affect holders of Notes that pay a floating rate of interest referencing SOFR*

Holders of Notes that pay a floating rate of interest that references SOFR are exposed to the risk that such rate may not be widely accepted in the market. The risk of this occurring is mitigated by the fact that SOFR was developed for use in certain U.S. dollar derivatives and other financial contracts as an alternative to LIBOR in part because it is considered to be a good representation of general funding conditions in the overnight U.S. Treasury repo market. However, as a rate based on transactions secured by U.S. Treasury securities, it does not measure bank-specific credit risk and, as a result, is less likely to correlate with the unsecured short-term funding costs of banks. This may mean that market participants would not consider SOFR to be a suitable substitute or successor for all of the purposes for which LIBOR historically has been used (including, without limitation, as a representation of the unsecured short-term funding costs of banks), which may, in turn, lessen its market acceptance. Any failure of SOFR to gain or maintain market acceptance could adversely affect the return on, value of and market for Notes that pay a floating rate of interest referencing SOFR.

*The relationship of the United Kingdom with the European Union may affect the business (including the Notes) of the relevant Issuer or the Guarantor in the United Kingdom*

The United Kingdom ("UK") left the European Union ("EU") on 31 January 2020 at 11pm and the transition period ended on 31 December 2020 at 11pm. Therefore, the Treaty on the European Union and the Treaty on the Functioning of the European Union have ceased to apply to the UK. The European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) and secondary legislation made under it ensure there is a functioning statute book in the UK.

Although the UK and the EU have entered into a Trade and Cooperation Agreement (the "**Trade and Cooperation Agreement**") to govern their relationship going forward, the Trade and Cooperation Agreement does not create a detailed framework to govern the cross-border provision of regulated financial services from the UK into the EU and from the EU into the UK.

Due to the on-going political uncertainty as regards the structure of the future relationship between the UK and the EU, the precise impact on the business of the relevant Issuer or the Guarantor in the United Kingdom is difficult to determine. As such, such matters could adversely affect the ability of the relevant Issuer or the Guarantor to satisfy its obligations under any Series of Notes with a UK nexus and/or the market value and/or the liquidity of such Notes in the secondary market.

*The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected*

Payments made in respect of the Notes may be subject to Belgian withholding tax.

Belgian withholding tax, currently at a rate of 30 per cent., will in principle be applicable to the interest on the Notes issued by BNPPF that are not held in the NBB–SSS or that are held in a non-exempt

## **RISK FACTORS**

securities account (an "**N account**") in the NBB–SSS, as further described in "*Taxation*" below. Potential investors should be aware that any relevant tax law or practice applicable as at the date of this Base Prospectus and/or the date of purchase or subscription of the Notes may change at any time (including during any subscription period or the term of the Notes). Any such change may have an adverse effect on a Noteholder, including that the liquidity of the Notes may decrease and/or the amounts payable to or receivable by an affected Noteholder may be less than otherwise expected by such Noteholder.

Potential investors who are in any doubt as to their tax position should consult their own independent tax advisers.

### *Risks related to the EU anti-tax avoidance directive*

Directive 2016/1164/EU, the so-called anti-tax avoidance directive ("**ATAD**"), was adopted on 12 July 2016 to implement in the EU Member States' domestic legal frameworks common measures to tackle tax avoidance practices. ATAD lays down (i) controlled foreign company rules, (ii) anti-hybrid mismatches within the EU context rules, (iii) general interest limitation rules, (iv) a general anti-abuse rule, and (v) exit taxation rules. Following the adoption of ATAD, the EU Member States decided to go further as regards hybrid-mismatches with third countries, and adopted the Directive 2017/952/EU ("**ATAD 2**") amending the ATAD provisions with respect to anti-hybrid mismatches, on 29 May 2017. Luxembourg adopted (i) the law of 21 December 2018 implementing ATAD with effect as of 1 January 2019 and (ii) the law of 20 December 2019 implementing ATAD 2 with effect as of 1 January 2020 (except for the reverse hybrid mismatch rules, which apply as of 1 January 2022). Under certain circumstances, these rules could possibly increase the taxable base of BP2F and therefore negatively impact the return of the Noteholders.

### **Risks relating to Exempt Notes**

#### *Partly-Paid Notes*

The relevant Issuer may issue Exempt Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of their investment.

## **INVESTMENT CONSIDERATIONS**

*This section sets out certain investment considerations the Issuers and the Guarantor believe to be relevant to a prospective investor when assessing whether to consider an investment in the Notes.*

## INVESTMENT CONSIDERATIONS

### INVESTMENT CONSIDERATIONS

*The following section applies to both Exempt Notes and Non-Exempt Notes.*

#### 1. General investment considerations associated with the Notes

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained, or incorporated by reference in this Base Prospectus, the Final Terms relating to the Notes and any applicable supplement;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate, foreign exchange, financial markets and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are sophisticated financial instruments. A potential investor should not invest in Notes which are sophisticated financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

None of the Issuers, the Guarantor, the Dealer or any of their respective affiliates is responsible for the lawfulness or suitability of the acquisition of any Notes by a prospective investor or purchaser of Notes or for compliance by a prospective investor or purchaser of Notes (whether it is acquiring the Notes in a principal or in a fiduciary capacity) with any law, regulation, directive or policy applicable to it or, if it is acquiring the Notes in a fiduciary capacity, any law, regulation, directive or policy applicable to the beneficiary. A prospective investor or purchaser of Notes may not rely on the Issuers, the Guarantor, the Dealer or any of their respective affiliates when making determinations in relation to any of these matters.

The Notes are investment instruments which may or may not bear interest and which at maturity or earlier in case of early redemption pay the final redemption amount or the early redemption amount which may or may not be equal to the principal amount of the relevant Note.

Notes which are not principal protected may result in the holder thereof losing some or, in certain limited cases, all of such holder's initial investment. In addition, all Notes, including Notes which are expressed to be fully or partially principal protected, will give an investor exposure to the credit and default risk of the Issuer and Guarantor.

## INVESTMENT CONSIDERATIONS

Notes issued under the Programme may be structured such that principal, interest and/or premium, if any, payable on such Notes are determined by reference to the value or level of one or more Underlying References.

The price at which a holder of Notes will be able to sell Notes prior to their redemption may be at a substantial discount to the market value of the Notes at the issue date depending upon the performance of the Underlying Reference at the time of sale.

### *Senior Notes are Unsecured Obligations*

The Senior Notes are unsubordinated and unsecured obligations of the relevant Issuer and will rank *pari passu* with themselves.

Each issue of Notes issued by BP2F will be guaranteed by BNPPF pursuant to the BNPPF Note Guarantee. The obligations of BNPPF under the BNPPF Note Guarantee are unsubordinated and unsecured obligations of BNPPF and will rank *pari passu* with all its other present and future unsubordinated and unsecured obligations, subject as may from time to time be mandatory under Belgian Law.

### *Description of the role of the Calculation Agent*

- (i) The Calculation Agent may be an Affiliate of the relevant Issuer or, the Guarantor, or the Calculation Agent may be the relevant Issuer itself. The Calculation Agent is under no obligation to take into account the interests of holders of the Notes, including with respect to making certain determinations and judgments (as set out in the Conditions of the Notes or, in the case of Exempt Notes only, the applicable Pricing Supplement), and, in some cases, the applicable consequences.
- (ii) The Calculation Agent is obliged to carry out its duties and functions as calculation agent acting in good faith and in a commercially reasonable manner.

Investors should also refer to "*Potential conflicts of interest*" in the "*Risk Factors*" section.

### *Taxes may be payable by investors*

Potential purchasers and sellers of the Notes should be aware that they may be required to pay stamp duties, taxes or documentary charges in accordance with the laws and practices of the country where the Notes are transferred. In addition, if so indicated in the relevant Final Terms, payments in respect of the Notes may be made subject to deduction for or on account of withholding taxes imposed within Luxembourg (in the case of Notes issued by BP2F) or Belgium (in the case of Notes issued by BNPPF or in the case of the Guarantor), as provided in Condition 7 and without the relevant Issuer or Guarantor, as the case may be, being obliged to make additional payments in respect of such deduction or withholding. Consequently, the payment of principal, interest and/or premium, if any, in respect of the Notes may be less than expected. The applicable Final Terms will specify in each case whether the Issuer will pay additional amounts as specified in the Conditions. Potential purchasers should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment that will apply at any given time.

## INVESTMENT CONSIDERATIONS

*The return on an investment in Notes will be affected by charges incurred by investors*

An investor's total return on an investment in any Notes will be affected by the level of fees charged by the nominee service provider and/or Relevant Clearing System used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Notes, custody services and on payments of interest, principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Notes.

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the potential profit of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional — domestic or foreign — parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Prospective investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

*Certain specific information may not be known at the beginning of an offer period*

In certain circumstances, at the commencement of an offer period in respect of Notes, but prior to the issue date of such Notes certain specific information (specifically, the issue price, fixed rate of interest, minimum and/or maximum rate of interest payable, the margin applied to the floating rate of interest payable, the Gearing applied to the interest or final payout, (in the case of Notes which include a Digital Coupon) the Rate component of the coupon rate, the value of the barrier component of a final payout or coupon rate, the AER Exit Rate used if an Automatic Early Redemption Event occurs, the Bonus Coupon component of the final payout (in the case of Vanilla Digital Notes), any Constant Percentage (being any of Constant Percentage, Constant Percentage 1, Constant Percentage 2, Constant Percentage 3 or Constant Percentage 4) component of the final payout or coupon rate (which will be payable if certain conditions are met, as set out in the Payout Conditions), the Floor Percentage component of the final payout or coupon rate and/or the Knock-in Level and/or Knock-out Level (used to ascertain whether a Knock-in Event or Knock-out Event, as applicable, has occurred)) may not be known. In these circumstances the Final Terms will specify in place of the relevant price, rate, level or percentage, as applicable, a minimum and/or maximum price, rate, level or percentage, as applicable, or an indicative range of prices, rates, levels or percentages. The actual price, rate, level or percentage, as applicable, applicable to the Notes will be selected by the Issuer from within the range or will not be higher than the maximum price, rate, level or percentage, and/or will not be lower than the minimum price, rate, level or percentage, as specified in the applicable Final Terms and will be notified to investors prior to the Issue Date. The actual price, rate, level or percentage, as applicable, will be determined in accordance with market conditions by the Issuer in good faith and in a commercially reasonable manner.

Prospective purchasers of Notes will be required to make their investment decision based on the minimum and/or maximum price, rate, level or percentage, as applicable, or the indicative range rather

## INVESTMENT CONSIDERATIONS

than the actual price, rate, level or percentage, as applicable, which will only be fixed after the investment decision is made but will apply to the Notes once issued.

Where a minimum and/or maximum price, rate, level or percentage, as applicable, or an indicative range is specified in the Final Terms in respect of the Interest Rate, Minimum Interest Rate, Maximum Interest Rate, Margin, Rate and/or AER Exit Rate, prospective purchasers of Notes should, for the purposes of evaluating the risks and benefits of an investment in the Notes, assume that the actual Interest Rate, Minimum Interest Rate, Maximum Interest Rate, Margin, Rate and/or AER Exit Rate, as applicable, which will apply to the Notes will be the lowest rate specified in the range and make their decision to invest in the Notes on that basis.

### *Legal investment considerations may restrict certain investments*

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Notes are legal investments for it, (b) Notes can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

### *Credit ratings assigned to the Issuers, Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes*

One or more independent credit rating agencies may assign credit ratings to the Issuers, the Guarantor or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market and the additional factors discussed herein, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time. A rating agency may fail to withdraw its rating in a timely manner.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). If the status of the rating agency rating the Notes changes, European regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European regulated investors selling the Notes which may impact the value of the Notes and any secondary market. The list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out in the section entitled "*General Description of the Programme*".

## INVESTMENT CONSIDERATIONS

### *Settlement Risk*

Settlement of the Notes is subject to all applicable laws, regulations and practices in force at the relevant time and neither the relevant Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated as a result of any such laws, regulations or practices.

### *Investment considerations associated with nominee arrangements*

Where a nominee service provider is used by an investor to hold Notes or such investor holds interests in any Note through an account with a Relevant Clearing System, such investor will receive payments in respect of principal, interest, or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Relevant Clearing System, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Relevant Clearing System to distribute all payments or securities attributable to the relevant Notes which are received from the relevant Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Relevant Clearing System, as well as the relevant Issuer.

In addition, such a Noteholder may only be able to sell any Notes held by it prior to their stated maturity date with the assistance of the relevant nominee service provider. None of the Issuers, the Guarantor and the Paying Agents shall be responsible for the acts or omissions of any relevant nominee service provider or Relevant Clearing System nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Relevant Clearing System.

### *Recognition of English court judgments at the end of the United Kingdom's Brexit Transition Period*

On 31 January 2020, the United Kingdom (the "**UK**") formally left the European Union. Pursuant to a treaty entitled "the Agreement on the withdrawal of the United Kingdom of Great Britain and Northern Ireland from the European Union and the European Atomic Energy Community" (the "**Withdrawal Agreement**"), the UK and the EU agreed to an implementation period, ending on 31 December 2020 (the "**Transition Period**"). The Withdrawal Agreement was incorporated into English law by the European Union (Withdrawal Agreement) Act 2020.

As a result of leaving the EU, the UK is no longer bound by the provisions of Regulation (EU) No 1215/2012 (the "**Brussels Recast**"), a formal reciprocal regime between EU Member States on the allocation of jurisdiction and the mutual recognition and enforcement of Member State judgments. This regime is no longer applied by English courts, save in relation to legacy cases (i.e. those cases where proceedings were initiated prior to the end of the Transition Period). As a further consequence, English judgments will no longer be recognised and enforced in EU Member State courts under this regime, again, save for legacy cases where English judgments are issued in proceedings commenced prior to the end of the Transition Period.

Upon leaving the EU, the UK also ceased to be a member of another convention on the allocation of jurisdiction and the mutual enforcement of contracting state court judgments, the Lugano Convention 2007 (the "**Lugano Convention**"). The EU, Switzerland, Iceland and Norway are members of the Lugano Convention and the UK has applied to re-join this convention. As of the date of this Base Prospectus, the UK's application is pending. As the UK is no longer a Lugano contracting state, English judgments cannot be enforced under this regime in other contracting states, although Norway has put in place arrangements with the UK for the reciprocal enforcement of judgments.

## INVESTMENT CONSIDERATIONS

Investors should also note that on 1 January 2021 the UK re-joined the Hague Convention on Choice of Court Agreements 2005 (the "**Hague Convention**") as a sovereign state. The Hague Convention is another international convention on the jurisdiction and the reciprocal enforcement of contracting state judgments. The Hague Convention requires contracting states to respect exclusive jurisdiction clauses in favour of other contracting state courts and to enforce resulting judgments. The EU, Mexico, Montenegro and Singapore are currently contracting states.

Accordingly, English judgments issued by an English court pursuant to an exclusive jurisdiction clause entered into after 1 January 2021 should be recognised and enforced in EU states (and Mexico, Montenegro and Singapore) under the Hague Convention, subject to standard exceptions. It is generally considered that the Hague Convention only covers exclusive jurisdiction clauses and resulting judgments (although, investors should note that there are some matters, such as certain company matters that are outside the scope of the Hague Convention). There remains uncertainty as to whether the Hague Convention would be applied by Member State courts in respect of exclusive jurisdiction clauses entered into between 1 October 2015 (when the EU joined the Convention) and 31 December 2020. The UK has legislated to confirm such clauses would be treated as being within the Hague Convention. Although the grounds upon which enforcement may be refused under the Hague Convention are in substance similar to those under the Brussels Recast, the Hague Convention is new and therefore there may be some uncertainty as to how Member State courts apply these provisions, at least initially.

Where English jurisdiction clauses and judgments are not within the scope of the Hague Convention, it will be necessary to consider the applicable national law rules.

### 2. **Investment considerations associated with certain interest rates**

#### *Additional information on EURIBOR and related reforms*

The euro risk free rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, amongst other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates.

Investors should be aware that, if EURIBOR were discontinued or otherwise unavailable, the rate of interest on the Notes will be determined for the relevant period by the fall-back provisions applicable to the Notes, as further described in the Conditions.

#### *Additional information on the development of SONIA, SOFR and €STR as reference rates*

Holders of Notes that reference SONIA, SOFR or €STR should be aware that the market continues to develop in relation to SONIA, SOFR and €STR, respectively, as reference rates in the capital markets and their adoption as an alternative to GBP-LIBOR, USD-LIBOR and EURIBOR, respectively. For example, in the context of backwards-looking rates, market participants and relevant working groups are currently assessing the differences between compounded rates and weighted average rates and the basis on which to determine them, and such groups are also exploring forward-looking "term" SONIA, SOFR and €STR reference rates; although, it is not known whether they will be adopted by the markets. The adoption of SONIA, SOFR or €STR may also see component inputs into swap rates or other composite rates.

## INVESTMENT CONSIDERATIONS

The market, or a significant part thereof, may adopt an application of SONIA, SOFR or €STR that differs significantly from the methodology set out in the Conditions.

### *Additional information on the development of SONIA reference rates for use in the capital markets*

In connection with the ongoing development of the market in relation to SONIA as a reference rate in the capital markets, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The ongoing development of Compounded Daily SONIA as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such markets and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes.

### *If EURIBOR or any other benchmark is discontinued, the applicable floating rate of interest or Underlying Interest Rate may be changed*

In respect of Notes linked to an Underlying Interest Rate or Notes which pay a floating rate of interest, if the Issuer or the Calculation Agent determines at any time that the relevant reference rate has been discontinued, the Calculation Agent will use, as a substitute for the relevant reference rate, the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution in the jurisdiction of the currency of the relevant rate that is consistent with industry accepted standards. If the Calculation Agent notifies the Issuer that it is unable to determine such an alternative reference rate, the Calculation Agent will appoint a determination agent (which may be the Guarantor or an affiliate of the Issuer, the Guarantor or the Calculation Agent) who will determine a replacement reference rate, as well as any required changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the replacement rate including any adjustment required to make such replacement reference rate comparable to the relevant reference rate. Such replacement reference rate will (in the absence of manifest error) be final and binding, and will apply to the relevant Notes.

The replacement rate may perform differently from the discontinued reference rate. There can be no assurance that any adjustment applied to any Notes will adequately compensate for this impact.

The conditions also provide for other fallbacks, such as consulting reference banks for rate quotations, which may not be possible if the reference banks decline to provide such quotations for a sustained period of time (or at all). If the relevant screen page for the reference rate is not available or it is not possible to obtain quotations then the Calculation Agent will determine the relevant rate of interest for the affected Notes at the relevant time acting in good faith and in a commercially reasonable manner. The replacement rate may be different to the original rate and this may negatively affect the value of the Notes.

It is possible that, if a reference rate is discontinued, a clear successor rate will not be established in the market for some time. Accordingly, the terms of the Notes provide as an ultimate fallback that, following the designation of a replacement rate, if the Calculation Agent or the determination agent appointed by the Calculation Agent considers that such replacement reference rate is no longer substantially comparable to the original reference rate or does not constitute an industry accepted successor rate, the Calculation Agent will appoint or re-appoint a determination agent (which may or may not be the same entity as the original determination agent) for the purposes of confirming the replacement reference rate or determining a substitute replacement reference rate (despite the continued existence of the initial replacement reference rate). Any such substitute replacement

## INVESTMENT CONSIDERATIONS

reference rate, once designated pursuant to the Conditions, will apply to the affected Notes. This could impact the relevant rate of interest in respect of the Notes. In addition, any holders of such Notes that enter into hedging instruments based on the original replacement reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the new replacement reference rate.

### *Additional considerations associated with Notes that pay a floating rate of interest referencing SOFR*

SOFR is a relatively new rate. The NY Federal Reserve began to publish SOFR in April 2018. Although the NY Federal Reserve has published historical indicative SOFR information going back to 2014, such prepublication historical data inherently involves assumptions, estimates and approximations. Investors should not rely on any historical changes or trends in SOFR as an indicator of the future performance of SOFR. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates. As a result, the return on and value of Notes that pay a floating rate of interest by reference to SOFR ("**SOFR-Linked Notes**") may fluctuate more than floating rate debt securities that are linked to less volatile rates.

Because SOFR is a relatively new market index, SOFR-Linked Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed to SOFR, such as the spread over the base rate reflected in the interest rate provisions, may evolve over time, and trading prices of SOFR-Linked Notes may be lower than those of later-issued SOFR-linked debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Notes, the trading price of SOFR-Linked Notes may be lower than those of securities linked to rates that are more widely used. Investors may not be able to sell SOFR-Linked Notes at all or may not be able to sell such Notes at prices that will provide a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

The manner of adoption or application of reference rates based on SOFR in the bond market may differ materially compared with the application and adoption of SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any potential inconsistencies between the adoption of reference rates based on SOFR across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of the SOFR-Linked Notes.

The NY Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, including that the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. There can be no guarantee that SOFR will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the Notes. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on SOFR-Linked Notes and a reduction in the trading prices of such Notes.

## INVESTMENT CONSIDERATIONS

### 3. **Investment considerations associated with adjustment and related redemption provisions in respect of the Notes**

#### *Description of Additional Disruption Event and Optional Additional Disruption Events*

The Additional Disruption Events correspond to changes in law (including changes in tax or regulatory capital requirements) having an impact on the Notes. The Optional Additional Disruption Events that may be specified in the applicable Final Terms correspond to an issue converting or determining a rate for a currency in which the Underlying Reference is denominated (a Currency Event), changes in law (including changes in tax or regulatory capital requirements) having an impact on the Notes or any hedging transactions relating to the Notes (an Extended Change in Law), an issue converting or determining a rate for a currency in which the Underlying Reference or any options or futures contract or any other hedging arrangement in relation to the Underlying Reference is denominated (an Extended Currency Event), a disruption to any hedging arrangements relating to the Notes (a Hedging Disruption), a materially increased cost of hedging (an Increased Cost of Hedging), (in the case of Inflation Index-Linked Notes) a cancellation or discontinuation of an Inflation Index (an Index Cancellation), (in the case of Inflation Index-Linked Notes) a material change in the formula for or method of calculating an Inflation Index (an Index Modification) and/or circumstances where it is impracticable, illegal or impossible to purchase, sell, hold or otherwise deal in the Underlying Reference (a Jurisdiction Event). Each of the Additional Disruption Events and Optional Additional Disruption Events is as defined in and more fully set out in the Conditions.

#### *Description of Early Redemption Amounts*

The manner in which the amount due to Noteholders on an early redemption of the Notes is determined may depend on the event that has triggered an early redemption of the Notes and the early redemption method specified in the applicable Final Terms. The Notes will be redeemed at the Principal Protected Amount, Market Value 1, Market Value 2, Market Value 3, Market Value less Costs, Derivative Component Market Value, Highest Value (Structured), Highest Value (Vanilla), Fair Market Value or an amount per Calculation Amount, as specified in the applicable Final Terms, each as described in the Terms and Conditions of the Notes and in each case without prejudice to the application of Condition 5.16, if "Monetisation Option" is specified as being applicable in the applicable Final Terms (each an "**Early Redemption Amount**").

The Final Terms may specify that any costs incurred by the Issuer (or its affiliates) as a result of unwinding any hedging arrangements associated with the Notes may not be taken into account when determining the amount payable on early redemption.

If Monetisation Option is specified as applicable in the applicable Final Terms, the Noteholder shall receive on the Maturity Date (and notwithstanding the early redemption notice) the Monetisation Amount, unless the Noteholder elects, to receive the Early Redemption Amount on the date fixed for early redemption of the Notes.

If the Notes are early redeemed in part, the amount calculated as payable on such early redemption will take into account that only a portion of the outstanding Notes are being early redeemed.

## INVESTMENT CONSIDERATIONS

### 4. **Investment considerations associated with Notes linked to the performance of one or more Underlying References**

#### *Investment considerations in respect of Structured Notes in general*

An investment in Structured Notes may entail significant risks not associated with similar investments in a conventional debt security or a direct investment in the Underlying Reference, including the risks that the resulting rate of return will be less than that on a conventional debt security or the Underlying Reference and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant Underlying Reference should be taken as an indication of future performance of (a) such Underlying Reference or (b) the trading or market value of a Note, during the term of any Note.

The Underlying Reference(s) and/or the composition thereof, method of calculation (if applicable) or other factors of the Underlying Reference(s) may change in the future. There is no assurance that issuers, sponsors, licensors of the Underlying Reference(s) or any other third party (as the case may be) who have an influence on the Underlying Reference(s) will not change the composition thereof, method of calculation or other factors of the Underlying Reference(s). Any such change to the Underlying Reference(s) may be beyond the control of the relevant Issuer and may adversely affect the value of the Notes.

Amounts payable (whether in respect of principal and/or interest) in respect of Structured Notes which do not provide for predetermined redemption amounts and/or interest payments will be dependent upon the performance of the Underlying Reference which may contain substantial interest rate, foreign exchange, correlation, time value, political and/or other risks. The exposure to the Underlying Reference(s) in many cases will be achieved by the relevant Issuer entering into hedging arrangements. Potential investors should be aware that under the terms of Structured Notes they are exposed to the performance of these hedging arrangements and the events that may affect these hedging arrangements and consequently the occurrence of any of these events may affect the value of the Notes.

#### *Additional investment considerations in respect of Inflation Index-Linked Notes*

In respect of Inflation Index-Linked Notes, Noteholders will receive an amount (if any) on redemption determined by reference to the value of the underlying inflation index/indices and/or the Inflation Index-Linked Notes will pay interest calculated by reference to the value of the underlying inflation index/indices.

The terms of the Inflation Index-Linked Notes may be adjusted by the Calculation Agent if the Calculation Agent determines that the Index Sponsor fails to publish or announce the level of an inflation index. The Calculation Agent will determine a substitute level for the relevant inflation index by reference to (a) a related bond specified in the Final Terms or (b) a formula that calculates the level of the relevant inflation index based on previously available levels. If publication of the level of the relevant inflation index is disrupted or discontinued or the inflation index is cancelled, the Calculation Agent may determine a successor inflation index. The Calculation Agent may further adjust the terms of the Inflation Index-Linked Notes to take account of such substitute level or substitute inflation index.

The Calculation Agent may also make adjustments to the terms of the Inflation Index-Linked Notes or the relevant level of an inflation index if (a) a published level is subsequently revised within the cut-off periods described in the Conditions, (b) there is a material change to the formula for calculating an inflation index or (c) an inflation index is rebased, provided that, if an inflation index is rebased

## INVESTMENT CONSIDERATIONS

such that the Calculation Agent is unable to make adjustments that would produce a commercially reasonable result, the Issuer may redeem the Inflation Index-Linked Notes at the Early Redemption Amount.

Investors should be aware that if an inflation index is cancelled (and the Calculation Agent is unable to determine a successor inflation index), either the Calculation Agent will calculate the level of the inflation index or the Issuer will redeem the Inflation Index-Linked Notes at the Early Redemption Amount in accordance with the Conditions.

### *Additional investment considerations in respect of Foreign Exchange (FX) Rate-Linked Notes*

In respect of Foreign Exchange (FX) Rate-Linked Notes, Noteholders will receive an amount (if any) on redemption determined by reference to the value of the currency/currencies and/or Foreign Exchange (FX) Rate-Linked Notes will pay interest calculated by reference to the value of the underlying currency/currencies. Foreign Exchange (FX) Rate-Linked Notes reference the performance of an exchange rate between a base currency and one or more subject currencies.

A Disruption Event will occur in respect of the base currency or any subject currency if (i) there is a disruption to the source of the exchange rate, (ii) (unless Illiquidity Disruption is specified as not applicable in the applicable Final Terms) it is not possible to obtain firm quotes for such currency, (iii) the currency is split into more than one currency exchange rate, or (iv) circumstances similar to (i), (ii) (if applicable) or (iii) arise. Upon the occurrence of a Disruption Event in respect of a date for valuation, the following consequences may apply:

- (a) the Calculation Agent may postpone the relevant date for valuation until the Disruption Event is no longer subsisting, up to a maximum number of days specified in the applicable Final Terms (or if not specified five Scheduled Trading Days), following which the Calculation Agent may determine a level for the subject currency as of the last such Scheduled Trading Day;
- (b) the Issuer may redeem the Foreign Exchange (FX) Rate-Linked Notes in full at the Early Redemption Amount; or
- (c) (unless Delayed Redemption on the Occurrence of a Disruption Event is specified as not applicable in the applicable Final Terms) the Calculation Agent may postpone any payment date until a Disruption Event is no longer subsisting, or the Issuer may redeem the Foreign Exchange (FX) Rate-Linked Notes at an amount calculated by reference to the Calculated Foreign Exchange (FX) Disruption Amount.

If Automatic Early Redemption Event applies in respect of Foreign Exchange (FX) Rate-Linked Notes, the Notes redeem automatically if the value (or the weighted sum of the values) of the relevant subject currency or currencies observed is 'greater than', 'greater than or equal' to, 'less than' or 'less than or equal to' (as specified in the applicable Final Terms) the specified level (the "**Automatic Early Redemption Level**"). In this case, the Notes will be redeemed on the date specified in the applicable Final Terms. The Underlying Reference will be observed on specified dates.

Each Note will redeem at an amount equal to the product of (i) the Calculation Amount and (ii) the sum of (a) the specified automatic early redemption percentage and (b) the automatic early redemption rate, and will pay interest accrued up to the date on which the Notes are redeemed.

## INVESTMENT CONSIDERATIONS

### *Additional investment considerations in respect of Underlying Interest Rate-Linked Notes*

In respect of Underlying Interest Rate-Linked Notes, Noteholders will receive an amount (if any) on redemption determined by reference to the value of one or more underlying interest rates and/or Underlying Interest Rate-Linked Notes will pay interest calculated by reference to the value of one or more underlying interest rates.

The underlying interest rate will be determined by reference to a hypothetical interest rate swap transaction if ISDA Determination is specified in the applicable Final Terms or by reference to a rate provided on a screen page if either Screen Rate Determination or CMS-Rate Determination is specified in the applicable Final Terms. Regardless of the rate that is determined, if it is subject to a cap and/or a floor, such underlying interest rate will be deemed to be no higher than the Maximum Underlying Reference Rate specified in the applicable Final Terms and/or no lower than the Minimum Underlying Reference Rate specified in the applicable Final Terms.

If 'Standard Automatic Early Redemption' applies in respect of Underlying Interest Rate-Linked Notes, the Notes redeem automatically if the underlying reference rate observed is 'greater than', 'greater than or equal' to, 'less than' or 'less than or equal to' the specified level (the "**Automatic Early Redemption Level**"). In this case, the Notes will be redeemed on the next Interest Payment Date. The Underlying Reference will be observed on specified dates.

Each Note will redeem at an amount equal to the product of (i) the Calculation Amount and (ii) the sum of (a) the specified automatic early redemption percentage and (b) the automatic early redemption rate, and may pay either (i) the interest accrued up to the Interest Payment Date on which the Notes are redeemed, (ii) no interest or (iii) the interest accrued up to date on which the Automatic Early Redemption Event occurred.

- The transfer of the activities, assets and liabilities of eight European CIB branches and one rep office of BNPPF located in Austria, Czech Republic, Denmark, Finland, the Netherlands, Norway, Romania, Sweden and Spain to BNP Paribas S.A. was completed during the years 2017 and 2018.

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

As the COVID-19 crisis took its toll, BNPPF continued its information campaigns aimed both at customers and retail private banking staff to keep them up to date with the latest arrangements for: payment deferments and moratoria on both loan reimbursements and insurance premiums, remote access to BNPPF and precautionary rules at BNPPF's branches and self-banking points.

As a number of BNPPF's customers were seriously affected by the July 2021 floods in Belgium, BNPPF adjusted its marketing and publicity campaigns, giving priority to assisting – in close collaboration with BNPPF's insurance partner, AG Insurance – those customers who needed to file damage and loss claims.

In the service of BNPPF's individual customers, BNPPF continued throughout the year to implement BNPPF's financial well-being approach, producing specific information sheets on the themes of mobility & transportation, budgeting, investment and planning for the future.

Meanwhile, BNPPF provided its professional customer segment with more convenient access to BNPPF's expertise in various fields through a series of six interactive webinars on topics ranging from taxation to job mobility, digital payments and insurance, plus also special assistance to those wishing to start up a business. We backed up these free-of-charge web seminars, which were offered to all of BNPPF's bank for entrepreneurs clients, with newsletters geared to specific client needs, and also conducted publicity campaigns on social media, featuring BNPPF's experts on various themes.

On the investment side, during 2021 BNPPF continued to develop and promote its MyExperts platform, which provides BNPPF's Private Banking, Wealth Management and Priority Exclusive clients with access to written articles and webinars designed to help them take investment decisions. In addition, BNPPF launched a new theme entitled "#MyFuture", aimed at the millennial generation. As part of BNPPF's overall Family Approach, this new initiative provides specific content geared to assisting the children of BNPPF's Private Banking and Wealth Management clients.

BNPPF also made an effort to improve the transparency of its information regarding the charges made for our various solutions and services, by listing up all tariff changes twice per year – in May and November – and taking proactive measures to clearly inform all clients affected by price changes.

### **Speeding up BNPPF's repositioning as a banking-and-insurance provider**

In 2019, BNPPF began the process of repositioning itself as a provider of solutions and advice in both the financial and insurance fields. This process picked up pace during 2021. BNPPF ran a large-scale publicity campaign throughout the year, with three waves of advertising on TV, radio, digital channels and social media designed to raise awareness among both existing and prospective clients of the capabilities of BNPPF in providing insurance for individual customers. The advertising campaign was backed up by direct marketing campaigns offering existing customers a free check-up on the current state of their insurance policies.

In addition, 2021 saw BNPPF's retail private bank incorporate the fire, accident and general risks insurance solutions of our partner, AG Insurance, into BNPPF's information and sales channels. BNPPF also recruited around 50 business insurance experts so that BNPPF could offer its self-employed/professional clients a full range of solutions for their financial and insurance requirements in a "one-stop shop" approach designed to make their lives easier.

### **Roll-out of the hybrid model goes ahead**

As in 2020, the ongoing COVID-19 crisis, which entailed lockdowns and restrictions on personal movements and human contact, also led to a marked increase during 2021 in BNPPF's customers' use of BNPPF's digital channels. BNPPF saw an increase of almost 65,000 in the number of video calls,

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

mainly for remote advice, and an increase of 112,826 customers using the Easy Banking App or Easy Banking Web (total: 2,490,357 at end-2021). These developments have also led to an increase in the proportion of direct sales – i.e. those carried out remotely and via digital channels – which now stand at 50 per cent.

Other digital innovations and developments designed to make life easier for BNPPF's customers include a new homepage for BNPPF's Easy Banking App, plus a range of new functions suited to various customer profiles.

### **Helping customers make a comfortable transition to the digital era**

In October, at a moment when Belgium enjoyed a brief respite from COVID-19, BNPPF took the opportunity to relaunch a series of digital workshops, which had started at BNPPF's branches in 2019, before having to suspend these customer training events again. In parallel, between June and December, BNPPF ran a widespread campaign on social media of educational videos designed to help customers make best use of the full range of functions offered by the BNPPF Easy Banking App.

BNPPF has made special efforts to ensure that its customers remain protected while using digital tools in their day-to-day lives. During 2021, BNPPF put out regular information – interactive videos and specific practical tips – on how to maintain online security and guard against attacks, such as phishing attempts.

In 2021, BNPPF also continued its efforts to help its entrepreneur and business-owning clients digitalise their businesses. To this end, BNPPF offers a digital maturity assessment and also recommends point-of-sale or digital payment solutions provided by BNPPF's subsidiary, Axepta, which has recently strengthened its position in the Belgian market with the acquisition of the Ingenico In Store businesses in Belgium and Luxembourg.

### **Stepping up overall customer support**

In 2021, retail private banking continued rolling out a determined policy of providing each and every customer with the appropriate type of advice and support, with clear and transparent charges. For BNPPF's Bank for Entrepreneurs clients, BNPPF embarked on the second phase of its roll-out of the Advice Pro model, which combines proactive overall support plus a package of solutions and services for a fixed quarterly fee. Meanwhile, BNPPF continued the process of transitioning its individual customers to relationship models such as "priority", "priority exclusive" or the wealth management contracts offered by its Private Banking and Wealth Management arms, according to their precise needs.

### **Assisting the transition to greener mobility**

In line with BNPPF's overall strategic vision of supporting the transition towards a more sustainable economy, BNPPF has launched a number of publicity campaigns explaining how BNPPF is able to advise both individual customers and self-employed professionals on the subject of green transportation. BNPPF publishes articles and videos produced by its automobile taxation experts. BNPPF also offers more attractive interest rates on "green" car loans and systematically promotes the purchase of hybrid or full-electric vehicles, offering deals via BNPPF's leasing subsidiary, Arval.

### **New tailored offerings for business starters**

BNPPF has always sought to play a dynamic role in the local economy. BNPPF has now adjusted its approach to provide support to new and future entrepreneurs, meeting their needs to help them bring

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

their ideas to fruition and launch their business. In 2021, BNPPF set out this new approach via a radio and online publicity campaign.

In addition, BNPPF launched a new digital "Hello Bank! Pro" offering for self-employed customers with a self-managed business who have very straightforward banking needs. These customers are able to request a company number, open an online business account and access useful advice in the form of expert articles.

### **Innovative solutions designed to make life easier for BNPPF's customers**

BNPPF's launch during the year of an exclusive new Visa debit card for all its customers – both individual account holders and self-employed/professional clients – is another example of BNPPF's commitment to make life easier for its customers, as this card makes it easier to carry out fully secure online purchases.

### **Supporting investment beyond basic savings**

Given recent developments in financial market conditions, especially the persistence of extremely low interest rates, BNPPF has adjusted its traditional savings offering – in a first phase for legal entities with savings in excess of EUR 500,000 and subsequently for physical persons, both individual customers and self-employed/professional clients whose savings account balances regularly stand in excess of EUR 250,000. BNPPF guides its customers through the transition in their savings approach towards investment vehicles that match their real needs and profiles.

### **BNPPF's expertise continues to earn recognition**

In 2021, for the fifth consecutive year, BNPPF was awarded the title of "Bank of the Year – Belgium" by the Financial Times Group publication, The Banker. The awards jury made specific reference to BNPPF's ongoing innovation drive, the new service models resulting from the launch of its subsidiary, Axepta, the renewal of its partnership with Bpost and the alignment of BNPPF's investment policies with the Sustainable Development Goals set out by the United Nations.

The consolidated net income attributable to equity holders in 2021 amounted to EUR 2,593 million, up by +38.6 per cent. compared to 2020. When excluding non-recurrent items (related mainly to the depreciation of the Turkish lira, the scope changes, the one-off results of BNP Paribas Asset Management, the impairment of the equity-method investment in Bpost bank in Q4 2020 and a real estate capital gain in the results of Belgium in 2021), the underlying variance year on year (excluding non-recurrent items) showed an increase of +29.5 per cent.\*.

The below analysis focuses on this underlying variance year on year (excluding non-recurrent items).

### **Strong results with a positive evolution in Belgium and an excellent performance of subsidiaries**

**Revenues** amounted to EUR 8,412 million, up 7.5 per cent. compared to 2020.

- In Belgium<sup>2</sup>, revenues increased by 4.3 per cent.\*, despite the impact of the low interest rate environment, as a consequence of Belgian retail banking activities, supported by the growth of customer loans, a sharp increase in fee income driven by strong development of investments, a

strong contribution from the private equity business and corporate and institutional banking's lending activity.

- In other activities, revenues increased by 11.0 per cent.\* driven by the continued development of activities in Other Domestic Markets (Arval and Leasing Solutions) and at Personal Finance (Alpha Crédit), with a very strong rebound in production and a continued rise of prices of second-hand vehicles for Arval where the revenue increase was very strong. In Turkey, the increase of revenues was mainly supported by the growth of customer loans and the higher commission income.

**Costs** amounted to EUR 4,577 million, increasing by 2.7 per cent.\* compared to 2020.

- In Belgium, costs decreased by -1.2 per cent.\*, reflecting the impact of the measures taken to continue improving the efficiency, including the ongoing industrialisation of BNPPF's operational processes, further branch network adaptations and a reduction in headcount, partly offset by inflation and higher banking taxes.
- In other activities, costs increased by 8.0 per cent.\* mainly in support of the growth of activities in other domestic markets, IT developments, banking taxes in Luxembourg and the impact of inflation in Turkey.

**Gross operating income** increased by 14.0 per cent.\* to EUR 3,835 million. The consolidated cost / income ratio<sup>3</sup> improved at 54.4 per cent., compared to 57.5 per cent. in 2020. In Belgium, the ratio was further materially reduced from 63.5 per cent. in 2020 to 59.5 per cent.

**Cost of risk** amounted to EUR 359 million, decreasing by -15 basis points compared to a high basis in 2020, driven by overall lower provisions on non-performing loans (stage 3) and performing loans (stages 1 & 2). Cost of risk has returned to a normal level of 17 basis points.

- In Belgium, the cost of risk was lower (9 basis points compared to 21 basis points in 2020), with a decrease of provisions on both non-performing and performing loans, compared to a high basis in 2020, impacted by one specific item and the health crisis.
- In most other activities, there was an overall decrease of the cost of risk with lower provisions on both non-performing and performing loans. At Arval and in Turkey, the overall decrease was partly offset by the strong volume growth and the corresponding increase of provisions on performing loans.

The **share of earnings of equity-method entities** was up by 18.8 per cent.\*, at EUR 322 million, mainly due to higher contributions from BNP Paribas Asset Management and AG Insurance. The contribution from BNP Paribas Bank Polska was lower than last year, impacted by a non-recurring item.

The **net income attributable to equity holders** of EUR 2,593 million increased by +29.5 per cent.\* compared to 2020.

### Financial structure

The **consolidated balance** sheet totalled EUR 342 billion as at 31 December 2021, an increase of EUR 7 billion or 2 per cent. compared to the end of 2020.

### **Strategy and objectives**

On 8 February 2022, the BNP Paribas Group presented the main areas and priorities of its strategic plan for 2025, called "Growth, Technology & Sustainability 2025", as well as its financial ambitions. This presentation is available on the investors' website <https://invest.bnpparibas.com>.

### **Growth, Technology & Sustainability 2025**

The BNP Paribas Group has built an integrated and diversified model that has proven its performance in all environments.

This model translates in an organisation based on three pillars, integrated to focus on the needs of clients and partners: Corporate & Institutional Banking (CIB); Commercial & Personal Banking and Services (CPBS), which encompasses all the Group's Commercial and personal banking as well as specialised businesses such as BNP Paribas Personal Finance or Arval; and Investment & Protection Services (IPS), which brings together Wealth and Asset Management businesses and Insurance.

Leveraging the strengths of its platforms and favourably positioned client franchises with the full benefit of its integrated and transformed operating model, the BNP Paribas Group aims to deliver profitable growth, while making technology and industrialisation a hallmark of its development, scaling up sustainable finance and social and environmental responsibility, as well as developing its employees' potential and engagement.

Accordingly, and building on the strength of its model, the BNP Paribas Group aims to maintain disciplined organic growth while gaining market share at marginal cost, thus generating new growth opportunities and substantial economies of scale.

The BNP Paribas Group thus reaffirms the importance and relevance of the pillars that have structured its development and its value creation model, with the objective of ensuring that growth in revenues outstrips growth in operating expenses and growth in risk-weighted assets, along with a ROTE above the cost of capital in 2025.

### **Possible dependency**

### **Statement of the Board of Directors on the Corporate Governance Charter**

BNP Paribas Fortis SA/NV issues debt securities that are listed on a regulated market in the meaning of article 2, 3° of the law of 2 August 2002 (as amended) regarding the supervision of the financial sector and financial services. In addition, but without the involvement of BNPPF itself, its shares are traded from time to time on a multilateral trading facility in the meaning of article 2, 4° of the same law of 2 August 2002.

Taking into account the above and in accordance with article 3:8 of the Belgian Code of Companies and Associations (the "CCA") and article 1 of the Royal Decree of 12 May 2019 designating the corporate governance Code to be applied by listed companies, BNPPF adopted the "Belgian Corporate Governance Code 2020" as its code of reference (the "**2020 CG Code**").

The 2020 CG Code is available at <http://www.corporategovernancecommittee.be>.

This document (the "**Corporate Governance Charter**") has been created in accordance with the 2020 CG Code and the CCA.

In addition, this Corporate Governance Charter also covers certain requirements set forth by article 75, §1, second alinea of the law of 25 April 2014 on the statute and supervision on credit institutions and stockbroking firms (the "**Banking Law**").

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

More specifically, this Corporate Governance Charter contains information on (i) the shareholders' structure, (ii) the group to which BNPPF belongs, (iii) the corporate bodies of BNPPF, and (iv) the principles regarding the avoidance of conflicts of interest.

For all other matters as referred to in article 75, §1, second alinea of the Banking Law, reference is made to the annual report of BNPPF.

BNPPF's Corporate Governance Charter is available at [www.bnpparibasfortis.com](http://www.bnpparibasfortis.com).

### **Potential material impacts of corporate governance**

BNPPF does not foresee any potential material changes for corporate governance, including future changes in the board and committees composition.

## **7. Trend information**

### **Macroeconomic environment**

Macroeconomic and market conditions affect BNPPF's results. The nature of BNPPF's business makes it particularly sensitive to macroeconomic and market conditions in Europe.

After falling more than 3.1% in 2020 (GDP was down 6.8% in the euro zone, 3.4% in the United States and 2% in emerging countries), global activity rebounded strongly in 2021. The recovery was particularly marked in mature countries, where GDP has grown more than 5.2% in the euro zone and 5.6% in the United States. Emerging economies have also recovered, particularly in Asia and Europe.

Despite the strong rebound in activity and the resulting spikes in inflation due to insufficient supply levels, monetary policy remains highly accommodative and yields on sovereign bonds are still extremely low in many mature economies. In light of recent developments, some central banks have begun to raise their key rates or are planning to do so in the coming quarters, while the U.S. Federal Reserve has begun to reduce its asset purchases. Over the next few years, most central banks are expected to either tighten their policies gradually (for example, the U.S. Federal Reserve and the Bank of England) or adjust it more marginally (for example, the European Central Bank and the Bank of Japan). The invasion of Ukraine by Russia in February 2022 could lead central banks to review or postpone these movements given the reaction of the markets in the short term and the macroeconomic consequences that remain uncertain in the long term. At the same time, while long term bond yields have recovered significantly since August 2021, they remain very low over a longer term perspective.

In this context, the following risk categories can be identified:

#### *Consequences of the current public health crisis*

The lasting effects of the public health crisis are expected to be limited due to the measures taken to support the economy. However, some sectors that have been particularly affected by public health measures (such as air transport) will take longer to recover than the rest of the economy. In addition, the reopening of economies has significantly boosted inflation. This phenomenon should be transitory, but it is uncertain how long it will last. Some shortages may be persistent or have spillover effects. The risk of an asset bubble has also intensified in certain areas in connection with the support measures put in place by governments and central banks (such as increased savings as a result of budgetary measures and central bank asset purchasing plans). In addition, public finances have deteriorated significantly due to the public health crisis and the exceptional budgetary policy measures

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

implemented to limit its impact. The marked increase in private debt could cause difficulties in certain sectors.

### *Risks of financial instability due to the conduct of monetary policies*

Commercial and personal bank revenues are strongly impacted by the flat yield curve, negative central bank deposit rates and the difficulty of passing on negative rates to customers. Life insurers and pension funds are also deeply impacted, as the low-yield environment increases liabilities and holds down long-term investment returns (impacting in particular life insurers with guaranteed returns and defined-benefit pension schemes). Monetary policy's room to manoeuvre seems increasingly limited and central banks are more likely to be affected by fiscal issues in the coming years (due to the sharp increase in public debt). Such developments, which would have been considered temporary and exceptional a few years ago now seem to be a new normal.

Some major financial players (such as insurance companies, pension funds, asset managers) have an increasingly systemic dimension and, in the event of market turbulence, could be brought to unwind large positions in a context of relatively weak market liquidity. In a number of asset markets, risk premiums are low compared with their historical average following a decade of accommodative monetary policies (such as lending to non-investment grade companies and countries, certain equity and bond market segments).

### *Systemic risks related to increased debt*

In many countries, the public health crisis led to a massive increase in the public deficit and debt ratios, due to the fall in business activity and the exceptional support measures put in place by governments. In mature economies, public debt ratios are at unprecedented levels. At present, the very low level of interest rates is limiting the cost of debt service. Massive asset purchases by central banks in Europe should continue to moderate this risk in the near future, but the risk of rising interest rates will have to be monitored over the medium term in eurozone countries due to fragmented bond markets. In this context, new common issuances at a European level ("**common bonds**") were launched in 2020 and have continued in 2021.

The BNP Paribas Group's exposure in emerging countries is limited. However, the vulnerability of some of these economies could lead to a downgrade of these countries' ratings by the agencies, followed by an increase in risk premiums and debt service costs, leading to disruptions in the global financial system. In many advanced and emerging countries public policy support to avoid a wave of bankruptcies contributed to additional debt. In the medium term, this increase in debt could lead to a decline in repayment capacity, whilst the simultaneous increase in public debt reduces the ability of governments to support their economy if the recovery is affected by new disruptions. On the household side, job losses could also affect debt repayment capacity.

It should be noted that debt-related risk could materialise, not only in the event of a sharp rise in interest rates, but also with any negative growth shocks.

### *Risks of disruption to international trade from economic sanctions and/or protectionist measures*

In Eastern Europe, the Russian invasion of Ukraine has led to reactions from the international community, particularly in terms of economic sanctions against Russia, the scope of which is not yet fully known. Moreover, during the health crisis, specific trade measures were put in place to facilitate the trading of strategic groups. However, disagreements between the United States and China regarding intellectual property protection, technology transfers and industrial policies are not expected

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

to disappear in the short term. In March 2021, the European Parliament voted to suspend the ratification of the Comprehensive Agreement on Investment ("CAI") with China, concluded in December 2020. Many governments are aiming for certain strategic areas to be more self-sufficient and less dependent on imports. Different outcomes are possible, ranging from moderate regionalisation (competing blocs) to more marked regionalisation (separate blocs).

Tensions related to trade and globalisation are therefore likely to persist in the coming years, which is likely to hold back global growth by weighing on the volumes traded, disrupting production chains and adversely affecting the confidence of agents and financial markets.

### Laws and regulations applicable to financial institutions

Recent and future changes in the laws and regulations applicable to financial institutions may have a significant impact on BNPPF. Measures that were recently adopted or which are (or whose application measures are) ongoing projects, that have or are likely to have an impact on BNPPF notably include:

- prudential regulations: with the finalisation of Basel 3 published by the Basel Committee in December 2017, supplemented by the fundamental review of the trading book ("**FRTB**") in January 2019 and of credit value adjustment ("**CVA**") risk in July 2020, which introduces a revision of the credit risk, operational risk, market risk and CVA risk measurement in the calculation of risk-weighted assets. The new Basel framework also provides for the gradual introduction of an overall floor which will be based on standardised approaches. These measures are due to come into force once they are transposed into European law. To this end, on 27 October 2021, the European Commission published a draft transposition of the Basel Accord in the form of amendments to the Capital Requirements Regulation and the Capital Requirements Directive;
- the Directive of 16 April 2014 related to deposit guarantee systems and its delegated and implementing acts, the Directive of 15 May 2014 ("**BRRD**") and its revision on 20 May 2019 ("**BRRD2**") establishing a bank recovery and resolution framework and the anticipation of future MREL requirements, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund;
- the Final Rule by the U.S. Federal Reserve imposing tighter prudential rules on the U.S. transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the U.S. (capitalised and subject to regulation) to hold their U.S. subsidiaries;
- the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the European Market Infrastructure Regulation ("**EMIR**") in Europe, notably margin requirements for uncleared derivative products, transparency and reporting requirements for derivatives transactions in securities, as well as the obligation to set off certain derivatives traded over the counter by clearing houses;
- the new Markets in Financial Instruments Directive ("**MiFID 2**") and the Markets in Financial Instruments Regulation ("**MiFIR**"); and
- the General Data Protection Regulation ("**GDPR**"), which came into force on 25 May 2018. This regulation aims to move the European data confidentiality environment forward and improve personal data protection within the European Union. Businesses run the risk of severe penalties if they do not comply with the standards set by the GDPR. This regulation applies to all banks and companies providing services to European citizens;

Moreover, in this strengthened regulatory context, the risk of non-compliance with existing laws and regulations, in particular those relating to the protection of the interests of customers and personal

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

data, is a significant risk for the banking industry, potentially resulting in significant losses and fines. In addition to its compliance system, which specifically covers this type of risk, the BNP Paribas Group places the interest of its customers, and more broadly that of its stakeholders, at the heart of its values. Thus, the code of conduct adopted by the BNP Paribas Group in 2016 sets out detailed values and rules of conduct in this area.

### **Environmental risks**

Environmental risks and, more particularly, those associated with climate change are a financial risk for the BNP Paribas Group.

The BNP Paribas Group is exposed to risks related to climate change, either directly through its own operations or for certain of its assets or indirectly through its financing and investment activities. The main risks related to climate change are as follows:

- transition risks resulting from a change in the behaviour of economic and financial agents in response to the implementation of energy policies or technological changes; and
- physical risks resulting from the direct impact of climate change on people and property via extreme weather events or long-term risks such as rising sea levels or rising temperatures.

Consequences in terms of liability may arise from these two risks. They correspond to potential disputes, claims for compensation, legal proceedings brought against a company, a state or a financial institution that could be held liable by any stakeholder or citizen who has suffered from climate change. In line with international work and in particular that of the Network of Supervisors and Central Banks for the Greening of the Financial System ("NGFS"), BNPPF considers the risks associated with the emergence of legal proceedings related to climate change for companies and investors, including liability risks, as a subset of physical and transition risks.

BNPPF monitors the potential impact of these risk factors in the conduct of its business, in that of its counterparties or in its investments on its own behalf or on behalf of third parties. The BNP Paribas Group thus integrates these risks into its risk management process and gradually strengthens their assessment, as the methodologies for measuring and analysing these factors and their impact on traditional risks, in particular, those relating to credit quality, are developed.

### **Cyber security and technology risk**

BNPPF's ability to do business is intrinsically tied to the fluidity of electronic transactions as well as the protection and security of information and technology assets.

The technological change is accelerating with the digital transformation and the resulting increase in the number of communications circuits, proliferation in data sources, growing process automation, and greater use of electronic banking transactions.

The progress and acceleration of the technological changes needed to respond to customer requirements are giving cybercriminals new options for altering, stealing and disclosing data. Attacks are more frequent, with a bigger reach and sophistication across all sectors, including financial services.

The outsourcing of a growing number of processes also exposes the BNP Paribas Group to structural cybersecurity and technology risks leading to the appearance of potential attack vectors that cybercriminals can exploit.

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

Accordingly, the BNP Paribas Group has reinforced the second line of defence within the risk function dedicated to managing technological and cyber security risks. Thus, operational standards are regularly adapted to support BNPPF's digital evolution and innovation while managing existing and emerging threats (such as cyber-crime, espionage).

The health crisis, which prevailed in 2020, increased the BNP Paribas Group's dependence on digital technologies in order to have the capacity to work remotely and to continue operating safely despite the high risk of cyber-crime. The BNP Paribas Group invested in IT upgrades to quintuple the bandwidth of the network and ensure the stability of the remote access infrastructure. At the same time, cyber security operations teams have strengthened their surveillance capabilities to improve detection and respond to threats more quickly.

### **Emerging Risks**

An emerging risk is defined as a new or evolving risk which potential impact could be material in the future but is currently not fully known or is difficult to quantify.

The BNP Paribas Group identified emerging risks related to technological innovations, the evolving regulatory environment, as well as certain health, demographic and societal risks.

### **Technological innovations**

Technological developments related to the growing use of data in all production, marketing and distribution processes, and to data sharing among economic players (including, producers, suppliers, and customers) will impact the economic models of BNP Paribas Group's clients and counterparties in a lasting way. These impacts, which are sometimes hard to assess in a context where new standards, economic balances and regulatory entities are in the process of evolving and adapting, are being analysed internally by industry experts focused on the economic sectors most exposed to this evolution.

In addition, the use of algorithms and artificial intelligence techniques, which are becoming increasingly sophisticated, considerably modifies decision-making and exposes people to risks of a new nature with standardised behaviour that can quickly affect certain markets. The emergence of decentralised finance and digital assets based on distributed ledger technologies (e.g. blockchain) are changes that may ultimately have a structural impact on the banking sector.

Furthermore, the BNP Paribas Group's competitive environment is undergoing profound change, with the presence of fintech, the emergence of new players of importance in the activities of the financial sector (such as Google, Apple, Facebook, Amazon and Microsoft) and technological innovations which disrupt the traditional value chains of BNP Paribas Group's businesses, and place the quality of the customer experience, and the use of new technologies to reduce the cost of low added-value operations, as their key competitive success factors. Maintenance of BNP Paribas Group's information systems must be done in this context of evolving value chains and increasing protection needs (of systems and data, for example) in particular against cyber threats. The BNP Paribas Group is deploying a proactive strategy in this area to adapt its activities to these major technological developments and promote some industrial cooperation with fintech players.

### **Evolving regulatory environments**

In addition to the regulatory measures recently adopted or pending adoption, and already cited as top risks, the trend towards growing complexity and regional differences in the regulatory environment for banks and related supervision is creating relative uncertainty over future developments, compliance

## DESCRIPTION OF BNP PARIBAS FORTIS SA/NV

costs, and proper performance risk concerning the various measures. BNP Paribas Group has established an active monitoring system for its regulatory environment, enabling it to minimise these risks.

Possible future divergence by type of regulated entity, for example, depending on their degree of innovation, may also introduce risk of a competitive nature.

### **Health risks**

A new viral or bacteriological infection that is potentially resistant to antibiotics, antiviral drugs or other treatments is an increasing possibility and could become more significant.

Despite the experience gained with the health crisis, such an infection could lead to new failures in infrastructure and production chains, with significant consequences for all stakeholders.

### **Demographic risk**

The ageing population is a major underlying trend in many countries. In the years and decades to come, this change could significantly impact economic growth (which is already visible), as well as healthcare and retirement budgets, or saving and consumption behaviours.

### **Societal issues**

In addition to responses designed to meet its customers' changing needs, BNP Paribas Group is more generally, adapting its responses to the expectations of the society in which it operates in terms of how it conducts its business, respects human rights and environmental protection. Thus, banks must deal with the growing sensitivity of their customers and partners to environmental, social and governance issues.

The BNP Paribas Group's "Code of Conduct" defines standards of conduct in line with its values and missions.

### **Areas of Special Interest in 2021**

#### *Turkey*

Even more so in 2021 than in 2020, macroeconomic uncertainties and the geopolitical context penalised local foreign exchange markets. During the second half of the year, unexpected measures were taken in Turkey to ease monetary conditions while inflationary pressures continued. This, in a regional geopolitical context, continues to make the use of foreign currency borrowing costly.

BNPPF's presence in Turkey is primarily through its TEB subsidiary (ranking No. 10 in Retail Banking in Turkey with a market share of approximately 3%). At 31 December 2021, the BNP Paribas Group generated 2.1% of its pre-tax operating income in this country. The TEB entity had a solvency ratio (Capital Adequacy Ratio ("**CAR**")) of 18.05% at 31 December 2021, in excess of the regulatory requirements.

### *Others*

Geopolitical tensions are palpable in Asia on the Korean peninsula and in the China Sea and remain high in certain other areas, such as in the Middle East, with the potential involvement of Western powers to varying degrees. In the Mediterranean, tensions that arose as a result of disputed maritime areas have decreased but have not disappeared. Latin America has also been experiencing political tensions.

Although the possible consequences of such risks are hard to assess, the regional economies in question, and the global economy, could be affected through different channels (such as confidence, trade ties and commodity prices).

Save as provided above, none of the Issuers, the Guarantor and any Dealer have authorised, nor do they authorise, the making of any Non-exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

## RESTRICTIONS AND CONDITIONS FOR THE USE OF THIS BASE PROSPECTUS

### Consent given in accordance with Article 5(1) of the Prospectus Regulation

In the context of a Non-exempt Offer of Notes, each of the Issuers and the Guarantor accept responsibility, in each of the Non-exempt Offer Jurisdictions, for the content of this Base Prospectus in relation to any person (an "**Investor**") who purchases any Notes in a Non-exempt Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period specified in the applicable Final Terms and, **provided that** the conditions attached to the giving of consent for the use of this Base Prospectus are complied with. The consent and conditions attached to it are set out under "*Consent*" and "*Common Conditions to Consent*" below.

None of the Issuers, the Guarantor or any Dealer makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and none of the Issuers, the Guarantor nor any Dealer has any responsibility or liability for the actions of that Authorised Offeror.

**Except in circumstances set out in the following paragraphs, neither Issuer nor the Guarantor has authorised the making of any Non-exempt Offer by any offeror and neither Issuer has consented to the use of this Base Prospectus by any other person in connection with any Non-exempt Offer of Notes. Any Non-exempt Offer made without the consent of the relevant Issuer is unauthorised and none of the relevant Issuer, the Guarantor (where applicable) and, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.**

If, in the context of a Non-exempt Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of the relevant Non-exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

The financial intermediaries referred to in paragraphs (a)(ii), (a)(iii) and (b) below are together the "**Authorised Offerors**" and each an "**Authorised Offeror**".

### *Consent*

In connection with each Tranche of Notes and subject to the conditions set out below under "*Common Conditions to Consent*":

#### *Specific Consent*

- (a) the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of such Notes by:
  - (i) the relevant Dealer(s) or Manager(s) specified in the applicable Final Terms;
  - (ii) any financial intermediaries specified in the applicable Final Terms; and
  - (iii) any other financial intermediary appointed after the date of the applicable Final Terms and whose name is published on (A) the website [www.bnpparibasfortis.be](http://www.bnpparibasfortis.be), in the case of each Tranche of Notes, and (B) the website [www.bp2f.lu](http://www.bp2f.lu), only where BP2F is the relevant Issuer, and, in either case, identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

## RESTRICTIONS AND CONDITIONS FOR THE USE OF THIS BASE PROSPECTUS

### General Consent

(b) if (and only if) Part B of the applicable Final Terms specifies "General Consent" as "Applicable", the relevant Issuer hereby offers to grant its consent to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with a Non-exempt Offer of Notes by any other financial intermediary which satisfies the following conditions:

- (i) it is authorised to make such offers under applicable legislation implementing the Markets in Financial Instruments Directive (Directive 2014/65/EU);
- (ii) it accepts the Issuer's offer to grant consent to the use of this Base Prospectus by publishing on its website the following statement (with the information in square brackets duly completed) (the "**Acceptance Statement**"):

*"We, [insert legal name of financial intermediary], refer to the offer of [insert title of relevant Notes] (the "**Notes**") described in the Final Terms dated [insert date] (the "**Final Terms**") published by [BNP Paribas Fortis SA/NV][BNP Paribas Fortis Funding] (the "**Issuer**"). In consideration of the Issuer offering to grant its consent to our use of the Base Prospectus (as defined in the Final Terms) in connection with the offer of the Notes in [Belgium][France][Luxembourg] during the Offer Period and subject to the other conditions to such consent, each as specified in the Base Prospectus, we hereby accept the offer by the Issuer in accordance with the Authorised Offeror Terms (as specified in the Base Prospectus) and confirm that we are using the Base Prospectus accordingly.";* and

- (iii) it notifies the Issuer in writing on the day it publishes the Acceptance Statement of its decision to use this Base Prospectus (such notice shall be sent to [docsecurities.mbc@bnpparibasfortis.com](mailto:docsecurities.mbc@bnpparibasfortis.com) in the case of BNPPF and to [info@bp2f.lu](mailto:info@bp2f.lu) in the case of BP2F).

The "**Authorised Offeror Terms**", being the terms to which the relevant financial intermediary agrees in connection with using this Base Prospectus, are that the relevant financial intermediary:

- (A) will, and it agrees, represents, warrants and undertakes for the benefit of the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer that it will, at all times in connection with the relevant Non-exempt Offer:
  - I. act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the "**Rules**") from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential Investor;
  - II. comply with the restrictions set out under "*Plan of Distribution*" in this Base Prospectus which would apply if the relevant financial intermediary were a Dealer and consider the relevant manufacturer's target market assessment and distribution channels identified under the "MiFID II product governance" legend set out in the applicable Final Terms;
  - III. ensure that any fee (and any other commissions or benefits of any kind) or rebate received or paid by the relevant financial intermediary in relation to the offer or sale of the Notes does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;

## RESTRICTIONS AND CONDITIONS FOR THE USE OF THIS BASE PROSPECTUS

- IV. hold all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules;
- V. comply with applicable anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules (including, without limitation, taking appropriate steps, in compliance with such Rules, to establish and document the identity of each potential Investor prior to initial investment in any Notes by the Investor), and will not permit any application for Notes in circumstances where the financial intermediary has any suspicion as to the source of the application monies;
- VI. retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested and to the extent permitted by the Rules, make such records available to the relevant Dealer, the relevant Issuer and the Guarantor (where applicable) or directly to the appropriate authorities with jurisdiction over the relevant Issuer, the Guarantor (where applicable) and/or the relevant Dealer in order to enable such Issuer, the Guarantor (where applicable) and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-corruption and "know your client" Rules applying to the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer, as the case may be;
- VII. ensure that no holder of Notes or potential Investor in Notes shall become an indirect or direct client of the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- VIII. co-operate with the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer in providing relevant information (including, without limitation, documents and records maintained pursuant to paragraph VI above) and such further assistance as is reasonably requested upon written request from such Issuer, the Guarantor (where applicable) or the relevant Dealer in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any regulator or regulatory process. For this purpose, "**relevant information**" is information that is available to or can be acquired by the relevant financial intermediary:
  - (i) in connection with any request or investigation by any regulator in relation to the Notes, the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer; and/or

- X. either (A) obtain from each potential Investor an executed application for the Notes, or (B) keep a record of all requests the relevant financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Notes on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;
- XI. ensure that it does not, directly or indirectly, cause the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer to breach any Rule or subject such Issuer, the Guarantor (where applicable) or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
- XII. immediately inform the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer if at any time it becomes aware, or suspects, that it is or may be in violation of any Rules and take all appropriate steps to remedy such violation and comply with such Rules in all respects;

- XIV. comply with the conditions to the consent referred to under "*Common Conditions to Consent*" below and any further requirements or other Authorised Offeror Terms relevant to the Non-exempt Offer as specified in the applicable Final Terms;
- XV. make available to each potential Investor in the Notes this Base Prospectus (as supplemented as at the relevant time, if applicable), the applicable Final Terms and any applicable information booklet provided by the relevant Issuer for such purpose, and not convey or publish any information that is not contained in or entirely consistent with this Base Prospectus and the applicable Final Terms; and
- XVI. if it conveys or publishes any communication (other than this Base Prospectus or any other materials provided to such financial intermediary by or on behalf of the relevant Issuer for the purposes of the relevant Non-exempt Offer) in connection with the relevant Non-exempt Offer, it will ensure that such communication (A) is fair, clear and not misleading and complies with the Rules, (B) states that such financial intermediary has provided such communication independently of the relevant Issuer, that such financial intermediary is solely responsible for such communication and that none of the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer accepts any responsibility for such communication and (C) does not, without the prior written consent of the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer (as applicable), use the legal or publicity names of the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer or any other name, brand or logo registered by an entity within their respective groups or any material over which any such entity retains a proprietary interest, except to describe the relevant Issuer as issuer of the relevant Notes and the Guarantor (where applicable) as the guarantor of the relevant Notes on the basis set out in this Base Prospectus;

## RESTRICTIONS AND CONDITIONS FOR THE USE OF THIS BASE PROSPECTUS

- (B) agrees and undertakes to each of the relevant Issuer, the Guarantor (where applicable) and the relevant Dealer that if it or any of its respective directors, officers, employees, agents, affiliates and controlling persons (each a "**Relevant Party**") incurs any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of investigation and any defence raised thereto and counsel's fees and disbursements associated with any such investigation or defence) (a "**Loss**") arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by the relevant financial intermediary, including (without limitation) any unauthorised action by the relevant financial intermediary or failure by it to observe any of the above restrictions or requirements or the making by it of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer, the relevant financial intermediary shall pay to the relevant Issuer, the Guarantor (where applicable) or the relevant Dealer, as the case may be, an amount equal to the Loss. None of the relevant Issuer, the Guarantor (where applicable) nor any Dealer shall have any duty or obligation, whether as fiduciary or trustee for any Relevant Party or otherwise, to recover any such payment or to account to any other person for any amounts paid to it under this provision; and
- (C) agrees and accepts that:
- I. the contract between the relevant Issuer and the relevant financial intermediary formed upon acceptance by the relevant financial intermediary of the relevant Issuer's offer to use the Base Prospectus with its consent in connection with the relevant Non-exempt Offer (the "**Authorised Offeror Contract**"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, English law;
  - II. subject to (C)IV below, the English courts have jurisdiction to settle any dispute arising out of or in connection with the Authorised Offeror Contract (including any dispute relating to any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract) (a "**Dispute**") and the relevant Issuer and the relevant financial intermediary submit to the exclusive jurisdiction of the English courts;
  - III. for the purposes of (C)II and (C)IV, the relevant financial intermediary waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any dispute;
  - IV. to the extent allowed by law, the relevant Issuer, the Guarantor, where applicable, and each relevant Dealer may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions; and

The only Relevant States (as defined herein) which may, in respect of any Tranche of Notes, be specified in the applicable Final Terms (if any Relevant States are so specified) as indicated in (b) above, will be Belgium, France and/or Luxembourg, and accordingly each Tranche of Notes may only be offered to Investors as part of a Non-exempt Offer in Belgium, France and/or Luxembourg, as specified in the applicable Final Terms, or otherwise in circumstances in which no obligation arises for the relevant Issuer or any Dealer to publish or supplement a prospectus for such offer.

### **ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS**

**AN INVESTOR INTENDING TO PURCHASE OR PURCHASING ANY NOTES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE OFFER IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING ARRANGEMENTS IN RELATION TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT. NO ISSUER WILL BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE RELEVANT INFORMATION WILL BE PROVIDED BY THE AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER. Neither the Issuer nor the Guarantor will be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Notes to such Investor.

### **IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY**

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The

## RESTRICTIONS AND CONDITIONS FOR THE USE OF THIS BASE PROSPECTUS

distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantor and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer, the Guarantor or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the EEA (including Belgium, France and Luxembourg), Australia, Canada, New Zealand, the United Kingdom and the United States, see "*Plan of Distribution*".

**PRIIPs REGULATION/ IMPORTANT – EEA RETAIL INVESTORS** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to EEA Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II or (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**PRIIPs REGULATION/ IMPORTANT – UK RETAIL INVESTORS** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the "FSMA") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**Prohibition of Sales to Belgian Consumers** – If the Final Terms in respect of any Notes (or Pricing Supplement, in the case of Exempt Notes) includes a legend entitled "Prohibition of Sales to Belgian Consumers", the Notes may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1 of the Belgian Code of Economic Law, as amended from time to time (a "**Belgian Consumer**") and the Notes may not be offered, sold or resold, transferred or delivered, and no prospectus,

memorandum, information circular, brochure or any similar documents in relation to the Notes may be distributed, directly or indirectly, to any Belgian Consumer.

## **PLAN OF DISTRIBUTION**

*This section sets out an overview of certain restrictions on who is permitted to purchase the Notes in certain jurisdictions.*

## PLAN OF DISTRIBUTION

*The following section applies to both Exempt Notes and Non-exempt Notes.*

### **General**

Except for those countries or jurisdictions where a public offering of the Notes, or possession or distribution of any offering material in relation thereto, is permitted on the basis of (a) the approval by the CSSF of this Base Prospectus issued in compliance with the Prospectus Regulation and relevant implementing measures in Luxembourg and (b) the certificates of approval as provided by the CSSF to the competent authorities in such countries or jurisdictions, no action has been or will be taken in any country or jurisdiction by the Issuers, the Guarantor or the Dealers that would permit a public offering of Notes, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. Persons into whose hands the Base Prospectus or any Final Terms comes are required by the Issuers, the Guarantor and the Dealers to comply, in all cases at their own expense, with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Notes or have in their possession or distribute such offering material.

Each of the Dealers has agreed to comply, in all cases at its own expense, to the best of its knowledge and belief, with all relevant securities laws, regulations and directives in each country or jurisdiction in which it subscribes for, purchases, offers, sells or delivers Notes or has in its possession or distributes this Base Prospectus or any other offering material.

In the case of Exempt Notes only, selling restrictions may be supplemented or modified by the agreement of the relevant Issuer, the Guarantor (in the case of Notes issued by BP2F) and the Dealers following a change in, or in the interpretation or application of, a relevant law, regulation or directive. Any such supplement or modification will be set out in the Pricing Supplement issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

### **Terms and conditions of the Offer**

In the event of an offer of any Notes which is an offer to the public within the meaning of the Prospectus Regulation but which is not made in circumstances contemplated in Article 1(4) and/or 3(2) of the Prospectus Regulation (an "**Offer**"), the general conditions in relation to such Offer are as set out below, as further specified for each Series of Notes in the applicable Final Terms.

#### **Offer size**

The anticipated size of the offer of the Notes to the public will be set out in the applicable Final Terms as a fixed amount, as a minimum amount subject to increase, or as a range. The actual principal amount of Notes offered can be decreased or increased by the relevant Issuer at any time before the Issue Date. It will be determined by the relevant Issuer, after consultation with the arranger(s) of such offer, taking into account prevailing market conditions (including those in the debt and equity markets) and other relevant criteria and factors, including (but not limited to) demand for the Notes during the subscription period, broader economic and financial conditions and prospects and conditions affecting the relevant Issuer's ability to source or price hedging transactions with respect to its obligations under the Notes on terms satisfactory to it.

Once the results of the Offer are determined, the actual principal amount of Notes that will be offered, allotted to the subscribers and issued will be filed with the appropriate competent authority(ies) and communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

## PLAN OF DISTRIBUTION

The Noteholders will be directly notified by, or on behalf of the placers as mentioned in item 10(1) of Part B of the Final Terms (the "**Placing Agents**"), of the number of Notes which has been allotted to them as soon as possible after the Issue Date.

### **Subscription, payment, delivery and allotment**

The subscription period of the Offer (the "**Offer Period**") will be set out in the applicable Final Terms. However, the Offer Period may be (a) subject to an early termination due to reasons including (but not limited to) oversubscription or a decrease in the offer size in the circumstances set out under the heading "Offer size" above, or (b) subject to an extension as referred to in the timetable set out under the heading "Indicative Timetable" below.

"**Subscription**" (and "**subscribe**" and "**subscriber**") refers not only to the initial acquisition of the Notes from the relevant Issuer by the first purchaser, but to any purchase during the Offer Period.

The subscription price of the Notes payable by subscribers to the Placing Agents will be specified in the applicable Final Terms.

The minimum number of Notes which may be subscribed per subscriber is one Note of the lowest Specified Denomination and thereafter in multiples of one (1) such lowest Specified Denomination, unless otherwise specified in the applicable Final Terms. There is no maximum number of Notes which may be subscribed per subscriber unless otherwise stated in the applicable Final Terms.

If the Final Terms do not include the subscription price and/or other pricing data relating to the Notes such as the rate of Interest, a pricing statement disclosing this information will be published before the Issue Date, and any such pricing statement will specify rights of withdrawal (if any) which arise under Article 17 of the Prospectus Regulation. Unless otherwise indicated in the applicable Final Terms, the pricing statement will be published in the same manner as the Base Prospectus and the applicable Final Terms and in accordance with Article 17 of the Prospectus Regulation.

Payment for the Notes must be received by the relevant Placing Agent from subscribers on or before the Issue Date by debit of a cash account.

The delivery of the Notes will take place as described in the Base Prospectus and the applicable Final Terms. On or about the Issue Date, the relevant securities account of each Noteholder will be credited with the relevant amount of Notes purchased.

By subscribing for, or subsequently otherwise acquiring, Notes, Noteholders are bound by the Terms and Conditions and are deemed to have acknowledged and accepted the terms pursuant to which the Notes are being offered as set out in the Base Prospectus together with the applicable Final Terms.

Unless otherwise indicated in the applicable Final Terms, in case of an early termination of the subscription period due to oversubscription or a decrease in the Offer size in the circumstances set out under the heading "Offer size" above, allotment of the Notes will be made, to the extent possible, on the basis of objective allotment criteria. Any payment received in connection with the subscription of Notes which are not allotted will be returned within seven Business Days ("**Business Days**" in this section means days on which banks are open for general business in the relevant Non-exempt Offer Jurisdiction and in the principal financial centre of the settlement currency (or, where the settlement currency is euro, the TARGET2 is operating)) after the date of receipt of such payment. However, there will be no entitlement to interest in respect of such returned payments.

### **Indicative timetable**

An indicative timetable listing certain expected key dates for the Offer, such as (but not limited to) the publication of the prospectus, the latest time and date for subscriptions, the publication of the pricing statement (if relevant), and the announcement of the offer size will be specified in the applicable Final Terms. However, the timetable for the Offer is subject to acceleration or extension. Unless otherwise indicated in the applicable Final Terms, any acceleration or extension of the timetable for the Offer will be announced in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

### **Cancellation of the Offer**

The relevant Issuer reserves the right to cancel, at any time on or before the Issue Date and for any reason, the Offer and issue of the Notes, it being understood that in such case no Notes will be issued. In the event of a cancellation, and unless otherwise indicated in the applicable Final Terms, such cancellation will be communicated in the same manner in which the Base Prospectus and the applicable Final Terms have been published.

The Offer may be cancelled if any of the following events occur:

- the Notes are not or will not be admitted to trading and listing on the relevant stock exchange on the Issue Date (or, in the case of an extension of the timetable, such later date as is determined by the relevant Issuer as the latest date for such admission);
- there has been a change in national or international financial, political or economic conditions or currency exchange rates or exchange controls that would, in the view of the relevant Issuer or the relevant Dealer, Manager or Lead Manager, as the case may be, be likely to prejudice materially the success of the offering and/or distribution of the Notes and/or dealings in the Notes in the secondary market;
- there has been, in the view of the relevant Issuer or the relevant Dealer, Manager or Lead Manager, an adverse change, financial or otherwise in the condition or general affairs of the relevant Issuer that would be likely to prejudice materially the success of the offering;
- the relevant Dealer, Manager or Lead Manager, as the case may be, determines, in its absolute discretion, that it is unable to source or price appropriate hedging transactions relating to the relevant Issuer's obligations under the Notes on terms which are satisfactory to it;
- the Underwriting Agreement (as defined below) (if any) is terminated by the underwriter in accordance with its terms;
- the Placing and Purchase Agreement (as defined below) (if any) is terminated in accordance with its terms; or
- in any other circumstances where the relevant Issuer considers it necessary or desirable.

### **Subscription fees and taxes**

Noteholders will bear fees and taxes including the following:

- a fee payable by the relevant Issuer to the relevant Dealer or/and to any Placing Agent if included in the subscription price of the Notes paid by subscribers on subscription;
- any costs arising from holding their Notes on a securities account with a financial intermediary;

## PLAN OF DISTRIBUTION

- any financial service costs which may be charged by any financial intermediary; and
- taxes on stock market transactions other than upon initial subscription.

### Other fees and charges

Except as stated above or in the applicable Final Terms, the relevant Issuer will not impose any charges or fees in respect of the Notes. Prospective purchasers should note, however, that they may be required to bear certain fees and charges for custodial, nominee, transfer and clearing services charged by the Relevant Clearing System(s) and/or any intermediaries for the holding, transfer or redemption of Notes. Prospective purchasers of Notes should contact any relevant intermediaries for further details of these fees and charges.

If such an agreement is entered into, the Placing Agents will agree to use their best endeavours, during the Offer Period and pursuant to the Offer, to procure subscribers for an aggregate principal amount of Notes equal to the anticipated Offer size of the Notes at the subscription price. If a Placing and Purchase Agreement is entered into, each Placing Agent will also agree to purchase from the Subscriber on the Issue Date an aggregate principal amount of Notes equal to the principal amount of Notes placed by such Placing Agent pursuant to the Offer with the subscribers it has procured.

Each Placing Agent shall be entitled to deduct, before payment to the Subscriber, a commission representing a percentage of the principal amount of the Notes placed by it. The commission will be specified in the applicable Final Terms. The Placing and Purchase Agreement may be terminated in certain circumstances by the Subscriber or the Placing Agents, prior to payment being made to the Subscriber. Any such termination is likely to result in the cancellation of the Offer, as described under the heading "*Cancellation of the Offer*" above.

The Notes may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meaning ascribed in Regulation S under the Securities Act.

Each Dealer has agreed that it will not offer, sell or deliver the Notes of any Tranche, (a) as part of its distribution at any time or (b) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, or the Fiscal Agent or, in the case of X/N Notes, the Domiciliary Agent, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each distributor, or person receiving a selling concession fee or remuneration in respect of the Notes sold to which it sells Notes a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act unless made pursuant to another exemption from the registration requirements of the Securities Act.

Notes in bearer form that are debt for U.S. federal income tax purposes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain circumstances permitted by U.S. Treasury regulations. The applicable Final Terms will specify whether the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(C) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA C**"), the provisions of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with Internal Revenue Service Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) ("**TEFRA D**"), or neither the provisions of TEFRA C nor TEFRA D ("**TEFRA not applicable**") will apply to the issue of Notes. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and the U.S. Treasury regulations promulgated thereunder.

### *Transfer Restrictions*

Each purchaser of Notes and each subsequent purchaser of such Notes in resale or other transferee of such Notes prior to the expiration of the 40 day distribution compliance period will be deemed to acknowledge, represent and agree as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (a) that it is (a) outside the United States, (b) not a U.S. person and (c) not an affiliate of the Issuer or a person acting on behalf of such affiliate;
- (b) it understands that the Notes are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Notes have not been and will not be registered under the Securities Act or any other applicable U.S. state securities laws and may not be offered, sold, resold, pledged, encumbered or otherwise transferred, directly or indirectly, within the United States or to, or for the account or benefit of, U.S. persons except as set forth below;

## PLAN OF DISTRIBUTION

(c) that if it should resell or otherwise transfer the Notes prior to the expiration of the distribution compliance period (defined as 40 days after the completion of the distribution of the Notes), it will do so only outside the United States in compliance with Rule 903 or 904 of Regulation S under the Securities Act and in accordance with all applicable U.S. state and federal securities laws;

(d) it acknowledges that the temporary Global Notes, bearer Notes in definitive form and registered Notes in definitive form will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT AND PURSUANT TO AN EXEMPTION FROM THE REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. THIS LEGEND SHALL CEASE TO APPLY UPON THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER COMPLETION OF THE DISTRIBUTION OF ALL THE NOTES OF THE TRANCHE OF WHICH THIS NOTE FORMS PART"; AND

(e) it understands that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Notes as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

# **TAXATION**

*This section gives out an overview of certain tax considerations relating to Notes.*

## TAXATION

*The following section applies to both Exempt Notes and Non-exempt Notes.*

**TRANSACTIONS INVOLVING THE NOTES MAY HAVE TAX CONSEQUENCES FOR PROSPECTIVE INVESTORS WHICH MAY DEPEND, AMONGST OTHER THINGS, UPON THE STATUS OF THE PROSPECTIVE INVESTOR AND LAWS RELATING TO TRANSFER AND REGISTRATION TAXES, PROSPECTIVE INVESTORS WHO ARE IN ANY DOUBT ABOUT THE TAX POSITION OF ANY ASPECT OF TRANSACTIONS INVOLVING NOTES SHOULD CONSULT THEIR OWN TAX ADVISERS.**

*The proposed financial transactions tax ("FTT")*

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or participating Member States may decide to withdraw.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

*The following is a general description of certain Belgian, Luxembourg, French and United States tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Belgium and/or Luxembourg of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date (or even before with retroactive effect). The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including but not limited to, the legality of transactions involving the Notes.*

### **Taxation in Belgium**

*The following summary describes the principal Belgian tax considerations with respect to the holding and selling of Notes. This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Notes. In some cases, different rules can be applicable.*

*This summary is based on Belgian tax legislation, treaties, rules, and administrative interpretations and similar documentation, in force as of the date of the publication of this Base Prospectus, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.*

*For Belgian tax purposes, if interest is in a foreign currency, it is converted into Euro on the date of payment or attribution.*

*Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes, taking into account the influence of each regional, local or national law.*

The tax treatment in Belgium of the Notes will differ depending on whether the issuer of the Notes is BNPPF or BP2F. Notes issued by BNPPF will hereafter be referred to as "**Belgian Notes**" while Notes issued by BP2F will be referred to as "**Foreign Notes**".

Belgian Notes may be cleared through the NBB–SSS. The withholding tax treatment in respect of Notes cleared through the NBB–SSS is different from that of other Notes and is set out below under the heading "*Tax treatment applicable to Belgian Notes held in the NBB–SSS*".

Moreover, the tax treatment in respect of Notes not held in the NBB–SSS depends on whether the Notes qualify as Structured Notes, as defined below.

- (a) Tax treatment of Foreign Notes and Belgian Notes that are not held in the NBB–SSS
- (i) Structured Notes

On 25 January 2013, the Belgian tax authorities issued a circular letter on the Belgian tax treatment of income from structured securities characterised by an uncertain return on investment due to the variation of the coupons or the repayment terms at maturity, such as securities whose return is linked to the evolution of underlying products. According to the circular letter, the transfer of structured securities to a third party (other than the issuer) results in taxation as interest income of the "*pro rata* interest", calculated on an unclear formulae. In addition, any amount paid in excess of the initial issue price upon redemption or repayment of the structured securities is considered as interest for Belgian tax purposes. It is highly debatable whether the circular letter is in line with Belgian tax legislation. Furthermore, it is unclear whether the Belgian tax authorities will seek to apply the principles set out in the circular letter to the structured Notes (hereafter referred to as the "**Belgian Structured Notes**" and the "**Foreign Structured Notes**", together the "**Structured Notes**").

It is assumed that any gains realised upon redemption or repayment of the Structured Notes by the Issuer will indeed be viewed as interest by the Belgian tax authorities (and any such gains are therefore referred to as "interest" for the purposes of the following paragraphs), but that the effective taxation of the "*pro rata* interest" in case of sale to a third party (i.e. other than the Issuer) would not be possible, on the basis that it is currently impossible to determine the amount of the "*pro rata* interest".

#### Repayment or redemption by the Issuer

##### *Belgian resident individuals*

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), who are holding the Structured Notes as a private investment, are subject to the following tax treatment with respect to the Structured Notes in Belgium. Other rules may be applicable in special situations, in particular when Belgian resident individuals acquire the Structured Notes for professional purposes or when their transactions with

respect to the Structured Notes fall outside the scope of the normal management of their own private estate.

Interest payments on Belgian Structured Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on Foreign Structured Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Structured Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments.

Nevertheless, Belgian resident individuals may elect to declare interest on the Structured Notes in their personal income tax return. Also, if interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return. Interest income which is declared this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s), taking into account the taxpayer's other declared income, whichever is more beneficial) and no local surcharges will be due. The Belgian withholding tax levied may be credited against the income tax liability.

### *Belgian resident companies*

Belgian resident companies, i.e. companies that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are subject to the following tax treatment with respect to the Structured Notes in Belgium. Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian Income Tax Code 1992.

Interest received by Belgian resident companies on the Structured Notes will be subject to Belgian corporate income tax at the current corporate income tax rate of 25 per cent. (with, subject to certain conditions, a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code)). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Belgian Structured Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on the Foreign Structured Notes made through a paying agent in Belgium are in principle subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, **provided that** certain formalities are complied with. For zero or capitalisation bonds, an exemption can only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6°, b) of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

### *Other Belgian resident legal entities*

Belgian resident legal entities, i.e. legal entities that are subject to Belgian tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are subject to the following tax treatment with respect to the Structured Notes in Belgium.

## TAXATION

Interest payments on Belgian Structured Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on Foreign Structured Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium. If Belgian withholding tax was levied, no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian resident legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

### *Belgian non-residents*

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/Impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Structured Notes in Belgium.

Interest income on Belgian Structured Notes paid to non-residents of Belgium and interest income on Foreign Structured Notes paid to non-residents of Belgium through a professional intermediary in Belgium will, in principle, be subject to a 30 per cent. withholding tax. Lower rates may apply if the holder of the Structured Notes is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. In addition, non-resident corporate investors who have allocated the Foreign Structured Notes to the exercise of a professional activity in Belgium through a Belgian establishment may benefit from a withholding tax exemption, **provided that** certain formalities are complied with. If interest on Foreign Structured Notes is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident individuals who do not use the Structured Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax interest on the Notes to Belgium, will be subject to tax in Belgium if the interest is obtained or received in Belgium.

Non-resident investors who have allocated the Structured Notes to the exercise of a professional activity in Belgium through a permanent establishment are subject to the same income tax treatment as Belgian resident companies or Belgian resident individuals holding the Notes for professional purposes (see above).

### Sale to a third party

No Belgian withholding tax should apply with respect to the Structured Notes.

### *Belgian resident individuals*

Individuals that are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), are currently not liable to Belgian income tax on the capital gains (if any) realised upon disposal of the Structured Notes to a third party, **provided that** the Structured Notes have not been used for their professional activity and that the capital gain is realised within the framework of the normal management of their private estate. Capital losses realised upon disposal of the Structured Notes held as a non-professional investment are in principle not tax deductible.

However, Belgian resident individuals may be subject to a 33 per cent. Belgian income tax (plus local surcharges) if the capital gains on the Structured Notes are deemed to be speculative or outside the scope of the normal management of the individuals' private estate. Capital losses arising from such transactions are deductible under certain conditions.

Capital gains realised upon transfer of Structured Notes held for professional purposes are taxable at the ordinary progressive income tax rates (plus local surcharges), except for Structured Notes held for more than five years, which are taxable at a separate rate of 16.5 per cent. (plus local surcharges). Capital losses on the Structured Notes incurred by Belgian resident individuals holding the Structured Notes for professional purposes are in principle tax deductible.

### *Belgian resident companies*

Companies that are Belgian residents for tax purposes, i.e. that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are liable to Belgian corporate income tax on the capital gains (if any) realised upon disposal of the Structured Notes to a third party, irrespective of whether such Structured Notes relate to shares or other assets or indices. The current standard corporate income tax rate in Belgium is 25 per cent. (with, subject to certain conditions, a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code)). Capital losses realised upon disposal of the Structured Notes are in principle tax deductible. Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian Income Tax Code of 1992.

### *Other Belgian resident legal entities*

Non-corporate legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian income tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are currently not liable to Belgian income tax on capital gains (if any) realised upon disposal of the Structured Notes to a third party.

Capital losses realised upon disposal of the Structured Notes are in principle not tax deductible.

### *Belgian non-residents*

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Structured Notes in Belgium.

Non-resident individuals who do not use the Structured Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Notes to Belgium, will be subject to tax in Belgium if the capital gains are obtained or received in Belgium and are deemed to be realised outside the scope of the normal management of the individual's private estate. Capital losses are generally not deductible.

Non-resident investors who have allocated the Structured Notes to the exercise of a professional activity in Belgium through a permanent establishment are subject to the same income tax treatment as Belgian resident companies or Belgian resident individuals holding the Notes for professional purposes (see above).

## (ii) Other Notes

The following summary describes the principal Belgian tax considerations with respect to Notes other than Structured Notes and that are not held in the NBB–SSS.

For Belgian tax purposes, periodic interest income and amounts paid by the relevant Issuer in excess of the issue price (whether or not on the maturity date) are qualified and taxable as "interest". In

## TAXATION

addition, if the Notes qualify as fixed income securities within the meaning of article 2, §1, 8° of the Belgian Income Tax Code of 1992, in case of a realisation of the Notes to a third party between two interest payment dates, an income equal to the *pro rata* of accrued interest corresponding to the period during which the investor held the Notes in the period between the two interest payment dates is also taxable as interest. For the purposes of the following paragraphs, any such gain and accrued interest are therefore referred to as interest.

### *Belgian resident individuals*

Belgian resident individuals, i.e. individuals who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*"), and who hold the Notes as a private investment, are in Belgium subject to the following tax treatment with respect to the Notes.

Interest payments on Belgian Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on Foreign Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments. However, they may elect to declare interest in their personal income tax return.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return and will be taxed at a flat rate of 30 per cent.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains are realised outside the scope of the normal management of one's private estate or unless the capital gains qualify as interest (as defined above). Capital losses are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

### *Belgian resident companies*

Belgian resident companies, i.e. companies that are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), are in Belgium subject to the following tax treatment with respect to the Notes. Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian Income Tax Code 1992.

Interest derived by Belgian resident companies on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax at the current corporate income tax rate of 25 per cent. (with, subject to certain conditions, a reduced rate of 20 per cent. applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code)). If the income has been subject to a foreign withholding tax, a foreign tax credit will be applied on the Belgian tax due. For interest income, the foreign tax credit is generally equal to a fraction where the numerator is equal to the foreign tax and the denominator is equal to 100 minus the rate of the foreign tax, up to a maximum of 15/85 of the net amount received (subject to some further limitations). Capital losses are in principle tax deductible.

Interest payments on the Belgian Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on the Notes made through a paying agent in Belgium are in principle be subject to a 30 per cent. withholding tax, but can under certain circumstances be exempt from Belgian withholding tax, **provided that** certain formalities are complied with. For zero or capitalisation bonds,

an exemption can only apply if the Belgian company and the Issuer are associated companies within the meaning of article 105, 6°, b) of the Royal Decree of 27 August 1993 implementing the Belgian Income Tax Code of 1992. The withholding tax that has been levied is creditable in accordance with the applicable legal provisions.

### *Other Belgian resident legal entities*

Belgian non-profit legal entities, i.e. legal entities that are subject to Belgian income tax on legal entities ("*Rechtspersonenbelasting/Impôt des personnes morales*"), are subject to the following tax treatment with respect to the Notes in Belgium.

Interest payments on Belgian Notes will be subject to a 30 per cent. withholding tax in Belgium. Similarly, interest payments on Foreign Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium. If Belgian withholding tax was levied, no further Belgian income tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the Belgian resident legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gain qualifies as interest (as defined above). Capital losses are in principle not tax deductible.

### *Belgian non-residents*

Investors who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/Impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Notes in Belgium.

Interest income on Belgian Notes paid to non-residents of Belgium and interest income on Foreign Notes paid to non-residents of Belgium through a professional intermediary in Belgium will, in principle, be subject to a 30 per cent. withholding tax. Lower rates may apply if the holder of the Notes is resident in a country with which Belgium has concluded a double taxation agreement and delivers the requested affidavit. In addition, non-resident corporate investors who have allocated Foreign Notes to the exercise of a professional activity in Belgium through a Belgian establishment may benefit from a withholding tax exemption, **provided that** certain formalities are complied with. If interest on Foreign Notes is not collected through a financial institution or other intermediary established in Belgium, no Belgian withholding tax is due.

Non-resident individuals who do not use the Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax interest on the Notes to Belgium, will be subject to tax in Belgium if interest is obtained or received in Belgium.

Non-resident individuals who do not use the Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Notes to Belgium, will be subject to tax in Belgium if the capital gains are obtained or received in Belgium and are deemed to be realised outside the scope of the normal management of the individual's private estate. Capital losses are generally not deductible.

Non-resident investors who have allocated the Notes to the exercise of a professional activity in Belgium through a permanent establishment are subject to the same income tax treatment as Belgian

resident companies or Belgian resident individuals holding the Notes for professional purposes (see above).

(b) Tax treatment applicable to Belgian Notes held in the NBB–SSS

*Withholding tax*

The holding of the Notes in the NBB clearing and settlement system permits most types of investors (the "**Eligible Investors**", see below) to collect interest on their Notes free of withholding tax, and to trade their Notes on a gross basis.

Participants in the NBB system must keep the Notes they hold for the account of Eligible Investors on so called "**X accounts**", and those they hold for the account of non-Eligible Investors on "**N accounts**". Payments of interest made through X accounts are free of withholding tax; payments of interest made through N accounts are subject to a withholding tax of 30 per cent., which the NBB deducts from the payment and pays over to the tax authorities. In the case of Notes issued at a discount, the difference between the issue price and the principal amount constitutes interest for these purposes.

Transfers of Notes between an X account and an N account give rise to certain adjustment payments on account of withholding tax:

- A transfer from an N account (to an X account or an N account) gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date. The withholding tax is due in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.
- A transfer from an X account (or an N Account) to an N account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date. The refund is payable in euro, and is calculated based on the rate of exchange published two business days earlier by the NBB.
- Transfers of Notes between two X accounts do not give rise to any adjustment on account of withholding tax.

These adjustment mechanics are such that parties trading the Notes on the secondary market, irrespective of whether they are Eligible or non-Eligible Investors, are in a position to quote prices on a gross basis.

The main categories of Eligible Investors are as follows:

- Belgian resident corporate investors;
- corporate investors who are non-residents of Belgium, whether they have a permanent establishment in Belgium or not;
- individuals who are non-residents of Belgium, unless their holding of the Notes is connected to a permanent establishment they have in Belgium; and
- investment funds governed by foreign law that are an indivisible estate managed by a management company for the account of the participants (such as *fonds de placement/beleggingsfondsen*) and whose units are not publicly offered or marketed in Belgium.

The main categories of non-Eligible Investors are:

- Belgian resident individuals; and
- most Belgian non-profit organisations.

(The above categories summarise the detailed definitions contained in Article 4 of the Belgian royal decree of 26 May 1994 on the deduction of withholding tax ("*Koninklijk Besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing/Arrêté Royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier*"), to which investors should refer for a precise description of the relevant eligibility rules.)

When opening a securities account for the holding of Notes or other securities kept in the NBB–SSS, investors are required to provide the financial institution where this account is kept with a statement as to their tax status. This statement need not be periodically reissued, save that investors need to inform the financial institution of any changes to the information contained in it. These identification requirements do not apply to Notes held in central securities depositories, as defined by Article 2, §1, 1) of Regulation (EU) n° 909/2014 of the European Parliament and of the Council of 23 July 2014 on improving securities settlement in the European Union and on central securities depositories and amending Directives 98/26/EC and 2014/65/EU and Regulation (EU) No 236/2012, acting as participants to the NBB Clearing System, provided that (i) they only hold X accounts, (ii) they are able to identify the Noteholders for whom they hold Notes in such account and (iii) the contractual rules agreed upon by these central securities depositories acting as participants include the contractual undertaking that their clients and account owners are all Eligible Investors.

#### *Belgian resident individuals*

For Belgian resident individuals, i.e., natural persons who are subject to Belgian personal income tax ("*Personenbelasting/Impôt des personnes physiques*") and who hold the Notes as a private investment, payment of the 30 per cent. withholding tax fully discharges them from their personal income tax liability with respect to these interest payments. This means that they do not have to declare interest in respect of the Notes in their personal income tax return, **provided that** Belgian withholding tax has effectively been levied on the interest.

Nevertheless Belgian resident individuals may elect to declare interest in respect of the Notes in their personal income tax return. Interest income which is declared in this way will in principle be taxed at a flat rate of 30 per cent. (or at the relevant progressive personal income tax rate(s) taking into account the taxpayer's other declared income, whichever is more beneficial). The Belgian withholding tax levied may be credited.

Capital gains realised on the sale of the Notes are in principle tax exempt, except to the extent the capital gains are realised outside the scope of the management of one's private estate or except to the extent they qualify as interest (as described in "*Other Notes*" above). Capital losses are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

#### *Belgian resident companies*

Interest attributed or paid to companies that are Belgian residents for tax purposes, i.e. which are subject to Belgian corporate income tax ("*Vennootschapsbelasting/Impôt des sociétés*"), as well as capital gains realised upon the disposal of Notes are taxable at the current ordinary corporate income tax rate of in principle 25 per cent. (with, subject to certain conditions a reduced rate of 20 per cent.

## TAXATION

applying to the first tranche of EUR 100,000 of taxable income of qualifying small companies (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code)). Capital losses realised upon the disposal of the Notes are in principle tax deductible.

Different rules apply to companies subject to a special tax regime, such as investment companies within the meaning of article 185bis of the Belgian Income Tax Code of 1992.

### *Belgian resident legal entities*

For Belgian legal entities subject to Belgian legal entities tax ("*Rechtspersonenbelasting/impôt des personnes morales*") and which have been subject to the 30 per cent. withholding tax on interest payments, such withholding tax constitutes the final taxation.

Belgian legal entities which have received interest income on the Notes without deduction for or on account of Belgian withholding tax are required to declare and pay the 30 per cent. withholding tax to the Belgian tax authorities themselves.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the capital gains qualify as interest (as described in "*Other Notes*" above). Capital losses are in principle not tax deductible.

### *Belgian non-residents*

Noteholders who are not considered Belgian residents for tax purposes can be subject to Belgian non-resident income tax ("*Belasting van niet-inwoners/impôt des non-résidents*"), in which case they are subject to the following tax treatment with respect to the Notes in Belgium.

Noteholders who are not residents of Belgium for Belgian tax purposes and who are not holding the Notes through a permanent establishment in Belgium will not become liable for any Belgian tax on income or capital gains by reason only of the acquisition or disposal of the Notes, **provided that** they qualify as Eligible Investors and that they hold their Notes in an X account.

If the Notes are not entered into an X account by the Eligible Investor, withholding tax on the interest is in principle applicable at the current rate of 30 per cent., possibly reduced pursuant to a double taxation agreement. In addition, non-resident corporate investors who have allocated Foreign Notes to the exercise of a professional activity in Belgium through a Belgian establishment may benefit from a withholding tax exemption, **provided that** certain formalities are complied with.

Non-resident individuals who do not use the Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax interest on the Notes to Belgium, will be subject to income tax in Belgium if the interest is obtained or received in Belgium.

Non-resident individuals who do not use the Notes for professional purposes and who have their fiscal residence in a country with which Belgium has not concluded a tax treaty or with which Belgium has concluded a tax treaty that confers the authority to tax capital gains on the Notes to Belgium, will be subject to tax in Belgium if the capital gains are obtained or received in Belgium and are deemed to be realised outside the scope of the normal management of the individual's private estate. Capital losses are generally not deductible.

Non-resident investors who have allocated the Notes to the exercise of a professional activity in Belgium through a permanent establishment are subject to the same income tax treatment as Belgian

resident companies or Belgian resident individuals holding the Notes for professional purposes (see above).

(c) Belgian tax on stock exchange transactions

A tax on stock exchange transactions ("*Taks op de Beursverrichtingen/Taxe sur les operations de bourse*") will be levied on the sale and acquisition of the Notes on the secondary market if (i) executed in Belgium through a professional intermediary or (ii) deemed to be executed in Belgium, which is the case if the order is directly or indirectly made to a professional intermediary established outside of Belgium, either by private individuals having their usual residence in Belgium, or legal entities established in Belgium.

The rate applicable for secondary sales and purchases in Belgium through a professional intermediary is 0.12 per cent. with a maximum amount of EUR 1,300 per transaction and per party or, as the case may be, 0.35 per cent. with a maximum amount of EUR 1,600 per transaction and per party. The tax is due separately from each party to any such transaction, i.e. the seller (transferor) and the purchaser (transferee), both collected by the professional intermediary.

However, if the intermediary is established outside of Belgium, the tax will in principle be due by the ordering private individual or legal entity, unless that individual or entity can demonstrate that the tax has already been paid. Professional intermediaries established outside of Belgium can, subject to certain conditions and formalities, appoint a Belgian representative for tax purposes, which will be liable for the tax on stock exchange transactions in respect of the transactions executed through the professional intermediary.

Exemptions are available, inter alia, for certain categories of Belgian institutional investors and non-residents acting for their own account, provided that certain formalities are respected. Transactions on the primary market are not subject to this tax.

The tax on stock exchange transactions will not be payable by exempt persons acting for their own account, including investors who are not Belgian residents provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status, and certain Belgian institutional investors as defined in Article 126/1, 2° of the Code of miscellaneous taxes and duties ("*Wetboek diverse rechten en taksen/Code des droits et taxes divers*").

As stated above, the European Commission has published a proposal for a Directive for a FTT. The proposal currently stipulates that once the FTT enters into force, the participating Member States shall not maintain or introduce taxes on financial transactions other than the FTT (or VAT as provided in the Council Directive 2006/112/EC of November 28, 2006 on the common system of value added tax). For Belgium, the tax on stock exchange transactions should thus be abolished once the FTT enters into force. The proposal is still subject to negotiation between the participating Member States and therefore may be changed at any time. Luxembourg decided not to participate in the enhanced cooperation on introducing an FTT.

(d) Following the Law of 11 February 2021, a new annual tax on securities accounts was introduced (the "**Annual Tax on Securities Accounts**") ("*Jaarlijkse taks op de effectenrekeningen/Taxe annuelle sur les comptes-titres*"). The Annual Tax on Securities Accounts is levied on securities accounts of which the average value during the reference period (i.e a period of twelve consecutive months beginning on 1 October and ending, in principle, on 30 September of the next year), exceeds EUR 1,000,000. The Annual Tax on Securities Accounts is applicable to securities accounts that are held by resident individuals, companies and legal entities, irrespective as to whether these accounts are held with a financial intermediary in Belgium or abroad. The Annual Tax on Securities Accounts also applies to securities accounts held by non-residents individuals, companies and legal entities with a financial

## TAXATION

intermediary in Belgium. However, the Annual Tax on Securities Accounts is not levied on securities accounts held by specific types of regulated entities in the context of their own professional activity and for their own account.

The applicable tax rate is equal to the lowest amount of either 0.15 per cent. of the average value of the financial instruments and funds held on the account or 10 per cent. of the difference between the average value of the financial instruments and funds held on the account and EUR 1,000,000. The tax base is the sum of the values of the taxable financial instruments at the different reference points in time, i.e. 31 December, 31 March, 30 June and 30 September, divided by the number of those points in time.

The Annual Tax on Securities Accounts needs to be withheld, declared and paid by the Belgian intermediary. Intermediaries not established or set up in Belgium have the possibility, when managing a securities account subject to the tax, to appoint a representative in Belgium approved by or on behalf of the Minister of Finance (the "**Annual Tax on Securities Accounts Representative**"). The Annual Tax on Securities Accounts Representative is jointly and severally liable vis-à-vis the Belgian State to declare and pay the tax and to fulfil all other obligations for intermediaries related to the Annual Tax on Securities Accounts, such as compliance with certain reporting obligations. In cases where no intermediary has withheld, declared and paid the Annual Tax on Securities Accounts, the holder of the securities account needs to declare and pay the tax himself, unless he can prove that the tax has already been withheld, declared and paid by either a Belgian intermediary or Annual Tax on Securities Accounts Representative of a foreign intermediary.

A new retroactive anti-abuse provision applying as from 30 October 2020 was also introduced, targeting (i) the splitting of a securities account into multiple accounts held with the same financial intermediary and (ii) the conversion of taxable financial instrumenten into registered financial instruments ("*financiële instrumenten op naam/instruments financiers nominatifs*"). Furthermore, a general anti-abuse provision was introduced.

Investors should consult their own tax advisers in relation to this new annual tax on securities accounts.

### Taxation in Luxembourg

The following information is of a general nature only and is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Please be aware that the residence concept used under the respective headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature, or to any other concepts, refers to Luxembourg tax law and/or concepts only. Also, please note that a reference to Luxembourg income tax encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l'emploi*) as well as personal income tax (*impôt sur le revenu*). Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax, net wealth tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident in Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may apply as well.

(a) *Withholding Tax*

(i) *Non-resident holders of Notes*

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident holders of Notes, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident holders of Notes.

(ii) *Resident holders of Notes*

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005, as amended (the "**Relibi Law**"), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident holders of Notes, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident holders of Notes.

Under the Relibi Law, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the immediate benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent. In addition, pursuant to the Relibi Law, Luxembourg resident individuals can opt to self declare and pay a 20 per cent. levy on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg or a Member State of the European Economic Area (the "**Levy**"). Such withholding tax as described above or the Levy will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding tax will be assumed by the Luxembourg paying agent.

(b) *Income Taxation*

(i) *Non-resident holders of Notes*

A non-resident holder of Notes, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Notes are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes. A gain realised by such non-resident holder of Notes on the sale or disposal, in any form whatsoever, of the Notes is further not subject to Luxembourg income tax.

A non-resident corporate holder of Notes or an individual holder of Notes acting in the course of the management of a professional or business undertaking, who has a permanent establishment or permanent representative in Luxembourg to which or to whom such Notes are attributable, is subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes.

(ii) *Resident holders of Notes*

Holders of Notes who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

- Luxembourg resident corporate holder of Notes

A corporate holder of Notes must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form

whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes.

A corporate holder of Notes that is governed by the law of 11 May 2007 on family estate management companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, as amended, and which does not fall under the special tax regime set out in Article 48 thereof is neither subject to Luxembourg income tax in respect of interest accrued or received, any redemption premium or issue discount, nor on gains realised on the sale or disposal, in any form whatsoever, of the Notes.

- Luxembourg resident individual holder of Notes

An individual holder of Notes, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Relibi Law, or (ii) the individual holder of the Notes has opted for the application the Levy. A gain realised by an individual holder of Notes, acting in the course of the management of his/her private wealth, upon the sale or disposal, in any form whatsoever, of Notes is not subject to Luxembourg income tax, provided this sale or disposal took place more than six months after the Notes were acquired. However, any portion of such gain corresponding to accrued but unpaid interest income is subject to Luxembourg income tax, except if tax has been levied on such interest in accordance with the Relibi Law.

An individual holder of Notes acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Relibi Law will be credited against his/her final tax liability.

(c) *Net Wealth Taxation*

Luxembourg net wealth tax will not be levied on a holder of a Note unless:

- such holder is, or is deemed to be, resident in Luxembourg for the purpose of the relevant provisions to the exception of the following entities that are net wealth tax exempt, being (A) undertakings for collective investment (UCITS) within the meaning of the law of 17 December 2010, as amended, (B) specialized investment funds within the meaning of the law of 13 February 2007, as amended, (C) family wealth management companies governed by the law of 11 May 2007, as amended, (D) securitisation vehicles governed by the law of 22 March 2004, as amended, (E) investment companies in risk capital governed by the law of 15 June 2004, as amended, (F) capital companies governed by the law of 13 July 2005 on professional pension institutions, as amended, and (G) reserved alternative investment funds governed by the law of 23 July 2016, as amended; or
- such Note is attributable to an enterprise or part thereof which is carried on through a permanent establishment or a permanent representative or a fixed base of business in Luxembourg;

However, please note that (i) securitisation companies governed by the law of 22 March 2004 on securitisation, as amended, or (ii) capital companies governed by the law of 15 June 2004 on venture capital vehicles, as amended, or (iii) capital companies governed by the law of 13 July 2005 on professional pension institutions, as amended, or (iv) reserved alternative investment funds governed

by the law of 23 July 2016, as amended, and which fall under the special tax regime set out under article 48 thereof may, under certain conditions, be subject to minimum net wealth tax.

This minimum net wealth tax amounts to EUR 4,815, if the relevant holder of a Note holds assets such as fixed financial assets, receivables owed to affiliated companies, transferable securities, postal checking accounts, checks and cash, in a proportion that exceeds both (i) 90 per cent. of its total balance sheet value and (ii) EUR 350,000. If the relevant holder of a Note holds financial assets in a proportion of 90 per cent. or less of its total balance sheet value or if the value of those financial assets does not exceed EUR 350,000, a minimum net wealth tax varying between EUR 535 and EUR 32,100 would apply depending on the size of its balance sheet.

In respect of individuals, the Relibi Law has abolished the net wealth tax with effect from 1 January 2006.

(d) *Inheritance and Gift Taxation*

- (i) No Luxembourg inheritance tax is levied on the transfer of the Notes upon death of a Noteholder in cases where the deceased was not a resident of Luxembourg for inheritance tax purposes. However, where a holder of Notes is a resident of Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes.
- (ii) Luxembourg gift tax will be levied in case the gift is made pursuant to a notarial deed signed before a Luxembourg notary or is registered in Luxembourg.

(e) *Other Taxes and Duties*

Under current Luxembourg tax law and current administrative practice, it is not compulsory that the Notes be notarised, filed, recorded or enrolled with any court, or other authority in Luxembourg or that registration tax, transfer tax, capital tax, stamp duty or any other similar tax or duty (other than court fees and contributions for the registration with the Chamber of Commerce) be paid in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings (including any foreign judgement in the courts of Luxembourg) of the Notes, in accordance therewith or the performance of the Issuers' obligations under the Notes, except if the Notes are either (i) physically attached as an annex to an act (*annexés à un acte*) that itself is subject to mandatory registration or (ii) deposited in the minutes of a notary (*déposés au rang des minutes d'un notaire*). In such cases, as well as in case of a voluntary registration, the Notes will be subject to a fixed or an *ad valorem* duty payable by the party registering, or being ordered to register, the Notes.

(f) *Value Added Tax*

There is no Luxembourg value-added tax payable in respect of payments in consideration for the issue of the Notes or in respect of the payment of interest or principal under the Notes or the transfer of Notes. Luxembourg value-added tax may, however, be payable in respect of fees charged for certain services rendered to BP2F, if for Luxembourg value-added tax purposes such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from Luxembourg value-added tax does not apply with respect to such services.

(g) *Residence*

A holder of a Note will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Note or the execution, performance, delivery and/or enforcement of that or any other Note.

## Taxation in France

*The following is a summary addressing only the French compulsory withholding tax treatment of income arising from the holding of the Notes. This summary is based on the laws and regulations in full force and effect in France as at the date of this Base Prospectus, which may be subject to change in the future, potentially with retroactive effect.*

*This summary is prepared on the assumption that neither BNPPF nor BP2F is and will be a French resident for French tax purposes and any transactions in connection with the Notes are not and will not be attributed or attributable to a French branch, permanent establishment or other fixed place of business of BNPPF or BP2F in France.*

In respect of those Notes which are treated as debt for French tax purposes, all payments by the relevant Issuer in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

However, if the paying agent (*établissement payeur*) is established in France, pursuant to Article 125 A I of the French *Code Général des Impôts* and subject to certain exceptions, interest and similar revenues received by individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject, to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Such interest and similar revenues are also subject to social contributions (CSG, CRDS and solidarity levy) which are withheld at an aggregate rate of 17.2 per cent. subject to certain exceptions.

In respect of those Notes which are not treated as debt for French tax purposes, all payments by the relevant Issuer in respect of such Notes will be made free of any compulsory withholding or deduction for or on account of any income tax imposed, levied, withheld, or assessed by France or any political subdivision or taxing authority thereof or therein.

## Exchange of information for tax purposes

BP2F may be required to report certain information about its Noteholders and, as the case may be, about individuals controlling Noteholders that are entities, on an automatic and annual basis to the Luxembourg direct tax administration (*Administration des contributions directes*) in accordance with, and subject to, the Luxembourg law of 24 July 2015 concerning FATCA, and/or the Luxembourg law of 18 December 2015 implementing Council Directive 2014/107/EU and the standard for automatic exchange of financial account information in tax matters developed by the OECD with the G20 countries (commonly referred to as the "Common Reporting Standard"), each as amended from time to time (each an "AEOI Law" and collectively the "AEOI Laws"). Such information, which may include personal data (including, without limitation, the name, address, country(ies) of tax residence, date and place of birth and tax identification number(s) of any reportable individual) and certain financial data about the relevant Notes (including, without limitation, their balance or value and gross payments made thereunder), will be transferred by the Luxembourg direct tax administration to the competent authorities of the relevant foreign jurisdictions in accordance with, and subject to, the relevant Luxembourg legislation and international agreements.

Each Noteholder and prospective investor agrees to provide, upon request by BP2F (or its delegates), any such information, documents and certificates as may be required for the purposes of the BP2F's identification and reporting obligations under any AEOI Law. BP2F reserves the right to reject any application for Notes or to redeem Notes (i) if the prospective investor or Noteholder does not provide the required information, documents or certificates or (ii) if BP2F (or its delegates) has reason to believe that the information, documents or certificates provided to BP2F (or its delegates) are incomplete or incorrect and the Noteholder does not provide, to the satisfaction of BP2F (or its delegates), sufficient information to cure the situation. Prospective

## TAXATION

investors and Noteholders should note that incomplete or inaccurate information may lead to multiple and/or incorrect reporting under the AEOI Laws. Neither BP2F nor any other person accepts any liability for any consequences that may result from incomplete or inaccurate information provided to BP2F (or its delegates). Any Noteholder failing to comply with the BP2F's information requests may be charged with any taxes and penalties imposed on the BP2F attributable to such Noteholder's failure to provide complete and accurate information.

Each Noteholder and prospective investor acknowledges and agrees that BP2F will be responsible to collect, store, process and transfer the relevant information, including the personal data, in accordance with the AEOI Laws. Each individual whose personal data has been processed for the purposes of any AEOI Law has a right of access to his/her personal data and may ask for a rectification thereof in case where such data is inaccurate or incomplete.

### **Foreign Account Tax Compliance Act**

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986 (the "**Code**"), commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting or related requirements. Each of the Issuers is a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg and Belgium) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes but generally will be required to report information with respect to its account holders to the relevant tax authorities. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes that are treated as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding, unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described in "*Terms and Conditions of the Notes - Further Issues*") that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

4.1 *Accrual of interest*

Each Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Interest Rate payable in arrear on each Interest Payment Date.

Interest will cease to accrue on each Note on the due date for redemption unless such Note is redeemed early. If such Note is redeemed early (a) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (b) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note. If upon due presentation or, in respect of Dematerialised Notes, on the relevant due date for redemption, payment of principal is improperly withheld or refused, in which event interest will continue to accrue (as well after as before judgment) at the Interest Rate for the Interest Period ending immediately prior to the relevant date of redemption in the manner provided in this Condition 4 to the Relevant Date (as defined in Condition 7).

4.2 *Business Day Convention*

If any date which is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day which is not a Relevant Business Day (as defined below), then, if the convention (the "**Business Day Convention**") specified is (a) the Floating Rate Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event (i) such date shall be brought forward to the immediately preceding Relevant Business Day and (ii) each subsequent such date shall be the last Relevant Business Day of the month in which such date would have fallen had it not been subject to adjustment, (b) the Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day, (c) the Modified Following Business Day Convention, such date shall be postponed to the next day which is a Relevant Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Relevant Business Day or (d) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Relevant Business Day.

4.3 *Interest Rate on Fixed Rate Notes*

If the Interest Rate is specified as being Fixed Rate and unless, in the case of Exempt Notes only, otherwise specified in the relevant Final Terms, the amount of interest payable in respect of each Note for any Interest Period shall be the relevant "**Fixed Coupon Amount**" (converted into the Settlement Currency as provided in Condition 4.14 in the case of Dual Currency Interest Notes) and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination (converted into the Settlement Currency as provided in Condition 4.14 in the case of Dual Currency Interest Notes).

4.4 *Interest Rate on Floating Rate Notes – Screen Rate Determination*

(a) *EURIBOR*

- (i) If the Interest Rate or Rate is specified as being Floating Rate and Screen Rate Determination is specified as "Applicable: IBOR" in the relevant Final Terms as the manner in which

the Interest Rate or Rate is to be determined, the Interest Rate or Rate, as the case may be, will be determined by the Calculation Agent as either:

- (A) the quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the quotations,

(expressed as a percentage rate per annum) for the Relevant Rate(s) which appears or appear, as the case may be, on the page, section or other part of the specified information service specified in the relevant Final Terms (the "**Relevant Screen Page**") (or such replacement page on that service which displays the information) as at the Relevant Time indicated in the applicable Final Terms (the "**Screen Page Benchmark**") on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Spread (if any) and as adjusted by the Spread Multiplier (if any), all as determined by the Calculation Agent. If five or more of such quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such quotations.

- (ii) If the Relevant Screen Page is not available or if, in the case of subparagraph (i)(A), no quotation appears on the Relevant Screen Page (or such replacement page on that service which displays the information) or, in the case of subparagraph (i)(B), fewer than three quotations appear on the Relevant Screen Page (or such replacement page on that service which displays the information), in each case as at the Relevant Time, except as provided in paragraph (iii) below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its quotation (expressed as a percentage rate per annum) for the Relevant Rate at the Relevant Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with quotations, the Interest Rate or Rate, as the case may be, for the Interest Accrual Period shall be the arithmetic mean (rounded if necessary to the nearest 0.001 with 0.0005 being rounded upwards) of the relevant quotations, eliminating the highest quotation (or in the event that two or more quotations are identical, one of the highest) and the lowest (or in the event that two or more quotations are identical, one of the lowest), plus or minus (as applicable) the Spread (if any) and as adjusted by the Spread Multiplier (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with a quotation as provided in the preceding paragraph, the Interest Rate or Rate, as the case may be, for the relevant Interest Accrual Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the nearest 0.001, with 0.0005 being rounded upwards) of the rates per annum, as communicated to the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered (where the Relevant Rate is an offered rate), at which such banks offered (where the Relevant Rate is a bid rate) or the mean of the rates at which such banks were offered and at which they offered (where the Relevant Rate is a mid rate), at the Relevant Time on the relevant Interest Determination Date, deposits in the relevant currency for a period equal to that which would have been used for the Relevant Rate by leading banks in the interbank market of the Relevant Financial Centre, plus or

minus (as applicable) the Spread (if any) and as adjusted by the Spread Multiplier (if any), as determined by the Calculation Agent.

If fewer than two of the Reference Banks provide the Calculation Agent with such rates, the Interest Rate or Rate, as the case may be, for the relevant Interest Accrual Period shall be the rate for deposits in the relevant currency for a period equal to that which would have been used for the Relevant Rate, or the arithmetic mean (rounded as provided above) of the rates for deposits in the relevant currency for a period equal to that which would have been used for the Relevant Rate, at which, at the Relevant Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the interbank market of the Relevant Financial Centre, plus or minus (as applicable) the Spread (if any) and as adjusted by the Spread Multiplier (if any), as determined by the Calculation Agent.

If the Interest Rate or Rate, as the case may be, cannot be determined in accordance with the foregoing provisions of this paragraph (ii), the Interest Rate or Rate, as the case may be, shall be equal to the last Relevant Rate available on the Relevant Screen Page plus or minus (as appropriate) the Spread (if any) and as adjusted by the Spread Multiplier (if any), as determined by the Calculation Agent except that if the Calculation Agent determines that the absence of the quotation is due to the discontinuation of the Screen Page Benchmark or the occurrence of a Benchmark Fallback Event, then the Relevant Rate will be determined in accordance with paragraph (iii) below.

- (iii) If the Calculation Agent determines at any time prior to any Interest Determination Date, that the Screen Page Benchmark has been discontinued or a Benchmark Fallback Event has occurred, the Calculation Agent will use, as a substitute for the Screen Page Benchmark, an alternative reference rate determined by the Calculation Agent to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the Specified Currency (each a "**Relevant Nominating Body**") that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by any Relevant Nominating Body, the Calculation Agent shall determine which of those alternative reference rates is most appropriate to preserve the economic features of the relevant Notes. If the Calculation Agent notifies the Issuer that it is unable to determine such an alternative, the Calculation Agent will as soon as reasonably practicable (and in any event before the business day prior to the applicable Interest Determination Date) appoint an agent (the "**Benchmark Determination Agent**"), which will determine whether a substitute or successor rate, which is substantially comparable to the Screen Page Benchmark, is available for the purpose of determining the Relevant Rate on each Interest Determination Date falling on or after the date of such determination. If the Benchmark Determination Agent determines that there is an industry accepted successor rate, the Benchmark Determination Agent will notify the Issuer of such successor rate to be used by the Calculation Agent to determine the Interest Rate or Rate.

If the Benchmark Determination Agent or the Calculation Agent, as applicable, has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the "**Replacement Benchmark**"), for the purpose of determining the Interest Rate or Rate on each Interest Determination Date falling on or after such determination:

## PART 1 : MEDIUM TERM NOTES

- (A) the Benchmark Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the applicable Business Day Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Benchmark, including any adjustment needed to make such Replacement Benchmark comparable to the Screen Page Benchmark (including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms, to reflect any increased costs to the Issuer of providing such exposure to the Replacement Benchmark), in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement Benchmark;
- (B) references to the Screen Page Benchmark in these Conditions will be deemed to be references to the relevant Replacement Benchmark, including any alternative method for determining such rate as described in (A) above;
- (C) the Benchmark Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement Benchmark, and the details described in (A) above, as soon as reasonably practicable; and
- (D) the Issuer will give notice to the Noteholders in accordance with Condition 13 (*Notices*), the Principal Paying Agent and the Calculation Agent of the Replacement Benchmark, and the details described in (A) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the business day prior to the applicable Interest Determination Date.

The determination of the Replacement Benchmark and the other matters referred to above by the Benchmark Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Principal Paying Agent and the Noteholders, unless the Issuer, the Calculation Agent or the Benchmark Determination Agent determines at a later date that the Replacement Benchmark is no longer substantially comparable to the Benchmark or does not constitute an industry accepted successor rate, in which case the Calculation Agent shall appoint or re-appoint a Benchmark Determination Agent, as the case may be (which may or may not be the same entity as the original Benchmark Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement Benchmark or determining a substitute Replacement Benchmark in an identical manner as described in this paragraph (iii). If the Benchmark Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement Benchmark, then the Replacement Benchmark will remain unchanged.

The Benchmark Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the Settlement Currency as appointed by the Issuer, (y) the Issuer or (z) an affiliate of the Issuer.

If the relevant Benchmark Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 5.15(b), the provisions of this Condition 4.4(a) will apply.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 4.4(a), the Issuer, the Calculation Agent or the Benchmark Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in

respect of the Notes as are provided for in connection with a Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Notes.

- (Y) the Replacement Rate Determination Agent may make €STR Replacement Conforming Changes with respect to the relevant Notes from time to time;
- (Z) any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition 4.4(d)(ii), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error, will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;
- (AA) to the extent that there is any inconsistency between this Condition and any other Terms and Conditions, this Condition 4.4(d)(ii) shall prevail with respect to any Notes for which the Interest Rate or Rate is calculated in accordance with this Condition 4.4(d);
- (BB) the Calculation Agent may determine that it is appropriate for a €STR Replacement to replace the then-current €STR Benchmark and apply any €STR Replacement Conforming Changes in respect of any subsequent €STR Transition Event; and

- (CC) where a €STR Transition Event or details of it are announced prior to the relevant €STR Replacement Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 13 of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the €STR Replacement Date.

(2) *A €STR Transition Event has not occurred and the €STR Benchmark is unavailable*

If, by the relevant €STR Reference Time on a relevant determination date, the €STR Benchmark is unavailable in respect of such determination date and a €STR Transition Event has not occurred, then the rate for such determination date will be the €STR Benchmark, where applicable, of the Corresponding Tenor, as provided by the administrator of the €STR Benchmark and published by an alternative authorised distributor or by or on behalf of the administrator of the €STR Benchmark itself. If no such rate has been published by the Rate Cut-Off Time specified in the applicable Final Terms (or if no time is so specified, 4 p.m. (London time)), then the rate for such determination date will be the rate determined by the Calculation Agent to be a commercially reasonable alternative for the €STR Benchmark by applying one of the following rates:

- (1) a rate formally recommended for use by the administrator of the €STR Benchmark; or
- (2) a rate formally recommended for use by the Relevant Governmental Body or any other supervisor which is responsible for supervising the €STR Benchmark or the administrator of the €STR Benchmark,

in each case, during the period of non-publication of the €STR Benchmark and for so long as a €STR Transition Event has not occurred. If a rate described in sub-paragraph (1) is available, the Calculation Agent shall apply that rate. If no such rate is available, but a rate described in sub-paragraph (2) is available, the Calculation Agent shall apply that rate. If neither a rate described in sub-paragraph (1) nor a rate described in sub-paragraph (2) is available, then the Calculation Agent shall determine a commercially reasonable alternative for the €STR Benchmark taking into account, where available, any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing the €STR Benchmark that the Calculation Agent considers sufficient for that rate to be a representative alternative rate.

**"€STR Replacement Conforming Changes"** means, with respect to any €STR Replacement, any technical, administrative or operational changes (including, but not limited to, timing and frequency of determining rates with respect to each interest period and making payments of interest, rounding of amounts or tenors, day count fractions, business day convention, amendments to any other Condition and other administrative matters) that the Replacement Rate Determination Agent decides may be appropriate to reflect the adoption of such €STR Replacement in a manner substantially consistent with market practice (or, if the Replacement Rate Determination Agent determines that adoption of any portion of such market practice is not administratively feasible or if the Replacement Rate Determination Agent determines that no market practice for use of the €STR Replacement exists, in such other manner as the Replacement Rate Determination Agent or the Calculation Agent, as the case may be, determines is reasonably necessary, acting in good faith and in a commercially reasonable manner).

**"€STR Replacement Date"** means the earliest to occur of the following events with respect to the then-current €STR Benchmark:

- (1) in the case of paragraph (1) or (2) of the definition of "€STR Transition Event", the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the €STR Benchmark permanently or indefinitely ceases to provide such €STR Benchmark; or
- (2) in the case of paragraph (3) of the definition of "€STR Transition Event", the date of the public statement or publication of information referenced therein,

for the avoidance of doubt, if the event giving rise to the €STR Replacement Date occurs on the same day as, but earlier than, the €STR Reference Time in respect of any determination, the €STR Replacement Date will be deemed to have occurred prior to the €STR Reference Time for such determination.

**"€STR Transition Event"** means the occurrence of one or more of the following events with respect to the then-current €STR Benchmark:

- (1) a public statement or publication of information by or on behalf of the administrator of the €STR Benchmark announcing that the administrator has ceased or will cease to provide the €STR Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the €STR Benchmark;
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the €STR Benchmark, the central bank for the currency of the €STR Benchmark, an insolvency official with jurisdiction over the administrator for the €STR Benchmark, a resolution authority with jurisdiction over the administrator for the €STR Benchmark or a court or an entity with similar insolvency or resolution authority over the administrator for the €STR Benchmark, which states that the administrator of the €STR Benchmark has ceased or will cease to provide the €STR Benchmark permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the €STR Benchmark; or
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the €STR Benchmark announcing that the €STR Benchmark is no longer representative, the €STR Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally or in respect of the Notes.

"**Relevant Governmental Body**" means the European Central Bank (including any board thereof) or any committee officially endorsed and/or convened thereby.

#### 4.5 *ISDA Determination for Floating Rate Notes*

If the Interest Rate or Rate is specified as being Floating Rate and ISDA Determination is specified in the applicable Final Terms as the manner in which the Interest Rate or Rate is to be determined, the Interest Rate or Rate, as the case may be, for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this Condition 4.5, "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the applicable Final Terms;
- (b) the Designated Maturity is a period specified in the applicable Final Terms; and
- (c) the relevant Reset Date is the day specified in the applicable Final Terms,

**provided, however, that** if the application of the above provisions does not result in the determination of an ISDA Rate for any Interest Period, then the ISDA Rate for such Interest Period shall be equal to the ISDA Rate last determined in relation to the Notes without recourse to the provisions of this proviso.

For the purposes of this Condition 4.5, "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

#### 4.6 *Minimum/Maximum Interest Rates, Spreads and Spread Multipliers*

If any figure is expressed to be as adjusted by a Spread or Spread Multiplier, such adjustment shall be made by adding or subtracting any Spread specified in the relevant Final Terms or multiplying by any Spread Multiplier specified in such Final Terms, subject always to the next paragraph.

If a Maximum or Minimum Interest Rate is specified in such Final Terms, then the Interest Rate shall in no event exceed the maximum or be less than the minimum.

If a Maximum or Minimum Interest Rate is specified in such Final Terms, then the Rate shall in no event exceed the maximum or be less than the minimum.

Unless otherwise specified in the applicable Final Terms, the Minimum Interest Rate shall be deemed to be zero.

#### 4.7 *Calculation*

The amount of interest payable in respect of any Note for any period for which a Fixed Coupon Amount is not specified or not applicable shall be calculated by multiplying the product of the Interest Rate and the Calculation Amount of such Note by the Day Count Fraction and rounding, if necessary, the resultant figure to the nearest minimum unit of the Specified Currency (half of such unit being

rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount and, in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 4.14. For this purpose a "**minimum unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period will be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

#### 4.8 *Determination and Publication of Interest Rate, Rate and Interest Amounts by the Calculation Agent*

The Calculation Agent will, as soon as practicable or (in the case of Floating Rate Notes) as soon as practicable after the Relevant Time on each Interest Determination Date, determine the Interest Rate and/or Rate, as the case may be, and calculate the amount of interest payable (the "Interest Amounts") in respect of each Specified Denomination of the Notes (in the case of Bearer Notes and Dematerialised Notes) and the minimum Specified Denomination (in the case of Registered Notes) for the relevant Interest Accrual Period or Interest Period, as the case may be, and cause the Interest Rate and the Interest Amounts for each Interest Period and the relevant Interest Payment Date to be notified to the Principal Paying Agent, the relevant Issuer, the Guarantor, the Registrar, the Domiciliary Agent (if applicable), each of the Paying Agents, any competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation and the Noteholders as soon as possible after their determination but in no event later than the fourth Relevant Business Day thereafter. The Interest Amounts and the Interest Payment Date so published may subsequently be amended by the Calculation Agent in the event of an extension or shortening of the Interest Period. In such case, the Interest Amount will be recalculated using the same Interest Rate and making such calculation on the same basis as for the original calculation, but for such longer or shorter Interest Period, and notice of any such change will be given to the Noteholders. If the Notes become due and payable under Condition 9, the accrued interest, the Interest Rate payable and/or the Rate in respect of the Notes shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this Condition but no publication of the Interest Rate or the Interest Amount so calculated need be made. The determination of the Interest Rate and/or Rate and the Interest Amounts by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.

#### 4.9 *Calculation Agent and Reference Banks*

The relevant Issuer will procure that there shall at all times be four Reference Banks with offices in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres selected by the relevant Issuer) and a Calculation Agent if provision is made for them in the Terms and Conditions applicable to such Notes and for so long as it is outstanding. If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Calculation Agent will appoint another Reference Bank with an office in the Relevant Financial Centre (or, in the case of Notes denominated in euro, in the financial centre or centres in the euro-zone) to act as such in its place. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate or Rate for any Interest Period or to calculate the Interest Amounts, the relevant Issuer will appoint the London office of a leading bank engaged in the London interbank market to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

4.10 *Definitions*

As used in these Conditions and the Additional Terms and Conditions:

"**Additional Business Centre(s)**" means the city or cities specified as such in the relevant Final Terms.

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. - (a) the Benchmark ceasing to exist or ceasing to be published for a period of at least six (6) consecutive Business Days or having been permanently or indefinitely discontinued;
- (b) the making of a public statement or publication of information (provided that, at the time of any such event, there is no successor administrator that will provide the Benchmark) by or on behalf of (i) the administrator of the Benchmark or (ii) the supervisor, insolvency official, resolution authority, central bank or competent court having jurisdiction over such administrator stating that (x) the administrator has ceased or will cease permanently or indefinitely to provide the Benchmark (y) the Benchmark has been or will be permanently or indefinitely discontinued, or (z) the Benchmark has been or will be prohibited from being used or that its use has been or will be subject to restrictions or adverse consequences, either generally, or in respect of the Notes, provided that, if such public statement or publication mentions that the event or circumstance referred to in (x), (y) or (z) above will occur on a date falling later than three (3) months after the relevant public statement or publication, the Benchmark Fallback Event shall be deemed to occur on the date falling three (3) months prior to such specified date (and not the date of the relevant public statement);
- (c) it has or will prior to the next Interest Determination Date (as applicable), become unlawful for the Calculation Agent or any other party responsible for determining the Benchmark to calculate any payments due to be made to any Noteholder using the Benchmark (including, without limitation, under BMR, if applicable); or
- (d) the making of a public statement or publication of information that any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the Benchmark or the administrator of the Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the use of the Benchmark is not or will not be permitted under any applicable law or regulation, such that the Calculation Agent or any other party responsible for determining the Benchmark is unable to perform its obligations in respect of the Notes.

For the avoidance of doubt, a change in the methodology of the Benchmark shall not, absent the occurrence of one of the above, be deemed a Benchmark Fallback Event.

The Calculation Agent will request each of the Reference Dealers to provide a firm quotation of its Settlement Currency Exchange Rate for a transaction where the amount of Settlement Currency equals the amount of the Specified Currency. If four quotations are provided, the rate for a Settlement Currency Exchange Rate Observation Date will be the arithmetic mean of the quotations provided, without taking into account the quotations having the highest and lowest value. If exactly three quotations are provided, the rate for a Settlement Currency Exchange Rate Observation Date will be the quotation provided by the Reference Dealer that remains after disregarding the quotations having the highest and lowest values. For these purposes, if more than one quotation has the same highest value or lowest value, then one of such quotations shall be disregarded. If exactly two quotations are provided, the rate for a Settlement Currency Exchange Rate Observation Date will be the arithmetic mean of the quotations received. If only one quotation is provided, the rate for a Settlement Currency Exchange Rate Observation Date will be the rate quoted by that Reference Dealer. If no such quotations are received by the Calculation Agent, any such rate of exchange will be determined by the Calculation Agent by reference to such other sources as it, having taken into account any relevant market practice, considers to be appropriate.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Note for any period of time (the "**Calculation Period**"), such day count fraction as may be specified in the Terms and Conditions or the applicable Final Terms:

All payments in euro of principal or interest under the Dematerialised Notes issued by BNPPF shall be made through the Domiciliary Agent and the NBB–SSS in accordance with the NBB Clearing System Regulations and the Clearing Agreements. The payment obligations of BNPPF will be discharged by payment to the NBB in respect of each amount so paid.

All payments in any currency other than euro of principal or interest owing under the Dematerialised Notes issued by BNPPF shall be made through the Domiciliary Agent and Euroclear and/or Clearstream, Frankfurt (in accordance with the rules thereof and in accordance with the NBB Clearing System Regulations and the Clearing Services Agreement). 6.4 *Payments subject to law*

For as long as any Notes issued by BNPPF and cleared through the NBB–SSS, BNP Paribas Fortis SA/NV, in its capacity as Domiciliary Agent, has agreed in the Agency Agreement to perform all its duties and obligations under the Clearing Agreements and has undertaken (a) to remain a participant in such NBB–SSS and (b) to appoint an appropriate substitute agent which will assume all such duties and obligations should BNP Paribas Fortis SA/NV no longer be able to do so.

Notice of any such change or any change of any specified office will promptly be given to the Noteholders in accordance with Condition 13.

#### 6.6 *Unmatured Coupons and Receipts and unexchanged Talons*

- (a) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unmaturing Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of that amount of such missing unmaturing Coupon which the sum of principal so paid bears to the total principal due) will be deducted from the Final Redemption Amount (or Early Redemption Amount or other amount payable on redemption of the Notes, as the case may be) due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).
- (b) If the relevant Notes so provide, upon the due date for redemption of any Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (e) Where any Note which provides that the relative Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons and any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the relevant Issuer may require.
- (f) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding Interest Payment Date or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note which only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation thereof.

### 6.7 *Non-Business Days*

### 6.9 *FX Disruption Event*

- (i) If on (A) any Settlement Currency Exchange Rate Observation Date or (B) (other than in the case of a FX Disruption Event which is a Dual Exchange Rate Event, Illiquidity Disruption or an Unscheduled Holiday) if a Specified Exchange Rate is specified in the

applicable Final Terms, the second Business Day prior to the due date for payment of any amount calculated using such Specified Exchange Rate, the Calculation Agent determines that a FX Disruption Event has occurred and is subsisting it will give notice (a "**FX Disruption Notice**") to the Noteholders in accordance with Condition 13 as soon as reasonably practicable thereafter and, in any event, prior to the relevant due date for payment of the relevant amount to be calculated using such Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable.

- (ii) Following the occurrence of a FX Disruption Event:
- (A) the date for payment of the relevant amount to be calculated using the Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable, will be postponed to the earlier of (i) the second Business Day following the date on which the Calculation Agent determines that a FX Disruption Event is no longer subsisting or (ii) the day falling thirty (30) calendar days following the scheduled due date for payment of such amount (the "**Postponed DE Payment Date**") which, for the avoidance of doubt, may be later than the scheduled Maturity Date; and
  - (B) (i) in the case of (A)(i) above, the Issuer will pay the relevant amount in the Settlement Currency on the Postponed DE Payment Date or (ii) in the case of (A)(ii) above, subject to paragraphs (iii) and (iv) in lieu of paying the relevant amount in the Settlement Currency, the Issuer will pay the relevant unconverted amount in the Specified Currency (each a "**Specified Currency Amount**") on the Postponed DE Payment Date.
- (iii) If the Issuer elects to pay the Specified Currency Amount as provided in paragraph (ii)(B) above it may (but is not obliged to) give notice to the Noteholders in accordance with Condition 13 (an "**Issuer Account Information Notice**") requesting from each Noteholder such information as it deems appropriate in order to pay the Specified Currency Amount to such Noteholder (including, *inter alios*, account information into which, in the determination of the Calculation Agent, the Specified Currency Amount may be paid). If any Noteholder fails to deliver a valid Noteholder Account Information Notice by the Account Information Cut-off Date, the Issuer will pay or cause to be paid the relevant Specified Currency Amount as soon as practicable following receipt of the relevant Noteholder Account Information Notice, **provided that** if any Noteholder fails to deliver a Noteholder Account Information Notice prior to the final cut-off date specified in the applicable Final Terms (the "**Final Account Information Cut-off Date**"), the Issuer shall be discharged from its obligation to pay to such Noteholder the Specified Currency Amount and shall have no further obligation or liability whatsoever in respect thereof.
- (iv) In the event that the Calculation Agent determines that it is unlawful, impossible or not possible using commercially reasonable efforts due to circumstances outside the control of the Issuer to pay any Specified Currency Amount (other than as a result of the failure to deliver a Noteholder Account Information Notice, if applicable) on the due date for payment thereof (a "**Non-Transferability Event**"), the Issuer shall notify the Noteholders in accordance with Condition 13 that such due date for payment has been

postponed until the first date on which, in the opinion of the Calculation Agent, the relevant Non-Transferability Event is no longer subsisting.

- (v) Any Noteholder Account Information Notice from a Noteholder to the Calculation Agent will be validly given if delivered in writing to the Calculation Agent at the address specified for such purposes in the applicable Final Terms. The relevant Noteholder must provide satisfactory evidence to the Calculation Agent of its holding of the relevant Notes.

"**Inconvertibility Event**" means the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or not possible using commercially reasonable efforts for, or has the effect of prohibiting, restricting or materially delaying the ability of the Issuer and/or any of its Affiliates, in each case, for reasons outside the control of the Issuer and/or any of its Affiliates (I) to convert the Specified Currency into the Settlement Currency through customary legal channels; (II) to effect currency transactions on terms as favourable as those available to residents of the Reference Jurisdiction; or (III) to freely and unconditionally transfer or repatriate funds (in the Specified Currency or the Settlement Currency) from accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction or between accounts inside the Reference Jurisdiction.

The Luxembourg act dated 3 September 1996 on the involuntary dispossession of bearer securities, as amended (the "**Involuntary Dispossession Act 1996**") requires that, in the event that (i) an opposition has been filed in relation to any Bearer Notes, Receipts and Coupons and (ii) the Bearer Notes, Receipts and Coupons mature prior to becoming forfeited (as provided for in the Involuntary Dispossession Act 1996), any amount that is payable under the Bearer Notes, Receipts and Coupons, but has not yet been paid to the Noteholders or Couponholders, must be paid to the *Caisse de Consignations* in Luxembourg until the opposition has been withdrawn or the forfeiture of the Bearer Notes, Receipts and Coupons occurs.

- (a) In the case of Notes issued by BP2F, the Agency Agreement contains provisions for convening meetings (including by way of conference call or by use of a video conference platform) of Noteholders to consider any matter affecting their interest, including modification by Extraordinary Resolution of the Notes (including the Terms and Conditions in so far as the same may apply to such Notes). An Extraordinary Resolution duly passed by the Noteholders will be binding on all the Noteholders, whether present or not at any meeting and whether or not they voted on the resolution and on all relevant Couponholders subject to applicable laws, except that any Extraordinary Resolution proposed, *inter alia*, (1) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereon, (2) to reduce or cancel the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (3) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in the respect thereof, (4) if there is shown on the face of the Notes a Minimum Interest Rate and/or a Maximum Interest Rate, to reduce such Minimum Interest Rate and or Maximum Interest Rate, (5) to change any method of calculating the Final Redemption Amount or Early Redemption Amount or, in the case of Zero Coupon Notes, to change the method of calculating the Amortised Face Amount, (6) to change the currency or currencies of payment of the Notes, (7) to cancel or change the provisions of any Guarantee, (8) to take any steps which the relevant Note specifies may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (9) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, will only be binding if passed at a meeting of the Noteholders (or at any adjournment thereof) at which a special quorum (provided for in the Agency Agreement) is present. For the avoidance of doubt, the provisions of Articles 470-3 to 470-19 of the Companies Act 1915 are hereby excluded.
- (b) In the case of Notes issued by BNPPF, the Agency Agreement contains provisions for convening meetings (including by way of conference call or by use of a video conference platform) of Noteholders (the "**Meeting Provisions**") to consider any matter affecting their interests, including the

sanctioning by Extraordinary Resolution (as defined below) of a modification of any of these Terms and Conditions.

Meetings of Noteholders may be convened to consider matters relating to the Notes, including the modification or waiver of any provision of the applicable Terms and Conditions. Any such modification or waiver may be made if sanctioned by an Extraordinary Resolution. For the avoidance of doubt, any such modification or waiver shall always be subject to the consent of the Issuer. An "**Extraordinary Resolution**" means a resolution passed at a meeting of Noteholders duly convened and held in accordance with the Terms and Conditions and the Meeting Provisions by a majority of at least 75 per cent. of the votes cast.

Resolutions duly passed in accordance with these provisions shall be binding on all Noteholders, whether or not they are present at the meeting and whether or not they vote in favour of such a resolution.

Convening notices for meetings of the Noteholders shall be made in accordance with the Meeting Provisions.

#### *10.2 Modification of Agency Agreement*

The Issuers and the Guarantor shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

#### *10.3 Modification upon Significant Alteration Event (Issuer) or Force Majeure (Issuer)*

If this Condition 10.3 is specified as being applicable in the applicable Final Terms, and if a Significant Alteration Event (Issuer) or a Force Majeure (Issuer) has occurred and the Issuer and/or the Calculation Agent reasonably considers that, subject to any changes being made to these Conditions or the Additional Terms and Conditions, it is possible for the Issuer to continue the Notes under similar conditions as those that existed prior to the occurrence of the Significant Alteration Event (Issuer) or Force Majeure (Issuer), the Issuer and/or the Calculation Agent may make such changes to the terms of the Notes (including, but not limited to, the yield, underlying, the level of underlying, maturity date, early redemption date, the date on which any interest is payable or a calculation, valuation or determination is made) as it deems necessary to effect to replicate as closely as possible the economic position that existed prior to the occurrence of the Significant Alteration Event (Issuer) or Force Majeure (Issuer) **provided that** no costs will be payable by Noteholders in respect of or as a result of any such adjustment made.

#### *10.4 Substitution*

##### (a) Substitution Events

- (i) The occurrence of any of the following events, in respect of the Issuer or the Guarantor, as the case may be, shall constitute a "**Substitution Event**":

## PART 1 : MEDIUM TERM NOTES

- (ii) a divestment in respect of the Issuer;

- (vi) the Issuer has given at least 30 days' prior notice of the date of such substitution to the Noteholders in accordance with Condition 13.

## (c) Substitution (Issuer)

An Issuer, or any previous Substitute, may following the occurrence of a Substitution Event, but is not obliged to, without the consent of the Noteholders or the Couponholders, substitute for itself as principal debtor under the Notes, the Receipts, the Coupons and the Talons any company (the "**Substitute**") which is the Guarantor (save where such Issuer is BNPPF), BNPP, or any of the consolidated subsidiaries of BNPP (the "**BNP Paribas Group**").

The substitution shall be made by a deed poll (the "**Deed Poll**"), to be substantially in the form scheduled to the Agency Agreement as Schedule 8, and may take place only if:

- (i) the Substitute shall, by means of the Deed Poll, agree to indemnify each Noteholder and Couponholder against any tax, duty, assessment or governmental charge which is imposed on it by (or by any authority in or of) the jurisdiction of the country of the Substitute's residence for tax purposes and, if different, of its incorporation with respect to any Note, Receipt, Coupon or Talon and which would not have been so imposed had the substitution not been made, as well as against any tax, duty, assessment or governmental charge, and any cost or expense, relating to the substitution;

- (iv) the Substitute shall have become party to the Agency Agreement, with any appropriate consequential amendments, as if it had been an original party to it;
- (v) legal opinions addressed to the Noteholders shall have been delivered to them (care of the Fiscal Agent) from a lawyer or firm of lawyers with a leading securities practice in each jurisdiction referred to in (i) above and in England that the Deed Poll, the Notes (and, where applicable, the Receipts, Coupons and Talons) represent valid, legally binding and enforceable obligations of the Substitute and, where the Substitute is not the Guarantor, of the Guarantor;
- (vi) the relevant Issuer shall have given at least 14 days' prior notice of such substitution to the Noteholders, stating that copies or, pending execution, the agreed text of all documents in relation to the substitution which are referred to above, or which might otherwise reasonably be regarded as material to Noteholders, will be available for inspection at the specified offices of each of the Paying Agents;
- (vii) the creditworthiness of the Substitute at such time being at least equal to the creditworthiness of the Issuer (or of any previous Substitute), as determined by the Calculation Agent by reference to, inter alia, the long term senior debt ratings (if any) assigned by S&P Global Ratings Europe Limited ("**S&P**"), Moody's Investors Service Ltd. and/or Fitch Ratings Ireland Limited, or any successor rating agency or agencies

thereto, or such other rating agency as the Calculation Agent determines to the Substitute or, as the case may be, to the Issuer (or to any previous Substitute);

- (viii) the Issuer has obtained from the Substitute an undertaking that the substitution will not be materially prejudicial to the interests of the Noteholders and that it will not deduct any costs relating to the substitution from amounts due to the Holder

References in Condition 9 to obligations under the Notes shall be deemed to include obligations under the Deed Poll, and, where the Deed Poll contains a guarantee, the events listed in Condition 9 shall be deemed to include that guarantee not being (or being claimed by the Guarantor not to be) in full force and effect. The Issuer and the Substitute shall also notify the Luxembourg Stock Exchange in respect of such a substitution, procure that a supplement to the Base Prospectus be prepared (if required) and comply with the relevant rules and regulations of the Luxembourg Stock Exchange and/or such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation.

Where the Substitute is the Guarantor, any substitution of the Guarantor as the Issuer shall not result in an Event of Default under Condition 9.1(h).

For the purposes of article 1275 of the Luxembourg civil code, the Noteholders and the Couponholders, by subscribing for, or otherwise acquiring the Notes or the Coupons, are deemed (i) to have expressly consented to any substitution of BP2F effected in accordance with this Condition 10.4 and to the release of the Issuer from any and all obligations in respect of the Notes; and (ii) to have accepted such substitution and the consequences thereof or/and with any local requirement in the jurisdiction(s) where all or some of the outstanding Notes have been offered, placed or distributed.

(d) Substitution (Guarantor)

BNPPF or any company previously substituted for it in accordance with this sub-condition (d), in each case as Guarantor in respect of any Notes ("**Existing Guarantor**") may, following the occurrence of a Substitution Event, but is not obliged to, without the consent of the Noteholders, substitute another company in the BNP Paribas Group (the "**Substitute Guarantor**") for itself in its capacity as Existing Guarantor, subject to:

- (i) the creditworthiness of the Substitute Guarantor at such time being at least equal to the creditworthiness of BNPPF (or of any previous Substitute under this Condition), as determined by the Calculation Agent by reference to, inter alia, the long term senior debt ratings (if any) assigned by S&P and/or Moody's Investors Service Ltd. and/or Fitch Ratings Ireland Limited, or any successor rating agency or agencies thereto, or such other rating agency as the Calculation Agent determines to the Substitute Guarantor or, as the case may be, to BNPPF (or to any previous Substitute under this Condition);
- (ii) the Substitute Guarantor having entered into a guarantee (the "**Substitute Guarantee**") in respect of the Notes in substantially the same form as the relevant BNPPF Note Guarantees and such other documents (if any) as may be necessary to give full effect to the substitution (the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substitute Guarantor shall undertake in favour of each Noteholder to be bound by these Terms and Conditions and the provisions of the Agency Agreement as fully as if the Substitute Guarantor

had been named in these Terms and Conditions, the Documents and the Agency Agreement as the guarantor in respect of the Notes in place of BNPPF (or of any previous Substitute under this Condition);

- (iii) the Substitute Guarantee and the Documents having been delivered to BNP Paribas Securities Services, Luxembourg Branch (which, from and including the Merger Date, will be substituted with BNP Paribas Succursale de Luxembourg) to be held by BNP Paribas Securities Services, Luxembourg Branch (which, from and including the Merger Date, will be substituted with BNP Paribas Succursale de Luxembourg) for so long as any Notes remain outstanding and for so long as any claim made against the Substitute Guarantor or the Issuer by any Noteholder in relation to the Notes, the Substitute Guarantee or the Documents shall not have been finally adjudicated, settled or discharged, provided that, as soon as practicable following the Merger Date, any such Substitute Guarantee and Documents will be transferred by BNP Paribas Securities Services, Luxembourg Branch to BNP Paribas, Succursale de Luxembourg to be held on the same terms;
- (iv) each stock exchange on which the Notes are listed having confirmed that following the proposed substitution of the Substitute Guarantor (or of any previous Substitute under this Condition) it will continue to list the Notes;
- (v) if appropriate, the Substitute Guarantor having appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes or the Substitute Guarantee;
- (vi) BNPPF (or any previous Substitute under this Condition) having given at least 30 days' prior notice of the date of such substitution to the Noteholders in accordance with Condition 13
- (vii) BNPPF (or any previous Substitute under this Condition) confirming that there are no payments in arrears and that there is no indication that payments will imminently be in arrears or that there may be any issues in making payments in respect of principal and interest (if any); and
- (viii) BNPPF (or any previous Substitute under this Condition) having obtained from the Substitute Guarantor an undertaking that the substitution will not be materially prejudicial to the interests of the Holders and that it will not deduct any costs relating to the substitution from amounts due to the Noteholder.

*10.5 Exclusion of termination condition (condition résolutoire)*

For the avoidance of doubt, no Noteholder, Receiptholder or Couponholder may initiate proceedings against BP2F based on article 470-21 of the Companies Act 1915.

*10.6 Senior Non-Preferred Notes and Subordinated Tier 2 Notes – Variation*

This Condition 10.6 is applicable in relation to Senior Non-Preferred Notes and Subordinated Tier 2 Notes issued by BNPPF only.

In the case of Senior Non-Preferred Notes the Issuer has the option to specify in the Final Terms that a MREL Disqualification Event Variation is applicable. Where such MREL Disqualification Event Variation is specified in the Final Terms as being applicable and the Issuer has satisfied the Fiscal

Agent that a MREL Disqualification Event (as defined in Condition 5.10) has occurred and is continuing, then the Issuer may, subject to the other provisions of this Condition 10.6 (without any requirement for the consent or approval of the Noteholders (subject to the notice requirements below)) vary the terms of all (but not some only) of the Senior Non-Preferred Notes then outstanding so that they remain or, as appropriate, become, Qualifying Securities.

In the case of Subordinated Tier 2 Notes which have a minimum Specified Denomination of EUR 100,000 or more the Issuer has the option to specify in the Final Terms that a Capital Disqualification Event Variation is applicable. Where such Capital Disqualification Event Variation is specified in the Final Terms as being applicable and the Issuer has satisfied the Fiscal Agent that a Capital Disqualification Event (as defined in Condition 5.11) has occurred and is continuing, then the Issuer may, subject to the other provisions of this Condition 10.6 (without any requirement for the consent or approval of the Noteholders (subject to the notice requirements below)) vary the terms of all (but not some only) of the Subordinated Tier 2 Notes so that they remain or, as appropriate, become, Qualifying Securities.

In connection with any variation in accordance with this Condition 10.6, the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Any variation in accordance with this Condition 10.6 is subject to the Issuer (i) obtaining the permission therefor from the Relevant Regulator (if required) or the Relevant Resolution Authority (if required), **provided that** at the relevant time such permission is required to be given; and (ii) giving not less than 30 and not more than 60 days' notice to the Noteholders, in accordance with Condition 13, which notice shall be irrevocable. Any such notice shall specify the relevant details of the manner in which such variation shall take place and where the holders can inspect or obtain copies of the new Terms and Conditions of the Senior Non-Preferred Notes or Subordinated Tier 2 Notes, as applicable.

As used in this Condition 10.6:

"**Qualifying Securities**" means securities issued by the Issuer that:

- (a) rank equally with the ranking of the Senior Non-Preferred Notes (in the case of Senior Non Preferred Notes) or Subordinated Tier 2 Notes (in the case of Subordinated Tier 2 Notes);
- (b) have terms not materially less favourable than the terms of the Senior Non-Preferred Notes (in the case of Senior Non Preferred Notes) or the Subordinated Tier 2 Notes (in the case of Subordinated Tier 2 Notes) (as reasonably determined by the Issuer in consultation with an independent investment bank of international standing, and **provided that** a certification to such effect of two Directors of the Issuer shall have been delivered to the Fiscal Agent prior to the issue of the relevant securities), **provided that** such securities:
  - (i) contain terms such that they comply with the then Applicable Banking Regulation in relation to Tier 2 Capital (in the case of Subordinated Tier 2 Notes) or that they comply with the then Applicable MREL Regulations (in the case of Senior Non Preferred Notes);
  - (ii) do not contain terms which would cause a MREL Disqualification Event (in the case of Senior Non-Preferred Notes) or a Capital Disqualification Event (in the case of Subordinated Tier 2 Notes) or (in either case) a Tax Event to occur as a result of such variation;
  - (iii) include terms which provide for the same (or, from a Noteholder's perspective, more favourable) Interest Rate from time to time, Interest Payment Dates, Maturity Date and Early Redemption Amount(s) as apply from time to time to the relevant Series of Senior

- Non-Preferred Notes or Subordinated Tier 2 Notes, as applicable, immediately prior to such variation;
- (iv) shall preserve any existing rights under the Terms and Conditions to any accrued interest, principal and/or premium which has not been satisfied;
  - (v) do not contain terms providing for the mandatory or voluntary deferral of payments of principal and/or interest; and
  - (vi) are otherwise not materially less favourable to Noteholders;
- (c) if the Senior Non-Preferred Notes or the Subordinated Tier 2 Notes which have been varied were listed on a regulated market or multilateral trading facility, such securities are listed on the same regulated market or multilateral trading facility or on such other regulated market in the European Economic Area as selected by the Issuer (if such securities were listed on a regulated market) or on such other multilateral trading facility in the European Economic Area as selected by the Issuer (if such securities were listed on a multilateral trading facility); and

#### *10.7 Determinations*

Unless otherwise specified, the calculation or determination of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised pursuant to the Terms and Conditions will be calculated, determined, formed or exercised by the Calculation Agent. In performing its duties pursuant to the Notes, the Issuer and the Calculation Agent shall, unless otherwise specified, act in good faith and in a commercially reasonable manner. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Notes shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Calculation Agent, the Issuer and the Guarantor shall, in the absence of wilful misconduct and/or gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

Any calculation, determination, formation of any opinion or exercise of any discretion by the Calculation Agent pursuant to the Notes shall (in the absence of manifest error) be final, conclusive and binding on the Issuer, the Guarantor (if applicable) and the Noteholders. Whenever the Calculation Agent is required to make any determination it may, inter alia, decide issues of construction and legal interpretation to the extent permitted under applicable law.

The Calculation Agent, the Issuer and the Guarantor (if any) will have no responsibility for good faith errors or omissions in any calculations made or provided by the Calculation Agent to the extent permitted under applicable law. The calculations and determinations of the Calculation Agent will be made in accordance with the Terms and Conditions having regard, in each case, to the relevant criteria stipulated in the Terms and Conditions and, where relevant, on the basis of information provided to or obtained by it and after such further enquiries as it deems necessary.

In case the Calculation Agent is required to, or permitted by, these Conditions and/or any Additional Terms and Conditions to exercise certain discretions in relation to the Notes (in accordance with these

Conditions and/or any Additional Terms and Conditions), and which discretions may include, without limitation, determinations or adjustments relating to the yield, underlying, the level of underlying, maturity date, early redemption date, the date on which any interest is payable or a calculation, valuation or determination is made, the Calculation Agent will, in exercising such discretions, act in good faith and in a commercially reasonable manner and, where such discretion has an impact on the terms of any Notes, exercise such discretion with a view to replicate as closely as possible the economic position that existed prior to the occurrence of the event giving rise to the exercise of such discretion.

**11. Replacement of Notes, Receipts, Coupons and Talons**

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed it may be replaced, subject to applicable laws and the regulations of the relevant competent authority, stock exchange and/or quotation system, at the specified office of such Paying Agent as may from time to time be designated by the relevant Issuer for the purpose and notice of whose designation is given to the Noteholders in accordance with Condition 13 (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Registered Notes), in each case on payment by the claimant of the fees and costs reasonably incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there will be paid to the relevant Issuer on demand the amount payable by such Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as such Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued. The replacement of the Bearer Notes or Coupons in the case of loss or theft shall be subject to the procedure of the Involuntary Dispossession Act 1996.

**12. Further Issues**

The relevant Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same Terms and Conditions as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon, the date from which interest starts to accrue and the date of issue and so that the same shall be consolidated and form a single Series with such Notes, and references in the Terms and Conditions to "Notes" shall be construed accordingly.

**13. Notices**

*13.1 Dematerialised Notes*

Save where another means of effective communication has been specified herein or in the relevant Final Terms and subject to Condition 13.2 below, notices in respect of Dematerialised Notes may be given by delivery of the relevant notice to the NBB–SSS for communication by it to entitled holders. If such delivery is not practicable, notices will be deemed to be validly given if published as provided in Condition 13.3 below.

*13.2 Notes admitted to listing, trading and/or quotation*

So long as any Notes are admitted to listing, trading and/or quotation by any competent authority, stock exchange or quotation system, notices to the Noteholders will, save where another means of effective communication has been specified herein or, in the case of Exempt Notes only, in the relevant Final Terms, be deemed to be validly given if:

- (a) in the case of Notes admitted to listing on the official list and to trading on the Luxembourg Stock Exchange (so long as such Notes are admitted to listing on the official list and to trading on the Luxembourg Stock Exchange and any applicable laws, rules or regulations so require), published in a leading newspaper having general circulation in Luxembourg (which is expected to be *the Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)), and/or in such other manner as may be required by applicable laws, rules and regulations from time to time; and/or
- (b) in the case of Notes admitted to listing, trading and/or quotation by any other competent authority, stock exchange and/or quotation system, if published in such manner as may be required by the applicable laws, rules and regulations of that competent authority, stock exchange and/or quotation system from time to time.

### 13.3 *In any other cases*

Where both Condition 13.1 and Condition 13.2 are inapplicable, notices will, save where another means of effective communication has been specified herein or, in the case of Exempt Notes only, in the relevant Final Terms, be deemed to be validly given if published in a leading daily newspaper having general circulation in the United Kingdom (which is expected to be the *Financial Times*), or, if such publication is not practicable, if published in a leading English language daily newspaper having general circulation in Europe.

### 13.4 *General*

For the avoidance of doubt, where both Condition 13.1 and Condition 13.2 apply, notices must be given in the manner specified in Condition 13.1 and Condition 13.2 in order to be deemed to be validly given.

Notices to Noteholders of any Notes may, at the sole discretion of the Issuer and solely for informational purposes, also be published on the website of the Issuer and/or, in the case of Exempt Notes only, of any other entity specified in the relevant Final Terms for this purpose.

Unless otherwise specified in the applicable Final Terms, any notice will be deemed to have been validly given on the date and time of such notification (or, if required to be notified in more than one manner, on the first date on which notification shall have been made in all required manners).

Couponholders will be deemed for all purposes to have notice of the contents of any notice validly given to Noteholders in accordance with this Condition.

## 14. **Currency Indemnity**

If any sum due from the Issuer in respect of the Notes or the Coupons or any order or judgment given or made in relation thereto has to be converted from the currency (the "**first currency**") in which the same is payable under the Terms and Conditions or such order or judgment into another currency (the "**second currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the specified office of the Fiscal Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

**15. Rounding**

For the purposes of any calculations referred to in the Terms and Conditions (unless otherwise specified in these Conditions or the relevant Final Terms), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

**16. Governing Law and Jurisdiction**

*16.1 Governing Law*

The Agency Agreement, the Notes, the Receipts and the Coupons and all non-contractual obligations arising out of or in connection with the Agency Agreement, the Notes, the Receipts and the Coupons are governed by and shall be construed in accordance with English law except for (a) in the case of Notes issued by BP2F, Condition 3.5 and all non-contractual obligations arising out of or in connection therewith which shall be governed by and shall be construed in accordance with Luxembourg law and Condition 3.6 and all non-contractual obligations arising out of or in connection therewith which shall be governed by and shall be construed in accordance with Belgian law and (b) in the case of Notes issued by BNPPF, Conditions 1.2, 3.3, 3.4, 3.5 and 10.1(b) and all non-contractual obligations arising out of or in connection therewith which shall be governed by and shall be construed in accordance with Belgian law.

Guarantees to which Condition 3.2 applies and all non-contractual obligations arising out of or in connection with them are governed by English law.

Guarantees to which Condition 3.6 applies and all non-contractual obligations arising out of or in connection with them are governed by and shall be construed in accordance with Belgian law.

*16.2 Jurisdiction*

Subject as provided below in this Condition 16.2, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Notes, the Receipts, the Coupons and/or the Talons including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and/or the Talons (a "**Dispute**") and accordingly each of the Issuers, the Guarantor and any Noteholders, Receiptholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.

For the purposes of this Condition 16.2, each of the Issuers and the Guarantor waive any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.

To the extent allowed by law, the Noteholders, the Receiptholders and the Couponholders may, in respect of any Dispute or Disputes, take (A) proceedings in any other court with jurisdiction; and (B) concurrent proceedings in any number of jurisdictions.

If Essential Trigger is specified as applicable in the applicable Final Terms and to the extent that any proceedings in respect of the Notes involve consumers (as such term is used in Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters (the "**Brussels Recast Regulation**")), notwithstanding this Condition 16.2, each of the Issuers and the Guarantor agrees that it will, and such consumers may, in respect of any Dispute in respect of the Notes, take proceedings in the jurisdictions specified in Article 18 of the Brussels Recast Regulation.

### 16.3 *Service of Process*

Each of the Issuers and the Guarantor irrevocably appoints BNP Paribas London Branch (10 Harewood Avenue, London NW1 6AA, United Kingdom) as its agent for service of process in any proceedings before the English courts in relation to any Dispute. If such process agent is unable or unwilling for any reason so to act, each of the Issuers and the Guarantor irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders (in the case of Notes issued by BP2F) of such appointment in accordance with Condition 13. Each of the Issuers and the Guarantor agree that failure by a process agent to notify it of any process will not invalidate the relevant proceedings. Nothing shall affect the right to serve process in any manner permitted by law.

## 17. **Recognition of Bail-in and Loss Absorption**

### 17.1 *Acknowledgment*

By its acquisition of the Notes, each Noteholder (which, for the purposes of this Condition 17, includes any current or future holder of a beneficial interest in the Notes) acknowledges, accepts, consents and agrees:

- (a) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below), which may include and result in any of the following, or some combination thereof:
  - (i) the reduction of all, or a portion, of the Amounts Due (as defined below);
  - (ii) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to the Noteholder of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of the Notes, in which case the Noteholder agrees to accept in lieu of its rights under the Notes any such shares, other securities or other obligations of the Issuer or another person;
  - (iii) the cancellation of the Notes; and/or
  - (iv) the amendment or alteration of the redemption date of the Notes or amendment of the amount of interest payable on the Notes, or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (b) that the terms are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority.
- (c) For these purposes, the "**Amounts Due**" means, in relation to any Notes, the amounts payable upon redemption of such Notes, and any accrued and unpaid interest on such Notes which has not been previously cancelled or otherwise is no longer due.

### 17.2 *Bail-in or Loss Absorption Power*

For these purposes:

- (a) the "**Bail-in or Loss Absorption Power**" is any power existing from time to time under any laws, regulations, rules or requirements applicable in Belgium or the Grand Duchy of Luxembourg ("**Luxembourg**"), whether relating to (i) the transposition of Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (as amended from time to time, the "**BRRD**"), including without limitation, in respect of Belgium, the Belgian law of 25 April 2014 *op het statuut en toezicht op kredietinstellingen en beursvennootschappen / relative au statut et au contrôle des établissements de crédit et des sociétés de bourse*, and in respect of Luxembourg, the Luxembourg act dated 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (the "**BRR Act 2015**"), (ii) Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the "**Single Resolution Mechanism Regulation**"), or (iii) any other laws, regulations, rules or requirements arising under Belgian or Luxembourg law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted (in part or in whole) into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in tool following placement in resolution.
- (b) A reference to a "**Regulated Entity**" in respect of any entity incorporated or established in Luxembourg, to any institution or entity referred to in points (1), (2), (3) or (4) of Article 2(1) of the BRR Act 2015, and in respect of any entity incorporated or established in Belgium, any entity referred to in Article 3, 42° of the Belgian Banking Law.
- (c) A reference to the "**Relevant Resolution Authority**" is in respect of Belgium, the National Bank of Belgium, in respect of Luxembourg, the Luxembourg financial sector supervisory authority (*Commission de Surveillance du Secteur Financier*), acting in its capacity as resolution authority (*Conseil de Résolution*) within the meaning of Article 3(1) of BRRD, the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise against the Issuer of any Bail-in or Loss Absorption Power from time to time (including the European Central Bank, the Council of the European Union and the European Commission, when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

### 17.3 *Payment of Interest and Other Outstanding Amounts Due*

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France, Belgium, Luxembourg and the European Union applicable to the Issuer or other members of its group.

17.4 *No Event of Default*

Neither a cancellation of the Notes, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Issuer, nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Notes will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle the Noteholder to any remedies (including equitable remedies) which are hereby expressly waived.

17.5 *Notice to Noteholders*

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority with respect to the Notes, the Issuer will give notice to the Noteholders in accordance with Condition 13 (*Notices*) as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Principal Paying Agent for information purposes, although the Principal Paying Agent shall not be required to send such notice to Noteholders. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on the Notes described in Condition 17.1 above.

17.6 *Duties of Principal Paying Agent*

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority, the Issuer and each Noteholder (including each holder of a beneficial interest in the Notes) hereby agree that (a) the Principal Paying Agent shall not be required to take any directions from Noteholders, and (b) the Agency Agreement shall impose no duties upon the Principal Paying Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-In Power by the Relevant Resolution Authority, any Notes remain outstanding (for example, if the exercise of the Bail-In Power results in only a partial write-down of the principal of the Notes), then the Principal Paying Agent's duties under the Agency Agreement shall remain applicable with respect to the Notes following such completion to the extent that the Issuer and the Principal Paying Agent shall agree pursuant to an amendment to the Agency Agreement.

17.7 *Pro-rating*

If the Relevant Resolution Authority exercises the Bail-in or Loss Absorption Power with respect to less than the total Amounts Due, unless the Principal Paying Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority, any cancellation, write-off or conversion made in respect of the Notes pursuant to the Bail-in or Loss Absorption Power will be made on a pro-rata basis.

17.8 *Conditions Exhaustive*

The matters set forth in this Condition 17 shall be exhaustive on the foregoing matters to the exclusion of any other agreements, arrangements or understandings between the Issuer and any holder of a Note.

### 3. **Successor Inflation Index**

If the Calculation Agent determines that the level of an Inflation Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Inflation Index and/or the Index Sponsor cancels the Inflation Index, then the Calculation Agent shall determine a successor index (a "**Successor Inflation Index**") (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (a) if Related Bond is specified as applicable in the relevant Final Terms, the Calculation Agent shall determine a "Successor Inflation Index" by reference to the inflation index applicable under the terms and conditions of the Related Bond;
- (c) if (x) Related Bond is specified as not applicable in the applicable Final Terms or (y) a Related Bond Redemption Event has occurred and Fallback Bond is specified as not applicable in the applicable Final Terms, the Index Sponsor announces that it will no longer publish or announce the Inflation Index but that it will be superseded by a replacement Inflation Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Inflation Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Inflation Index, such replacement index shall be designated a "Successor Inflation Index";
- (d) if no Successor Inflation Index has been deemed under (a) or (b) the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Inflation Index should be; if between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Inflation Index"; if three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Inflation Index"; if fewer than three responses are received by the Cut-Off Date or if each of the responses state different indices the Calculation Agent will determine an appropriate alternative index for such affected payment date, and such index will be deemed a "Successor Inflation Index"; or
- (e) if the Calculation Agent determines that there is no appropriate alternative index there will be deemed to be no Successor Inflation Index and an Index Cancellation will be deemed to have occurred.

## **PART 3 : ADDITIONAL TERMS AND CONDITIONS FOR INFLATION INDEX-LINKED NOTES**

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Inflation Index shall be deemed to replace the Index for the purposes of the Inflation Index-Linked Notes, which shall be the first time the Successor Inflation Index is published after the Successor Inflation Index is determined. Notice of the determination of a Successor Inflation Index, the effective date of the Successor Inflation Index or the occurrence of an Index Cancellation will be given to Noteholders of the Inflation Index-Linked Notes by the Issuer in accordance with Note Condition 13.

The Issuer shall give notice to the Noteholders of any valid revision in accordance with Note Condition 13.
- (b) If, within 30 days of publication or at any time prior to a Determination Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent shall (unless it is not possible using commercially reasonable efforts to do so prior to the Determination Date) make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Noteholders of any such adjustment and/or amount in accordance with Note Condition 13.
- (c) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Inflation Index Level was determined, the

Calculation Agent shall (a) (unless it is not possible using commercially reasonable efforts to do so prior to the Determination Date) make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement or (b), if (a) is not possible using commercially reasonable efforts, determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Inflation Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, and, where this paragraph (b) applies, make any adjustment to any amount payable under the Notes and/or any other relevant term of the Notes as the Calculation Agent deems appropriate to reflect the difference between the Relevant Level and such Substitute Inflation Index in the next period to restore the economic balance to that which would have existed had such Relevant Level been taken into account. The Issuer shall give notice to the Noteholders of any determination in respect of (i) or (ii), together with any adjustment or amount in respect thereof, in accordance with Note Condition 13.

#### **4.4 Currency**

The Issuer shall give notice to the Noteholders of any such adjustment in accordance with Note Condition 13.

#### **4.5 Rebasing**

If the Calculation Agent determines that the Inflation Index has been or will be rebased at any time, the Inflation Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the Relevant Level from the date of such rebasing; **provided, however, that** the Calculation Agent may make (a) if Related Bond is specified as applicable in the relevant Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (b) if Related Bond is specified as not applicable in the relevant Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Inflation Index before it was rebased, and in each case the Calculation Agent may make any adjustment(s) to any relevant amount payable under the Notes and/or any other term of the Notes that are required to give effect to such adjustments. If the Calculation Agent determines that neither (a) nor (b) above would produce a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position as prior to the relevant Inflation Index becoming a Rebased Index, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with Note Condition 13, at determined the Early Redemption Amount specified in the applicable Final Terms calculated by the Calculation Agent as at the Early Redemption Valuation Date taking into account the rebasing, less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Issuer of unwinding or amending any related underlying hedging arrangements. - (b) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Calculation Agent shall make such adjustments as the Calculation Agent deems fit in accordance with paragraph (a) above unless the Calculation Agent determines that it is not possible using commercially reasonable efforts to make such adjustments prior to the Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date, such that the provisions of paragraph (a) above will apply.

#### **4.7 Consequences of an Additional Disruption Event or an Optional Additional Disruption Event**

If the Calculation Agent determines that an Additional Disruption Event and/or an Optional Additional Disruption Event has occurred, the relevant Issuer may redeem each Note on the date notified by such Issuer to Noteholders in accordance with Note Condition 13 at the Early Redemption Amount specified in the applicable Final Terms calculated by the Calculation Agent) as at the Early Redemption Valuation Date taking into account the relevant Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to such Issuer of unwinding or amending any related underlying hedging arrangements. *This section relates only to Notes that are specified to be Underlying Interest Rate-Linked Interest Notes or Underlying Interest Rate-Linked Redemption Notes in the applicable Final Terms, i.e. Notes where the payments are linked to the value from time to time of one or more interest rate(s). **PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

**PART 5: ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

If specified as applicable in the applicable Final Terms, the terms and conditions applicable to Notes specified in the applicable Final Terms as Underlying Interest Rate-Linked Interest Notes, Underlying Interest Rate-Linked Redemption Notes (together, "**Underlying Interest Rate Linked Notes**") shall comprise the terms and conditions of Notes (the "**Note Conditions**") and the additional Terms and Conditions for Underlying Interest Rate-Linked Notes set out below (the "**Underlying Interest Rate-Linked Note Conditions**") together with any other Additional Terms and Conditions specified in the applicable Final Terms, the Payout Conditions, in each case, subject to completion and/or amendment in the applicable Final Terms. In the event of any inconsistency between (a) the Note Conditions and (b) the Underlying Interest Rate-Linked Note Conditions, the Underlying Interest Rate-Linked Note Conditions shall prevail. *Rate of Interest on Floating Rate Notes or CMS-Linked Interest Notes*

**1. Underlying Interest Rate Determination**

In respect of each Underlying Interest Rate Determination Date specified in the applicable Final Terms, the Underlying Interest Rate will be determined in the manner specified in the applicable Final Terms.

**2. ISDA Determination**

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will be the relevant Underlying ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any) specified in the applicable Final Terms. For the purposes of these Underlying Interest Rate-Linked Note Conditions, "**Underlying ISDA Rate**" means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (a) the Floating Rate Option is as specified in the applicable Final Terms;
- (b) the Designated Maturity is a period specified in the applicable Final Terms; and
- (c) the relevant Reset Date is as specified in the applicable Final Terms.

For the purposes of these Underlying Interest Rate-Linked Note Conditions, "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

**3. Screen Rate Determination**

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as being the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will be determined by the Calculation Agent as either:

**PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

- (i) the quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the quotations,

(expressed as a percentage rate per annum) for the Underlying Relevant Rate(s) which appears or appear, as the case may be, on the page, section or other part of the specified information service specified in the relevant Final Terms (the "**Relevant Screen Page (Underlying)**") (or such replacement page on that service which displays the information) as at the Relevant Time (Underlying) indicated in the applicable Final Terms (the "**Screen Page Underlying Benchmark**") on the Underlying Interest Rate Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Underlying Spread (if any) and as amended by the Underlying Spread Multiplier (if any), all as determined by the Calculation Agent. If five or more of such quotations are available on the Relevant Screen Page (Underlying), the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such quotations.

- (b) In the event that the Relevant Screen Page (Underlying) is not available or if, in the case of (a)(i) above, no such quotation appears on the Relevant Screen Page (Underlying) (or such replacement page on that service which displays the information) or, in the case of (a)(ii) above, fewer than three such quotations appear on the Relevant Screen Page (Underlying) (or such replacement page on that service which displays the information), in each case as at the Relevant Time (Underlying), except as provided in paragraph (c) below, the Calculation Agent will determine the Underlying Relevant Rate at such time acting in good faith and in a commercially reasonable manner.
- (c) If the Calculation Agent determines at any time prior to any Underlying Interest Rate Determination Date, that the Screen Page Underlying Benchmark has been discontinued or a Benchmark Fallback Event has occurred, the Calculation Agent will use, as a substitute for the Screen Page Underlying Benchmark, an alternative reference rate determined by the Calculation Agent to be the alternative reference rate selected by the central bank, reserve bank, monetary authority or any similar institution (including any committee or working group thereof) in the jurisdiction or region of the currency of the relevant rate (each a "**Relevant Nominating Body**") that is consistent with industry accepted standards, provided that, if two or more alternative reference rates are selected by any Relevant Nominating Body, the Calculation Agent shall determine which of those alternative reference rates is most appropriate to preserve the economic features of the relevant Notes. If the Calculation Agent notifies the Issuer that it is unable to determine such an alternative reference rate, the Calculation Agent will as soon as reasonably practicable (and in any event before the business day prior to the applicable Underlying Interest Rate Determination Date) appoint an agent (the "**Underlying Benchmark Determination Agent**"), which will determine whether a substitute or successor rate, which is substantially comparable to the Screen Page Underlying Benchmark, is available for the purpose of determining the Screen Page Underlying Benchmark on each Underlying Interest Rate Determination Date falling on or after the date of such determination. If the Underlying Benchmark Determination Agent determines that there is an industry accepted successor rate, the Underlying Benchmark Determination Agent will notify the Issuer of such successor rate to be used by the Calculation Agent to determine the Underlying Interest Rate.

**PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

If the Underlying Benchmark Determination Agent or the Calculation Agent, as applicable has determined a substitute or successor rate in accordance with the foregoing paragraph (such rate, the "**Replacement Benchmark**"), for the purpose of determining the Underlying Benchmark on each Underlying Interest Rate Determination Date falling on or after such determination:

- (i) the Underlying Benchmark Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the Underlying Interest Rate Determination Date and any method for obtaining the Replacement Benchmark, including any adjustment needed to make such Replacement Benchmark comparable to the Screen Page Underlying Benchmark (including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms), to reflect any increased costs to the Issuer of providing such exposure to the Replacement Benchmark, in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement Benchmark;
- (ii) references to the Screen Page Underlying Benchmark in these Underlying Interest Rate-Linked Note Conditions will be deemed to be references to the relevant Replacement Benchmark, including any alternative method for determining such rate as described in (i) above;
- (iii) the Underlying Benchmark Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement Benchmark, and the details described in (i) above as soon as reasonably practicable; and
- (iv) the Issuer will give notice to the Noteholders in accordance with Condition 13 (*Notices*), the Principal Paying Agent and the Calculation Agent of the Replacement Benchmark, and the details described in (i) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the business day prior to the applicable Interest Determination Date.

The determination of the Replacement Benchmark and the other matters referred to above by the Underlying Benchmark Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Principal Paying Agent and the Noteholders, unless the Issuer, the Calculation Agent or the Underlying Benchmark Determination Agent determines at a later date that the Replacement Benchmark is no longer substantially comparable to the Underlying Benchmark or does not constitute an industry accepted successor rate, in which case the Calculation Agent shall appoint or re-appoint a Underlying Benchmark Determination Agent, as the case may be (which may or may not be the same entity as the original Underlying Benchmark Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement Benchmark or determining a substitute Replacement Benchmark in an identical manner as described in this paragraph (c). If the Replacement Underlying Benchmark Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement Benchmark, then the Replacement Benchmark will remain unchanged.

The Underlying Benchmark Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the currency of the relevant rate as appointed by the Issuer, (y) the Issuer or (z) an affiliate of the Issuer.

**PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

If the relevant Benchmark Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 5.15(b), the provisions of this Condition 3(c) will apply.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 3(c), the Issuer, the Calculation Agent or Benchmark Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in respect of the Notes as are provided for in connection with a Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Notes.

**4. CMS-Rate Determination**

- (a) Where CMS-Rate Determination is specified in the applicable Final Terms as the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will be the relevant Underlying CMS Rate plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any) specified in the applicable Final Terms. For the purposes of these Underlying Interest Rate-Linked Note Conditions, "**Underlying CMS Rate**" means the Specified Swap Rate for swap transactions in the Reference Currency (CMS) with a maturity of the Designated Maturity (CMS), expressed as a percentage rate per annum, which appears on the Relevant Screen Page (CMS) as at the Relevant Time on the Underlying Interest Rate Determination Date in question, all as determined by the Calculation Agent.
- (b) If the Specified Swap Rate does not appear on the Relevant Screen Page (CMS) or if the Relevant Screen Page (CMS) is not available, then the Calculation Agent will determine the Specified Swap Rate for the relevant Underlying Interest Rate Determination Date on the basis set out below:
  - (i) if the Calculation Agent determines that a Benchmark Fallback Event has not occurred, the Calculation Agent will determine the Specified Swap Rate acting in good faith and in a commercially reasonable manner by reference to such source(s) and at such time as it may select; or
  - (ii) if the Calculation Agent determines that a Benchmark Fallback Event has occurred, the Calculation Agent (a) will use, as a substitute for the Underlying CMS Rate, a Replacement CMS Rate which the Calculation Agent determines is necessary to account for the economic effect of the Benchmark Fallback Event with a view to producing a commercially reasonable result which will put the Issuer and the Noteholder in substantially the same economic position which they would have been in had the Benchmark Fallback Event not occurred, or (b) will otherwise redeem the Notes, each in accordance with paragraphs (c) to (i) below.
- (c) If the Calculation Agent notifies the Issuer that it is unable to determine a Replacement CMS Rate, the Issuer will as soon as reasonably practicable (and in any event before the Business Day prior to the applicable Underlying Interest Rate Determination Date) appoint an agent (the "**CMS Determination Agent**"), which will determine a Replacement CMS Rate. If the CMS Determination Agent determines that there is a Replacement CMS Rate, the CMS Determination Agent will notify the Issuer of such Replacement CMS Rate to be used by the Calculation Agent in place of the relevant Underlying CMS Rate.

**PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

- (d) If the CMS Determination Agent or the Calculation Agent, as applicable, has determined a Replacement CMS Rate in accordance with the foregoing paragraph, for the purpose of determining the Underlying CMS Rate on each Underlying Interest Rate Determination Date falling on or after the date of such determination:
- (i) the CMS Determination Agent or the Calculation Agent, as applicable, will also determine the changes (if any) required to the Underlying Interest Rate Determination Date and any method for obtaining the Replacement CMS Rate, including any adjustment needed to make such Replacement CMS Rate comparable to the Underlying CMS Rate (including, where applicable, and if Unwind Costs is specified as applicable in the applicable Final Terms), to reflect any increased costs to the Issuer of providing such exposure to the Replacement CMS Rate, in each case acting in good faith and in a commercially reasonable manner that is consistent with industry-accepted practices for such Replacement CMS Rate;
  - (ii) references to the Underlying CMS Rate in these Underlying Interest Rate-Linked Note Conditions will be deemed to be references to the relevant Replacement CMS Rate, including any alternative method for determining such rate as described in (i) above;
  - (iii) the CMS Determination Agent or the Calculation Agent, as applicable, will notify the Issuer of the Replacement CMS Rate, and the details described in (i) above as soon as reasonably practicable; and
  - (iv) the Issuer will give notice to the Noteholders in accordance with Condition 13 (Notices), the Principal Paying Agent and the Calculation Agent of the Replacement CMS Rate, and the details described in (i) above as soon as reasonably practicable but in any event no later than 5:00 p.m. (London time) on the Business Day prior to the applicable Underlying Interest Rate Determination Date.
- (e) The determination of the Replacement CMS Rate and the other matters referred to above by the CMS Determination Agent or the Calculation Agent, as applicable, will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Principal Paying Agent and the Noteholders, unless the Issuer, the Calculation Agent or the CMS Determination Agent determines at a later date that the Replacement CMS Rate is no longer substantially comparable to the Underlying CMS Rate or does not constitute an industry accepted successor rate, in which case the Issuer shall appoint or re-appoint a CMS Determination Agent, as the case may be, (which may or may not be the same entity as the original CMS Rate Determination Agent or the Calculation Agent) for the purpose of confirming the Replacement CMS Rate or determining a substitute Replacement CMS Rate in an identical manner as described in this Condition 4. If the CMS Determination Agent or the Calculation Agent, as applicable, is unable to or otherwise does not determine a substitute Replacement CMS Rate, then the Replacement CMS Rate will remain unchanged.
- (f) If the CMS Determination Agent determines that (i) it cannot identify a Replacement CMS Rate or determine the changes required by paragraph (d)(i) above, such that a continuation of the Notes is impossible, or (ii) substituting the Underlying CMS Rate with a Replacement CMS Rate or making the changes required by paragraph (d)(i) above would significantly alter the economics of the Notes compared to those at the Trade Date (each a "**CMS Rate Early Redemption Event**"), the Issuer may give notice to Noteholders in accordance with Condition 13 (Notices) and redeem all, but not some only, of the Notes on the date specified in such notice at the Early Redemption Amount specified in the applicable Final Terms calculated by the Calculation Agent as at the Early Redemption Valuation Date.

**PART 5 : ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED NOTES**

- (g) The CMS Determination Agent may be (x) a leading bank, broker-dealer or benchmark agent in the principal financial centre of the currency of the relevant rate as appointed by the Issuer, (y) the Issuer or (z) an affiliate of the Issuer.
- (h) If the relevant Benchmark Fallback Event may also constitute an Administrator/Benchmark Event in the determination of the Calculation Agent pursuant to Condition 5.15(b), the provisions of this Condition 4 will apply.
- (i) Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Condition 4, the Issuer, the Calculation Agent or CMS Determination Agent (as applicable) may make all determinations and/or adjustments and take all actions in respect of the Notes as are provided for in connection with a Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, notwithstanding that such Benchmark Fallback Event or Administrator/Benchmark Event, as applicable, may have occurred before the Issue Date of the Notes.

If the Calculation Agent determines that an Additional Disruption Event and/or an Optional Additional Disruption Event has occurred and Delayed Redemption on the Occurrence of a Disruption Event is specified as applicable in the applicable Final Terms, the Calculation Agent shall calculate the fair market value of each Note taking into account the Additional Disruption Event and/or the Optional Additional Disruption Event, as the case may be, less, unless Unwind Costs are specified as not

**"Optional Additional Disruption Event"** means Increased Cost of Hedging or/and Hedging Disruption or/and Jurisdiction Event or/and Extended Change in Law, if specified as applicable in the applicable Final Terms.

**Notes deposited with a common depository for Euroclear and/or Clearstream, Luxembourg**

Each Series or Tranche, as the case may be, where the Notes issued in such Series or Tranche are initially in bearer form, will, unless otherwise provided in the relevant Final Terms, initially be represented by a temporary Global Note, in bearer form without Coupons, with (in the case of Notes issued by BP2F) the Guarantee of the Guarantor appended thereto. Each temporary Global Note or, as the case may be, permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms will be deposited on behalf of the subscribers of the relevant Notes (a) with a common depository (the "**Common Depository**") for Euroclear and for Clearstream, Luxembourg, or (b) with a depository for any other Relevant Clearing System, or (c) as otherwise agreed, on or about the Issue Date of the relevant Notes (as specified in the applicable Final Terms). Only in the case of Notes issued by BP2F, each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Notes with a common safekeeper for Euroclear and Clearstream, Luxembourg. Bearer Notes issued by BNPPF will not be issued in NGN form. Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any bearer Notes issued by BNPPF which are deposited with the National Bank of Belgium or any successor thereto (the "**NBB**") as operator of the NBB–SSS or its custodian, are intended to be held in a manner which would allow Eurosystem eligibility. Notes issued by BNPPF in dematerialised form will be represented by a book-entry in the records of the NBB–SSS (as defined in the Conditions) and are also intended to be held in a manner which would allow Eurosystem eligibility. Note that the designation that any Notes issued are intended to be held in a manner which would allow Eurosystem eligibility does not necessarily mean that the Notes would be recognised as eligible collateral for monetary policy of the central banking system for the euro ("**Eurosystem**") and intra day credit operations by the Eurosystem either upon issue or at any times during their life. Such recognition will depend on the European Central Bank ("**ECB**") being satisfied that the eligibility criteria for use as collateral in Eurosystem monetary operations ("**Eurosystem eligibility**") criteria have been met. The common safekeeper for NGNs will be either Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg.

No interest will be payable in respect of a temporary Global Note except as provided below. Upon deposit of the temporary Global Note(s) with the Common Depository, in the case of a CGN, or a common safekeeper, in the case of a NGN for Euroclear and Clearstream, Luxembourg or with a depository for any other Relevant Clearing System, Euroclear or Clearstream, Luxembourg or such other Relevant Clearing System will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid.

For so long as any of the Notes is represented by one or more Global Note(s) and such Global Note(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg and/or any other Relevant Clearing System, each person (other than a Relevant Clearing System which is an accountholder of any other Relevant Clearing System) who is for the time being shown in the records of such Relevant Clearing System as the holder of a particular principal amount of Notes (each a "**holder**") (in which regard, any certificate or other document issued by a relevant clearing system as to the principal amount of such Notes standing to the account of any person shall, save in the case of manifest error, be conclusive and binding for all purposes) shall be treated as the holder of that principal amount for all purposes (including but not limited to for the purposes of any quorum requirements of, or the right to demand a poll or meetings of Noteholders and giving notice to the Issuer pursuant to Condition 9 and Condition 5.6) other than with respect to the payment of principal and interest and any other amounts due in respect of the Notes, the right to which shall be vested, as against the Issuer, solely in the bearer of the relevant Global Note in accordance with and subject to its terms. The Conditions of the

relevant Notes shall be construed accordingly. Each holder must look solely to the Relevant Clearing System for its share of each payment made to the bearer of the relevant Global Note, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg and such other Relevant Clearing System. Such persons shall have no claim directly against the relevant Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and the obligations of such Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

The temporary Global Notes and the permanent Global Notes contain provisions which apply to the Notes while they are in global form, some of which modify the effect of the other Conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

- (a) *Exchange*: Each temporary Global Note will be exchangeable in whole or in part (i) for interests in a permanent Global Note upon (A) in the case of a CGN, presentation and (in the case of final exchange) surrender of such temporary Global Note at the specified office of the Fiscal Agent, and (B) in the case of a NGN, confirmation from the common service provider that Euroclear and Clearstream, Luxembourg have made appropriate entries in their records to reflect the relevant exchange and, in the case of final exchange of a NGN, surrender of the temporary Global Note at the specified office of the Fiscal Agent or destruction of the temporary Global Note by the common safekeeper in accordance with the Agency Agreement, or (ii) for Notes in Definitive form, in each case, with the Guarantee of the Guarantor appended to or, in the case of definitive Notes, endorsed thereon, on or after the first day following the expiry of 40 days after completion of the distribution of the relevant Tranche upon certification as to non-U.S. beneficial ownership, **provided that** Bearer Notes which are in definitive form ("**Definitive Bearer Notes**") may not be physically delivered in Belgium.

If the relevant Final Terms so provides, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for Definitive Notes by the holder giving notice to the Fiscal Agent, or by the relevant Issuer giving notice to the Fiscal Agent and the Noteholders, of its intention to exchange such permanent Global Note for Definitive Notes as set out below, **provided that** Definitive Bearer Notes may not be physically delivered in Belgium.

(A) If so specified in the relevant Final Terms (i) upon not less than 60 days' prior notice being given to the Fiscal Agent by Euroclear or Clearstream, Luxembourg or any other Relevant Clearing System acting on the instructions of any holder of an interest in the relevant permanent Global Note expiring on a day on which banks are open for business in the city of the Fiscal Agent's specified office for the time being and on which Euroclear, Clearstream, Luxembourg and any other Relevant Clearing System are open for business and, in the case of Partly-paid Notes, upon satisfaction of the conditions applicable to them, or (ii) at any time at the request of the relevant Issuer or (B) if the relevant Final Terms specifies "in the limited circumstances described in the permanent Global Note", then upon the request of a holder of the permanent Global Note if either of the following events occurs: (a) if Euroclear or Clearstream, Luxembourg or any other Relevant Clearing System is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (b) any of the circumstances described in Condition 9 occurs, the bearer of such permanent Global Note, acting on the instructions of one or more holders, may give notice to the Issuer and the Fiscal Agent requesting exchange of, or the Issuer may give notice to the Fiscal Agent of its intention to exchange, at the expense of the Issuer (or as otherwise specified in the applicable Final Terms), the Permanent Global Note in whole or, in the case of Party-Paid Notes only, in part for one or more Definitive Notes (if appropriate having attached to them all Coupons and Receipts in respect of interest or Instalment Amount which have not already been paid on the permanent Global Notes and a Talon and, where applicable, with the Guarantee of the Guarantor endorsed thereon) which are Bearer Notes and/or Registered Notes (if the relevant permanent Global Note is an Exchangeable Bearer Note issued by BNP Paribas Fortis Funding) of the same aggregate principal amount as the principal amount of Notes represented by the relevant permanent Global Note submitted for exchange. Any physical delivery of Definitive Notes which are Bearer Notes will be

RESPECT TO DEMATERIALISED NOTES**

made outside Belgium. On exchange of a permanent Global Note, the Issuer will procure that it is cancelled and returned to the bearer together with the relevant Definitive Notes

- (b) *Payments:* No payment falling due more than 40 days after the completion of the distribution of any Tranche represented by a temporary Global Note will be made on that temporary Global Note unless, upon the certification, exchange for an interest in a permanent Global Note or Definitive Notes, as the case may be, is improperly withheld or refused. Payments on any temporary Global Note during the period up to 40 days after the completion of the distribution of such Tranche will only be made against certification as to non-U.S. beneficial ownership. All payments in respect of Notes represented by a Global Note will be made against presentation and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent specified in the relevant Final Terms Noteholders for such purpose. A record of each payment so made will be endorsed in the appropriate schedule to the relevant Global Note in the case of a CGN or entered *pro rata* in the records of Euroclear and Clearstream, Luxembourg in the case of an NGN, which endorsement or records as the case may be, will be *prima facie* evidence that such payment has been made in respect of the Notes.
- (c) *Notices:* So long as Notes of any Series are represented by a Global Note notices may be given by delivery of the relevant notice to Euroclear or Clearstream, Luxembourg or any other Relevant Clearing System for communication by them to entitled holders in substitution for publication in a newspaper as provided in Condition 13.3, **provided that** for so long as the Notes of the Series in respect of which the notice is to be published are admitted to listing on the official list and to trading on the Luxembourg Stock Exchange and/or admitted to listing, trading and/or quotation by any other competent authority, stock exchange and/or quotation system, any such notice will also be published in the *Luxemburger Wort* or the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)) (in the case of Notes listed on the official list and admitted to trading on the Luxembourg Stock Exchange) and/or in such other manner as may be required by the rules and regulations of such other competent authority, stock exchange and/or quotation system on which the Notes are admitted to listing, trading and/or quotation. Any such notice shall be deemed delivered on the day specified in the applicable Final Terms.
- (d) *Prescription:* Claims against the relevant Issuer in respect of principal and interest (as each is defined in the Conditions) in respect of Notes while the Notes of that Series are represented by a Global Note will be prescribed and become void after 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7).
- (e) *Purchase and Cancellation:* Notes may only be purchased by the relevant Issuer or, where applicable, the Guarantor or any of their respective subsidiaries, if they are purchased together with the right to receive all further payments of interest and any Instalment Amounts thereon. Cancellation of any Note surrendered for cancellation by the relevant Issuer following its purchase will be effected by reduction in the principal amount of the relevant permanent Global Note.
- (f) *Issuer's Option:* No selection of Notes by drawing lots will be required under Condition 5.5 in the event that the relevant Issuer exercises any option relating to the Notes while all such Notes which are outstanding are represented by a permanent Global Note. In the event that any option of the relevant Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of account holders with Euroclear and Clearstream, Luxembourg and/or any other Relevant Clearing System in respect of the Notes will be governed by the standard procedures of Euroclear and Clearstream, Luxembourg (any redemption of the Notes in part at the opinion of the relevant Issuer to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in principal amount, at their discretion) or such other Relevant Clearing System, as the case may be.

## SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES AND CERTAIN PROVISIONS WITH RESPECT TO DEMATERIALIZED NOTES

- (g) *Noteholders' Option*: Any Noteholders' option may be exercised by any holder giving notice within the time limits specified in the Terms and Conditions to the Fiscal Agent of such exercise in accordance with the standard procedures of Euroclear and/or Clearstream, Luxembourg and/or any other Relevant Clearing System (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or such other Relevant Clearing System (or any common depositary or common safekeeper or depositary, as the case may be, for them) to the Fiscal Agent by electronic means) in a form acceptable to Euroclear and/or Clearstream, Luxembourg and/or such other Relevant Clearing System from time to time. Any such notice shall be irrevocable except where, prior to the due date for redemption, an Event of Default has occurred and is continuing or the relevant Notes otherwise become capable of being declared immediately due and payable in accordance with Condition 9, in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given as specified above and instead to declare the relevant Notes immediately repayable pursuant to Condition 9.
- (h) *Default*: As more fully described in the Global Notes, on the day notice is served by any holder upon the occurrence of an event of default, the bearer will have no further rights under the Global Note in respect of such principal amount. In such circumstances the holders shall acquire, under a deed of covenant dated on or about 1 June 2022 executed by the Issuers and the Guarantor (the "**Deed of Covenant**") against the relevant Issuer and (in the case of Notes issued by BP2F) the Guarantor, all rights which the relevant holder in question would have had if, immediately before the bearer ceased to have rights under the Global Note (or part thereof), it had been holder of Definitive Notes issued on the issue date of the Global Note in an aggregate principal amount equal to the principal amount of the Notes in respect of which such holder is shown in the records of Euroclear or Clearstream, Luxembourg or any other Relevant Clearing System.
- (i) *Partly-paid Notes (applicable to Exempt Notes only)*: The provisions relating to Partly-paid Notes will be contained in the relevant Final Terms. For so long as any instalments of the subscription moneys due from the holder of Partly-paid Notes are due, no interest in a Global Note representing such Notes may be exchanged for an interest in a permanent Global Note or for Definitive Notes (as the case may be).

### Notes issued by BNPPF and clearing through the NBB–SSS (other than Dematerialised Notes)

If so provided in the relevant Final Terms, each Series or Tranche, as the case may be, issued by BNPPF, where the Notes issued in such Series or Tranche are initially in bearer form, will be represented by a permanent Global Note, in bearer form without Coupons, which will be deposited with the NBB as operator of the NBB–SSS or its custodian on or about the issue date of the relevant Notes. BNPPF has entered into a clearing agreement in respect of Bearer Notes cleared through the NBB–SSS (the "**Bearer Notes Clearing Agreement**") on or about 9 June 2017 with the NBB and the Domiciliary Agent. Upon receipt of the permanent Global Note the NBB will credit the accounts of its participants, which include Euroclear's and Clearstream, Frankfurt's account, being an Exempt Account, in the NBB–SSS with an aggregate amount equivalent to the principal amount of the permanent Global Note. Euroclear and Clearstream, Frankfurt will then credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. Notes issued by BNPPF and deposited with the NBB and are intended to be held in a manner which would allow Eurosystem eligibility. Note that the designation that any Notes issued are intended to be held in a manner which would allow Eurosystem eligibility does not necessarily mean that the Notes would be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any times during their life. Such recognition will depend on the ECB being satisfied that Eurosystem eligibility criteria have been met.

Ownership of beneficial interests in the permanent Global Note will be limited to persons who maintain accounts with the NBB–SSS, Euroclear and Clearstream, Frankfurt or persons who hold interests through such persons and which are Eligible Investors holding the Notes in an exempt Notes account. Certain types of

## SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES AND CERTAIN PROVISIONS WITH RESPECT TO DEMATERIALIZED NOTES

Belgian investors (being those that are not eligible for holding "X-accounts"), however, may not hold their Notes through Euroclear or Clearstream, Frankfurt (save if they do so through another intermediary financial institution which is also a participant in the NBB–SSS and which will be responsible for the withholding of tax). Please refer to the section entitled "*Taxation — Belgium*" above. Ownership of beneficial interests in the permanent Global Note will be shown on, and the transfer of such interests will be effected only through, records maintained by the NBB–SSS, Euroclear and Clearstream, Frankfurt and in accordance with the applicable procedures of the NBB–SSS, Euroclear and Clearstream, Frankfurt.

Each of the persons shown in the records of the NBB–SSS, Euroclear and/or Clearstream, Frankfurt and/or any other Relevant Clearing System as being entitled to an interest in the permanent Global Note (each an "**Accountholder**") must look solely to the NBB–SSS, Euroclear and/or Clearstream, Frankfurt and/or such other Relevant Clearing System (as the case may be) for such Accountholder's share of each payment made by BNPPF to the bearer of such permanent Global Note and in relation to all other rights arising under the permanent Global Note. For so long as the Notes are represented by the permanent Global Note, Accountholders shall have no claim directly against BNPPF in respect of payments due under the Notes and such obligations of BNPPF will be discharged by payment to the bearer of the permanent Global Note.

The permanent Global Note contains provisions which apply to the Notes while in global form, some of which modify the effect of the Conditions of the Notes set out in this document. The following is a summary of certain of those provisions:

- (a) *Exchange for Definitive Notes*: If the relevant Final Terms so provide, each permanent Global Note is exchangeable in whole or, in the case of Partly-paid Notes only, in part for Definitive Notes by the holder giving notice to the Domiciliary Agent, or by the Issuer giving notice to the Domiciliary Agent and the Noteholders, of its intention to exchange such permanent Global Note for Definitive Notes as set out below:

(a) If so specified in the relevant Final Terms (i) on or after any Exchange Date (as defined below) or (ii) at any time or (b) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then upon the request of the holder of the permanent Global Note if either of the following events occurs: (i) if the NBB–SSS, Euroclear or Clearstream, Frankfurt or any other Relevant Clearing System is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business or (ii) any of the circumstances described in Condition 9 occurs, the holder of a permanent Global Note may surrender such permanent Global Note to or to the order of the Domiciliary Agent. In exchange for any permanent Global Note BNPPF will deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts which have not already been paid on the permanent Global Note and a Talon), security printed in accordance with any applicable legal and competent authority, stock exchange or quotation system requirements and in or substantially in the form set out in Schedule 2 to the Agency Agreement. On exchange of each permanent Global Note, BNPPF will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

**"Exchange Date"** means a day falling not less than 60 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Domiciliary Agent is located and on which the NBB–SSS, Euroclear and Clearstream, Frankfurt and any other Relevant Clearing System are open for business.

If the Issuer is prevented as a result of any legal requirements from delivering, and procuring the delivery of, Definitive Notes in exchange for temporary or permanent Global Notes as contemplated herein the Issuer will use its best efforts to put in place an alternative arrangement which provides

**SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES AND CERTAIN PROVISIONS WITH RESPECT TO DEMATERIALISED NOTES**

investors with the same economic results whilst complying with such legal requirements. Any physical delivery of Definitive Notes will take place outside Belgium.

- (b) *Payments:* Payments in respect of the permanent Global Note will be made by or on behalf of the Issuer to the NBB for distribution to accountholders with the NBB–SSS (in the case of payments in euro) or to Euroclear, Clearstream, Frankfurt and the Domiciliary Agent for distribution to the respective accountholders (in the case of payments in currencies other than euro).
- (c) *Payment business day:* Subject as provided in the Conditions and the relevant Final Terms, while all the Notes are represented by the permanent Global Note and the permanent Global Note is deposited with the NBB or its custodian and cleared through the NBB–SSS, all payments in respect of the permanent Global Note will be made on a day on which the NBB–SSS is open. If payment is due on a day on which the NBB–SSS is not open, the holder shall not be entitled to payment of the amount due until the next succeeding date on which the NBB–SSS is open and shall not be entitled to any further interest or other payment in respect of any such delay.
- (d) *Meetings:* The rights of accountholders with the NBB–SSS, Euroclear, Clearstream, Frankfurt and/or any other Relevant Clearing System (together, the "**Clearing Systems**") in respect of meetings of Noteholders in relation to the Notes represented by the permanent Global Note will be governed by the standard procedures of such Relevant Clearing Systems and Belgian law. To the extent that the NBB does not attend and vote on behalf of Accountholders as instructed in accordance with the standard procedures of the Relevant Clearing Systems, Accountholders shall be entitled to attend and vote in such meetings in accordance with Belgian law and the Issuer shall recognise their entitlement accordingly. By accepting to hold the permanent Global Note, the NBB irrevocably authorises the Accountholders to act on its behalf in such circumstances.
- (e) *Issuer's Option:* In the event that any option of BNPPF is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with the NBB–SSS, Euroclear and Clearstream, Frankfurt in respect of the Notes will be governed by the standard procedures of the NBB, as the operator of the NBB–SSS, the Euroclear and Clearstream, Frankfurt or, in the absence of such procedures, accountholders shall have the same rights as though they held Definitive Notes in an aggregate principal amount equal to the principal amount of such accountholders' entry in its securities account with the Relevant Clearing System in respect of the Notes represented by the permanent Global Note.
- (f) *Noteholders' Option:* Any option of the Noteholders provided for in the Terms and Conditions may be exercised by accountholders directly as though they held Definitive Notes in an aggregate principal amount equal to the principal amount of such Accountholders' entry in its securities account with the Relevant Clearing System in respect of the Notes represented by the permanent Global Note.
- (g) *Default:* As more fully described in the permanent Global Notes, on the seventh day after notice is served by the person or persons shown in the records of the NBB–SSS, Euroclear or Clearstream, Frankfurt or any other Relevant Clearing System as the holder or holders of the Notes in respect of which notice is served (the "**Relevant Accountholder**") upon the occurrence of an event of default, the bearer will have no further rights under the Global Note in whole or part. In such circumstances the Relevant Accountholder(s) shall acquire, under the Deed of Covenant against BNPPF all rights which the Relevant Accountholder in question would have had if immediately before the bearer ceased to have rights under the Global Note (or part thereof), it had been holder of Definitive Notes issued on the issue date of the permanent Global Note in an aggregate principal amount equal to the principal amount of the Notes in respect of which such Relevant Accountholder is shown in the records of the NBB–SSS, Euroclear or Clearstream, Frankfurt or any other Relevant Clearing System.

## SUMMARY OF PROVISIONS RELATING TO GLOBAL NOTES AND CERTAIN PROVISIONS WITH RESPECT TO DEMATERIALIZED NOTES

- (h) *Partly-paid Notes*: In relation to Exempt Notes only, the provisions relating to Partly-paid Notes will be contained in the relevant Final Terms. For so long as any instalments of the subscription moneys due from the holder of Partly-paid Notes are due, no interest in a permanent Global Note representing such Notes may be exchanged for Definitive Notes.

### Dematerialised Notes issued by BNPPF and clearing through the NBB–SSS

If so provided in the relevant Final Terms, each Series or Tranche, as the case may be, issued by BNPPF, may be represented by Dematerialised Notes which will be admitted to the NBB–SSS on the issue date of the relevant Notes. Upon the issue of the Dematerialised Notes the NBB will credit the accounts of its participants, which include Euroclear's and Clearstream, Frankfurt's account, being an Exempt Account, in the NBB–SSS with an aggregate amount equivalent to the principal amount of the Dematerialised Notes to be issued. Euroclear and Clearstream, Frankfurt will then credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. Notes issued by BNPPF in dematerialised form will be represented by a book-entry in the records of the NBB–SSS and are intended to be held in a manner which would allow Eurosystem eligibility. Note that the designation that any Notes issued are intended to be held in a manner which would allow Eurosystem eligibility does not necessarily mean that the Notes would be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem either upon issue or at any times during their life. Such recognition will depend on the ECB being satisfied that Eurosystem eligibility criteria have been met.

However, certain types of Belgian investors (being those that are not eligible for holding "X-accounts") may not hold their Notes through Euroclear or Clearstream, Frankfurt (save if they do so through another intermediary financial institution which is also a participant in the NBB–SSS and which will be responsible for the withholding of tax). Please refer to the section entitled "Taxation — *Belgium*" above. Interests in the Dematerialised Notes will only be represented by book entries in the NBB–SSS and the transfer of such interests will be effected only through, records maintained by the NBB–SSS, Euroclear and Clearstream, Frankfurt and in accordance with the applicable procedures of the NBB–SSS, Euroclear and Clearstream, Frankfurt.

Each Accountholder must look solely to the NBB–SSS, Euroclear and/or Clearstream, Frankfurt and/or such other Relevant Clearing System (as the case may be) for such Accountholder's share of each payment made by BNPPF to the holder of the Dematerialised Notes and in relation to all other rights arising under the Dematerialised Notes.

- (a) *Payments*: Payments in respect of the Dematerialised Notes will be made by or on behalf of the Issuer through the Domiciliary Agent and the NBB–SSS in accordance with the NBB Clearing System Regulations and the relevant Clearing System. The payment obligations of BNPPF will be discharged by payment to the NBB in respect of each amount so paid.
- (b) *Payment business day*: All payments in respect of the Dematerialised Notes will be made on a day on which, inter alia, the NBB–SSS is open, as further described in the Terms and Conditions. If payment is due on a day on which the NBB–SSS is not open, the holder shall not be entitled to payment of the amount due until the next following business day nor to any interest or other sum in respect of such postponed payment.
- (c) *Meetings*: The rights of accountholders with the NBB–SSS in respect of meetings of Noteholders in relation to the Dematerialised Notes will be governed by the standard procedures of the NBB–SSS and Belgian law. To the extent that the NBB does not attend and vote on behalf of Accountholders as instructed in accordance with the standard procedures of the Relevant Clearing Systems, Accountholders shall be entitled to attend and vote in such meetings in accordance with Belgian law and the Issuer shall recognise their entitlement accordingly. By accepting to hold the permanent Global Note, the NBB irrevocably authorises the Accountholders to act on its behalf in such circumstances.

- (d) This Guarantee constitutes a direct, unconditional, irrevocable, unsubordinated and (subject to the provisions below) unsecured obligation of the Guarantor and ranks pari passu (subject to mandatorily preferred debts under applicable laws) equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations of the Guarantor.*

<sup>24</sup> Whilst technically not a requirement for admission to trading, market operators are required to provide CFI and FISN codes to competent authorities/ESMA as part of their reference data/financial instrument reporting under various pieces of legislation (such as MiFIR and MAR) and it is likely that stock exchanges will request these when the Final Terms are filed with them to admit a tranche of securities to market. "Not Applicable" should be specified where the Final Terms relates to an unlisted but Non-exempt Offer or is not otherwise required and the "Not Available" option has been inserted as CFI and FISN codes may not always be available. The reference to the ANNA website (without the actual code) may be relevant if the parties are not sure that the code is correct or if a code has not been requested.
